1. Motion for suspension of the rules.
2. Motion for passage of third consideration.

XII. Approval of All Items on the Consent Agenda

****NOTE:** These are routine items and will be enacted at the City Council Meeting by one roll call vote without separate discussion unless an item is requested to be removed and considered separately.

Community Development

1. Third Consideration: Ordinance for Case No. REZ15-13, being the petition of Eric Wessels on behalf of Garner Independent, LP for a “PDD” Planned Development District Land Use Plan Amendment on 6.91 acres (more or less) of property located at 1531 and 1545 West 53rd Street. The purpose of the Land Use Plan Amendment is to allow for additional residential units.
[Ward 8]
2. Second Consideration: Ordinance for Case No. ROW15-07 being the petition of Park Place Five LLC for the vacation (abandonment) and subsequent relocation of a twenty (20) foot wide sanitary sewer easement (2,350+ sq.ft.) and a fifteen (15) foot wide excess stormwater passageway easement (1,730+ sq.ft.) located at 5601 Eastern Avenue. [Ward 8]
3. Second Consideration: Ordinance for Case No. ROW15-06 being the proposed Right-of-Way vacation of 6160 square feet of unimproved Pleasant Street immediately east of Clark Street.[Ward 4]
4. First Consideration: Ordinance for Case No. ROW15-08: Request of I.H. Mississippi Valley Credit Union for the vacation (abandonment) of 4,000 square feet of public right-of-way known located immediately west of 4645 Brady Street. [Ward 7]
5. Resolution approving Case No. FDP15-04 being the request of Eric Wessels for a PDD Final Development Plan approval for a three story, 36 unit independent living facility on the 6.916 acres. [Ward 8]

Public Safety

1. Second Consideration: Ordinance amending Schedule IV of Chapter 10.96 entitled “3-Way Stop Intersections” by removing the stop sign on 6th Street at Sylvan Avenue.
[Ward 3]
2. First Consideration: Ordinance amending Schedule XVII of Chapter 10.96 entitled “No Stopping, Standing or Parking” by adding South Howell Street along the west side from the railroad tracks south of Rockingham Road south a distance of 550 feet, between the hours of 2:30 AM and 6:00 AM. [Ward 3]
3. Resolution closing various street(s), lane(s) or public grounds on the listed date(s) to hold outdoor event(s).
4. Motion approving beer and liquor license applications.

A. New license, new owner, temporary permit, temporary outdoor area, location transfer, etc. (as noted):

Ward 2

Express Lane Gas & Food Mart #83 (ExpressLane Inc.) - 3636 Hickory Grove Rd. - License Type: C Beer

COUNCIL CHAMBERS, CITY HALL, Davenport, Iowa, October 14, 2015---The Council observed a moment of silence. Pledge of Allegiance. The Council met in regular session at 5:30 PM with Mayor Gluba presiding and all aldermen present.

The minutes of the September 23, 2015 City Council meeting were approved as printed.

The report of the Committee of the Whole was as follows: COUNCIL CHAMBERS, CITY HALL, Davenport, Iowa, Wednesday, October 7, 2015---The Council observed a moment of silence. Pledge of Allegiance. The Council met in Committee of the Whole at 5:30 PM with Mayor Pro tem Barnhill presiding and all alderman present except Ald. Boom and Gordon. The following Public Hearings were held: Community Development: for Case No. ROW15-06 being the proposed Right-of-Way vacation of 6160 square feet of unimproved Pleasant Street immediately east of Clark Street; for the Ordinance for Case No. ROW15-07 being the petition of Park Place Five LLC for the vacation (abandonment) and subsequent relocation of a twenty (20) foot wide sanitary sewer easement (2,350+ sq.ft.) and a fifteen (15) foot wide excess stormwater passageway easement (1,730+ sq.ft.) located at 5601 Eastern Avenue; on the proposed extension of the Hilltop SSMID (Self Supporting Municipal Improvement District); Public Works: on the plans, specifications, forms of contract and estimated cost of \$1,010,000 for the FY2016 14th & 15th District Cross Connection Project. This project takes place in the area of Garfield Street and Western Avenue to reduce surcharges and will go out for bid this year; for a resolution authorizing the Mayor to execute a 2 year easement agreement with MidAmerican Energy Company. MidAmerican has requested additional land south of their existing Eastern Ave station plus an additional 7,500 sq. ft. for its natural gas operations. They will pay the City of Davenport \$5,520 for the two year contract with an option for a 12 month extension of \$500 or they may purchase the land for \$27,600. In addition an ingress egress easement would be granted. Action items for Discussion: (The votes on all motions were by voice vote. All votes were unanimous unless specifically noted.) Community Development: Ald. Meeker reviewed all items listed. On motion by Ald. Barnhill, second by Ald. Matson the following resolution was added to the agenda: support for Center for Active Seniors, Inc. to apply to become Iowa's only Benefits Enrollment Center. On motion by Ald. Edmond, second by Ald. Matson items 1,

October 14, 2015

2, 3 moved to the Discussion agenda; all other items moved to the Consent Agenda. Public Safety: Ald. Matson reviewed all items listed. On motion by Ald. Tompkins, second by Ald. Edmond. On motion by Ald. Tompkins, second by Ald. Edmond all items moved to the Consent Agenda. Public Works: Ald. Ambrose reviewed all items listed. On motion by Ald. Edmond, second by Ald. Meeker all moved to the Consent Agenda. Finance: Ald. Justin reviewed all items listed. On motion by Ald. Edmond, second by Ald. Matson amending the motion approving the city administrator recruitment process as recommended by the city administrator selection committee by deleting item #2 regarding budget. On motion by Ald. Edmond, second by Ald. Barnhill item 1 moved to the Discussion agenda; all other items moved to the Consent Agenda. Council adjourned at 7:27 p.m.

The following Appointments were approved: Sustainable Environment Methods & Technology Advisory Commission: Judith Lee; Civil Rights Commission: Judy Shawver, Nicole Bribresco Ledger, Timothy Hart, Nora Dvorak, 462.

The following Proclamation was issued: Community Planning Month – October 2015, 463.

The Discussion Agenda items were as follows: NOTE: The votes on all ordinances and resolutions were by roll call vote. The votes on all motions were by voice vote. All votes were unanimous unless specifically noted.

The following ordinance was adopted: for Case No. REZ15-12 being the petition of Diamond Builders/TW Development for the rezoning of approximately 14.88 acres, more or less, of real property located at 4823 Jersey Ridge Road, from "R-1" Low Density Dwelling District to "R-2 PUD" Low Density Dwelling District Planned Unit Development to facilitate residential development of attached and detached single family homes, 464.

The following ordinance moved to third consideration: for Case No. REZ15-13, being the petition of Eric Wessels on behalf of Garner Independent, LP for a "PDD" Planned Development District Land Use Plan Amendment on 6.91 acres (more or less) of property located at 1531 and 1545 West 53rd Street. The purpose of the Land Use Plan Amendment is to allow for additional residential units.

October 14, 2015

The following ordinance moved to second consideration: for Case No. ROW 15-06 being the proposed Right of Way vacation of 6160 square feet of unimproved Pleasant Street immediately east of Clark Street.

The following motion was approved: approving an economic development incentive payment of not-to-exceed \$3,965,000 related to the Elmore Avenue South Extension project (one phase of a two-phase project) from the northern terminus of Elmore Avenue to just north of Veterans Memorial Parkway, 465.

The Consent Agenda was as follows: NOTE: These are routine items and are enacted at the City Council meeting by one roll call vote. The vote was unanimous unless otherwise noted.

Community Development: The following ordinances moved to second consideration: for Case No. ROW15-07 being the petition of Park Place Five LLC for the vacation (abandonment) and subsequent relocation of a twenty (20) foot wide sanitary sewer easement (2,350+ sq.ft.) and a fifteen (15) foot wide excess stormwater passageway easement (1,730+ sq.ft.) located at 5601 Eastern Avenue; to amend the Hilltop Self-Supported Municipal Improvement District (SSMID) to extend the term.

The following resolution was adopted: support for the Center for Active Seniors, Inc. to apply to become Iowa's only Benefits Enrollment Center, 466.

Public Safety: The following ordinance was adopted: amending Schedule VII of Chapter 10.96 entitled "No Parking" by adding East 11th Street along the south side from Judson Street to Spring Street, 467.

The following ordinance moved to second consideration: amending Schedule IV of Chapter 10.96 entitled "3-Way Stop Intersections" by removing the stop sign on 6th Street at Sylvan Avenue.

The following resolution was adopted: closing various street(s), lane(s) or public grounds on the listed date(s) to hold outdoor events, 469.

The following motion was passed: approving all submitted beer and liquor license applications, 469.

Public Works: The following resolutions were adopted: to purchase parcel L0006-09, 318 Ripley Street, from Scott County in the amount of \$150,000. This space will replace fire

October 14, 2015

personnel parking spaces that were removed during the reconstruction of Central Fire Station, CIP Project #02348; on the plans, specifications, forms of contract and estimated cost of \$1,010,000 for the FY2016 14th & 15th District Cross Connection Project. This project takes place in the area of Garfield Street and Western Avenue to reduce surcharges and will go out for bid this year. It will be funded from CIP Project #00165 and funds that will be received in future fiscal years, 472; authorizing the Mayor to execute a 2 year easement agreement with MidAmerican Energy Company. MidAmerican has requested additional land south of their existing Eastern Ave station plus an additional 7,500 sq. ft. for its natural gas operations. They will pay the City of Davenport \$5,520 for the two year contract with an option for a 12 month extension of \$500 or they may purchase the land for \$27,600. In addition an ingress egress easement would be granted, 473; accepting the Centennial Park Lighting Project in the amount of \$226,338 to Ardent Lighting Group, L.L.C. budgeted in CIP Project #10423, 474; approving a contract amendment in the amount of \$720,000 for the Fiscal Year 2015 Street Resurfacing – Micro-Surfacing Program, CIP Project #10550, utilizing additional Road-Use Tax funding, 475.

The following motions were passed: approving Change Order #1 in the amount of \$75,069.83 to the construction contract with Brandt Construction Company for the Jersey Ridge Resurfacing Project –Elm to Kirkwood, CIP Project# 10550. This project is currently in the close out phase, 476; approving Change Order #2 in the amount of \$72,074 to the construction contract with Brandt Construction Company for the Jersey Ridge Resurfacing Project - Elm to Kirkwood, CIP Project #10550. Second Consideration: Ordinance to amend the Hilltop Self-Supported Municipal Improvement District (SSMID) to extend the term. [Ward 3,4,5]

COMMITTEE RECOMMENDS SUSPENSION OF THE RULES AND PASSAGE ON SECOND CONSIDERATION

1. Motion for suspension of the rules.
2. Motion for passage of third consideration.

Recommendation:
Approve the ordinance.

Relationship to Goals:
Added emphasis on economic development.

Background:
Iowa Code allows cities to establish SSMIDs (Self-Supported Municipal Improvement Districts) to improve and maintain specified districts. The source of funding for these districts is a supplemental property tax on properties within the district that can be used for both operating and capital expenses.

Signatures from at least 25 percent of the owners of the property within the proposed district, representing at least 25 percent of the total assessed valuation within the district are required by the State of Iowa code. The Hilltop Board of Directors has collected signatures in excess of 50 percent and have met this requirement.

