City of Davenport, Iowa

Proclamation

- Whereas** Lions Clubs International has been the world's largest Service Club for one hundred years; and
- Whereas** the organization has the goal of providing service to 100 million people and has worked towards that goal through various efforts such as Sight Conservation, Campaign SightFirst I and II, Leo Clubs for youth, Lions Clubs International Foundation providing funding for disaster relief and other humanitarian projects; and
- Whereas** Lions Clubs serve on the local level by providing eyeglasses and hearing aids to those in need, Lions KidSight screening program for preschoolers, holiday baskets, funding for Iowa Lions Eye Bank, KidSight and Chochlear Implant programs, funding for scholarships such as Camp Hertko Hollow and Camp Courageous, Supporting Kids Against Hunger among other efforts; and
- Whereas** Chancellor Bob Corlew was elected to serve as President of Lions Clubs International in June 2016 and has served in Lions Clubs since 1978; and
- Whereas** in recognition of Chancellor Corlew's service to the association he has received numerous awards including the Leadership Award, the Builder Key Award, three International President's Awards and the Ambassador of Good Will Award which is the highest honor the association bestows upon its members and is also a Vanguard of the Melvin Jones Memorial, Progressive Lindsey-Jennings Fellow and Progressive Melvin Jones Fellow; and
- Whereas** Chancellor Corlew, International President of the Lions Club, will be in Davenport, Iowa on September 18, 2016 at the Lions Club's Centennial Tour Dinner; and
- Now therefore** I, Frank Klipsch, Mayor, and the City Council of Davenport, Iowa, do hereby proclaim Sunday, September 18, 2016 as

Lions Clubs International Day

in the City of Davenport, Iowa and call upon all citizens of our great city to join with me in congratulating the members of this organization on their 100th Anniversary and their immeasurable service provided to those in need around the world.

Dated this 14th day of September 2016.

Subject:

First Consideration: Ordinance for Case No. REZ16-06: Request of Moline Holdings LLC for the proposed rezoning of approximately 8120 square feet of property located at 718 Bridge Avenue from C-1 Neighborhood Shopping District to R-4 Moderate Density Dwelling District. [Ward 3]

COMMITTEE OF THE WHOLE RECOMMENDS SUSPENSION OF THE RULES AND PASSAGE ON FIRST CONSIDERATION

1. Motion for suspension of the rules.
2. Motion for passage of 2nd and 3rd considerations.

Recommendation:

The City Plan and Zoning Commission forwards Case No. REZ16-06 to the City Council with a recommendation for denial.

The Commission vote was unanimous 9-yes, 0-no and 0-abstention.

Relationship to Goals:

Neighborhood Improvement

Background:

UPDATE: The petitioner and adjacent property owner have worked together and have agreed to a condition for rezoning, which reads as follows:

“Zoning restrictions including: use, setback, building height, and landscaping shall apply to the properties to the south (F0043-14A and F0043-14B) as if the subject property was zoned C-1, Neighborhood Shopping District.”

This language has been added to the corresponding Ordinance for the petition.

For further information please refer to the background materials.

ORIGINAL:

This request was made primarily to facilitate the securing of a mortgage if the buyer of the property was a homeowner. The Commission considered the following before rendering its negative recommendation:

Consistency with the Comprehensive Plan.

Differences exist between the current Plan recommendation and the proposed designation found in Davenport+2035.

The current Industrial designation is outdated because it did not anticipate the transition to mixed use and housing that has occurred over the past ten years.

The proposed designation of Residential General with an Urban Corridor overlay has been reviewed and vetted by the Steering Committee and will be presented for a recommendation to

the Plan and Zoning Commission at its July 19, 2016 meeting. While not yet formally adopted, The Commission believes this is the more relevant Plan guidance at this time.

Keep in mind that an RG designation does not restrict use to just residential. Coupled with the UC overlay, in close vicinity to River Drive, a major arterial and US Highway, higher intensity uses are appropriate.

In the Commission's opinion, the proposed land use designations support keeping the property zoned as is.

Land Use Compatibility.

Property to the east is zoned R-4 and has been used and is currently being marketed as a bed and breakfast inn. Property to the north is zoned C-1 and contains a 12-unit apartment building. Property to the west is zoned R-6M and is primarily single family residential but could be converted to multi-family. Property to the south is zoned M-1 and is currently a parking lot. M-1 allows for a variety of intense commercial uses (provided parking is provided for). A multi-story mixed use building is possible on the site.

Compatibility of this property being used strictly for single family given surrounding uses and zoning is questionable.

Proof by the Petitioner the Rezoning is Necessary.

The petitioner has clearly and honestly stated that the reason behind the rezoning request is to facilitate possible future sale to a residential buyer who intends to finance a mortgage with the owner/petitioner (IH Mississippi Valley Credit Union, (IHMVCU)). IHMVCU has indicated by letter (attached) that it would not be able to sell the mortgage on the secondary market with the C-1 classification.

Residential is a permitted use in C-1 already.

This does not prohibit IHMVCU to do any of the following:

- Sell to a residential buyer who utilizes another lender, or pays cash.
- Sell to a commercial buyer
- Rent the property to either a residential or commercial user.

The financial reasons for pursuing this rezoning are not coupled with land use reasons.

Impact of Rezoning on the Adjoining Property Owner(s).

The property to the south is zoned M-1. It is currently a parking lot previously used for parking by the former Continental (Wonder Bread) bakery. This property owner has protested the proposed rezoning with concerns the downzoning may impact the development potential of his property.

It is impossible to predict what exactly the impact of downzoning would be. Given the current system of 'performance zoning', the degree of buffer yard between the two uses would be greater if the property was used for residential and not commercial. Further, if an entertainment/eating/drinking place was to be established, there may be additional restrictions that would come into play. Development limitations upon the adjoining property to the south are not assured, but are certainly possible.

The protest rate on this petition is 10.9%

PLAN AND ZONING COMMISSION

Meeting Date: July 5, 2016
Request: Rezoning of approximately 8100 square feet of property located at 718 Bridge Avenue from C-1 Neighborhood Shopping District to R-4 Moderate Density Dwelling District
Case No.: REZ16-06
Applicant: Moline Holdings, LLC
Contact: Matthew G. Flynn, AICP
Senior Planning Manager
mflynn@ci.davenport.ia.us
563-326-7743

Recommendation:

Staff recommends the Plan and Zoning Commission forward Case No. REZ16-06 to the City Council with a recommendation for denial.

Introduction:

This property is contemplated to be rezoned to facilitate marketing as a single family dwelling.

Background:

Subject Property

Zoning Map

Davenport 2025 Comprehensive Plan Proposed Land Use (Industrial)

Davenport+2035 Comprehensive Plan Future Land Use (Residential General with Urban Corridor Overlay)

Background:

Comprehensive Plan: This property is located within the Urban Service Boundary and is currently classified as (I) Industrial by *Davenport 2025*. Industrial is defined as follows:

Industrial District (I) designates industrial uses including research, assembly/fabrication, warehousing, storage, and associated commercial/office uses.

The proposed Comprehensive Plan, *Davenport +2035*, designates the property as (RG) Residential General with a (UC) Urban Corridor overlay.

Residential General is defined as follows:

Residential General (RG) - Designates neighborhoods that are mostly residential but include, or are within one-half mile (walking distance) of scattered neighborhood-compatible commercial services, as well as other neighborhood uses like schools, churches, corner stores, etc. generally oriented along Urban Corridors (UC). Neighborhoods are typically designated as a whole. Existing neighborhoods are anticipated to maintain their existing characteristics in terms of land use mix and density, with the exception along edges and transition areas, where higher intensity development may be considered.

Urban Corridor is defined as follows:

Urban Corridor (UC) - Generally established corridors along major streets marked by mixed use development with commercial uses generally clustered at major intersections and/or transit stops. Urban corridors are mostly fully built-out and redevelopment occurs slowly. Commercial uses in UC generally serve adjacent neighborhoods with goods and services. The character and intensity of Urban Corridors can vary due to street and surrounding neighborhood characteristics. Therefore, specific corridor and neighborhood plans, and supporting zoning provisions, should be created developed to help guide future development decisions.

Technical Review:

All urban services are available to the property with no deficiencies noted.

Public Input:

A public meeting was held on June 7, 2016. Three neighbors attended and expressed no concerns other than desiring the property not be used for multi-family development.

The property owner to the south has protested the rezoning for reasons stated on the attachment. In summary, he is concerned that the rezoning may impose additional restrictions on the use of his land limiting redevelopment potential. He also states the proposal is inconsistent with the current Comprehensive Plan designation of Industry (I).

This property owner was asked if any possible conditions to the rezoning might cause his protest to be rescinded and he responded no.

The protest rate is 10.9%

Discussion: What at first glance may seem to be a simple request, this petition has generated significant discussion at the staff level. Four main points are discussed further.

Consistency with the Comprehensive Plan.

Differences exist between the current Plan recommendation and the proposed designation in found in Davenport+2035.

The current Industrial designation is outdated because it did not anticipate the transition to mixed use and housing that have occurred over the past ten years.

The proposed designation of Residential General with an Urban Corridor overlay has been reviewed and vetted by the Steering Committee and will be presented for a recommendation to the Plan and Zoning Commission at its July 19, 2016 meeting. While not yet formally adopted, Staff believes this is the more relevant Plan guidance at this time.

Keep in mind that an RG designation does not restrict use to just residential. Coupled with the UC overlay, in close vicinity to River Drive, a major arterial and US Highway, higher intensity uses are appropriate.

In staff's opinion, the proposed land use designations support keeping the property zoned as is.

Land Use Compatibility

Property to the east is zoned R-4 and has been used and is currently being marketed as a bed and breakfast inn. Property to the north is zoned C-1 and contains a 12-unit apartment building. Property to the west is zoned R-6M and is primarily single family residential but could be converted to multi-family. Property to the south is zoned M-1 and is currently a parking lot. M-1 allows for a variety of intense commercial uses (provided parking is provided for). A multi-story mixed use building is possible on the site.

Compatibility of this property being used strictly for single family given surrounding uses and zoning is questionable.

Proof by the Petitioner the Rezoning is Necessary.

The petitioner has clearly and honestly stated that the reason behind the rezoning request is to facilitate possible future sale to a residential buyer who intends to finance a mortgage with the owner/petitioner (IH Mississippi Valley Credit Union, (IHMVCU)). IHMVCU has indicated by letter (attached) that it would not be able to sell the mortgage on the secondary market with the C-1 classification.

Remember that residential is a permitted use in C-1 already.

This does not prohibit IHMVCU to do any of the following:

- Sell to a residential buyer who utilizes another lender, or pays cash.
- Sell to a commercial buyer
- Rent the property to either a residential or commercial user.

The financial reasons for pursuing this rezoning are not coupled with land use reasons.

Impact of Rezoning on the Adjoining Property Owner(s).

The property to the south is zoned M-1. It is currently a parking lot previously used for parking by the former Continental (Wonder Bread) bakery. This property owner has protested the proposed rezoning with concerns the downzoning may impact the development potential of his property.

