Call to Order

Chairman Hart called the Zoning Board of Adjustment meeting in the first floor Council Chambers at City Hall, 226 W. 4th Street, Davenport, Iowa to order at 4:00 p.m.

Board Members present: Strayhall, and Reistroffer and Woodard

Board Member excused: Lee

Staff present: Matt Flynn

I. Secretary's Report:

Consideration of the minutes from the June 8, 2017 meeting (latest meeting due to a lack of business).

Motion:

Motion by Strayhall, seconded by Reistroffer, to approve the minutes as presented.

II. Old Business:

None.

III. New Business:

1. Request HV17-09 of Gregg Ontiveros dba WJA LLC, for a hardship variance at 2010 East River Drive to construct a five story, 60-foot tall mixed use building containing commercial and residential units. Property is zoned "HSD" Historic Shopping District. Section 17.27.040 of the Davenport Municipal Code restricts the height limitation of buildings in the "HSD" to three stories not to exceed 45 feet in height.

Flynn stated that it is staff's opinion that the request has not proven findings no. 1 (reasonable return) and no. 3 (essential character). Staff therefore recommends denial of the request.

Gregory Jager led a team of representatives speaking in support of the request.

Several persons in the audience also spoke both in favor and in opposition to the request.

Motion:

Motion by Reistroffer, second by Strayhall to approve HV17-09, allowing a building of 5 stories and 60 feet in height in the HSD Historic Shopping District.

Motion was defeated by a vote of 3-1, Strayhall being the single 'yes' vote.

IV. Adjourn

Meeting adjourned at 5:10 pm.

STAFF REPORT

ZONING BOARD OF ADJUSTMENT

Meeting Date: September 14, 2017
Applicant: Julie Kahler
Address: 6115 West River Drive

Description:

Request HV17-10 of Julie Kahler at 6115 West River Drive for a hardship variance to reduce the required the front yard setback for a detached accessory structure from 98' to 74' for a detached carport. The property is zoned "R-1" Low Density Dwelling District.

Section 17.42.080 A.2. of the Davenport City Code requires that detached accessory buildings shall not be located in front yards as established by the principle building of said lot. The principle building on this lot is 98 feet from the Utah Avenue front property line.

Background

The petitioner has proposed to build a 288 square foot detached carport (12' x 24') in the front yard which will encroach 26 feet into the required front yard (i.e., it will project past the front wall of the dwelling 26') and be approximately 74 feet from the front property line. No other garages or carports are located on the property.

Discussion:

The petitioner has a lot over 20,000 sq. ft. and currently has no garage or carport on the premises. No access to the side or rear yard is possible due to the location of the house and the slope of the land in the west side yard.

Analysis (code requirement/staff comments)

1. The property cannot yield a reasonable return if used under conditions allowed by the regulations:

Residential zoning allows for dwellings and also allows for accessory structures, such as garages, however, an ordinance change a few years ago restricts garages and carports to the rear and side yards, even if the house is set back farther than the required front yard setback. This dwelling is nearly 100' from the front property line and the proposed carport will be approximately 74' from the front property line. The property is zoned "R-1" Low Density Dwelling District which only requires the primary structures to be located 30' from the front property line, however because this dwelling is located nearly 100' from the front property line, the ordinance requires the carport to be located the same distance back as the house.

This would appear to be an undue burden on the property owner. Reasonable return of the property may be denied if the ordinance is not varied.

2. The plight of the owner is due to unique circumstances which do not apply to adjoining property:

Due to the side yard property line and the slope in the other side yard, a rear or side yard carport are not possible at this location.

3. The variation, if granted, will not alter the essential character of the locality:

The proposed variance should not alter the essential character of the area given the large setback the carport would have (nearly 74') and the fact that the property to the west also has a garage in the front yard.

4. The variation will not impair an adequate supply of light & air to adjacent property:

The variation should not affect the availability of light and air to the surrounding properties given the location of the proposed use.

5. The variation will not unduly increase congestion in public streets:

The variation would not increase congestion in the public streets.

6. The variation will not increase the danger of fire or endanger the public safety:

The variation should not affect public safety if built in compliance with building codes.

7. The variation will not unreasonably impair established property values within the surrounding area:

The variation should not negatively impact property values given the proposed location of the structure.

8. The variation will not impair public health, safety, comfort, morals or welfare of the inhabitants of the City:

The variation should not impair the public health, safety, comfort, morals or welfare of the inhabitants of the City.

Public Input

Notices were sent to the adjacent property owners within 200 feet of the subject property. To date, staff has not received any calls or letters regarding the request.