The Hilltop SSMID was originally established in 1996 for 20 years. The Hilltop Board of Directors desire the extend the term of the SSMID for 20 years based upon the attached proposed boundaries. SSMID funds have been utilized for infrastructure, marketing, matching funds for private property owner façade improvements and maintenance of the Hilltop SSMID owned improvements in the district.

As provided by the statue, the petition was referred to the Plan and Zone Commission which approved a motion supporting the proposal at its September 1, 2015 meeting. At its September 16, 2015 meeting the Davenport City Council set a public hearing on the proposed extension. After publication and mailing of the notice to all property owners in the district as required by Chapter 386, the public hearing was held on October 7th.

State law precludes Council from adopting the ordinance for at least 30 days from the public hearing.

ORDINANCE NO. _____

ORDINANCE to amend the Hilltop Self Supporting Municipal Improvement District to extend the term.

BE IT ENACTED BY THE CITY COUNCIL OF THE CITY OF DAVENPORT, IOWA:

WHEREAS, Chapter 386 of Iowa Code allows for the establishment and amendment of Self Supporting Municipal Improvement Districts (SSMIDs) to improve and/or maintain said districts; and

WHEREAS, the Hilltop SSMID was created in 1996 for twenty years; and

WHEREAS, Hilltop SSMID leadership desires to extend the term for another 20 years; and

WHEREAS at least twenty-five percent (25%) of all owners of property within the Hilltop Self-Supporting Municipal Improvement District and being owners of property within the Hilltop SSMID having an assessed value of at least twenty-five percent (25%) of the property, pursuant to Iowa Code Chapter 386; and

WHEREAS, by authority of the Code, the City Council may extend the time for the existence of the district an additional twenty years; and

NOW THEREFORE, the Davenport Municipal Code Chapter 3.34.060 is amended to extend the period of time for the levy of taxes for the Hilltop Self-Supported Municipal Improvement District from fiscal year beginning July 2016 for twenty additional fiscal years as defined in Section 3.34.020.

SEVERABILITY CLAUSE. If any of the provisions of this ordinance are for any reason illegal or void, then the lawful provisions of this ordinance, which are separable from said unlawful provisions shall be and remain in full force and effect, the same as if the ordinance contained no illegal or void provisions.

REPEALER. All ordinances or parts of ordinances in conflict with the provisions of this ordinance are hereby repealed.

EFFECTIVE DATE. This ordinance shall be in full force and effective after its final passage and publication as by law provided.

9/16/2015

Subject:

Third Consideration: Ordinance for Case No. REZ15-13, being the petition of Eric Wessels on behalf of Garner Independent, LP for a "PDD" Planned Development District Land Use Plan Amendment on 6.91 acres (more or less) of property located at 1531 and 1545 West 53rd Street. The purpose of the Land Use Plan Amendment is to allow for additional residential units. [Ward 8]

Recommendation:

Plan and Zoning Commission Findings:

1. The proposed development would achieve consistency with the subject property's Davenport 2025 Commercial Neighborhood Proposed Land Use Designation; and
2. The design of the building and site with the recommended conditions would mitigate any potential negative impacts to the single-family residential properties to the south.

The Plan and Zoning Commission accepted the listed findings and forwards case REZ15-13 to the City Council with a recommendation for approval subject to the following conditions:

1. That all building mounted and parking lot lighting be shielded so that the emitted light source cannot be seen from the adjacent single-family residential properties to the south;
2. That the dumpsters be (re)located such that they are oriented away from the single-family residential properties to the south;
3. That a three foot high landscape berm be constructed within the required 25 foot setback along the south and southeast property lines adjacent to the proposed building;
4. That a landscape berm be planted with canopy and evergreen trees to ensure that it adequately mitigates the potential negative impacts of the proposed development with the single-family properties to the south; and
5. That a stormwater management plan for the subject property at full development which achieves consistency with the requirements of Chapter 13.34 of the Davenport City Code be submitted to, and approved by, the Natural Resources Division of Public Works. In addition, the proposed new construction be required to achieve consistency with the stormwater quality provisions of Chapter 13.34.

The Commission vote was 8-yes and 0-no with 0-abstention.

THE PROTEST RATE IS 0%.

Relationship to Goals:

Neighborhood Improvements.

Background:

The property is currently zoned "PDD" Planned Development District. The subject property was part of a large rezoning (Ordinance 86-61) encompassing 97.60 acres of property on the north and south side of West 53rd Street. The overall property was rezoned from "R-1" Low density dwelling district and "R-4" Moderate Density Dwelling District to "R-4 PUD" Moderate Density

Dwelling District Planned Unit Development and “C-3” Planned Commercial District. Ordinance 86-61 and subsequent amendments limits the subject property to 16 residential units/acre.

The City recently administratively rezoned all properties from “C-3” Planned Commercial District to “PDD” Planned Development District because the “C-3” was no longer in the Zoning Ordinance. However, all conditions associated with the “C-3” Ordinance were carried to the “PDD”.

The subject property currently contains 6.916 acres, which allows for a maximum of 110 units. Currently, the subject property contains 24 and 57 unit buildings (81 total units). The “PDD” Planned Development District Land Use Plan would allow for the construction of a 29 unit building. In 2005, a Final Development Plan was approved for a three story, 24 unit building. The petitioner desires to construct a three story, 36 unit building (117 total units), which would increase the density to 16.92 units/acre. Therefore, a “PDD” Planned Development District Land Use Plan Amendment is required.

When compared to Final Development FDP5-17, the current proposal would be larger and would be closer to the residential to the single-family residential properties to the south. There is a 6 foot high wood fence along the subject property adjacent to the single family residential property to the south. The driveway would be set back a minimum of 25 feet from the property line. This would allow sufficient space for a landscape berm with canopy and evergreen tree plantings.

It appears that the existing stormwater detention area was sized to accommodate the existing and proposed development. Construction plans would be administratively reviewed to ensure consistency with Chapter 13.34 of the Davenport City Code, entitled “stormwater management”. It is unclear if the stormwater detention area would achieve consistency with all the requirements of Chapter 13.34, as amended in 2014. It is staff’s opinion that the proposed development should be subject to the stormwater quality provisions enumerated in Chapter 13.34.

ORDINANCE NO.

Ordinance for Case No. REZ15-13 being the petition of Eric Wessels on behalf of Garner Independent, LP for a "PDD" Planned Development District Land Use Plan Amendment on 6.91 acres (more or less) of property located at 1531 and 1545 West 53rd Street. The purpose of the Land Use Plan Amendment is to allow for additional residential units. [8th Ward]

BE IT ENACTED BY THE CITY COUNCIL OF THE CITY OF DAVENPORT, IOWA:

Section 1. The "PDD" Planned Development District Land Use Plan is hereby amended and adopted for the following described unit of Scott County, Iowa real estate. The property has the following legal description:

Part of the Southeast Quarter of Section 10, Township 78 North, Range 03 East of the 5th P.M. being more particularly described as follows:

Lots 1 and 2 of Garner Farms Tenth Addition Being a Replat of Lot 5 of Garner Farms Fifth Addition to the City of Davenport.

Said property contains 6.91 acres, more or less.

At its regular meeting on September 1, 2015 the City Plan and Zoning Commission forwarded Case No. REZ15-13 to the City Council with a recommendation for approval subject to the following conditions:

1. That all building mounted and parking lot lighting be shielded so that the emitted light source cannot be seen from the adjacent single-family residential properties to the south;
2. That the dumpsters be (re)located such that they are oriented away from the single-family residential properties to the south;
3. That a three foot high landscape berm be constructed within the required 25 foot setback along the south and southeast property lines adjacent to the proposed building;
4. That a landscape berm be planted with canopy and evergreen trees to ensure that it adequately mitigates the potential negative impacts of the proposed development with the single-family properties to the south; and
5. That a stormwater management plan for the subject property at full development which achieves consistency with the requirements of Chapter 13.34 of the Davenport City Code be submitted to, and approved by, the Natural Resources Division of Public Works. In addition, the proposed new construction be required to achieve consistency with the stormwater quality provisions of Chapter 13.34.

SEVERABILITY CLAUSE. If any of the provisions of this ordinance are for any reason illegal or void, then the lawful provisions of this ordinance, which are separable from said unlawful provisions shall be and remain in full force and effect, the same as if the ordinance contained no illegal or void provisions.

REPEALER. All ordinances or parts of ordinances in conflict with the provisions of this ordinance are hereby repealed.

EFFECTIVE DATE. This ordinance shall be in full force and effective after its final passage and publication as by law provided.

September 2, 2015

Honorable Mayor and City Council
City Hall
226 West 4th Street
Davenport, Iowa 52801

At its regular meeting of September 1, 2015, the City Plan and Zoning Commission considered Case No. REZ15-08, being the petition of Eric Wessels on behalf of Garner Independent, LP for a "PDD" Planned Development District Land Use Plan Amendment on 6.91 acres (more or less) of property located at 1531 and 1545 West 53rd Street. The purpose of the Land Use Plan Amendment is to allow for additional residential units.

Plan and Zoning Commission Findings:

1. The proposed development would achieve consistency with the subject property's *Davenport 2025 Commercial Neighborhood Proposed Land Use Designation*; and
2. The design of the building and site with the recommended conditions would mitigate any potential negative impacts to the single-family residential properties to the south.

Plan and Zoning Commission recommendation:

The Plan and Zoning Commission accepted the listed findings and forwards case REZ15-13 to the City Council with a recommendation for approval subject to the following conditions:

1. That all building mounted and parking lot lighting be shielded so that the emitted light source cannot be seen from the adjacent single-family residential properties to the south;
2. That the dumpsters be (re)located such that they are oriented away from the single-family residential properties to the south;
3. That a three foot high landscape berm be constructed within the required 25 foot setback along the south and southeast property lines adjacent to the proposed building;
4. That a landscape berm be planted with canopy and evergreen trees to ensure that it adequately mitigates the potential negative impacts of the proposed development with the single-family properties to the south; and
5. That a stormwater management plan for the subject property at full development which achieves consistency with the requirements of Chapter 13.34 of the Davenport City Code be submitted to, and approved by, the Natural Resources Division of Public Works. In addition, the proposed new construction be required to achieve consistency with the stormwater quality provisions of Chapter 13.34.

Respectfully submitted,

Robert Inghram, Chairperson
City Plan and Zoning Commission

Subject:

Second Consideration: Ordinance for Case No. ROW15-07 being the petition of Park Place Five LLC for the vacation (abandonment) and subsequent relocation of a twenty (20) foot wide sanitary sewer easement (2,350+ sq.ft.) and a fifteen (15) foot wide excess stormwater passageway easement (1,730+ sq.ft.) located at 5601 Eastern Avenue. [Ward 8]

Recommendation:

Findings:

- There is no loss of service through the vacation of these easements as they will be relocated.
- The vacation allows the completion of the multiple-family phase of the apartment complex.

Recommendation The City Plan and Zoning Commission forwards Case No. ROW15-07 to the City Council for approval subject to the following conditions:

1. That in conjunction with complying with Chapter 17.56 of the Zoning Code entitled "Site Plans" a detailed screening plan for the parking and drive access along the north property line be submitted;
2. That due to grade changes the pattern of proposed stormwater flows be shown.

The Commission vote was 9-yes and 0-no with 0-abstention.

Relationship to Goals:

Neighborhood Improvement

Background:

The developer is proposing the vacation (abandonment) and subsequent relocation of these easements to accommodate relocation of the buildings with the development. The number of buildings and units remain the same the configuration and location of the buildings is changing.