It is impossible to predict what exactly the impact of downzoning would be. Given the current system of 'performance zoning', the degree of buffer yard between the two uses would be greater if the property was used for residential and not commercial. Further, if an entertainment/eating/drinking place was to be established, there may be additional restrictions that would come into play. Development limitations upon the adjoining property to the south are not assured, but are certainly possible.

Finally, it should be noted that full development of the adjoining property could be multi-story in nature and the current river views afforded by the subject property are not guaranteed in the long run.

Related, the property to the north is also zoned C-1 and is currently used as a 12-unit apartment building. Converting all or part of the building to commercial uses is possible, but should not impact any required buffer yards between the two properties. If the property was completely redeveloped, then the buffer yard requirements come into play.

Summary

In summary, the decision to be made is whether or not the anticipated, but not guaranteed, economic benefit of rezoning this property exceeds the land use rationale of maintaining the current C-1 zoning.

Staff Recommendation:

In weighing all factors, Staff cannot support the request.

Findings of Fact:

- The proposed Urban Corridor designation supports higher intensity development at this location.
- Downzoning reduces the potential for compatible development patterns in the vicinity.
- Economic return should not be the driving reason behind land use decisions.
- Residential development is allowed in C-1.
- The property to the north is zoned C-1; while not creating a spot zone, zoning this property to R-4 creates an inconsistent zoning pattern.
- Zoning this property may restrict the use of both properties to the north and south.
- The apartment building to the north, M-1 zoning and uncertain development possibilities to the south, and proximity to River Drive, reduces the desirability of the property to be successfully sold as a single family.

Recommendation:

Staff recommends the Plan and Zoning Commission forward Case No. REZ16-06 to the City Council with a recommendation for denial.

RE: Rezoning Request – 718 Bridge Avenue, Davenport, Iowa

Mr. Flynn,

I am the Vice President of Credit Risk Management for I.H. Mississippi Valley Credit Union (“IHMVCU”). I am listed on the Rezoning Request for the above-referenced property as the contact person for the Petitioner, Moline Holdings, LLC, which is wholly owned by IHMVCU.

IHMVCU held a mortgage on the property when it was owned by Anvil Enterprises, LLC. One of the two members of the company passed away and the surviving owner decided to convey the property to IHMVCU or its nominee in full satisfaction of the mortgage. IHMVCU accepted a conveyance of the property to Moline Holdings in full satisfaction of the mortgage.

The property is improved with a residence but it is zoned commercial. We have filed this Rezoning Request to change the classification of the property from commercial to residential to improve the marketability of the property. Our attorney informed you that a buyer of this property would not qualify for a residential secondary market mortgage due to the commercial classification. This is significant because most residential mortgages are immediately sold by the lender to investors on the secondary market, including Fannie Mae and Freddie Mac. You asked for additional information on this point and that is the purpose of this letter.

On June 29, 2016, at my direction, a mortgage underwriter for IHMVCU named Jennifer Brown contacted Fannie Mae to inquire about the eligibility of this property for a

residential secondary market mortgage. Jennifer spoke with Anita in the Property Eligibility Department and was informed that if a lender tried to sell Fannie Mae a mortgage on a residential home that is zoned commercial then it would result in either: (A) a rejection of the loan; or (B) an automatic buy back by the lender from Fannie Mae when the file was audited. In other words, Fannie Mae (and Freddie Mac because its guidelines are similar) will not purchase a mortgage on a residential property that is zoned commercial like the property at issue here. Fannie Mae and Freddie Mac purchase most of the residential mortgages sold on the secondary market and therefore the marketability of this property is severely limited by its commercial classification.

I hope this satisfies your inquiry. Please do not hesitate to contact our attorney or me if you have questions.

Sincerely,

A handwritten signature in black ink, which appears to read "Laurie Burkholder".

Laurie Burkholder

NOTICE
PUBLIC HEARING
TUESDAY - JUNE 14, 2016 - 5:00 P.M.
DAVENPORT CITY PLAN AND ZONING COMMISSION
COUNCIL CHAMBERS - DAVENPORT CITY HALL
226 WEST 4th STREET - DAVENPORT, IOWA

There is on file in the office of Community Planning, on behalf of the City Plan and Zoning Commission, the following petitions:

Case No. REZ16-06: Request of IH Mississippi Valley Credit Union for the proposed rezoning of 718 Bridge Avenue from C-1 Neighborhood Commercial District to R-4 Medium Density Residential District.

You are being contacted because you own property within 200 feet of the subject property.

Public hearings on the above matters are scheduled for 5:00 p.m. or as soon thereafter as possible on Tuesday, June 14 2016 in the Council Chambers of the Davenport City Hall, 226 West 4th Street, Davenport, Iowa. It is your privilege to submit written comments on the above item(s) or to attend the public hearing to express your views, or both.

Further, you may formally protest this proposed action by filling out the form below.

Any written comments to be reported at the public hearing should be received in the Department of Community Planning & Economic Development, at the above address, no later than 12:00 noon on the day of the public hearing(s).

If you have any questions, please contact me.

Matthew G. Flynn, AICP

6/13/2016

Re: Case No. REZ16-06 – Rezoning of 718 Bridge Avenue from C-1 Neighborhood Commercial District to R-4 Medium Density.

The Owner(s) of properties with the following parcel identifiers F0053-37A; F0053-48A; F0053-42; F0054-08A; F0043-14B; and F0043-14A object to and oppose the above referenced rezoning request. A change in the zoning will have an irreversible effect on the above identified parcels and particularly the property located at 1034 and 1110 E. River Drive. Specifically, such a change will materially change the setback/landscaping requirements for parcels F0043-14A and F0043-14B and will materially impact uses affiliated with all of the identified parcels. Such a change impacts and limits development of the objectors' properties, development which is consistent with the City's comprehensive plan land use and the ability to achieve the maximum density development of the property which is also part of the City's comprehensive plan.

Objectors request that this opposition and objection be considered continuing, ongoing and considered on file for the public hearing prior to City Council meeting.

July 14, 2016

Honorable Mayor and City Council
City Hall
Davenport, Iowa 52801

Honorable Mayor and City Council:

At its regular meeting of July 5, 2016, the City Plan and Zoning Commission considered Case No. REZ16-06 being Request of Moline Holdings, LLC for the rezoning of 0.19 acre, more or less of real property located at 718 Bridge Avenue from "C-1" Neighborhood Shopping District to "R-4" Moderate Density Dwelling District to facilitate residential marketing of the property.

Findings of Fact:

- The proposed Urban Corridor designation supports higher intensity development at this location.
- Downzoning reduces the potential for compatible development patterns in the vicinity.
- Economic return should not be the driving reason behind land use decisions.
- Residential development is allowed in C-1.
- The property to the north is zoned C-1; while not creating a spot zone, zoning this property to R-4 creates an inconsistent zoning pattern.
- Zoning this property may restrict the use of both properties to the north and south.
- The apartment building to the north, M-1 zoning and uncertain development possibilities to the south, and proximity to River Drive, reduces the desirability of the property to be successfully sold as a single family.

The Plan and Zoning Commission forwards Case No. REZ16-06 to the City Council with a recommendation for denial.

Respectfully submitted,

Robert Inghram, Chairperson
City Plan and Zoning Commission

ORDINANCE NO.

ORDINANCE for Case No. REZ16-06 being the petition of Moline Holdings, LLC, for the rezoning of approximately 8100 square feet of property located at 718 Bridge Avenue from C-1 Neighborhood Shopping District to R-4 Moderate Density Dwelling District. [3rd Ward]

BE IT ENACTED BY THE CITY COUNCIL OF THE CITY OF DAVENPORT, IOWA:

Section 1. The following described unit of Scott County, Iowa real estate is hereby rezoned.

The property is legally described as follows:

Lot 3 of Block 8 in A.G. Churchill's Addition to the City of Davenport, Scott County Iowa

Containing 8100 square feet, more or less.

Section 2. That the following condition is hereby imposed on said rezoning:

Zoning restrictions including: use, setback, building height, and landscaping shall apply to the properties to the south (F0043-14A and F0043-14B) as if the subject property was zoned C-1, Neighborhood Shopping District.

SEVERABILITY CLAUSE. If any of the provisions of this ordinance are for any reason illegal or void, then the lawful provisions of this ordinance, which are separable from said unlawful provisions shall be and remain in full force and effect, the same as if the ordinance contained no illegal or void provisions.

REPEALER. All ordinances or parts of ordinances in conflict with the provisions of this ordinance are hereby repealed.

EFFECTIVE DATE. This ordinance shall be in full force and effective after its final passage and publication as by law provided.

First Consideration: Ordinance for Case No. ROW16-03: Request of Mark Barnes for the vacation (abandonment) of 310 square feet, more or less, of excess public right-of-way located adjacent to the east of 2151 Kirkwood Boulevard. [Ward 5]

**COMMITTEE OF THE WHOLE RECOMMENDS SUSPENSION OF THE RULES AND
PASSAGE ON FIRST CONSIDERATION**

1. Motion for suspension of the rules.
2. Motion for passage of 2nd and 3rd considerations.

Recommendation:

Findings

1. Property is no longer needed for public purposes
2. A general utility easement will be maintained to ensure existing and future utilities are not disturbed

The Plan and Zoning Commission forwards Case No. ROW16-03 to the City Council for approval with the following conditions:

1. A general utility easement be included to maintain, operate, remove, repair, replace, construct, reconstruct or relocate the electric facilities within the entire vacated right-of-way.
2. That six feet of property be maintained in City ownership from the inside edge of the existing sidewalk.

The Commission vote was unanimous 9-yes, 0-no and 0-abstention.

Relationship to Goals:

Neighborhood Improvement

Background:

This 'orphan' property was discovered while meeting with the adjacent property owner about the location of a fence. Discussions with Public Works indicated no City need for the property.

For further background information please refer to the background materials.

ORDINANCE NO.

Case No. ROW16-03: Request of Mark Barnes for the vacation (abandonment) of 310 square feet, more or less, of excess public right-of-way located adjacent to the east of 2151 Kirkwood Boulevard. [5th Ward]

BE IT ENACTED BY THE CITY COUNCIL OF THE CITY OF DAVENPORT, IOWA:

Section 1. The following described unit of Scott County, Iowa real estate is hereby vacated (abandoned). The property has the following legal description:

Part of the Southeast Quarter of the Northwest Quarter of Section 30, Township 78 North, Range 4 East of the 5th P.M. being more particularly described as follows:

Commencing in the Southwest corner of Lot 1 of Christie's 2nd Addition to the City of Davenport, Scott County, Iowa, said corner being in the north line of East 13th Street as it currently exists; thence Easterly along the south line of said Lot 1, also being the north line of said East 13th Street a distance of 95.00 feet to the point of beginning of the tract hereinafter described; thence North 32.00 feet to the southerly right-of-way line of Kirkwood Boulevard as it currently exists; thence Southeasterly along the southerly right-of-way line of said Kirkwood Boulevard a distance of 19.8 feet, more or less, to a point, said point being 6.00 feet normally distant from the westerly edge of the sidewalk currently existing; thence South and Southwesterly along a curve concave Northwesterly and parallel to and 6.00 feet normally distant from the west line of the sidewalk as it currently exists to the point of beginning. Said tract contains 310 square feet, more or less.