Staff Recommendation:

The use would not change the essential character of the area and the required setback (98') appears to be an excessive burden on the property owner.

Staff recommends approval of the request.

Location: Council Chambers at City Hall, 226 West 4th Street Davenport, Iowa
Subject: Public hearing for a Hardship Variance before the Zoning Board of Adjustment
Case #: Request HV17-10

To: All property owners within 200 feet of the subject property located at: **6115 West River Drive.**

What is this All About?

This notice is being sent to inform you that a public hearing will be held for a Hardship Variance. The purpose of the Hardship Variance is to grant permission to waive or alter a size or dimension requirement of the zoning ordinance.

Request Description

Request HV17-10 of Julie Kahler at 6115 West River Drive for a hardship variance to reduce the required the front yard setback for a detached accessory structure from 98' to 74' for a detached carport. The property is zoned "R-1" Low Density Dwelling District.

Section 17.42.080 A.2. of the Davenport City Code requires that detached accessory buildings shall not be located in front yards as established by the principle building of said lot. The principle building on this lot is 98 feet from the Utah Avenue front property line.

What are the Next Steps after the Public Hearing?

For approved ZBA requests, the ruling is effective immediately. For projects requiring a Building Permit the applicant may contact the Permit office (563-326-7765) the next Business day. Rulings of the Zoning Board of adjustment are final. The applicant may request reconsideration at the next public hearing, and aggrieved parties may file a writ of certiorari with the district court.

Would You Like to Submit an Official Comment?

As a neighboring property owner, you may have an interest in commenting on the proposed request either in writing/email or in person at the public hearing. If you intend to send in written comments, it is appreciated if those comments could be received by Community Planning no later than 12:00 PM *one day before* the public hearing. Send comments to planning@ci.davenport.ia.us or CPED, 226 W 4th St, Davenport IA 52801.

Do You Have Any Questions?

If you have any questions on this request, or if ADA/special accommodations are needed, please contact Scott Koops, AICP, the case planner assigned to this project at sek@ci.davenport.ia.us or 563-328-6701.

Please note that items may be removed from the agenda or tabled to a future hearing date at the request of the applicant. If you choose to attend the hearing, you may wish to contact Community Planning prior to your departure to learn of any changes to the agenda.

ZONING BOARD OF ADJUSTMENT

Meeting Date: September 14, 2017
Request: Home Occupation Permit
Applicant: Azra Vallejo
Address: 1312 West 41st Street

Description

Request HOP17-02 of Azra Vallejo at 1312 West 41st Street for a Home Occupation Permit for a hair salon. The property is zoned "R-3" Moderate Density Dwelling District.

Section 17.48.010(S)(11)(e) of the Davenport Municipal Code authorizes the Zoning Board of Adjustment to grant by special permit (Home Occupation Permit) the establishment of certain uses including but not limited to the shop of a beautician or barber.

Background

The subject property is a typical sized lot developed with a single-family residence. Access to the property is from a driveway via West 41st Street. The driveway can adequately provide parking space for two vehicles. The property contains a two-car garage. The salon will be located in the dwelling.

Discussion

The proposed hours and days of operation: every other weekend 9:00am to 6:00pm; and Tuesdays 10:00 AM to 6:00 PM. All services will be performed on an appointment only basis with no overlap of patrons. Customers will be instructed to park in the driveway.

Public Input:

Notices of this request were sent to property owners within 200 feet of the subject property. To date, staff has received one (1) phone call about the request asking if kids will be playing in the back yard.

Analysis

1. The use does not require any construction, extension, structural alteration or height increase incompatible with requirements of the district in which such use is proposed or authorized:

The petitioner has indicated that no alteration will be necessary.

2. The use does not infringe upon the right of neighboring residents to enjoy the peaceful occupancy of their home for the purpose the district was created and primarily intended:

The proposed use, if operated on an appointment only basis, should present very little intrusion on the character of the neighborhood. If properly conditioned, the permit should not cause undue infringement on the rights of the neighboring residents.

3. That there shall be no sign used in connection with such use, other than a name plate no more than one square foot in area, or no display that will indicate from the exterior that the building is being utilized in whole in part for any purpose other than that of a residential building:

A one-square foot nameplate, if attached to the building, would be permitted with a home occupation permit. The petitioner has not indicated if they plan on utilizing the allowed signage.

4. The use shall not be conducted in any accessory building other than such accessory buildings as are permitted by the regulations of this chapter for the district in which such use is requested:

The proposed use is to be located within the principal structure. No accessory structures will be utilized.