With respect to Condition No. 2 the developer has submitted revised plan showing the drainage flows and storm sewer infrastructure for the development.

For further background information please refer to the background materials.

ORDINANCE NO.

ORDINANCE for Case No. ROW15-07 being the petition of Park Place Five LLC for the vacation (abandonment) and subsequent relocation of a twenty (20) foot wide sanitary sewer easement (2,350± sq.ft.) and a fifteen (15) foot wide excess stormwater passageway easement (1,730± sq.ft.) located at 5601 Eastern Avenue. [8th Ward]

BE IT ENACTED BY THE CITY COUNCIL OF THE CITY OF DAVENPORT, IOWA:

Section 1. The following described unit of Scott County, Iowa real estate is hereby vacated (abandoned). The property has the following legal description:

The property has the following legal description:

Part of the Northwest Quarter of Section 7, Township 78 North, Range 04 East of the 5th P.M. being more particularly described as follows:

Sanitary Sewer Easement

Commencing at a point in the Southeast Corner of the Park Place Apartments Second Addition to the City of Davenport; thence North 00 degrees-03'-48" West along the East Line of Park Place Apartments Second Addition a distance of 5.43 feet; thence North 84 degrees-59'-06" West a distance of 237.64 feet; thence North 12 degrees-39'-13" West a distance of 208.00 feet; thence North 81 degrees-57'-46 " West a distance of 125.00 feet; thence North 06 degrees-25'-55" East a distance of 10.00 feet to the point of beginning of the tract being an easement 20.00 feet wide the centerline being described as follows: continuing North 06 degrees-25'-55" East a distance of 117.50 feet. Said easement contains 2,350 square feet, more or less.

Excess Stormwater Passage Easement

A tract of land being 15 feet wide the centerline being described as follow: beginning at a point in the Northeast Corner of Lot 8 and the Northwest Corner of Lot 9 of Park Place Apartments Second Addition to the City of Davenport; thence South 38 degrees-03'-42" East for a distance of 115.31 feet to a point in

the Southeast Corner of Lot 8 and the Southwest Corner of Lot 9 of Said Park Place Apartments Second Addition. Said easement contains 1,730 square feet, more or less.

The City Plan and Zoning Commission accepted the listed finding and forwarded Case ROW15-07 to the City Council with a recommendation for approval subject to the following conditions:

1. That in conjunction with complying with Chapter 17.56 of the Zoning Code entitled "Site Plans" a detailed screening plan for the parking and drive access along the north property line be submitted;
2. That due to grade changes the pattern of proposed stormwater flows be shown.

September 16, 2015

Honorable Mayor and City Council
City Hall
Davenport IA 52801

Honorable Mayor and City Council:

At its regular meeting of September 15, 2015, the City Plan and Zoning Commission considered Case No. ROW15-07 being the request of Park Place Five LLC for the vacation (abandonment) and subsequent relocation of a 20-foot wide (2,350± sq. ft.) sanitary sewer easement and a 15-foot wide (1,730± sq. ft.) excess stormwater passage way located at 5601 Eastern Avenue.

The original zoning limited the development to eight unit buildings of two & one-half stories. The development plan approval did not limit the type of buildings to a specific style or look (building elevation), or to specific locations. While that is the case, the moving of at least one easement (sanitary sewer) does allow the layout of buildings to change and therefore a tie can be made to certain conditions of the development and site plan review, specifically along the north boundary of the property.

Findings:

- There is no loss of service through the vacation of these easements as they will be relocated.
- The vacation allows the completion of the multiple-family phase of the apartment complex.

The City Plan and Zoning Commission forwards Case No. ROW15-07 to the City Council for approval subject to the following conditions:

1. That in conjunction with complying with Chapter 17.56 of the Zoning Code entitled "Site Plans" a detailed screening plan for the parking and drive access along the north property line be submitted;

City of Davenport
Community Planning & Economic Development Department
FINAL STAFF REPORT

PLAN AND ZONING COMMISSION

Meeting Date: September 15, 2015
Request: Vacate Sanitary Sewer and Stormwater Easements
Location: 5601 Eastern Avenue
Case No.: ROW15-07
Applicant: Park Place Five LLC

Recommendation:

Staff recommends the Commission forward Case No. ROW15-07 to the City Council for approval subject to the listed conditions.

Introduction:

The petitioner is seeking vacation of the sanitary sewer easement to allow changes in building placement. The stormwater easement would accommodate better placement of buildings in the future.

Background:

Park Place Five LLC is proposing the vacation (ultimate relocation) of the sanitary sewer easement to accommodate shifting of building locations within the multiple-family development area. There is no change in the number of units being proposed nor in the number of multi-family buildings.

Zoning

Davenport 2025 Land Use

Technical Review:

Technical review comments will be provided at the September 15, 2015 Plan and Zoning Commission regular meeting. No additional comments have been received, the two easements are for City utilities sanitary and stormwater. The easements were established as part of the original platting for Park Place Apartments and made part of the Second Addition as well. These easements will be relocated with the locations being reviewed by the Public Works Department; they do not need to be part of a plat.

Public Input & Analysis:

Notices were sent to the 12 owners of property within 200 feet of the subject easements. Comments were received from two adjacent owners. Neither comment was specifically related to the vacation (abandonment) of these easements, the process just affords a venue for comment on a development or raise other concerns. The first was from a new owner to the area (August 2015 purchase) commenting on stormwater problems in the area. Of note is that a portion of this owner's lot contains a drainage/stormwater easement. The second was commenting on specifics of the overall development which are primarily associated with the administrative site plan review such as changing grades affecting stormwater flows, vehicle lights, and overall screening. Both these comments are attached.

During staff's presentation at the public hearing the location of several detention basins and drainage easements as well as the overall drainage pattern was described. The staff review of the site plan is also attached and covers several of the concerns of the second commenter.

Discussion:

The original zoning limited the development to eight unit buildings of two & one-half stories. The development plan approval did not limit the type of buildings to a specific style or look (building elevation), or to specific locations. While that is the case, the moving of at least one easement (sanitary sewer) does allow the layout of buildings to change and therefore a tie can be made to certain conditions of the development and site plan review, specifically along the north boundary of the property.

Staff Recommendation:

Findings:

- There is no loss of service through the vacation of these easements as they will be relocated.
- The vacation allows the completion of the multiple-family phase of the apartment complex.

Recommendation: Staff recommends the Commission forward Case No. ROW15-07 to the City Council for approval subject to the following conditions:

1. That in conjunction with complying with Chapter 17.56 of the Zoning Code entitled "Site Plans" a detailed screening plan for the parking and drive access along the north property line be submitted;
2. That due to grade changes the pattern of proposed stormwater flows be shown;

PUBLIC HEARING NOTICE
DAVENPORT PLAN & ZONING COMMISSION
TUESDAY – SEPTEMBER 01, 2015 5:00 P.M.
COUNCIL CHAMBERS - DAVENPORT CITY HALL
226 WEST 4TH STREET – DAVENPORT, IOWA

Case No. ROW15-07: Request of Park Place Five LLC for the vacation (abandonment) and subsequent relocation of a 20-foot wide (2,350± sqft) sanitary sewer easement and a 15-foot wide (1,730± sqft) excess stormwater passage way located at 5601 Eastern Avenue.

The City Plan and Zoning Commission will conduct a public hearing concerning this matter at **5:00 p.m., Tuesday September 01, 2014** in the **Council Chambers of Davenport City Hall at 226 West 4th Street**, Davenport, Iowa.

This public hearing is the first step in the review/approval process. The City Plan and Zoning Commission will consider (vote on a recommendation) the petition at its regular meeting on Tuesday September 15, 2015. The Commission's report and recommendation will then be forwarded to the City Council. The City Council will then hold its own public hearing, as required by state law. You should also receive a notice of the City Council's public hearing. For the ordinance to be approved, it must be read/considered at three (3) separate City Council meetings. For the specific dates and times of subsequent meetings, please call the phone number below.

It is your privilege to submit written comments on this petition or to attend the public hearing to express your views, or both. All protests within the 200-foot notice area or the area being considered must be made in writing to be valid. Any written comments to be reported at the Commission's public hearing should be received in the office of Community Planning, City Hall, not later than 12:00 noon, on the day of the public hearing, though protests may be received up through the City Council's public hearing.

Office of Community Planning
Department of Community Planning & Economic Development

From: [Wille, Wayne](#)
To: theking411@aol.com; [Tompkins, Kerri](#)
Cc: [Berger, Bruce](#); [Flynn, Matt](#); [Spiegel, Corri](#)
Subject: FW: Tonight's public hearing of the Davenport Plan and Zoning Commission
Date: Friday, September 04, 2015 12:02:00 PM

Mr. & Mrs. King: You have inquired of Ald. Tompkins several questions related to the Park Place Apartments development and I have been asked to respond.

First, this is one forum in which to raise questions and concern regarding a project, to the specific office or offices with authority to review of the project. Also, since the current request was before the Plan and Zoning Commission as a public hearing and will be before the City Council as a public hearing, either of those forums are also available to comment at as well.

Second, with respect to this development no additional re-zoning being necessary. The approved zoning concept and final development plan conditioned the approvals on the number of units and buildings, and the number of stories. No of these are changing so no addition Commission or Council review is required. If the zoning or development plan was conditioned upon a specific site plan or building type then this would have needed to have been brought back to the Commission and Council for review. Again that is not the case with the previous reviews.

Third, with respect to stormwater movement on the property, again it would be best to direct your questions to Brian Stineman or Billy Fisher of the City's Natural Resources office. Brian may be contacted at 563-888-2173 or bstineman@ci.davenport.ia.us and Billy at 563-888-2107 or bfisher@ci.davenport.ia.us.

Fourth the zoning ordinance chapter regarding site plans does cover most of the other concerns though maybe not to a neighboring owner's satisfaction.

- Dumpsters are required to be fenced with gate for reduce and trash blowing fee from the area. These may be located within the buildable areas of the lot with may be as close as five feet from a property line. The developer has shown a concrete knee-wall with board on board fence on top.
- There are some concerns with respect to the north parking lot placement and retaining wall as these are within a utility easement. A parking lot can be as closes as five feet to a property line but does need solid screening within that five foot setback. As part of our offices review we are requesting the utility company sign-offs allowing the placement of the retaining wall within the easement. Parking lots can be placed within an easement.
- No site lighting plan has been submitted, City Code requires no more than one foot-candle at the property line. Staff is also asking the developer for information regarding site and building security lighting. If your question is related to existing lighting in the Prairie Pointe area, such as street lighting, that question needs to be directed to our Traffic Engineering office Gary Statz 563-326-7754 or gjs@ci.davenport.ia.us.
- In addition, while the specific type of screening is not yet determined though staff will likely be requiring either a fence or additional landscaping along the north property in the area of this new construction.

Cc: Flynn, Matt
Subject: RE: Tonight's public hearing of the Davenport Plan and Zoning Commission

Mr. & Mrs. King: We will try to have more specifics and answers as part of the staff's recommendation at the next Commission meeting scheduled for the 15th. As of now, staff will be placing conditions regarding screening of the parking area as part of the easement vacation since the building layout is driving the vacation request. Staff has other issues with this parking and retaining wall as well but those are subject to the administrative review of the site plan and not the specific vacation. It appears the stormwater for the parking would flow to the drive aisle and then to the storm sewer in the development private drive. This would be away from the common property line between you and the apartment complex. At this time I cannot be more definitive.