The vacation (abandonment) is subject to the following conditions:

1. A general utility easement be included to maintain, operate, remove, repair, replace, construct, reconstruct or relocate the electric facilities within the entire vacated right-of-way.
2. That six feet of property be maintained in City ownership from the inside edge of the existing sidewalk.

SEVERABILITY CLAUSE. If any of the provisions of this ordinance are for any reason illegal or void, then the lawful provisions of this ordinance, which are separable from said unlawful provisions shall be and remain in full force and effect, the same as if the ordinance contained no illegal or void provisions.

REPEALER. All ordinances or parts of ordinances in conflict with the provisions of this ordinance are hereby repealed.

PLAN AND ZONING COMMISSION

Meeting Date: August 16, 2016
Request: Vacation of approximately 310 square feet of City-owned property located immediately east of 2151 Kirkwood Boulevard
Case No.: ROW16-03
Applicant: City of Davenport
Contact: Matthew G. Flynn, AICP
Senior Planning Manager
mflynn@ci.davenport.ia.us
563-326-7743

Recommendation:

Staff recommends the Plan and Zoning Commission forward Case No. ROW16-03 to the City Council for approval including the condition described below.

Background:

This 'orphan' property was discovered while meeting with the adjacent property owner about the location of a fence. Discussions with Public Works indicated no City need for the property.

Subject property:

A cursory review found no obvious reasons for the creation of the parcel. It is located within Christie's 2nd Addition. It is uncertain if its creation was before or after the platting of Kirkwood Boulevard.

Technical Review:

No specific concerns were expressed. However, nearby sanitary and storm sewers exist. The property owner has been made aware of these facilities in light of future fence construction. (See attached map). Furthermore, Mid-American Energy has requested a general utility easement be included to maintain., operate, remove, repair, replace, construct, reconstruct or relocate the electric facilities within the entire vacated right-of-way.

Public works requests that six feet of property be maintained in City ownership from the inside edge of the existing sidewalk.

Public Input:

Notices to property owners within 200 feet have been sent. No objections have been expressed.

Discussion:

There are literally hundreds of odd city-owned parcels around Davenport. It has been the practice to vacate parcels particularly when interest from adjacent property owners exist. The adjacent owner would like to fence in this property as much as possible for his dog. This vacation will allow facilitate this project by increasing the area that can be fenced.

Staff Recommendation:

Staff recommends the Plan and Zoning Commission forward Case No. ROW16-03 to the City Council for approval with the following conditions:

- o A general utility easement be included to maintain., operate, remove, repair, replace, construct, reconstruct or relocate the electric facilities within the entire vacated right-of-way.
- o That six feet of property be maintained in City ownership from the inside edge of the existing sidewalk.

Subject:

Motion considering a waiver (temporary deferral) of sidewalk installation for the proposed Subway Restaurant to be located at the southeast corner of intersection of Northwest Boulevard and W. 76th Street. [Ward 8] **STAFF RECOMMENDS DENIAL**

Recommendation:

Staff recommends denial.

Relationship to Goals:

Enhanced Quality of Life.

Background:

Section 12.12.030 of the Davenport Municipal Code requires that sidewalks be constructed along the right-of-way of each public street prior to building occupancy unless a waiver is granted by City Council.

The owner of the subject property has requested a waiver. Historically, no other properties east of the subject property have been required to construct a sidewalk. An area map is provided along with a request letter from the architectural firm, Bracke-Hayes-Miller-Mahon, Architects, LLP.

If the waiver request is denied, the property owner will be required to construct the sidewalk at the present time, prior to the occupancy permit.

If the waiver is granted, the property owner will be allowed to postpone sidewalk construction until such time as construction is ordered by Council. The property owner would remain financially obligated for the cost of installation when it takes place.

RE: Subway Restaurant
West 76th Street, Davenport
Project No. 1319

Dear Tom,

I received your review comments for the site civil drawings which were submitted by McClure Engineering. Comment number 1 references a requirement for public sidewalk. The purpose of this letter is to request waiver for the public sidewalk requirement. At this time, no other property located within the immediate vicinity of the proposed project site contains a public sidewalk. Currently a sidewalk does exist along the east property line at Northwest Blvd. However, no other properties along W. 76th street provide a sidewalk.

In addition, the financing for this project is based on the scope of work as delineated to date on the plans. Addition of sidewalks becomes an additional financial burden as, given the length of the site, we would estimate it increasing construction cost by approximately \$10,000. We would respectfully request that this requirement be waived.

Sincerely,
BRACKE-HAYES-MILLER-MAHON, ARCHITECTS, LLP

Second Consideration: Ordinance for Case No. ORD16-01: Request of the City of Davenport for a text amendment to Title 17 of the Davenport Municipal Code by amending Chapter 17.46 of the Davenport City Code, entitled "nonconforming uses" by adding a section to allow nonconforming agricultural properties containing a minimum of 10 acres within the "R-1" Low Density Dwelling District to erect fences, accessory buildings and barns in accordance with "A-1" Agricultural District regulations. [All Wards]

Recommendation:

The City Plan and Zoning Commission forwards Case No. ORD16-01 to the City Council with a recommendation for approval without any special conditions. The Commission vote for approval was 9-yes, 0-no and 0-abstention.

Relationship to Goals:

Welcoming neighborhoods.

Background:

The City of Davenport is proposing this text amendment to allow property owners within the "R-1" Low Density Dwelling District, which have non-conforming agricultural uses containing a minimum of 10 acres, to erect fences, accessory buildings and barns in accordance with "A-1" Agricultural District regulations.

Please refer to the Commission's letter and background materials for further information.

ORDINANCE NO. 2016

An ORDINANCE to amend Title 17 of the Davenport Municipal Code by amending Chapter Section 17.46 of the Davenport City Code, entitled "nonconforming uses" by adding a section to allow nonconforming agricultural properties containing a minimum of 10 acres within the "R-1" Low Density Dwelling District to erect fences, accessory buildings and barns in accordance with "A-1" Agricultural District regulations. (City of Davenport, petitioner Case No. 16-01).

NOW, BE IT ENACTED BY THE CITY COUNCIL OF THE CITY OF DAVENPORT, IOWA:

Section 1. That Chapter 17.46 of the Davenport Municipal Code be amended to read as follows:

Chapter 17.46 NONCONFORMING USES

Sections:

- 17.46.010 Discontinuance—Within five years.
- 17.46.020 Discontinuance—Conformance required.
- 17.46.030 Continuance.
- 17.46.040 Damaged building.
- 17.46.050 Effect on previous violations.
- 17.46.060 Nonconforming Agricultural Uses within the "R-1" Low Density Dwelling District.

17.46.010 Discontinuance-Within five years.

The lawful use of land for storage purposes (where such use is not an adjunct of any building) and for advertising signs and billboards which do not conform to the provisions of this title, the same uses of land which become nonconforming by reason of a subsequent change in this amending title shall also be discontinued within five years from the date of change.

17.46.020 Discontinuance-Conformance required.

In the event that a nonconforming use of any building or premises is discontinued or its normal operation stopped for a period of one year, the use of the same shall thereafter conform to the regulations of the district in which it is located.

17.46.030 Continuance.

The lawful use of a building existing at the time of the adoption of this section may be continued, although such use does not conform with the provisions of this section, if no structural alterations are made. A nonconforming use of a building may be changed to another nonconforming use of the same or lesser intensity. Intensity shall be determined by:

- A. The hours that the use is conducted.
 - 1. The length of the use in terms of the total number of hours that the activity is usually carried out.
 - 2. The time of day that is customary for the operation of the business or activity.

- B. The required parking; a use shall be considered more intense if it requires more parking than the previous use.
- C. The general compatibility of the proposed use with the surrounding uses.

The foregoing provisions shall also apply to nonconforming uses in districts hereafter changed. Wherever a nonconforming use of a building has been changed to a less intensive use or to a conforming use, such use shall not thereafter be changed to a more intensive use, even if that use previously existed on that property.

17.46.040 Damaged building.

No building which has been damaged by fire, explosion, act of God, or the public enemy, to the extent of more than sixty-five percent of its value, shall be restored except in conformity with the regulations of this title.

17.46.050 Effect on previous violations.

No nonconforming structure that was erected, converted, or structurally altered in violation of the provisions of the ordinance which this title repeals shall be validated by the adoption of this title, and such violations or any violations of this title may be ordered removed or corrected by the proper officials at any time.

17.46.060 Nonconforming Agricultural Uses in "R-1" Low Density Dwelling District.

Where existing nonconforming agricultural uses, such as row crop farming and farm animal husbandry, including horses, are located on properties containing a minimum of 10 acres within the "R-1" Low Density Dwelling District, the following shall apply:

- A. Fences may conform to the "A-1" Agricultural District standards enumerated in Section 17.42.090 of the Davenport City Code, entitled "Fence Regulations".
- B. Accessory buildings and barns may conform to the "A-1" Agricultural District standards enumerated in Section 17.42.080, entitled "accessory buildings" and Section 17.42.010, entitled Table of District Improvements.
- C. Nothing contained in this subsection shall be construed to mean that the nonconforming agricultural use can be intensified or expanded.

SEVERABILITY CLAUSE. If any of the provisions of this ordinance are for any reason illegal or void, then the lawful provisions of this ordinance, which are separable from said unlawful provisions shall be and remain in full force and effect, the same as if the ordinance contained no illegal or void provisions.

REPEALER. All ordinances or parts of ordinances in conflict with the provisions of this ordinance are hereby repealed.

EFFECTIVE DATE. This ordinance shall be in full force and effective upon final passage and publication as by law provided.

PUBLIC HEARING REPORT

PLAN AND ZONING COMMISSION

Meeting Date: June 14, 2016

Request: Zoning Ordinance Text Amendment by Chapter Section 17.46 of the Davenport City Code, entitled nonconforming uses by adding a section to allow nonconforming agricultural properties in the "R-1" Low Density Dwelling District to erect fences, accessory buildings and barns in accordance with "A-1" Agricultural District regulations.

Case No.: ORD16-01

Applicant: City of Davenport

Recommendation:

Staff recommends the City Plan and Zoning Commission forward Case No. ORD16-01 to the City Council with a recommendation for approval.

Background:

Proposed Amendment: New Section of Chapter 17.46 of the Davenport City Code.

Public Input:

Public notice of the May 31, 2016 Plan and Zoning Commission public hearing was published in the May 21, 2016 Edition of the Quad City Times.

Discussion:

The ordinance is an outcome of discussions with a property owner of a nonconforming agricultural use located within an "R-1" Low Density Dwelling District. The property owner is seeking to erect a fence higher than what is allowed in the "R" districts. Staff also is taking the opportunity to legitimize improvements to the property (adding agriculturally used buildings) without causing an increase to the non-conforming use status.