5. The use shall not create traffic and parking requirements that impose a burden upon the neighboring residents. Off-street parking may be required and in accordance with the required front yard of the district and shall observe a minimum side yard of seven feet on the side of the lot adjoining a dwelling use. The Board may require the parking area to be improved and screened in accordance with the provisions of Article XXIII, Section 42-103. Parking requirements:

The existing driveway should adequately accommodate the necessary parking space(s). Adequate parking exists if the business is operated on an appointment only basis.

6. The Board may exact other regulations and assurances, covenants and warranties as may be necessary to protect the rights of neighboring residents:

The petitioner shall meet other requirements imposed by the Board for the protection of the surrounding neighbors. These shall include the following conditions:

1. permit be valid for a period of one year from the date of issuance;
2. renewal be based in part upon complaints and/or comments from area property owners;
3. petitioner operate on an appointment only basis; and
4. hours of operation are agreed to by the Board.

7. The proposed location, design, construction and operation of the particular use adequately safeguards the health, safety and general welfare of persons residing or working in adjoining or surrounding property:

The proposed use is to be located in the residence. According to the petitioner, it appears that no alterations will be made to the existing structure.

8. That such use shall not impair an adequate supply of light and air to surrounding property:

The proposed use is to be located within the principal structure. An adequate supply of light and air to the surrounding properties should not be impaired, nor are there any caustic chemicals vented that would impair air quality.

9. That such use shall not unduly increase congestion in the streets, or public danger of fire and safety:

If there will only be one or two additional vehicles at the residence at a time, the existing driveway would more than accommodate such vehicles.

10. That such use shall not diminish or impair established property values:

Being located within the residence with minimal outward appearance of a business should limit any potential negative impact. There should not be an undue impairment of established property values in the surrounding area.

11. That such use shall be in accord with the intent, purpose and spirit of this chapter and the comprehensive plan of the City:

The Zoning Ordinance allows the Board to grant home occupations within any residential district.

Recommendation

The requirements for a home occupation permit have been met as conditioned. Staff recommends the permit be granted subject to the following conditions:

1. the permit be valid for a period of one year from the date of issuance;
2. renewal be based in part upon complaints and/or comments from area property owners;
3. petitioner operate on an appointment only basis;
4. off-street parking (i.e. the driveway) shall be used for client parking, and;
5. hours and days of operation shall be by appointments only every other weekend 9:00am to 6:00pm; and Tuesdays 10:00 AM to 6:00 PM.

Subject: Public hearing for a Home Occupation Permit before the Zoning Board of Adjustment
Case #: HOP17-02

To: All property owners within 200 feet of the subject property located at: **1312 West 41st Street.**

What is this All About?

This notice is being sent to inform you that a public hearing will be held for a Home Occupation Permit. The purpose of the Home Occupation Permit is to authorize certain limited business uses on residential properties subject to special conditions.

Request Description

Request HOP17-02 of Azra Vallejo at 1312 West 41st Street for a Home Occupation Permit for a hair salon. The property is zoned "R-3" Moderate Density Dwelling District.

Section 17.48.010(S)(11)(e) of the Davenport Municipal Code authorizes the Zoning Board of Adjustment to grant by special permit (Home Occupation Permit) the establishment of certain uses including but not limited to the shop of a beautician or barber.

What are the Next Steps after the Public Hearing?

For approved ZBA requests, the ruling is effective immediately. For projects requiring a Building Permit the applicant may contact the Permit office (563-326-7765) the next Business day.

Rulings of the Zoning Board of adjustment are final. The applicant may request reconsideration at the next public hearing, and aggrieved parties may file a writ of certiorari with the district court.

Would You Like to Submit an Official Comment?

As a neighboring property owner, you may have an interest in commenting on the proposed request either in writing/email or in person at the public hearing. If you intend to send in written comments, it is appreciated if those comments could be received by Community Planning no later than 12:00 PM *one day before* the public hearing. Send comments to planning@ci.davenport.ia.us or CPED, 226 W 4th St, Davenport IA 52801.

Do You Have Any Questions?

If you have any questions on this request, or if ADA/special accommodations are needed, please contact Scott Koops, AICP, the case planner assigned to this project at sek@ci.davenport.ia.us or 563-328-6701.

Please note that items may be removed from the agenda or tabled to a future hearing date at the request of the applicant. If you choose to attend the hearing, you may wish to contact Community Planning prior to your departure to learn of any changes to the agenda.