If you have any questions, please contact me.

Subject: Tonight's public hearing of the Davenport Plan and Zoning Commission

Dear Wayne,

Thank you for taking the time to answer some of the questions that we had yesterday concerning the new addition at the Park Place Apartments on Eastern Avenue. We do plan to attend the meeting tonight and wanted to submit some of our questions/concerns in writing.

One main concern is the water run-off plan for the new area. We would like an explanation of how that will look and, specifically, how the build up of soil and the retaining wall will impact the neighboring property with water run-off. We know how the water runs at this point in time, but are unsure how the retaining wall/build up of soil will impact that flow. Also we would like answers to the following: How much will the area be built up (what is the elevation change?) How high will the retaining wall be and how high above the parking grade will it extend?

Another concern we have is the placement of the extra parking spots on the north side. We are not sure if this hearing is the appropriate venue to discuss this. If not, could you tell us when and where that might be addressed.

If you could reply so we know you have received this email, we would appreciate it. We realize there is a deadline of noon to have these submitted and want to make sure we have met this deadline. Thank you very much for your help. See you tonight.

September 8, 2015

**Zoning Site Plan Review
September 02, 2015
Park Place Apartments**

While there have been conflicting submittals and information which has raised concerns regarding the initial considerations regarding this phase of the development, the review is based on the plans dated 07/13/15 and 07/25/15.

Concerns which require correction (Please reference Chapter 17.56 of the Davenport Municipal Code):

- Retaining wall - A retaining wall is shown as located within a utility easement. This needs approval letters from each of the utility companies for construction of a permanent structure in their dedicated easement.
- Parking lot - The parking lot for which the above referenced retaining wall is for, is located less than ten feet from the property line. This requires a minimum of a 42 inch solid shrubbery hedge, fence or wall as a screening buffer. A portion of the parking lot is actually less than five feet from the property which is not allowed by ordinance.
- No access from overflow parking is shown to the buildings except within the drive aisles.
- Grades - The grades are not clear as to their elevations or as to what are the existing or proposed grades. This makes it difficult to determine storm water flows and the impact on the abutting properties to the north.
- Stormwater – Stormwater flows are not indicated on the plans. A concern is the elevation of the parking lot with respect to stormwater flows along the north property line.
- Landscaping – No landscaping plan has been submitted. See below for ordinance requirements. Additional screening will need to be located along the north property line to screen lights from traffic within the parking area as well as the access drive.
- Dumpster pads – While three side are shown as enclosed, the dumpster pads require gates as well.
- No exterior lighting is shown; either building mounted or parking or driveway.

Landscape review:

West – no buffer required – like impervious surface ratio
South – no buffer required – like impervious surface ratio
East – “G” buffer required
North – “G” buffer required

Required Planting:	Canopy Trees	Understory Trees	Evergreen/ Conifers	Shrubs
East Buffer -----	12	17	35	70
North Buffer -----	8	11	23	46
Parking Lot ----- (1 canopy tree/5-spaces)	9	---	---	---
Building Perimeter --- (based on # of D.U.)	13	13	---	64

Additional screening will be required along the northerly parking area and access road at a minimum.

Existing plantings within the buffer yard areas may count toward the above totals. Note: The East Buffer area contains some existing plantings.

Please submit the above information so that the administrative site plan review may be completed.

Respectfully,

Wayne Wille

Subject:

Second Consideration: Ordinance for Case No. ROW15-06 being the proposed Right-of-Way vacation of 6160 square feet of unimproved Pleasant Street immediately east of Clark Street. [Ward 4]

Recommendation:

The Plan and Zoning Commission recommends the proposed Right-of-Way vacation be approved without condition (Vote: 9-0 in favor)

Relationship to Goals:

Neighborhood Improvement

Background:

The west 68 feet of the right-of-way was platted as part of Harter's First Addition in 1960. The easterly 55 feet of the right-of-way was platted in 1964 as part of Ramirez First Addition. The intent was apparently to extend Pleasant Street further east as it existed further to the east. Also of note was the Commission letter indicating that the street was required for the new lots to meet the minimum depth requirement of 100 feet. Elimination of the right-of-way would make the two lots along Clark Street on either side of the right-of-way of Pleasant non-conforming with respect to lot depth (in the east-west dimension). The vacation would also land-lock two lots of Ramirez First Addition though all three lots are owned by the same person and could be tied together through the Assessor's office.

It is not likely the right-of-way would be extended further east through the commercial area. The proposed vacation is supported by adjoining property owners.

ORDINANCE NO.

AN ORDINANCE for Case No. ROW15-06: Request of the City of Davenport for the vacation (abandonment) of 6,160 square feet of platted but undeveloped public right-of-way known as West Pleasant Street located just east of Clark Street between Locust and Laurel Streets. City of Davenport, petitioner. [4th Ward]

BE IT ENACTED BY THE CITY COUNCIL OF THE CITY OF DAVENPORT, IOWA:

Section 1. The following described unit of Scott County, Iowa real estate is hereby vacated (abandoned). The property has the following legal description:

Part of the Southeast Quarter of the Southwest Quarter of Section 21, Township 78 North, Range 03 East of the 5th P.M. being more particularly described as follows:

Beginning in the Northwest Corner of Lot 2 of Harter's First Addition to the City of Davenport, said corner being a point in the East Line of Clark Street as it currently exists; thence Easterly 123.44 feet, more or less along the North Line of Lot 2 of said Harter's First Addition and Lot 2 of Ramirez 1st Addition to the City of Davenport, to a point in the Northeast Corner of Lot 2 of said Ramirez 1st Addition; thence North 01 degree-15'-00" East a distance of 52.42 feet, more or less, along the East Line of said Ramirez 1st Addition to the southeast corner of Lot 1 of said Ramirez 1st Addition; thence Westerly 54.75 feet, more or less, along the South Line of said Lot 1 to a point in the Southwest Corner of said Lot 1; thence continuing Westerly 67.93 feet, more or less, along a curve concave Southerly with a radius of 392.14 feet to a point on the East Line of said Clark Street; thence South 01 degrees-15'-00" West along the East Line of Clark Street a distance of 50.02 feet, more or less, to the point of beginning.

Said property contains 6,160 square feet, more or less.

The City Plan and Zoning Commission forwarded Case ROW15-06 to the City Council with a recommendation for approval without conditions.

SEVERABILITY CLAUSE. If any of the provisions of this ordinance are for any reason illegal or void, then the lawful provisions of this ordinance, which are separable from said unlawful provisions shall be and remain in full force and effect, the same as if the ordinance contained no illegal or void provisions.

REPEALER. All ordinances or parts of ordinances in conflict with the provisions of this ordinance are hereby repealed.

EFFECTIVE DATE. This ordinance shall be in full force and effective after its final passage and publication as by law provided.

FINAL HEARING STAFF REPORT

PLAN AND ZONING COMMISSION

Meeting Date: September 15, 2015
Request: Right of Way Vacation
Location: West Pleasant Street east of Clarke Street
Case No.: ROW15-06
Applicant: City of Davenport

Recommendation:

Staff recommends the Plan and Zoning Commission accept the listed findings and forward Case ROW15-06 to the City Council with a recommendation for approval.

Introduction:

This is a request to vacate a platted but undeveloped portion of the West Pleasant Street located east of Clark Street between Locust and Laurel Streets.

Background:

Comprehensive Plan:

Within Urban Service Area: Yes

Proposed Land Use Designation: Right-of-Way

Zoning:

The surrounding properties are zoned "R-4" Moderate Density Dwelling District.

Technical Review:

Technical review comments will be provided at the September 15, 2015 Plan and Zoning Commission regular meeting.

Public Input:

The public hearing is scheduled for the September 01, 2015 meeting. Eighteen notices have been sent to property owners of property within 200 feet of the subject property. At least two property owners with frontage to the right-of-way have indicated support for the vacation.

Discussion:

The west 68 feet of the right-of-way was platted as part of Harter's First Addition in 1960. The easterly 55 feet of the right-of-way was platted in 1964 as part of Ramirez First Addition. The intent was apparently to extend Pleasant Street further east as it existed further to the east. Also of note was the Commission letter indicating that the street was required for the new lots to meet the minimum depth requirement of 100 feet. Elimination of the right-of-way would make the two lots along Clark Street on either side of the right-of-way of Pleasant non-conforming with respect to lot

depth (in the east-west dimension. The vacation would also land-lock two lots of Ramirez First Addition though all three lots are owned by the same person and could be tied together through the Assessor's office. These lots would lose any "lot of record" status since it no longer has frontage on a public right-of-way though future development could be allowed with a replat utilizing panhandle of flag lots.

It is not likely the right-of-way would be extended further east through the commercial area.

Technical review did not reveal any utilities currently within the subject property. However, it is recommended that a general utility easement be maintained in order to facilitate access to properties to the east be established.

Staff Recommendation:

Findings:

1. Pleasant Street is not needed in this location.
2. A general public utility easement will ensure any existing or future utilities in the vicinity will be protected.

Recommendation:

Staff recommends the Plan and Zoning Commission accept the listed findings and forward Case ROW15-06 to the City Council with a recommendation for approval, with the following condition:

1. A general public utility easement be established and maintained on the property.

March 9, 1960

Honorable Mayor and City Council
City Hall
Davenport, Iowa

Gentlemen:

At their regular meeting of March 8, 1960 the City Plan and Zoning Commission reviewed a letter from Mr. William D. Harter requesting that the City accept a 42 foot street through his property.

Mr. Harter infers that the Plan Commission is unreasonable in their request for a 50 foot street and for the dedication of 10 feet for widening Locust Street. These requirements are not felt to be unreasonable since all developers in this area or in any other area are required to do the same thing.

The Commission submits an adverse report on this request for the following reasons:

1. 42 feet is not adequate width to provide pavement and sidewalks within the right-of-way. Driveways could not be permitted into the property since there is not enough distance from the sidewalk to the curb to permit a proper grade.
2. Mr. Harter does not have enough land to plat an additional 2 lots over and above the one he has already sold for \$3000.00 and the one on which his house is located. All new lots would be under the minimum area requirements.

Honorable Mayor and City Council
March 9, 1960
Page 2

3. If this is allowed the lot just north of his house would be in violation of Section IV, subsection E, paragraph 2 of the Subdivision Ordinance which requires a minimum depth of 100 feet.
4. In view of number 3 above, the street required by the Plan Commission is necessary in order for Mr. Harter to subdivide his land.
5. While it is true that the subdivider has been assessed for paving and sewer, he was also paid a considerable sum in damages for the acquisition of Clark Street.

The attached plat indicates how the subdivider could subdivide his property which would provide an adequate right-of-way and lots which conform in size and shape to other lots in the general area.

Respectfully submitted,

April 15, 1964

Honorable Mayor and City Council
City Hall
Davenport, Iowa

Gentlemen:

At their regular meeting of April 14, 1964 the City Plan and Zoning Commission considered the final plat of Ramirez First Addition located on West Pleasant Street East of Clark Street.

The Commission recommends that the Subdivision be approved subject to the following conditions:

1. That all street improvements including plans, grades, and pavement shall be in accordance with City standard requirements and shall have approval of the Department of Public Works.
2. That all storm and sanitary sewers required by the City shall be installed by the Subdivider and the plans and profiles for the same shall be submitted to the Department of Public Works.
3. That deed restrictions shall require the installation of all public sidewalks and the cost thereof paid by the then owner, when so ordered by the Department of Public Works.
4. That ten feet be dedicated along the North side of Locust Street for future widening.