Staff Recommendation:

Staff recommends the City Plan and Zoning Commission forward Case No. ORD16-01 to the City Council with a recommendation for approval.

Prepared by:

Ryan Rusnak, AICP
Planner III

Attachment: Proposed Ordinance

ORDINANCE NO. ____-2016

An ORDINANCE to amend Title 17 of the Davenport Municipal Code by amending Chapter Section 17.46 of the Davenport City Code, entitled nonconforming uses by adding a section to allow nonconforming agricultural properties in the "R-1" Low Density Dwelling District to erect fences, accessory buildings and barns in accordance with "A-1" Agricultural District regulations. (City of Davenport, petitioner Case No. 16-01).

NOW, BE IT ENACTED BY THE CITY COUNCIL OF THE CITY OF DAVENPORT, IOWA:

Section 1. That Chapter 17.46 of the Davenport Municipal Code be amended to read as follows:

Chapter 17.46 NONCONFORMING USES

Sections:

- 17.46.010 Discontinuance—Within five years.
- 17.46.020 Discontinuance—Conform-ance required.
- 17.46.030 Continuance.
- 17.46.040 Damaged building.
- 17.46.050 Effect on previous violations.
- 17.46.060 Nonconforming Agricultural Uses in "R-1" Low Density Dwelling District.

17.46.010 Discontinuance-Within five years.

The lawful use of land for storage purposes (where such use is not an adjunct of any building) and for advertising signs and billboards which do not conform to the provisions of this title, the same uses of land which become nonconforming by rea-son of a subsequent change in this amending title shall also be discontinued within five years from the date of change.

17.46.020 Discontinuance-Conformance required.

In the event that a nonconforming use of any building or premises is discontinued or its normal operation stopped for a period of one year, the use of the same shall thereafter conform to the regulations of the district in which it is located.

17.46.030 Continuance.

The lawful use of a building existing at the time of the adoption of this section may be continued, although such use does not conform with the pro-visions of this section, if no structural alterations are made. A nonconforming use of a building may be changed to another nonconforming use of the same or lesser intensity. Intensity shall be deter-mined by:

- A. The hours that the use is conducted.
 - 1. The length of the use in terms of the total number of hours that the activity is usually carried out.
 - 2. The time of day that is customary for the operation of the business or activity.
- B. The required parking; a use shall be con-sidered more intense if it requires more parking than the previous use.

C. The general compatibility of the proposed use with the surrounding uses.

The foregoing provisions shall also apply to nonconforming uses in districts hereafter changed. Wherever a nonconforming use of a building has been changed to a less intensive use or to a con-forming use, such use shall not thereafter be changed to a more intensive use, even if that use previously existed on that property.

17.46.040 Damaged building.

No building which has been damaged by fire, explosion, act of God, or the public enemy, to the extent of more than sixty-five percent of its value, shall be restored except in conformity with the reg-ulations of this title.

17.46.050 Effect on previous violations.

No nonconforming structure that was erected, converted, or structurally altered in violation of the provisions of the ordinance which this title repeals shall be validated by the adoption of this title, and such violations or any violations of this title may be ordered removed or corrected by the proper offi-cials at any time.

17.46.060 Nonconforming Agricultural Uses in "R-1" Low Density Dwelling District.

Where existing nonconforming agricultural uses, such as row crop farming and farm animal husbandry, including horses, are located within the "R-1" Low Density Dwelling District, the following shall apply:

- A. Fences may conform to the "A-1" Agricultural District standards enumerated in Section 17.48.090 of the Davenport City Code, entitled "Fence Regulations".
- B. Accessory buildings and barns may conform to the "A-1" Agricultural District standards enumerated in Section 17.48.080, entitled "accessory buildings" and Section 17.42.010, entitled Table of District Improvements.
- C. Nothing contained in this subsection shall be construed to mean that the nonconforming agricultural use can be intensified or expanded.

SEVERABILITY CLAUSE. If any of the provisions of this ordinance are for any reason illegal or void, then the lawful provisions of this ordinance, which are separable from said unlawful provisions shall be and remain in full force and effect, the same as if the ordinance contained no illegal or void provisions.

REPEALER. All ordinances or parts of ordinances in conflict with the provisions of this ordinance are hereby repealed.

EFFECTIVE DATE. This ordinance shall be in full force and effective upon final passage and publication as by law provided.

Action / Date

9/7/2016

Subject:

First Consideration: Ordinance for Case No. REZ16-01 being the request of Juan Goitia for the rezoning of 0.52 acre (22,500 sqft) of real property located at 1002 Bridge Avenue from "R-4" Moderate Density Dwelling District to "R-4 PUD" Planned Unit Development to allow a two story detached garage with habitable area (home office and recreational area) on the second level. [Ward 5]

Recommendation:

Finding:

The rezoning conforms to the comprehensive plan.

The City Plan and Zoning Commission accepts the finding and forwards Case No. REZ16-07 to the City Council for approval subject to the following conditions:

1. That the building substantially conform to the elevations as shown; and
2. That the site plan submitted for the building permit along with the approved elevations act as the final development plan.

The Commission vote was unanimous with 9-yes, 0-no and 0-abstention.

Relationship to Goals:

Grow the tax base.

Background:

The petitioner is proposing a detached garage with a second story for use as his home office and recreational area. Since this is a habitable building, the building becomes a second principle structure on the property. This requires the rezoning to a classification that allows more than one principal structure on a property. The "R-4 Planned Unit Development" will allow for this second habitable structure on the property.

For further background information please refer to the background materials.

ORDINANCE NO.

ORDINANCE for Case No. REZ16-07: Request of Juan Goitia for the rezoning of 0.52 acre (22,500 sqft) of property located at 1002 Bridge Avenue from "R-4" Moderate Density Dwelling District to "R-4 PUD" Planned Unit Development to allow a two story detached garage with habitable area (home office and recreational area) on the second level. [5th Ward]

BE IT ENACTED BY THE CITY COUNCIL OF THE CITY OF DAVENPORT, IOWA:

Section 1. The following described unit of Scott County, Iowa real estate is hereby rezoned. The property has the following legal description:

Part of the Northwest Quarter of the Southeast Quarter of Section 25, Township 78 North, Range 03 East of the 5th P.M. being more particularly described as follows:

Lot 1 of Block 7 of Part of G. C. Churchill's Resurvey of Churchill's Addition to the City of Davenport, Scott County, Iowa. Said tract contains 0.516 acre, more or less.

The City Plan and Zoning Commission forwards Case No. REZ16-01 to the City Council with a recommendation for approval subject to the following condition:

1. That the building substantially conform to the elevations as shown; and
2. That the site plan submitted for building permit along with the approved elevations act as the final development plan.

SEVERABILITY CLAUSE. If any of the provisions of this ordinance are for any reason illegal or void, then the lawful provisions of this ordinance, which are separable from said unlawful provisions shall be and remain in full force and effect, the same as if the ordinance contained no illegal or void provisions.

REPEALER. All ordinances or parts of ordinances in conflict with the provisions of this ordinance are hereby repealed.

EFFECTIVE DATE. This ordinance shall be in full force and effective after its final passage and publication as by law provided.

August 18, 2016

Honorable Mayor and City Council
226 W 4th Street
Davenport IA 52801

Honorable Mayor and City Council:

At its regular meeting of August 16, 2016, the City Plan and Zoning Commission considered the petition of Juan Goitia for the rezoning of 22,500 square feet, more or less, of real property at 1002 Bridge Avenue from "R-4" Moderate Density Dwelling District to "R-4 PUD" Planned Unit Development to allow a two story detached garage with habitable area (home office and recreational area) on the second level. The habitable area makes this detached structure a second principle structure on the property.

Findings:

The rezoning conforms to the comprehensive plan.

Recommendation:

The Plan and Zoning Commission accepst the finding and forwards Case No. REZ16-07 to the City Council for approval subject to the following condition:

1. That the building substantially conform to the elevations as shown; and
2. That the site plan submitted for building permit along with the approved elevations act as the final development plan.

Respectfully submitted,

Robert Inghram, Chairperson
City Plan and Zoning Commission

City of Davenport
Community Planning & Economic Development Department
STAFF REPORT

Meeting Date: August 16, 2015
Request: Rezone 22,500 sq ft from R-4 to R-4 PUD
Address: 1002 East 10th Street
Case No.: REZ16-07
Applicant: Juan Goitia

Recommendation:

Staff recommends the Plan and Zoning Commission accept the findings and forward Case No. REZ16-07 to the City Council for approval subject to the listed condition.

Introduction:

Petition of Juan Goitia for the rezoning of 22,500 square feet, more or less, of real property at 1002 Bridge Avenue from "R-4" Moderate Density Dwelling District to "R-4 PUD" Planned Unit Development to allow a two story detached garage with habitable area (home office and recreational area) on the second level. The habitable area makes this detached structure a second principle structure on the property.

AREA CHARACTERISTICS:

Zoning Map

Land Use Map

2014 Aerial Photo

Background:

Comprehensive Plan:

Within Existing Urban Service Area: Yes

Within Urban Service Boundary +2035: Yes

Proposed Land Use Designation: *Residential General (RG) designates mixed-use neighborhoods that are mostly residential but include, or are within walking distance (one-half mile) of scattered neighborhood commercial services...*

Relevant Goals to be considered in this Case:

Strengthen the existing built environment – *Reduce the number of underoccupied, abandoned, or vacant buildings/properties through adaptive reuse and infill.*

Zoning:

The property is currently zoned “R-4” Moderate Density Dwelling District.

Technical Review:

Streets. The property is located at the intersection of Bridge Avenue and East 10th Street. There is no alley access to the property.

Storm Water. There does not appear to be stormwater infrastructure at this intersection. Stormwater drainage is by surface run-off.

Sanitary Sewer. Sanitary sewer service is located in East 10th Street and in the intersection of Bridge Avenue and 10th Street.

Other Utilities. This is an urban area and normal utility services are available.

Emergency Services. The property is located just under one (1) mile from Fire Station No. 4 at 1805 East Locust Street.

Parks/Open Space. The proposed rezoning does not impact any existing or planned parks or public open spaces.

Public Input:

A public hearing before the Plan and Zoning Commission is scheduled for August 2nd. Staff is not yet aware of when the neighborhood meeting would be scheduled.

Discussion:

The petitioner is proposing a detached garage with a second story for use as his home office and recreational area. Since this is a habitable building, the building becomes a second principle structure on the property. This requires the rezoning to a classification that allows more than one principle structure on a property.

The “R-4 Planned Unit Development” will allow for this second habitable structure on the property. One concern regarding multiple family zoning is the possible density allowances. The following compares the R-4 PUD to other zoning districts that would allow more than one principle structure:

R-4 PUD	4 dwelling units maximum
R-5M	15 dwelling units maximum
R-6M	22 dwelling units maximum

Staff also looked at the potential to subdivide the property to allow another dwelling unit on a separate lot, however the limitation on the garage size does not allow this option.