Respectfully submitted,

CITY PLAN AND ZONING COMMISSION

H. W. Bischman
Chairman

Subject:

First Consideration: Ordinance for Case No. ROW15-08: Request of I.H. Mississippi Valley Credit Union for the vacation (abandonment) of 4,000 square feet of public right-of-way known located immediately west of 4645 Brady Street. [Ward 7]

Recommendation:

The Plan and Zoning Commission accepted the listed finding(s) and forwarded Case No. ROW15-08 to the City Council for approval subject to the following condition:

Findings:

1. This is an excess portion of right-of-way no longer needed for roadway purposes.
2. A general utility easement will be maintained; assuring access to existing utilities, if needed.

1. That a general utility easement be maintained upon the entire property..

The Commission vote was 9-yes and 0-no.

Relationship to Goals:

Neighborhood Improvement

Background:

This Right-of-Way was dedicated to the City in the 1970's, presumably for a frontage road for Brady Street that was never built. The property is currently used for parking. Vacating the property would allow for the parking use to be maintained, while clearing the title for the land.

A public utility easement will be maintained to support facilities within the existing right-of-way.

For further background information please refer to the background materials.

FINAL HEARING STAFF REPORT

PLAN AND ZONING COMMISSION

Meeting Date: October 6, 2015
Request: Right of Way Vacation
Location: 4645 Brady Street
Case No.: ROW15-08
Applicant: I.H. Mississippi Valley Credit Union

Recommendation:

Staff recommends the Plan and Zoning Commission forward Case No. ROW15-08 to the City Council with a recommendation for approval, with the condition that a general utility easement be preserved upon the entire property.

Introduction:

This is a request to vacate 4000 sq. ft. (40' by 100') of excess right of way adjacent to 4645 Brady Street.

Background:**Comprehensive Plan:**

Within Urban Service Area: Yes

Proposed Land Use Designation: Right-of-Way

Zoning:

The surrounding properties are zoned "R-1" and "C-2".

Technical Review:

There are utilities located on and above this property. A general utility easement should be maintained.

Public Input:

Letters to 10 adjacent property owners were mailed. One property owner has called with questions. To date, no objections have been raised.

Discussion:

This property was dedicated to the City in 1977, presumably for a frontage road that was never constructed. The property has been used for parking for the adjacent commercial building. The owner of the building wishes to clear the title by vacating the right-of-way and acquiring the property for continued parking.

Given the utilities on-site, a general utility easement should be maintained.

Staff Recommendation:

Staff recommends the Plan and Zoning Commission forward Case No. ROW15-08 to the City Council with a recommendation for approval.

Findings:

1. This is an excess portion of right-of-way no longer needed for roadway purposes.
2. A general utility easement will be maintained; assuring access to existing utilities, if needed.

Condition:

1. A general utility easement be established and maintained upon the entire property.

KNOW ALL MEN BY THESE PRESENTS: That Truce T. Urdona and Aurora F. Urdona, husband and wife, in consideration of the sum of One Dollar (\$1.00) and other valuable consideration (Less than Five Hundred Dollars....\$500.00) in hand paid do hereby convey unto the City of Davenport, Iowa, the following described real estate, situated in Scott County, Iowa, to-wit:

The Easterly 40 feet of the Westerly 65 feet of Lot 7 in the Auditor's Plat of Lyngholm, now an Addition to the City of Davenport, Scott County, Iowa.

And the Grantors do hereby covenant with the said Grantee, and successors in interest, that said Grantors hold said real estate by title in fee simple; that they have good and lawful authority to convey the same; that said premises are free and clear of all liens and encumbrances except for a certain mortgage dated August 2, 1977 and filed for record August 2, 1977 at Document #16339-77; and said Grantors covenant to warrant and defend the said premises against the lawful claims of all persons whomsoever.

Each of the undersigned hereby relinquishes all rights of dower, homestead and distributive share in and to the described premises.

It is agreed that the foregoing conveyance of said real estate is for the purpose of the construction and maintenance of a frontage road thereon at such time as the Grantee determines it to be necessary. The undersigned, for themselves, their

respective heirs, personal representatives and assigns and for all future owners of any part of said lot 7 agree as follows:

1. At such time as said frontage road is constructed the City of Davenport, Iowa, may construct said improvements and assess the total cost thereof against said lot 7, and

2. They do hereby waive all statutory procedures relating to the making of such improvement and the assessing of the cost thereof against said Lot 1, and all notices, and rights of protest to the making of said improvement and the assessing of the cost thereof, and

3. That the entire cost of making said improvements may be assessed against said Lot 1, even though the cost thereof may exceed the amount that can otherwise legally be assessed by the City of Davenport, Iowa, and

4. At such time the frontage road shall be constructed and thereafter, that there shall no longer be any right of direct access to Brady Street from said Lot 1.

Plan & Zoning Commission: Adjacent Property Owner Notice Area Request for a Right-of-Way Vacation (Abandonment)

**NOTICE
PUBLIC HEARING
TUESDAY – SEPTEMBER 15, 2015 - 5:00 P.M.
DAVENPORT CITY PLAN AND ZONING COMMISSION
COUNCIL CHAMBERS - DAVENPORT CITY HALL
226 WEST 4th STREET – DAVENPORT, IOWA**

There is on file in the office of Community Planning, on behalf of the City Plan and Zoning Commission, the following petition:

Case No. ROW15-08: Request of I.H. Mississippi Valley Credit Union for the right-of-way vacation of 40' by 65' portion of unimproved Brady Street currently utilized as a parking lot.

A public hearing on the above matter is scheduled for 5:00 p.m. or as soon thereafter as possible on Tuesday, September 15, 2015 in the Council Chambers of the Davenport City Hall, 226 West 4th Street, Davenport, Iowa. It is your privilege to submit written comments on the above item(s) or to attend the public hearing to express your views, or both. Any written comments (which can be sent via email) to be reported at the public hearing should be received in the Department of Community Planning & Economic Development, at the above address, no later than 12:00 noon on the day of the public hearing(s).

If you have any questions, please feel free to contact us.

Action / Date

10/21/2015

Subject:

Resolution approving Case No. FDP15-04 being the request of Eric Wessels for a PDD Final Development Plan approval for a three story, 36 unit independent living facility on the 6.916 acres. [Ward 8]

Recommendation:

Plan and Zoning Commission Findings:

1. The proposed development would achieve consistency with the subject property's Davenport 2025 Commercial Neighborhood Proposed Land Use Designation; and
2. The design of the building and site with the recommended conditions would mitigate any potential negative impacts to the single-family residential properties to the south.

The Plan and Zoning Commission accepted the listed findings and forwards case FDP15-04 to the City Council with a recommendation for approval subject to the following conditions:

1. That all building mounted and parking lot lighting be shielded so that the emitted light source cannot be seen from the adjacent single-family residential properties to the south;
2. That the dumpsters be (re)located such that they are oriented away from the single-family residential properties to the south;
3. That a three foot high landscape berm be constructed within the required 25 foot setback along the south and southeast property lines adjacent to the proposed building; and
4. That a landscape berm be planted with canopy and evergreen trees to ensure that it adequately mitigates the potential negative impacts of the proposed development with the single-family properties to the south; and
5. That a stormwater management plan for the subject property at full development which achieves consistency with the requirements of Chapter 13.34 of the Davenport City Code be submitted to, and approved by, the Natural Resources Division of Public Works. In addition, the proposed new construction be required to achieve consistency with the stormwater quality provisions of Chapter 13.34.

The Commission vote for approval was 8-yes, 0-no and 0-abstention.

Relationship to Goals:

Added emphasis on economic development.

Background:

Currently, the subject property contains 24 and 57 unit buildings (81 total units). The "PDD" Planned Development District Land Use Plan would allow for the construction of a 29 unit building. In 2005, a Final Development Plan was approved for a three story, 24 unit building (FDP15-17). The petitioner desires to construct a three story, 36 unit building (117 total units), which would increase the density to 16.92 units/acre. When compared to Final Development FDP5-17, the current proposal would be larger and would be closer to the residential to the single-family residential properties to the south. There is a 6 foot high wood fence along the subject property adjacent to the single family residential property to the south. The driveway would be set back a minimum of 25 feet from the property line. This would allow sufficient

space for a landscape berm with canopy and evergreen tree plantings. Please refer to the Commission's letter and background materials for further information.

Resolution No.

Resolution offered by Alderman Boom.

RESOLVED by the City Council of the City of Davenport.

RESOLUTION approving Case No. FDP15-04 being the request of Eric Wessels for a PDD Final Development Plan approval for a three story, 36 unit independent living facility on the 6.916 acres. [8th Ward]

NOW, THEREFORE, BE IT RESOLVED, by the City Council of the City of Davenport that the final development plan for Garner Independent, LP (FDP15-04) is hereby approved and accepted pursuant to all the listed findings and conditions in the City Plan and Zoning Commission letter dated September 2, 2015 as follows:

1. That all building mounted and parking lot lighting be shielded so that the emitted light source cannot be seen from the adjacent single-family residential properties to the south;
2. That the dumpsters be (re)located such that they are oriented away from the single-family residential properties to the south;
3. That a three foot high landscape berm be constructed within the required 25 foot setback along the south and southeast property lines adjacent to the proposed building; and
4. That a landscape berm be planted with canopy and evergreen trees to ensure that it adequately mitigates the potential negative impacts of the proposed development with the single-family properties to the south; and
5. That a stormwater management plan for the subject property at full development which achieves consistency with the requirements of Chapter 13.34 of the Davenport City Code be submitted to, and approved by, the Natural Resources Division of Public Works. In addition, the proposed new construction be required to achieve consistency with the stormwater quality provisions of Chapter 13.34.

and the Mayor and City Clerk be, and they are hereby authorized and instructed to certify to the adoption of this resolution.

September 2, 2015

Honorable Mayor and City Council
City Hall
226 West 4th Street
Davenport, Iowa 52801

At its regular meeting of September 1, 2015, the City Plan and Zoning Commission considered Case No. FDP15-04 being the Final Development Plan approval for a three story, 36 unit independent living facility on the 6.916 acre properties located at 1531 and 1545 West 53rd Street

Findings:

1. The proposed development would achieve consistency with the subject property's *Davenport 2025* Commercial Neighborhood Proposed Land Use Designation; and
2. The design of the building and site with the recommended conditions would mitigate any potential negative impacts to the single-family residential properties to the south.

The City Plan and Zoning Commission accepted the listed findings and forward Case No. FDP15-04 to the City Council with a recommendation for approval subject to the following conditions:

1. That all building mounted and parking lot lighting be shielded so that the emitted light source cannot be seen from the adjacent single-family residential properties to the south;
2. That the dumpsters be (re)located such that they are oriented away from the single-family residential properties to the south;
3. That a three foot high landscape berm be constructed within the required 25 foot setback along the south and southeast property lines adjacent to the proposed building; and
4. That a landscape berm be planted with canopy and evergreen trees to ensure that it adequately mitigates the potential negative impacts of the proposed development with the single-family properties to the south; and
5. That a stormwater management plan for the subject property at full development which achieves consistency with the requirements of Chapter 13.34 of the Davenport City Code be submitted to, and approved by, the Natural Resources Division of Public Works. In addition, the proposed new construction be required to achieve consistency with the stormwater quality provisions of Chapter 13.34.