The existing residence is listed on the National Register of Historic Places. Since no work is being done to the existing building, no review is necessary. The proposed building would appear to be sympathetic to the historic nature of the main residence.

Staff Recommendation:

Findings:

The rezoning conforms to the comprehensive plan.

Recommendation:

Staff recommends the Plan and Zoning Commission accept the findings and forward Case No. REZ16-07 to the City Council for approval subject to the following condition:

1. That the building substantially conform to the elevations as shown; and
2. That the site plan submitted for building permit along with the approved elevations act as the final development plan.

Resolution No. _____

Resolution offered by Alderman _____.

RESOLVED by the City Council of the City of Davenport.

RESOLUTION amending the Plan for the Downtown Urban Renewal Area.

WHEREAS, the City of Davenport is planning to use TIF funds for the New College, LLC project in the Downtown Urban Renewal Area totaling \$8,000,000.

WHEREAS, the State requires that Urban Renewal Plans be amended when the use of tax increment financing is being considered for a project; and

WHEREAS, the proposed project meets the established policy for using tax increment financing by returning these buildings into productive use and eliminating blighted conditions; and

WHEREAS, in accordance with Section 403.9 of the Code of Iowa, a public hearing was held on September 7, 2016, to review and receive public comment on the proposed amendments.

NOW, THEREFORE, BE IT RESOLVED that the City Council of the City of Davenport, Iowa approves the amendments and consolidation of the Downtown Urban Renewal Area.

CITY OF DAVENPORT, IOWA
URBAN RENEWAL PLAN AMENDMENT
DOWNTOWN URBAN RENEWAL AREA

August 2016

The Urban Renewal Plan (the “Plan”) for the Downtown Urban Renewal Area (the “Area”) is being amended for the purpose of identifying new urban renewal projects to be undertaken therein.

- 1) **Identification of New Projects.** By virtue of this amendment, the list of authorized urban renewal projects in the Plan is hereby amended to include the following described project descriptions:

A) Name of Project: New College, LLC

Cost: \$8,000,000

Rationale: The City will use TIF funds to reimburse the developer up to 100% of the incremental tax revenue available and accessible to the City for their development for fifteen years.

Reimbursement is estimated to be \$8,000,000.

- 2) **Required Financial Information.** The following information is provided in accordance with the requirements of Section 403.17 of the Code of Iowa.

Outstanding general obligation debt of the City: \$189,866,175

Remaining Constitutional debt capacity of the City: \$122,719,369

Proposed debt to be incurred in the Urban Renewal Area: \$8,000,000

Subject:
Resolution approving an economic development agreement with New College, LLC. [Ward 3]

Recommendation:
Approve the resolution.

Relationship to Goals:
Added emphasis on economic development.

Background:
New College, LLC (affiliated with Eastern Iowa Community College) is planning to invest approximately \$28 million to rehabilitate 82,000 square feet of current buildings into new classroom and administrative space at the former First Federal Savings and Loan (131 West 3rd Street) and the former First Midwest Bank building (101 West 3rd Street). To support this project, the proposed City assistance is a reimbursement of up to 100% of the incremental tax revenue available and accessible to the City based upon the increase in assessed valuation.

As required by Iowa Code, a public hearing was held on September 7, 2016 regarding approval on an economic development agreement where the City will incur debt. In this case, the debt is the City's obligation for a rebate of property taxes of up to \$8 million over a 15 year period. The rebate would come through the use of tax increment financing applied to the assessed value of the improved property. The economic development agreement is attached.

Resolution No. _____

Resolution offered by Alderman _____.

RESOLVED by the City Council of the City of Davenport.

RESOLUTION approving an economic development agreement for New College, LLC.,

WHEREAS, New College, LLC., is planning to invest approximately \$28 million to rehabilitate 82,000 square feet of current buildings into new classrooms and administrative space at the 131 West 3rd and 101 West 3rd Street.

WHEREAS, the project involves the rehabilitation of two prominent buildings in the downtown that have been vacant for several years and require significant investment; and

WHEREAS, the proposed project meets the established policy for using tax increment financing by returning these buildings into productive use and eliminating blighted conditions; and

WHEREAS, in accordance with Section 403.9 of the Code of Iowa, a public hearing was held on September 7, 2016, to review and receive public comment on the Economic Development Agreement.

NOW, THEREFORE, BE IT RESOLVED that the City Council of the City of Davenport, Iowa approves and directs appropriate City officials to execute the attached Economic Development Agreement between New College, LLC. and the City of Davenport, Iowa.

Approved:

ECONOMIC DEVELOPMENT AGREEMENT
BETWEEN THE CITY OF DAVENPORT AND
NEW COLLEGE, LLC

THIS AGREEMENT is made as of _____, 2016, between the City of Davenport, Iowa, a municipal corporation of the State of Iowa (hereinafter referred to as “City”), and New College, LLC, an Iowa limited liability company, its affiliates, successors or assigns (hereinafter referred to as “Company”).

WHEREAS, the former First Federal Savings and Loan and First Midwest Bank buildings reside on prominent corners in downtown Davenport and have been vacant for several years; and

WHEREAS, the Company is planning to invest approximately \$28,000,000 to rehabilitate approximately 82,000 sq/ft of current buildings into new classroom and administrative space referred to as “Subject Buildings”. Specifically, the project shall at least occur on the following property:

- Scott County, Iowa, **Parcel L0007-08B**, more commonly known as 131 W. Third Street
- Scott County, Iowa, **Parcel L0007-02C**, more commonly known as 101 W. Third Street

hereinafter referred to as “Subject Property” (see Exhibit A for legal description(s)), resulting in a projected increase in the assessed value of the Subject Property to an amount of approximately \$16,000,000 (final assessed amount subject to actual assessment); and

WHEREAS, the Company has been formed to acquire, develop, construct, rehabilitate, own, lease, maintain and operate the Buildings and the Subject Property for commercial uses;

WHEREAS, the Company has entered into a Sale and Purchase Agreement dated _____ (the “Purchase Agreement”) to acquire the Subject Property and the Buildings through a series of transactions from from Eastern Iowa Community College District (“Current Property Owner”); and

WHEREAS, the Company has requested financial assistance to help support the Economic Development Project; and

WHEREAS, the City has established a policy of using Tax Increment Financing to assist in growing the local Davenport economy; and

WHEREAS, pursuant to factors listed in Chapter 15A of the Code of Iowa (hereinafter referred to as the “Code”) the City Council of the City has determined that:

1. The Economic Development Project will add diversity and generate new opportunities for the Davenport and Iowa economies; and
2. The Economic Development Project will generate public gains and benefits particularly in the creation of new jobs and tax assessed property value, which warrant the amount of the proposed reimbursement of property taxes; and

3. The proposed funding for the Economic Development Project meets the conditions of said Chapter 15A of the Code related to the creation of jobs and the expansion of business investment in the City of Davenport, Scott County, Iowa; and

4. A public purpose will reasonably be accomplished by providing economic development assistance in order to facilitate such development by the Company and the City is empowered to provide assistance pursuant to said Chapter 15A of the Code and the City Charter; and Section 403.19 of the Code provides for the division of incremental property tax revenue, or tax increment, commonly known as Tax Increment Financing; and,

5. The property is located within an existing tax increment financing district (the Downtown Urban Renewal Area); and

WHEREAS, the City Council has held a public hearing at the September 7, 2016 meeting of the Committee-of-the-Whole on entering into this agreement which will obligate the City to make future payments, provided the Company meets certain requirements;

NOW, THEREFORE, in consideration of the premises and the mutual covenants of the parties herein contained, it is agreed as follows:

SECTION I:
THE CITY'S OBLIGATIONS

1. The City shall make a series of payments to reimburse the Company for a portion of its real estate tax payments (the "Reimbursement") subject to the completion of the Economic Development Project and the timely payment of those real estate taxes, utility fees and special assessments. For the purposes of this agreement, "Timely Payment" shall mean the amounts of taxes due for the Subject Property on an annual basis, shown as payable either annually, or semi-annually, and including all fees and assessments, that are paid on the due date, and in no event later than the date that is shown on the real estate tax bill that the payment will be "delinquent by" as those words are used on the tax bill. Should a payment fail to be a Timely Payment, the City shall not be obligated to make the Reimbursement from that semi-annual payment. As provided in the published notice of the public hearing with regard to the obligations under this Agreement, the total Reimbursement could be up to approximately eight million dollars (\$8,091,325) through the term of the Agreement as shown on the attached Exhibit A (the "Projections"). There shall not be any payments beyond the fifteen (15)-year period even if there has been a withholding or a reduction of the Reimbursement payment for any preceding six (6)-month period.

2. Any commercial tenant or sub-leasing of space in the project that would otherwise be subject to commercial property taxation would not be eligible for inclusion in the TIF reimbursement calculation.

2. The Reimbursement by the City shall be up to 100% of the amount of incremental tax revenue available and accessible to the City, subject to the provisions of this Agreement, where Section 403.19 of the Code provides that only the taxes levied on the assessed value of qualified property in the year prior to the year in which the increment is used for tax increment financing shall not be considered for purposes of calculating the amount of tax increment revenue in a given year (the "Base Year Valuation"). In addition, revenues from taxes levied for debt service by local taxing

districts and for the physical plant and equipment levy of a school district cannot be accessed through tax increment financing.

3. The Reimbursements shall be made up to twice each year during the term of this Agreement, on or before June 1 and December 1 of each year after the taxes on the increased assessed value have begun. The Reimbursements shall be based only on the increase in taxable real estate value attributable to the Economic Development Project as described in Section II, Paragraph 3 of this Agreement. As an example, provided the construction of the building has been completed and the full amount of the new value has been placed on the tax rolls by January 1, 2018, the first Reimbursement payment shall be made on or before December 1, 2019. The Reimbursement shall be made for 15 consecutive years, or until the dollar amount established in Paragraph 1 of this Section has been reached, whichever comes first. Should the Company fail to make a Timely Payment of its taxes, or otherwise fail to comply with its obligations listed in Section II, the Reimbursement shall not be made. Provided the Reimbursement begins in 2019, the last Reimbursement shall be made on or before June 1, 2034. In no case shall the Reimbursement begin later than December 2020, based on the taxable real estate value as of January 1, 2019 in which case the last Reimbursement shall be made on or before June 1, 2035.

4. The Reimbursement shall be made by the City to the Company if the Company complies with its obligations for completing the construction of the building prior to January 1, 2019, paying its real estate taxes and related fees as described in Section II of this Agreement.

5. The Reimbursement is not a general obligation of the City and shall be paid solely from incremental property taxes received by the City and from the Scott County Treasurer which are attributable to the Economic Development Project. All payments are subject to approval and annual appropriation action by the City Council.

6. Once the Reimbursement term has ended, this Agreement shall be of no further force or effect.

7. The obligations of the City under this Agreement are conditioned upon the faithful performance by the Company of all the terms and conditions of this Agreement.

SECTION II: THE COMPANY'S OBLIGATIONS

1. The Company shall demonstrate its financial capacity to complete the Economic Development Project including, but not limited to, documentation of the availability of financing for the building construction, within ninety (90) days of the execution of this Agreement. The Company agrees to provide the City with at least one copy of an appraisal of the property both prior to beginning the project and upon completion of the project.