Respectfully submitted,

Robert Inghram, Chairperson
City Plan and Zoning Commission

City of Davenport
Community Planning & Economic Development Department
FINAL STAFF REPORT

Meeting Date: September 1, 2015
Request: Final Development Plan approval for a three story, 36 unit independent living facility.
Address: 1531 and 1545 West 53rd Street
Case No.: FDP15-04
Applicant: Eric Wessels on behalf of Garner Independent, LP.

Recommendation:

Staff recommends the City Plan and Zoning Commission accept the listed findings and forward Case No. FDP15-04 to the City Council with a recommendation for approval subject to the conditions listed below.

Introduction:

Petition of Eric Wessels for a Final Development Plan approval for a three story, 36 unit independent living facility on the 6.916 acre properties located at 1531 and 1545 West 53rd Street.

AREA CHARACTERISTICS:

Zoning Map

Subject Property

Land Use Map

Subject Property

Background:**Comprehensive Plan:**

Within Existing Urban Service Area: Yes

Within Urban Service Area 2025: Yes

Proposed Land Use Designation: Commercial Neighborhood is a mixed-use commercial designation that partners with RC (Residential Corridor). CN identifies major nodes of neighborhood scale commercial development generally along Residential Corridors or adjacent to residential areas the CN district serves. These areas are often found near the intersection of two arterial streets.

Relevant Goals to be considered in this Case: Neighborhood Improvements

The proposed use would comply with the Davenport 2025 proposed land use section.

Zoning:

The property is currently zoned "PDD" Planned Development District. The subject property was part of a large rezoning (Ordinance 86-61) encompassing 97.60 acres of property on the north and south side of West 53rd Street. The overall property was rezoned from "R-1" Low density dwelling district and "R-4" Moderate Density Dwelling District to "R-4 PUD" Moderate Density Dwelling District Planned Unit Development and "C-3" Planned Commercial District. Ordinance 86-61 and subsequent amendments limits the subject property to 16 units/acre.

The City recently administratively rezoned all properties from "C-3" Planned Commercial District to "PDD" Planned Development District because the "C-3" was no longer in the Zoning Ordinance. However, all conditions associated with the "C-3" Ordinance were carried to the "PDD".

Technical Review:

Streets. The subject property is located along the south side of West 53rd Street (a minor arterial roadway). There is a joint access allowing ingress and egress to West 53rd Street and Northwest Boulevard. The proposed development would be accessed via a looping driveway which connects to existing driveways along the west and east property lines of the subject property.

Storm Water. The subject property and some of the adjacent properties drain into the existing stormwater detention area. Construction plans for this stormwater detention area will be reviewed by the Natural Resources Division of Public Works to ensure that it is adequately sized to accommodate the proposed and existing development.

Sanitary Sewer. Sanitary sewer service is located adjacent to the southeast corner of the subject property.

Other Utilities. This is an urban area and normal utility services are available.

Emergency Services. The property is located approximately 1.8 miles from Fire Station No. 7, which is located at 2302 W 67th Street.

Parks/Open Space. The proposed rezoning does not impact any existing or planned parks or public open spaces.

Public Input:

No public hearing is required for a Final Development Plan. However, a concurrent "PDD" Planned Development District Land Use Amendment is required to allow the additional units. The petitioner held a neighborhood meeting on August 17, 2015. 12 surrounding property owners attended the meeting. Concerns raised include:

- Maintenance of the stormwater detention area;
- Some residents were told that the building to the rear would be one or two stories;
- The impact of a three story building on the adjacent single-family homes to the south; and
- Lack of landscaping between the proposed building and the adjacent homes to the south.

Discussion:

When compared to Final Development FDP5-17, the current proposal would be larger and would be closer to the residential to the single-family residential properties to the south. There is a 6 foot high wood fence along the subject property adjacent to the single family residential property to the south. The driveway would be set back a minimum of 25 feet from the property line. This would allow sufficient space for a landscape berm with canopy and evergreen tree plantings.

Building location approved with FDP5-17 overlaid on the proposed development plan.

It appears that the existing stormwater detention area was sized to accommodate the existing and proposed development. Construction plans would be administratively reviewed to ensure consistency with Chapter 13.34 of the Davenport City Code, entitled "stormwater management". It is unclear if the stormwater detention area would achieve consistency with all the requirements of Chapter 13.34, as amended in 2014. It is staff's opinion that the proposed development should be subject to the stormwater quality provisions enumerated in Chapter 13.34.

Staff Recommendation:

Findings:

1. The proposed development would achieve consistency with the subject property's *Davenport 2025* Commercial Neighborhood Proposed Land Use Designation; and
2. The design of the building and site with the recommended conditions would mitigate any potential negative impacts to the single-family residential properties to the south.

Staff recommends the City Plan and Zoning Commission accept the listed findings and forward Case No. FDP15-04 to the City Council with a recommendation for approval subject to the following conditions:

1. That all building mounted and parking lot lighting be shielded so that the emitted light source cannot be seen from the adjacent single-family residential properties to the south;
2. That the dumpsters be (re)located such that they are oriented away from the single-family residential properties to the south;
3. That a three foot high landscape berm be constructed within the required 25 foot setback along the south and southeast property lines adjacent to the proposed building; and
4. That a landscape berm be planted with canopy and evergreen trees to ensure that it adequately mitigates the potential negative impacts of the proposed development with the single-family properties to the south; and
5. That a stormwater management plan for the subject property at full development which achieves consistency with the requirements of Chapter 13.34 of the Davenport City Code be submitted to, and approved by, the Natural Resources Division of Public Works. In addition, the proposed new construction be required to achieve consistency with the stormwater quality provisions of Chapter 13.34.

Staff Recommendation:

There is no recommendation at this time.

Subject:
Second Consideration: Ordinance amending Schedule IV of Chapter 10.96 entitled "3-Way Stop Intersections" by removing the stop sign on 6th Street at Sylvan Avenue. [Ward 3]

Recommendation:
Approve the ordinance.

Relationship to Goals:
Upgraded City Infrastructure & Public Facilities

Background:
A resident who lives at the intersection of 6th and Sylvan has requested the removal of the 3-way stop from the intersection due to limited traffic on Sylvan. This would result in traffic only stopping on Sylvan. The sight distance is adequate to make this change.

Subject:

First Consideration: Ordinance amending Schedule XVII of Chapter 10.96 entitled "No Stopping, Standing or Parking" by adding South Howell Street along the west side from the railroad tracks south of Rockingham Road south a distance of 550 feet, between the hours of 2:30 AM and 6:00 AM. [Ward 3]

Recommendation:

Approve the ordinance.

Relationship to Goals:

Revitalized Neighborhoods and Corridors.

Background:

Grain truck parking on S. Howell street is interrupting business operations at Iowa Precision Forge.

These trucks are waiting for Nestle to open at 6:00 AM., and operations at Iowa Precision Forge begin prior to this.

The City traffic engineer is proposing a no stopping, standing or parking zone so the drivers aren't allowed to wait in their trucks in this zone. The traffic engineer is recommending the police department to enforce between 2:30 AM and 6:00 AM.

Resolution No. _____

RESOLUTION offered by Alderman Ambrose

RESOLVED by the City Council of the City of Davenport.

RESOLUTION granting permission to Geneseo Communications to install buried communication fiber optic line within City right-of-way as shown on the attached map. This location is within various Oak Brook Additions along Marquette from 53rd Street to 62nd Street. The total length of fiber is approximately 7,400 feet. This is part of Geneseo's "Fiber to the Home Project" in which they plan to provide high speed access to certain neighborhoods within the City.

WHEREAS, Geneseo Communications Services, Inc. (The Owner) has submitted a request (Agreement Reference #2015-F11) to construct buried communications cable located in various Oak Brook Additions, total distance of approximately 7,400 feet, along Marquette from 53rd Street to 62nd Street as shown on the attached map, being part of their Fiber to the Home Project; and

WHEREAS, the Engineering Division as well as IT and Legal Departments of the City of Davenport, Iowa (the "City") have reviewed said plans and recommend permission be granted for the installation, as described, subject to conditions.

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF DAVENPORT, IOWA: that permission is hereby granted to The Owner to install buried communications cable in accordance with the attached plans subject to the following conditions which shall be accepted in writing by The Owner

1. That The Owner shall hold the City harmless, defend and indemnify it from any and all liability for claims of any nature arising from the granting of this authorization of the activities or work performed by The Owner as a consequence thereof, or as the result of the damage, interruption or any other matters relating to the cable and connection therewith or as a result thereof, except as otherwise limited by the provisions of paragraph 9, and that The Owner hold harmless, defend and indemnify the City from any such claims. Further, that The Owner shall name the City and its employees as additional insureds on its liability insurance coverage in limits to be set from time to time by the City Council and initially set at \$1 million each year.
2. That The Owner shall pay all costs for the construction and maintenance of their cable.
3. That The Owner shall coordinate all traffic control required for this project with the Traffic Engineering Division of the Public Works Department and shall be responsible for all costs related to traffic control.
4. That, at the direction of the City Council, The Owner shall remove and replace, relocate, or otherwise adjust said cable in order to provide for the maintenance, construction, or reconstruction of any City owned utility or public improvements within the City of Davenport, Iowa, or, for any other reasonable public cause determined at the discretion of the City Council of Davenport.

5. That all excavations for laying pipes, cable or lines shall be made in such a manner as will not interfere with any gas, sewer, water or other pipes or infrastructure theretofore laid and so as to avoid, so far as possible, obstructing any street or alley or the drainage thereof, and said streets, avenues and alleys shall be promptly repaired and restored to a condition as good as the same were in prior to the laying of said pipes and any pavement or other surfacing removed shall be repaired and restored with the same kind of material as was used in the construction of the pavement or other surfacing so removed. Settling in any street, avenue or alley caused by such excavations shall be promptly repaired by The Owner and all repairs and replacements shall be to the satisfaction of the City officials; but before opening or making any excavation with in any street or alley rights of way, The Owner shall secure from said City a written permit to do so, except in case of emergency, which permit said City shall issue to The Owner upon reasonable terms and conditions. The Owner shall be responsible for payment of the Standard Excavation Permit Fees established by City Council prior to receiving said permit. The permit fee includes a \$1.00 per foot Disruption Fee where applicable.
6. That the contractor performing the work shall comply with all City Ordinances covering the work, including permits and bonding.
7. That The Owner shall contract with a "One Call" utility notification service for receiving notice on the location of the cable for the time the cable shall be in place and in service.
8. That The Owner shall be responsible for obtaining necessary legal consent and permission from railroad companies, the Iowa Department of Transportation, private and public agencies and other persons or organizations that have a legal interest, and this Resolution is subject to such permission, consent and clearance being obtained from such entities.
9. Unless caused by gross negligence or willful, intentional or malicious conduct by city employees, The Owner releases the City and its employees for and from any and all liability for any damage or interruption, or of any other nature directly or indirectly related to the existence of the cable and related facilities, which at any time occur in the future.
10. The Owner will provide the City of Davenport as built drawings in an electronic format suitable to the City of the entire route.

Passed and approved this 28th day of October, 2015

BE IT FURTHER RESOLVED BY THE CITY COUNCIL OF THE CITY OF DAVENPORT, IOWA: That the City Engineer is authorized to issue a permit for construction of said cable when the applicable terms and conditions have been met.