2. The Company agrees to rehabilitate approximately 82,000 sq/ft into new educational and commercial space on the Subject Property. The Company agrees to comply with all building and fire code regulations related to the construction, occupancy, and operation of the property.

3. The Company agrees to rehabilitate its building, attachments thereto and site improvements approved by the City of Davenport Design Review Board. Any deviation from the

aforementioned approval is to be submitted to the Design Review Board secretary to determine if the deviation requires approval by the Design Review Board.

4. The Company agrees to pay or cause to be paid property taxes on the assessed value of the Subject Property and Subject Building and all other improvements on or before the date due. The Company agrees to pay or cause to be paid any and all fees and outstanding special assessments on the property prior to any issuance of rebate. The Company agrees to furnish the City a copy of the receipt for its property tax payments no later than April 15 and October 15 for each year of this Agreement for the respective Reimbursement payment.

5. In consideration of the provisions for Reimbursement of tax payments relying on tax increment financing herein, the Company agrees that it will not pursue the exemption of the taxable value of the land or any improvements resulting from the Economic Development Project through any local or State of Iowa tax exemption program.

6. On the material breach by the Company of the terms and conditions of this Agreement, including failure to maintain occupancy requirements, this Agreement may be terminated by the City and the Company shall not be eligible for any Reimbursement for any period after the breach, provided, however that prior to any such termination the Company shall have prior written notice from the City with no less than 60 days opportunity to cure or commence to cure the purported breach.

SECTION III: MISCELLANEOUS

1. This Agreement shall not be construed to confer rights or privileges to third-party beneficiaries or entities not a party to this Agreement with the exception of the Current Owner and the Company and City agree that all rights and privileges set forth in this Agreement shall convey to the Current Owner, by way of a written assignment, in the case that the Purchase Agreement does not achieve a closing or for any other reason ("Current Owner Assignment"). In the case of a Current Owner Assignment the Company shall provide prompt written notice to the City providing notification of said assignment. Any transfer or assignment of the building, administration, operation, and/or lease arrangements, other than a Current Owner Assignment shall be proposed by the Company and be subject to City approval, as appropriate, such approval not to be unreasonably withheld denied, or delayed.

2. This Agreement represents the entire understanding and agreement among the parties hereto with respect to the subject matter hereof; supersedes all prior negotiations, letters and understandings relating to the subject matter hereof; and cannot be amended, supplemented or modified except by an instrument in writing signed by the party against whom the enforcement of any such amendment, supplement or modification is sought.

3. This Agreement shall be deemed to be a contract made under the laws of the State of Iowa and for all purposes shall be governed and construed in accordance with the laws of the State of Iowa.

4. The parties agree to mutually cooperate in furtherance of completion of the Subject Building and related improvements. The City agrees to execute all documents reasonably required by

Company's lender in furtherance of construction and capital lending required for completion of the Subject Building and related improvements.

The City and the Company have caused this Agreement to be signed, in their names and on their behalf, by their duly authorized officers, all as of the day and date written above.

Subject:

Resolution to set a public hearing to convey the following property: Parcel F0030-10, 1208 Farnam Street to Petitioner, Angela K. Sheets [Ward 3]

Recommendation:

Approve the resolution.

Relationship to Goals:

Revitalized Neighborhoods and Corridors.

Background:

As part of the Urban Homestead Program funded with a variety of Federal housing grants, the City has rehabilitated foreclosed and abandoned homes with the intention of selling them to income eligible households in Davenport. This program, which has been approved by City Council as part of the City's CDBG Five Year Comprehensive and One Year Annual Plans, enables vacant and dilapidated homes to be returned to the tax rolls and improves the look and feel of neighborhoods while providing eligible working families with affordable homeownership opportunities.

The respective petitioner has applied for and been approved as eligible to acquire this property from the City. City staff solicited an appraisal for the property and the house is being sold for \$83,000.

Approval of this resolution will authorize staff to publish a notice advertising the public hearing for Wednesday September 21, 2016 at 5:30 PM in Davenport City Council Chambers.

Resolution No. _____

Resolution offered by Alderman Boom

RESOLUTION setting a public hearing regarding the proposed sale of:

Parcel F0030-10, 1208 Farnam Street to Petitioner Angela K. Sheets *Ward 3*

RESOLVED by the City Council of the City of Davenport.

WHEREAS, the City of Davenport is the legal owner of certain property legally described as:

PARCEL F0030-10, The South Twenty-seven (27) feet of Lot 7 and the North Twenty-six (26) feet of Lot 8, all in Block 100 in LeClaire's 8th Addition to the City of Davenport, Scott County, State of Iowa.

WHEREAS, the City of Davenport wishes to convey the property to the Petitioner Angela K. Sheets; and

WHEREAS, the transfer of this property is mutually beneficial to the City and the Petitioner; and

WHEREAS, transfer of this property will provide affordable owner-occupied housing to a working family in Davenport; and

WHEREAS, transfer of this property will generate additional tax revenue and alleviate the City of maintenance costs on abandoned and neglected properties; and

WHEREAS, a public hearing on the matter is required by law;

NOW THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City of Davenport, Iowa, that a public hearing shall be held on the proposed transfer of this real estate on Wednesday, the 21st of September, 2016, at 5:30 PM in the Council Chambers of City Hall and notice of said hearing shall be published in the manner prescribed by law.

Action / Date

9/7/2016

Subject:

Motion approving Case No. PP16-01 being the preliminary plat of Westport Addition, located south of West Locust Street between Wisconsin and Utah Avenues, containing 54 residential lots and four (4) outlots. [Ward 1]

Recommendation:

Note: The developer does not agree with the condition No. 4 regarding extending Stoughton Place to connect with Westport Drive.

The City Plan and Zoning Commission concurs with the findings and recommends the preliminary plat be approved subject to the conditions as stated in the letter from the City Plan and Zoning Commission dated August 22, 2016.

Findings:

- The plat conforms to the comprehensive plan.
- This is a preliminary plat and does not lock the City into final approvals as proposed.

The City Plan and Zoning Commission forwards Case No. PP16-01 to the City Council for approval subject to the following conditions:

1. That Richfield Drive be named Carson Drive on the final plat;
2. That no driveways be allowed at the end of pavement dead ends reserved for snow storage;
3. That the snow storage easement areas contain reinforced turf enhancements;
4. That Stoughton Place connect with Westport Drive; and
5. That the developer work with the City's Public Works Department regarding acceptable ways to handle the hammerhead turn-around situation(s) which included conditions 2, 3 and 4.

The Commission vote for approval was split with 6-yes, 2-no (Kelling & Lammers) and 1-abstention (Hepner).

Relationship to Goals:

Grow Tax Base

Background:

The plat is being proposed to extend residential development connecting the Greenfields and Westfield developments. The property represents an area of infill along West Locust Street between two existing residential subdivisions. The plat makes connections with the adjacent existing developments and does not proposed a direct Locust Street access. While the plat does not propose cul-de-sacs there are dead-ends and a hammerhead turn around. These like cul-de-sacs pose their own problems with snow removal and maintenance as earlier noted in the technical review section of the staff's report.

The developer has disagreed regarding extending Stoughton Place to connect with Westport

Drive and potentially eliminating two snow storage areas of concern to Public Works.

Please refer to the Commission's letter and background materials for further information.

Motion No. _____

MOTION offered by

MOVED by the City Council of the City of Davenport.

MOTION approving the preliminary plat of Westport Addition (PP16-01), located south of West Locust Street between Wisconsin and Utah Avenues, containing fifty-four (54) residential lots and four (4) outlots. [1st Ward]

NOW, THEREFORE, BE IT MOVED, by the City Council of the City of Davenport that the preliminary plat of Westport Addition to the City of Davenport, Iowa, be the same and is hereby approved and accepted subject to all the conditions as stated below as follows:

1. That Richfield Drive be named Carson Drive on the final plat;
2. That no driveways be allowed at the pavement dead ends reserved for snow storage;
3. That the snow storage easement areas contain reinforced turf enhancements;
4. That Stoughton Place connect with Westport Drive; and
5. That the developer work with the City's Public Works Department regarding acceptable ways to handle the hammerhead turn-around situation(s) which include conditions 2, 3 and 4;

and the Mayor and City Clerk be, and they are hereby authorized and instructed to certify to the adoption of this motion upon said plat as required by law.

Approved:

Attest:

Frank Klipsch, Mayor

Jackie E. Holecek, City Clerk

August 22, 2016

Honorable Mayor and City Council
226 W 4th Street
Davenport IA 52801

Honorable Mayor and City Council:

At its regular meeting of August 02, 2016, the City Plan and Zoning Commission considered Case No. PP16-01 being the preliminary plat of Westport Addition located along the south side of West Locust Street between Wisconsin and Utah Avenues containing 54 residential lots and four (4) outlots. The plat contains 17.58 acres, more or less, and is located between the Westfield and the Greenfield residential developments.

Findings:

- The plat conforms to the comprehensive plan.
- This is a preliminary plat and does not lock the City into final approvals as proposed.

Recommendation:

The Plan and Zoning Commission forwards Case No. PP16-01 to the City Council for approval subject to the following conditions:

1. That Richfield Drive be named Carson Drive on the final plat;
2. That no driveways be allowed at the pavement dead ends reserved for snow storage;
3. That the snow storage easement areas contain reinforced turf enhancements;
4. That Stoughton Place connect with Westport Drive; and
5. That the developer work with the City's Public Works Department regarding acceptable ways to handle the hammerhead turn-around situation(s) which included in conditions 2, 3 and 4.

Respectfully submitted,

Robert Inghram, Chairperson
City Plan and Zoning Commission

SURVEYOR'S NOTES
This preliminary subdivision plat was prepared at the request of McCarthy Improvement Company, 5401 Victoria Avenue - Suite 700, Davenport, IA 52807. Contact: Dave Faulk (563) 359-0321.
It should be noted that in the performance of this survey, the courses and distances of the survey may vary from recorded calls, based on the existence of found monumentation, occupation, or other controlling calls or conditions that have occurred in the survey of this property.
This property is subject to any and all easements, drainage areas and roadways that a complete title search would disclose.
No investigation concerning environmental and subsurface conditions, or for the existence of underground containers, structures or facilities which may affect the use or development of this property was made as a part of this survey.
No part of the subdivision is subject to a Special Flood Hazard Area as designated by FEMA on Community Firm Map No. 19183CD045F, with an Effective Date February 18, 2011.
Distances are listed in feet and decimal part of a foot.

GENERAL NOTES
Blanket underground easements granted for all primary and secondary electric cables, pad mounted transformers, electric transformers, primary cable, gas service, water service, sewer laterals, telephone service, and cable T.V. to individual structures and street lights.
Zoning setback lines are based on Zoning requirements as of the date of City Council approval. In case of conflict between lines shown and future code requirements the code requirements shall govern.
This subdivision is currently zoned R-5M and R-4.
Lot "A" is designated as a Storm Water Detention Area.
Lots "B", "C", "D" and "E" are reserved for snow storage and landscape buffering.
Driveway access for Lots 5, 9, 34 and 50 shall be restricted to the 30' Right-of-Way frontage and shall not use any part of Lots B, C, D or E.