Resolution No. _____

RESOLUTION offered by Alderman Ambrose

RESOLVED by the City Council of the City of Davenport.

RESOLUTION granting permission to Geneseo Communications Services, Inc. to install a buried communications system in the City Right-of-Way for their Fiber to the Home Project located in McClellan Heights, 2015-F10.

WHEREAS, Geneseo Communications Services, Inc. (The Owner) has submitted a request (Agreement Reference #2015-F10) to construct buried communications cable within the McClellan Heights neighborhood as shown on the attached map, being part of their Fiber to the Home Project; and

WHEREAS, the Engineering Division as well as IT and Legal Departments of the City of Davenport, Iowa (the "City") have reviewed said plans and recommend permission be granted for the installation, as described, subject to conditions.

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF DAVENPORT, IOWA: that permission is hereby granted to The Owner to install buried communications cable in accordance with the attached plans subject to the following conditions which shall be accepted in writing by The Owner

1. That The Owner shall hold the City harmless, defend and indemnify it from any and all liability for claims of any nature arising from the granting of this authorization of the activities or work performed by The Owner as a consequence thereof, or as the result of the damage, interruption or any other matters relating to the cable and connection therewith or as a result thereof, except as otherwise limited by the provisions of paragraph 9, and that The Owner hold harmless, defend and indemnify the City from any such claims. Further, that The Owner shall name the City and its employees as additional insureds on its liability insurance coverage in limits to be set from time to time by the City Council and initially set at \$1 million each year.
2. That The Owner shall pay all costs for the construction and maintenance of their cable.
3. That The Owner shall coordinate all traffic control required for this project with the Traffic Engineering Division of the Public Works Department and shall be responsible for all costs related to traffic control.
4. That, at the direction of the City Council, The Owner shall remove and replace, relocate, or otherwise adjust said cable in order to provide for the maintenance, construction, or reconstruction of any City owned utility or public improvements within the City of Davenport, Iowa, or, for any other reasonable public cause determined at the discretion of the City Council of Davenport.
5. That all excavations for laying pipes, cable or lines shall be made in such a manner as will not interfere with any gas, sewer, water or other pipes or infrastructure theretofore laid and so as to avoid, so far as possible, obstructing any street or alley or the drainage thereof,

and said streets, avenues and alleys shall be promptly repaired and restored to a condition as good as the same were in prior to the laying of said pipes and any pavement or other surfacing removed shall be repaired and restored with the same kind of material as was used in the construction of the pavement or other surfacing so removed. Settling in any street, avenue or alley caused by such excavations shall be promptly repaired by The Owner and all repairs and replacements shall be to the satisfaction of the City officials; but before opening or making any excavation with in any street or alley rights of way, The Owner shall secure from said City a written permit to do so, except in case of emergency, which permit said City shall issue to The Owner upon reasonable terms and conditions. The Owner shall be responsible for payment of the Standard Excavation Permit Fees established by City Council prior to receiving said permit. The permit fee includes a \$1.00 per foot Disruption Fee where applicable.

6. That the contractor performing the work shall comply with all City Ordinances covering the work, including permits and bonding.
7. That The Owner shall contract with a "One Call" utility notification service for receiving notice on the location of the cable for the time the cable shall be in place and in service.
8. That The Owner shall be responsible for obtaining necessary legal consent and permission from railroad companies, the Iowa Department of Transportation, private and public agencies and other persons or organizations that have a legal interest, and this Resolution is subject to such permission, consent and clearance being obtained from such entities.
9. Unless caused by gross negligence or willful, intentional or malicious conduct by city employees, The Owner releases the City and its employees for and from any and all liability for any damage or interruption, or of any other nature directly or indirectly related to the existence of the cable and related facilities, which at any time occur in the future.
10. The Owner will provide the City of Davenport as built drawings in an electronic format suitable to the City of the entire route.

Passed and approved this 28th day of October, 2015

BE IT FURTHER RESOLVED BY THE CITY COUNCIL OF THE CITY OF DAVENPORT, IOWA: That the City Engineer is authorized to issue a permit for construction of said cable when the applicable terms and conditions have been met.

Resolution offered by Alderman Ray Ambrose

RESOLVED by the City Council of the City of Davenport.

RESOLUTION assessing the cost of boarding up building at various lots and tracts of real estate.

WHEREAS, that the following lots or tracts of real estate situated in the City of Davenport, and the owners, thereof, be hereby assessed the amounts set forth, and the same being the cost of boarding up building on said lots or tracts.

NOW, THEREFORE, BE IT RESOLVED, by the City Council of the City of Davenport that the City treasurer be and is hereby ordered to collect the same as ordinary taxes to-wit.

BE IT FURTHER RESOLVED: If any amount assessed against property herein does not exceed \$500.00, such assessment must be made in 1 annual payment; if amount assessed exceeds \$500.00, such assessment may be in 10 annual installments; in the manner and with the same interest rate provided for assessment against benefited property under the State Code of Iowa as amended with the current interest rate of 9%. All assessments bear interest at the current rate of 9%.

Resolution No. _____

Resolution offered by Alderman Ray Ambrose

RESOLVED by the City Council of the City of Davenport.

RESOLUTION assessing the cost of condemned property demolitions at various lots and tracts of real estate.

WHEREAS, that the following lots or tracts of real estate situated in the City of Davenport, and the owners, thereof, be hereby assessed the amounts set forth, and the same being the cost of condemned property demolition on said lots or tracts.

NOW, THEREFORE, BE IT RESOLVED, by the City Council of the City of Davenport that the City treasurer be and is hereby ordered to collect the same as ordinary taxes to-wit.

BE IT FURTHER RESOLVED: If any amount assessed against property herein does not exceed \$500.00, such assessment must be made in 1 annual payment; if amount assessed exceeds \$500.00, such assessment may be in 10 annual installments; in the manner and with the same interest rate provided for assessment against benefited property under the State Code of Iowa as amended with the current interest rate of 9%. All assessments bear interest at the current rate of 9%.

Action / Date
10/21/2015

Subject:
Motion approving the Community Services Division Community Impact Project including property demolition and neighborhood revitalization efforts. [All Wards]

Recommendation:
Approve the motion.

Relationship to Goals:
Revitalized Neighborhoods & Corridors.

Background:
The City, through its Community Services Division, maintains a list of properties that are eligible for demolition due to lack of maintenance and/or insufficient private investment to restore the property to a habitable condition. Currently there are more than 30 properties that are in the final phase of the "Intent to Demolish" process.

A multi-disciplined team, anchored by the Public Works and Police Departments, has developed a strategic approach to making a significant impact in the community's inner core neighborhoods through the demolition, clean up, and revitalization of blighted properties. The team has categorized the properties into high and medium priority and intends to prepare consolidated bid packages based on both priority and geographic proximity. The goal of bundling projects is to reduce mobilization costs thus creating cost and service-delivery efficiencies.

The team is requesting Council approval of this pilot Community Impact Project estimated to cost no more than \$575,000 which will be funded by Local Option Sales Tax fund through the FY 2016 Demolition CIP with an available balance of \$75,000 and the one-time use of \$500,000 of fund balance reserves. The team is anticipating that \$375,000 of this project fund be dedicated to the demolition of properties identified in this action. The remaining \$200,000 would be dedicated to neighborhood clean-up and revitalization efforts such as sidewalks, curbs, landscaping enhancements, etc.

Staff will bring back the bid packages, a finalized demolition list, and the clean-up and revitalization strategy for Council approval.

FY - 2016 Demolition Program

City of Davenport

Program details

- The City allocates funding each year in the CIP for demolition of abandoned buildings. On a program basis CASE inspects, tracks and evaluates the condition of structures pursuant to the Neighborhood Enhancement - Property Maintenance Code Chapter 8.15 of the 2000 Davenport Municipal Code.
- Structures that are identified as non-compliant with the legal notice to abate or demolish are eligible for demolition by the City.
- Funding allocations allow for a limited number of contracts for demolition each year. The properties are presented for review and prioritization by the City Council for demolition during the current fiscal year. On average, the City demos 8 properties per year two (2) or which are committed as required by the office of CPED. **This will leave funding for approximately 6 additional candidates.**
- Properties identified are ranked based on a series of criteria as outlined below. Each of the properties is vacant. The City is burdened with the cost of maintaining security and property maintenance including mowing and snow removal.

Demolition Rating Criteria

- Critical Factors – life, health safety structural integrity, security and fire hazard
- Neighborhood Support – rate of resident concern
- Public Health and Safety – rate of first responder calls
- Neighborhood Reinvestment – likelihood of promoting reinvestment after demolition
- Site Access – practical assessment as to difficulty of completing demolition
- Historic Preservation – requires Certificate of Approval by the preservation commission

 City Ordered Demolition Program Rating Sheet Projects are individually rated and prioritized based on their rating	
Project Location	1640 W. 2nd Street
Critical Factor – Life, Health, Safety	
Structural integrity compromised, known fire and structural hazards	Hazardous (1)
Semi-secured, structural defects are accelerating degradation	Unsafe (2)
Secured with few, to no, signs of structural degradation	Nuisance (3)
Other Factors	
Neighborhood Support. How strongly do surrounding neighbors feel the property is having a blighting effect on the value and livability of their neighborhood? (Complaints, meetings, neighborhood plans, etc.)	
Many residents have expressed their quality of life is being affected	8 to 10 Pts
Some adjacent property owners have voiced concern	3 to 7 Pts
Support is from one source, not necessarily a neighbor	0 to 2 Pts
Public Health and Safety. Has the property required property code enforcement? Law enforcement response?	
Numerous code and law enforcement responses	8 to 10 Pts
Some code and law enforcement response	3 to 7 Pts
Few to no requests for public safety response	0 to 2 Pts
Neighborhood Reinvestment. How likely is proposed demolition to enhance neighborhood reinvestment?	
Demolition of structure will or is very likely to promote reinvestment.	8 to 10 Pts
Demolition of structure may promote reinvestment.	3 to 7 Pts
Demolition is not likely to spur reinvestment activity.	0 to 2 Pts
Site Access. Is the site readily accessed by construction equipment?	
Needed access is available	10 Pts
Access can be obtained from adjacent landowners	6 to 9 Pts
Access will disrupt adjacent landowners	3 to 5 Pts
Some opposition to getting access is anticipated	0 to 2 Pts
Historic Preservation. Does the structure require HPC approval?	
No HPC approval required	10 Pts
Requires HPC Certificate of Compliance	5 Pts
Total Points Other Factors. The total # of points possible is 50.