Sheet 1 of 1

Background:

Comprehensive Plan:

Within Urban Service Boundary 2025 & +2035: Yes

Proposed Land Use Designation:

Residential General (RG) which designates mixed use areas mostly residential but within walking distance of neighborhood –compatible commercial services.

Relevant Goals to be considered in this Case:

Strengthen the existing built environment – *Reduce the number of underoccupied, abandoned, or vacant buildings/properties through adaptive reuse and infill.*

Zoning:

The area of the plat contains two zoning classifications:

R-5M Medium Density Dwelling District along Locust Street and R-4 Moderate Density Dwelling further to the south.

Technical Review:

Streets. The subject property is located along West Locust Street, an arterial street, and will interconnect with the adjacent residential developments to the east and west through Alec Avenue and Shawnee Drive.

The Public Works GIS office which handles street naming and addressing has noticed Richfield Drive aligns with an existing Carson Court in Westfield Addition. Richfield Drive should be named Carson Drive.

The Public Works streets division prefers snow storage easements at the dead ends. However there are some concerns with these:

1. Signage - Technically diamond signage is required at the end of any dead end street. These diamonds will be in the way for snow removal into this area.
 2. Parking - Experience has shown that on these hammerhead style of turn arounds people use these for parking or put a driveway off the end so that these areas cannot be used for snow removal.
- Lot 9 with only 19 feet along the paved side is an example where a driveway off the end of the road would make sense to an owner. An alternative would be to have Stoughton Place connect with Westport Drive but solve this concern. This would require the loss of one lot but that may be able to be made up elsewhere by reducing lot widths along one street segment. Lot 5 (31 ft) and Lot 34 (33 ft) have enough room for a driveway off the side of the street.

3. Turf Damage - With the first couple of snows the intent would be to push the snow to the farthest part to allow for future snow removal storage. If this is just a lawn, the tandem plow trucks will tear up the grass. We do not want to be responsible for replacing ruts or lawn in someone's yard.
 - An alternative would be to require porous pavers for a portion of the easement or at least reinforced turf mats.
4. Drainage needs to work if there is a pile of snow. We do not want any water blocked on the street from a pile of snow.
 - The west end of Stoughton Place does not have any drainage (for melting snow) other than the street. Drainage infrastructure (one catch basin) is located 80-feet away. This area backs-up onto apartments in Westfield Addition. Given the chance of significant snowfall these piles can be draining into late spring with complaints from adjacent owners. This could be taken care of by making Lots 5 and 6 panhandle or flag lots tying into the curve of Stoughton Place. The panhandle lot concept could also be used on Lots 21 and 34.

- Grading will need to be reviewed carefully and possible enhanced drainage methods used.

It is understandable why a developer would choose a hammerhead turn-around; less pavement cost and more lots. Just compare Stoughton Place to the adjacent Carson Court in Westfield Addition. Both have drawbacks with driveway placement, parking on the street and snow removal.

Storm Water. Stormwater infrastructure will be internal and drain to a detention area at the south end of the property. Including the required detention, infiltration (capture of the at least the first 1.25-inches of rain) is required along with topsoil management requirements. The following relates to topsoil management requirements.

13.34.340 Soil quality restoration.

Healthy soil provides important stormwater management functions including efficient water infiltration and storage, adsorption of excess nutrients, filtration of sediments, biological decomposition of pollutants, and moderation of peak stream flows and temperatures. In addition, healthy soils support vigorous plant growth which intercepts rainfall, reducing runoff by increasing evaporation and transpiration. Urbanization and development severely diminish a soil's capacity to absorb, filter and store rainwater. Common development practices including clearing and removal of topsoil during grading, compaction of remaining soil, and planting into unimproved soil or poor quality imported topsoil, produce unhealthy plants and lawns that require excessive fertilizers and pesticides which can lead to polluted stormwater runoff. All areas subject to clearing and grading that have not been covered by impervious surfaces, incorporated into a stormwater management practice, or engineered as structural fill or slopes shall, at project completion, use one or more of the following practices to improve soil structure and water quality.

A. Soil Retention. Native topsoil should be retained in an undisturbed state to the maximum extent practicable. In any areas requiring grading, remove and stockpile the topsoil on-site in a designated controlled area where it will not be compacted, and not adjacent to stormwater management areas. Before stockpiled topsoil can be reapplied to other portions of the site it must be tested, and amended if needed, to meet the organic matter or depth requirements specified in the Davenport Stormwater Manual. When topsoil is replaced it shall be uncompacted to a depth of four inches. Subsoils below the topsoil layer should be scarified with some incorporation of the upper material to avoid stratified layers.

B. Soil Quality Restoration. Amend existing site topsoil or subsoil to a minimum rate of 5% organic matter content and a pH from 6.0 to 8.0 or matching the pH of the original undisturbed soil using methods specified in the Davenport Stormwater Manual. Soil that already meets the depth and organic matter quality standards, and is not compacted, does not need to be amended. The waiver for amending soil can be found in the Davenport Stormwater Manual. Upon completion of the project the topsoil layer shall have a minimum depth of four inches except where tree roots limit the depth of incorporation of amendments needed to meet the criteria. Subsoils below the topsoil layer should be scarified at least four inches with some incorporation of the upper material to avoid stratified layers.

C. Maintenance. Soil quality and depth should be established toward the end of construction, and once established should be protected from compaction and erosion. The Davenport Stormwater Manual contains additional recommendations for maintenance of soil quality restoration areas.

D. Inspection. Areas where soil retention or soil quality restoration are implemented must meet the inspection requirements of Section 13.34.360 and the Davenport Stormwater Manual and be inspected prior to seeding or turf placement.

Sanitary Sewer. Sanitary sewer service is located in both Alec Avenue and Shawnee Drive.

Other Utilities. This is an urban area and normal utility services are available.

Emergency Services. The property is located under three-miles from Fire Station No. 6, which is located at 1735 W Pleasant Street.

Parks/Open Space. The proposed rezoning does not impact any existing or planned parks or public open spaces.

Public Input:

No public hearing is required for a Preliminary or Final Plat.

Discussion:

The property represents an area of infill along West Locust Street between two existing residential subdivisions. The plat makes connections with the adjacent existing developments and does not proposed a direct Locust Street access. While the plat does not propose cul-de-sacs there are dead-ends and a hammerhead turn around. These like cul-de-sacs pose their own problems with snow removal and maintenance as earlier noted in the technical review section. As a preliminary plat the City approves the layout concept and changes can occur with submission of the final plat.

Staff Recommendation:

Findings:

- The plat conforms to the comprehensive plan.
- This is a preliminary plat and does not lock the City into final approvals as proposed.

Recommendation:

Staff would recommend the Plan and Zoning Commission forward Case No. PP16-01 to the City Council for approval subject to the following conditions:

1. That Richfield Drive be named Carson Drive on the final plat;
2. That no driveways be allowed at the pavement dead ends reserved for snow storage;
3. That the snow storage easement areas contain reinforced turf enhancements;
4. That Stoughton Place connect with Westport Drive; and
5. That the developer work with the City's Public Works Department regarding acceptable ways to handle the hammerhead turn-around situation(s) which included in conditions 2, 3 and 4.

Subject:
Resolution to grant MidAmerican Energy Company electric easements on city property at two locations; Ridgeview Park along Division Street and the north edge of the Transload Facility property. [Ward 8]

Recommendation:
Approve the resolution.

Relationship to Goals:
Welcome Investment

Background:
In order to provide the necessary electrical service to the new Kraft Heinz plant being built northeast of the city's Transload Facility. MidAmerican Energy Company will need to run power lines across city owned property at two locations; Ridgeview Park along Division Street and along the north edge of the Transload Facility property. MidAmerican Energy is offering \$1,600 for the option for the Ridgeview Park easement and \$6,400 upon exercise of option for a total of \$8,000 for the Ridgeview Park easement and \$2,440.49 for the option for the Transload Facility property easement and \$9,761.95 upon exercise of option for a total of \$12,202.44 for the Transload Facility property easement.

Resolution No. _____

Resolution offered by Alderman Ambrose.

RESOLUTION to to grant MidAmerican Energy Company electric easements on city property at two locations; Ridgeview Park along Division Street and the north edge of the Transload Facility property.

RESOLVED by the City Council of the City of Davenport.

WHEREAS, the City of Davenport own Parcels W0319A12, Ridgeview Park and W2801-03, Transload Facility.

WHEREAS, Kraft Heinz is constructing a new plant northwest of the Transload Facility.

WHEREAS, MidAmerican Energy Company is required to provide the necessary electrical service to the Kraft Heinz plant.

WHEREAS, MidAmerican Energy Company will pay \$8,000 for the electric easement along the east edge of Ridgeview Park and \$12,202.44 for the electric easement along the east and north edge of the Transload Facility property and along 500 ft. of the south line of the SE ¼ of Section 28 T79N, Range 3E.

NOW, THEREFORE, BE IT RESOLVED, by the City Council of the City of Davenport that the Mayor and City Clerk are authorized to execute options to MidAmerican Energy Company for electric easements on city property at two locations; Ridgeview Park along Division Street and at the Transload Facility east and north edge of the Transload Facility property and along 500 ft. of the south line of the SE ¼ of Section 28 T79N, Range 3E.

Passed and approved this 14th day of September, 2016.

Approved:

Attest:

Frank Klipsch, Mayor

Jackie E. Holecek, City Clerk

VIA CERTIFIED MAIL

Dear Sir/Madam:

Enclosed is a legal notification informing you about a proposed 161 kV electric transmission line project in your area.

MidAmerican Energy Company (MidAmerican) is limited by Iowa law in the discussions it can have with landowners regarding proposed transmission line routes until thirty (30) days after the mailing of this notice.

Enclosed is a project area map, Option for Electric Easement (Overhang and Access Only), and easement Methods and Factors calculation for the offer and payment that applies to your property.

Sincerely,

A handwritten signature in cursive script that reads "Jamie Baker".

Jamie A. Baker
Manager, Right of Way Services

BY CERTIFIED MAIL, RETURN RECEIPT REQUESTED
NOTICE OF PUBLIC PROJECT TO CONSTRUCT ELECTRIC
IMPROVEMENTS

MidAmerican Energy Company (MidAmerican or Company), a public utility with its principal place of business at 666 Grand Avenue, Des Moines, Iowa 50309, is proposing to construct a 161,000 volt (161 kV) electric transmission line in Scott County, Iowa from an existing MidAmerican electric substation located on North Division Street in Davenport, Iowa northerly and westerly to a proposed MidAmerican electric substation on Enterprise Way in Davenport, Iowa. MidAmerican is also proposing to construct a second 161 kV electric transmission line from the proposed electric substation on Enterprise Way westerly and southerly to an interconnection with an existing MidAmerican 161 kV electric transmission line on Wisconsin Avenue in Davenport, Iowa.