Needed access is available	10 Pts	10	
Access can be obtained from adjacent landowners	6 to 9 Pts		
Access will disrupt adjacent landowners	3 to 5 Pts		
Some opposition to getting access is anticipated	0 to 2 Pts		
Historic Preservation. Does the structure require HPC approval?			
No HPC approval required	10 Pts	10	
Requires HPC Certificate of Compliance	5 Pts		
Total Points Other Factors. The total # of points possible is 50.			Total Points/Rating
0 to 25 Points, Low (C) // 25 to 40 Points, Moderate (B) // 41 to 50 Points, High (A)			27 B
Priority of this Project Based on Critical Factor Rating and Other Factor Rating			
Critical Factor Rating	Unsafe (2)	Other Factor Rating	Moderate (27) Priority Critical (2B)
Completed By		Date	10/10/15

1115 W. 4-1/2 St.

DPW DAVENPORT PUBLIC WORKS		City Ordered Demolition Program Rating Sheet	
Projects are individually rated and prioritized based on their rating			
Project Location	1115 W. 4-1/2 Street		
Critical Factor – Life, Health, Safety			
Structural integrity compromised, known fire and structural hazards	Hazardous (1)		3
Semi-secured, structural defects are accelerating degradation	Unsafe (2)		
Secured with few, to no, signs of structural degradation	Nuisance (3)		
Other Factors			
Neighborhood Support. How strongly do surrounding neighbors feel the property is having a blighting effect on the value and livability of their neighborhood? (Complaints, meetings, neighborhood plans, etc.)			
Many residents have expressed their quality of life is being affected	8 to 10 Pts		3
Some adjacent property owners have voiced concern	3 to 7 Pts		
Support is from one source, not necessarily a neighbor	0 to 2 Pts		
Public Health and Safety. Has the property required property code enforcement? Law enforcement response?			
Numerous code and law enforcement responses	8 to 10 Pts		3
Some code and law enforcement response	3 to 7 Pts		
Few to no requests for public safety response	0 to 2 Pts		
Neighborhood Reinvestment. How likely is proposed demolition to enhance neighborhood reinvestment?			
Demolition of structure will or is very likely to promote reinvestment.	8 to 10 Pts		2
Demolition of structure may promote reinvestment.	3 to 7 Pts		
Demolition is not likely to spur reinvestment activity.	0 to 2 Pts		
Site Access. Is the site readily accessed by construction equipment?			
Needed access is available	10 Pts		10
Access can be obtained from adjacent landowners	6 to 9 Pts		
Access will disrupt adjacent landowners	3 to 5 Pts		
Some opposition to getting access is anticipated	0 to 2 Pts		
Historic Preservation. Does the structure require HPC approval?			
No HPC approval required	10 Pts		10
Requires HPC Certificate of Compliance	5 Pts		
Total Points Other Factors. The total # of points possible is 50.			Total Points/Rating
0 to 25 Points, Low (C) // 25 to 40 Points, Moderate (B) // 41 to 50 Points, High (A)			28 B
Priority of this Project Based on Critical Factor Rating and Other Factor Rating			
Critical Factor Rating	Nuisance (3)	Other Factor Rating	Moderate (28) Priority Less Critical (3B)
Completed By		Date	10/8/15

716 W. 5th St.

Historic Preservation. Does the structure require HPC approval?					
No HPC approval required	10 Pts	5			
Requires HPC Certificate of Compliance	5 Pts				
Total Points Other Factors. The total # of points possible is 50.			Total Points/Rating		
0 to 25 Points, Low (C) // 25 to 40 Points, Moderate (B) // 41 to 50 Points, High (A)			22 C		
Priority of this Project Based on Critical Factor Rating and Other Factor Rating					
Critical Factor Rating	Nuisance (3)	Other Factor Rating	Low (22)	Priority	Needed (3C)
Completed By			Date	10/8/15	

1911 E. 13th St.

DPW DAVENPORT PUBLIC WORKS		City Ordered Demolition Program Rating Sheet	
Projects are individually rated and prioritized based on their rating			
Project Location	1911 E. 13th St.		
Critical Factor – Life, Health, Safety			
Structural integrity compromised, known fire and structural hazards	Hazardous (1)	2	
Semi-secured, structural defects are accelerating degradation	Unsafe (2)		
Secured with few, to no, signs of structural degradation	Nuisance (3)		
Other Factors			
Neighborhood Support. How strongly do surrounding neighbors feel the property is having a blighting effect on the value and livability of their neighborhood? (Complaints, meetings, neighborhood plans, etc.)			
Many residents have expressed their quality of life is being affected	8 to 10 Pts	3	
Some adjacent property owners have voiced concern	3 to 7 Pts		
Support is from one source, not necessarily a neighbor	0 to 2 Pts		
Public Health and Safety. Has the property required property code enforcement? Law enforcement response?			
Numerous code and law enforcement responses	8 to 10 Pts	3	
Some code and law enforcement response	3 to 7 Pts		
Few to no requests for public safety response	0 to 2 Pts		
Neighborhood Reinvestment. How likely is proposed demolition to enhance neighborhood reinvestment?			
Demolition of structure will or is very likely to promote reinvestment.	8 to 10 Pts	2	
Demolition of structure may promote reinvestment.	3 to 7 Pts		
Demolition is not likely to spur reinvestment activity.	0 to 2 Pts		
Site Access. Is the site readily accessed by construction equipment?			
Needed access is available	10 Pts	10	
Access can be obtained from adjacent landowners	6 to 9 Pts		
Access will disrupt adjacent landowners	3 to 5 Pts		
Some opposition to getting access is anticipated	0 to 2 Pts		
Historic Preservation. Does the structure require HPC approval?			
No HPC approval required	10 Pts	10	
Requires HPC Certificate of Compliance	5 Pts		
Total Points Other Factors. The total # of points possible is 50.			Total Points/Rating
0 to 25 Points, Low (C) // 25 to 40 Points, Moderate (B) // 41 to 50 Points, High (A)			28 B
Priority of this Project Based on Critical Factor Rating and Other Factor Rating			
Critical Factor Rating	Unsafe (2)	Other Factor Rating	Moderate (28) Priority Critical (2B)
Completed By		Date	10/8/15

Subject:

Motion to approve the process and procedures for snow removal to ensure the safety and welfare of residents and visitors during winter weather events. This motion outlines the procedures for ticketing, towing, downtown snow pick-up, residential streets and enforcement during snow events. [All Wards]

Recommendation:

Approve the motion.

Relationship to Goals:

Davenport - *The Choice Community for Living.*

Background:

The snow removal proposal is as follows:

- Enforcement of Ordinance 10.28.020 (Ticketing). Vehicles parked on snow routes, including downtown pickup, during a declared emergency will be ticketed and / or towed with no forgiveness.
- Businesses, including downtown, that push snow into the streets will be fined, Ordinance 12.56.010.
- Downtown pick-up will occur after residential zones are cleared, only after a 4" event, designated area for downtown pick up is 5th to River Drive from LeClaire to Gaines.
- Residential streets will be plowed in a snow event of 1" or greater.
- Due to the number of driveways along City streets and limited resources, Public Works is unable to remove snow from the end of driveways by citizen complaint. Citizens needing special assistance may contact Public Works to see if they qualify for special services or assistance signing up for the the Snow Angel program. This program connects citizens needing special assistance with a volunteer. Volunteers and citizens may contact Public Works at 563-326-7923.

Public Works Committee	Admin, Default	Approved	10/20/2015 - 12:37 PM

Changes to our Snow and Ice Control Program.

- **Earlier Plowing in Residential Areas.** We have re-evaluated, reprioritized and restructured our plan. Because of some significant scheduling changes residents should see plows sooner than they may have in the past.
- **Predictable Response.** Unless melting is expected to occur following a snow event, crews will be dispatched for response to all snow events greater than 1/4".
- **Changes to Sidewalk Snow Removal Enforcement.** We will not enforce the sidewalk snow removal policy until 24 hours after the cessation of snowfall. Just be mindful, it is easier to shovel often and early and that the goal of sidewalk snow removal is pedestrian safety.

Below is a plow squeezing between two parked vehicles. Remember, parking off-street will prevent you from being plowed in and help crews clear roads faster and safer.

B

Be Informed. Sign-up for text alerts, Like Us on Facebook, Follow Us on Twitter, Local News, Visit our Website cityofdavenportiowa.com/winter.

R

Remove Your Vehicle from the Street. Avoid being ticketed, towed and being plowed in. Removing vehicles helps crews clear roads faster and safer.

R

Relax. Leave early and drive with caution. Increase your following distance. It can take up to three times longer to stop on snow and ice.

R

Reach-out to Others. Get to know your neighbors. Help clear sidewalks if you are able. Consider volunteering to be a snow angel.

Subject:
Motion approving Change Order #2 to Tricon Construction in the amount of \$77,032.88 for the Central Fire Station Addition and Renovation, CIP Project #02348. This change order is for fabrication of the hand railing of the stairs and training tower. [Ward 3]

Recommendation:
Pass the motion.

Relationship to Goals:
Upgraded City Infrastructure & Public Facilities.

Background:
This change order approves the additional construction services to fabricate the interior hand railings at the stairs and training tower. The work will be performed by Tricon. The funding of this change order is from the current CIP and was provided for by the overall savings that occurred during the bid process of April 2015.

SUMMARY OF CONTRACT AMOUNT:

Original Contract:	\$ 996,000.00
Previous Change Orders #1	\$ 0.00
<u>Change Order #2</u>	<u>\$ 77,032.88</u>

Amended Contract Amount: \$ 1,073,032.88

RE: Central Fire Station – BP05A – Structural Steel, Erection, & Metal Fabrication - Change Order # 2
CIP 02348 – Contract# 787301528

Dear Mr. Richard:

This change order is for the additional materials, labor and equipment related to the scope of work additions as detailed and described within the ACR #1 (Architectural Change Request #1). This additional scope of work was an add alternate that had been designed by The Galante Architectural Studio and then priced during the post bid process. Reference ACR#1 details SKA-007, SKA-012, SKA-013, SKA-014 & SKA-015 which show the different railings at the stairs/hose tower.

CHANGE ORDER DESCRIPTION:

1. This change order represents a net increase or a change in price for the said project scope of work. Schedule adjustment or change in overall schedule is not foreseen and is noted.
Cost: (+) \$77,032.88 (increase) - Working Days Adjustment: 0 Days/Schedule adjustment for the overall scope of work. The remaining \$60,000 cost in Tricon proposal of 9/30/15 for this work scope is accounted for within both contract contingency and contract allowance.

SUMMARY OF CONTRACT AMOUNT:

Original Contract:	\$ 996,000.00
Previous Change Orders	\$ 0.00

Subject:
Motion awarding contracts for snow hauling for the upcoming winter season to several local hauling companies. [All Wards]

Recommendation:
Approve the Motion.

Relationship to Goals:
Financially Responsible City Government.

Background:
An Invitation to Bid was issued and sent to 77 contractors on September 9, 2015. Purchasing received and opened 11 bids on September 28, 2015. A bid tabulation is attached.

The bid was done on an hourly rate. The Streets Division of Public Works has asked to award to all the vendors that submitted bids. In the event of heavy snow this winter, the City will have haulers under contract. Last winter approximately \$50,000 was spent on hauling snow.

Funding for this project is available from the FY16 Street Maintenance Budget, account #54702031 520217, with an available budget of \$97,342. The source of funding is the Road Use Tax Fund.

Subject:
Motion approving a change order to the contract with Ahern Fire Protection of Davenport to complete the sprinkler piping project at the RiverCenter Parking Ramp in the amount of \$121,152. [Ward 3]

Recommendation:
Approve the motion.

Relationship to Goals:
Financially Responsible City Government.

Background:
The project is located at the RiverCenter Parking Ramp. Phase I included the replacement of the worst-conditioned areas first and fixing troubled drip-drums. Additional CIP funds became available for FY16 and the contractor agreed to complete the project. The contractor reduced the cost of pipe to current market values saving the City additional money on installed piping cost. This will be Phase II of the project and will completely replace the remainder of sprinkler piping and sprinkler heads for the RiverCenter Parking Ramp.

Funds for this project are from CIP #10430 with an available amount of \$244,625.00.