The corridors for the proposed 161 kV electric transmission lines are generally depicted on the enclosed map. The new 161 kV electric transmission lines will be constructed using single pole structures. The new 161 kV electric transmission lines will provide additional electric capacity to enable the Company to serve new electric loads in the Enterprise Way area. MidAmerican will seek easement rights from landowners for the proposed lines to be constructed across public and private property. The new permanent easement width requested will generally be 25 feet along roads and 50 feet elsewhere along the proposed route.

This notice is being provided in accordance with the Iowa Code. As a landowner or a party in possession of, or residing on, property affected by the location and construction of said electric transmission lines, you are being provided notice.

Thirty (30) days following the mailing of this notice, right-of-way personnel from the Company will begin contacting landowners to negotiate voluntary easements. It is MidAmerican's strong desire to acquire voluntary easements, however; if necessary, MidAmerican will request the right of eminent domain (condemnation) on property where voluntary easements have not been obtained.

If the voluntary easements cannot be obtained, the Company will seek condemnation authority from the applicable public authority and petition the chief judge of the judicial district for Scott County to appoint a compensation commission. The compensation commission sets the compensation amount. The Company posts the amount of the award with the Sheriff to be claimed by the landowner. The Company may then proceed with the work. The landowner or the Company may appeal the amount determined by the compensation commission to the courts.

When this project is completed, the Company will meet with landowners to settle construction damages.

**For more information, please contact MidAmerican Energy Company
at 563-333-8150.**

		County of	<u>Scott</u>	
		Section	<u>3</u>	
		Township	<u>78</u>	North
		Range	<u>3</u>	East of the 5 th P.M.

OPTION AND EASEMENT

1. For and in consideration of the sum of One Thousand Six Hundred Dollars and 0/100 (\$1,600.00), and other valuable consideration, in hand paid by MIDAMERICAN ENERGY COMPANY, an Iowa corporation, receipt of which is hereby acknowledged, the undersigned owner(s) **Board of Park Commissioners of the City of Davenport, Iowa**, its successors and assigns, and the undersigned tenant(s) and parties of interest (collectively the "Grantor"), does hereby grant to MIDAMERICAN ENERGY COMPANY, its successors and assigns ("Grantee"), the exclusive right, for and during the period of twenty-four (24) months from the date hereof, to acquire an Electric Easement in accordance with the terms and conditions set forth herein. For the further consideration of Six Thousand Four Hundred Dollars and 0/100 (\$6,400.00), hereinafter referred to as an "Option", and upon exercise of said Option to acquire an Electric Easement, Grantor does hereby give and grant to Grantee, pursuant to the following terms and conditions, a perpetual, non-exclusive easement to construct, reconstruct, operate, maintain, replace or remove electric supply line(s) for the transmission and distribution of electric energy and for communication and electrical controls, including other reasonably necessary poles, towers, wires, guys, guy stubs, anchors, including other necessary equipment incident thereto (collectively "Facilities") upon, over, along, and across certain property described below, together with the right to survey the property and the right to trim, cut down, and remove such trees, brush, saplings, and bushes as may interfere with the proper construction, maintenance, operation or removal of said lines upon, over, along, across, adjacent to and overhanging the premises as described on the attached Exhibit "A" ("Easement Area"), and by this reference made a part hereof, together with the right to extend to any other party the use, jointly with the Grantee, of any structure(s) placed pursuant to the terms hereof, such lines to form a part of an electric distribution and transmission system and including the right of ingress and egress to and from the same, and all the rights and privileges incident and necessary to the enjoyment of this easement.

DESCRIPTION OF PROPERTY CONTAINING EASEMENT AREA: See attached Exhibit "A".

2. Grantee shall have the irrevocable right, commencing upon the date of the exercise of this Option, to survey the property; to conduct engineering and associated investigations including, but not limited to, core boring and soil testing; to cut down, trim, spray or remove any trees or other vegetation growing in or adjacent to said Easement Area which, in the judgment of Grantee, may interfere with or endanger said facilities; and to install access gates to said Easement Area in the fences on the property of Grantor.

3. In consideration of such grant, Grantee agrees that it will repair or pay for any damage which may be caused to crops, fences, or other property, real or personal, of the Grantor by the construction, reconstruction, maintenance, operation, replacement or removal of the facilities (except for damage to property placed subsequent to the granting of this easement), that Grantee determines interferes with the operation and maintenance of the facilities and associated equipment. The cutting, recutting, trimming and removal of trees, branches, saplings, brush or other vegetation on or adjacent to the Easement Area is expected and not considered damage to the Grantor.

4. Subject to the rights of the Grantee granted herein, Grantor shall have the right to cultivate, use and occupy the land. No brush or other inflammable materials shall be deposited, or accumulated or burned within the Easement Area.

5. Grantor agrees that it will not construct or place any permanent or temporary buildings, structures, including but not limited to fences, trees, plants, wells or other objects on the Easement Area described herein, or make any changes in ground elevation without written permission from Grantee indicating that said construction or ground elevation changes will not result in inadequate or excessive ground cover, or otherwise interfere with the Grantee's rights to operate and maintain its facilities, and that no act shall be performed which violates the clearance requirements of the National Electrical Safety Code and/or the rules of the state utility regulatory authority where the Facilities are located.

6. Upon exercise of the Option, all the foregoing provisions shall constitute the easement granted to the Grantee by Grantor.

LICENSE DURING THE PERIOD OF THE OPTION

7. During the period of the Option granted herein, Grantee shall have the irrevocable right, commencing upon the date of the execution of this instrument, to survey the property; to conduct engineering and associated investigations including, but not limited to, core boring and soil testing; to cut down, trim, spray or remove any trees and shrubs growing in or adjacent to the Easement Area as may be necessary, in the judgment of Grantee, to conduct the aforementioned surveys and investigations; and of ingress and egress over said land of Grantor.

8. In consideration of such grant, Grantee agrees that it will repair or pay for any damage which may be caused to crops, fences, or other property, real or personal, of the Grantor by the construction, reconstruction, maintenance, operation, replacement or removal of the facilities, that Grantee determines interferes with the operation and maintenance of the facilities and associated equipment.

9. Subject to the rights of the Grantee granted herein, Grantor shall have the right to cultivate, use and occupy the land. No brush or other inflammable materials shall be deposited, or accumulated or burned within the Easement Area.

10. Grantor agrees that it will not construct or place any permanent or temporary buildings, structures, including but not limited to fences, trees, plants, wells or other objects on the Easement Area described herein, or make any changes in ground elevation without written permission from Grantee indicating that said construction or ground elevation changes will not result in inadequate or excessive ground cover, or otherwise interfere with the Grantee's rights to operate and maintain its facilities, and that no act shall be performed which violates the clearance requirements of the National Electrical Safety Code and/or the rules of the state utility regulatory authority where the Facilities are located.

EXTENSION OF OPTION

11. The Grantee shall have the right, at the sole option of the Grantee, to extend the herein granted Option for a period of 12 months; said extension shall commence immediately upon expiration of the original Option. Consideration for said extension shall be One Thousand Dollars and 0/100 (\$1,000.00), and shall be payable at the time of such extension.

EXERCISE OF OPTION

12. The Option granted herein shall be deemed exercised by Grantee, and the easement rights agreed upon herein shall be deemed granted, upon the recording of a Notice of Exercise of Option in the office of the Recorder of Deeds in the county in which the property is situated. A copy of the Notice of Exercise of Option shall be deposited in the United States mail in a prepaid sealed envelope addressed to Grantor at their last known address. A check, payable to Grantor in the amount of the further consideration stated above, shall accompany the Notice of Exercise of Option to the Grantor first above named.

TERMINATION OF OPTION

13. If the Grantee shall not elect to exercise the Option herein, or shall fail to exercise same within the time(s) hereinbefore provided, the Option shall terminate without further action and all rights granted hereunder shall become null and void.

14. It is mutually understood and agreed that this instrument covers all of the agreements and stipulations between the parties and that no representations or statements, oral or written, have been made modifying or changing the terms hereof.

NOTICE TO ANY SUBSEQUENT PURCHASER OF THE PROPERTY

15. The rights to further consideration in this Option are considered to belong to the Grantor. For the Grantee to recognize any assignment of those rights to a subsequent purchaser of this land there must be a valid written assignment of those rights by the Grantor and a copy of that assignment must be provided to the Grantee before the Option is exercised.

16. Grantor certifies that it is not acting, directly or indirectly, for or on behalf of any person, group, entity or nation named by any Executive Order or the United States Treasury Department as a terrorist, "Specially Designated National and Blocked Person" or any other banned or blocked person, entity, nation or transaction pursuant to any law, order, rule or regulation that is enforced or administered by the Office of Foreign Assets Control; and are not engaged in this transaction, directly or indirectly on behalf of, any such person, group, entity or nation. Grantor hereby agrees to defend, indemnify and hold harmless Grantee from and against any and all claims, damages, losses, risks, liabilities and expenses (including attorney's fees and costs) arising from or related to any breach of the foregoing certification.

17. Each of the provisions of this Option shall be enforceable independently of any other provision of this Option and independent of any other claim or cause of action. In the event of any matter or dispute arising out of or related to this Option, it is agreed between the parties that the law of the jurisdiction and location where this Option is recorded (including statute of limitation provisions) will govern the interpretation, validity and effect of this Option without regard to the place of execution or place of performance thereof, or any conflicts of law provisions. TO THE FULLEST EXTENT PERMITTED BY LAW, EACH OF THE PARTIES HERETO WAIVES ANY RIGHT IT MAY HAVE TO A TRIAL BY JURY IN RESPECT OF LITIGATION DIRECTLY OR INDIRECTLY ARISING OUT OF, UNDER OR IN CONNECTION WITH THIS OPTION. EACH PARTY FURTHER WAIVES ANY RIGHT TO CONSOLIDATE ANY ACTION IN WHICH A JURY TRIAL HAS BEEN WAIVED WITH ANY OTHER ACTION IN WHICH A JURY TRIAL CANNOT BE OR HAS NOT BEEN WAIVED.

18. Grantor hereby relinquishes all rights of dower, homestead and distributive share in and to the property and waives all rights of exemption as to any of the property. Grantor understands that homestead property is in many cases protected from the claims of creditors and exempt from judicial sale; and that by signing this Option, Grantor voluntarily gives up any right to this protection for this property with respect to claims based upon this Option.

NOTICE OF CANCELLATION

The undersigned grantor hereby acknowledges the receipt in duplicate of this Notice of Cancellation from MidAmerican Energy Company.

The legal rights, duties and obligations of the grantor and MidAmerican Energy Company are set forth in the Iowa Code as follows:

CANCELLATION. A person seeking to acquire an easement or other property interest for the construction, maintenance or operation of an electric transmission line or a pipeline shall:

1. Allow the landowner or a person serving in a fiduciary capacity in the landowner's behalf to cancel any agreement granting an easement or other interest by certified mail with return requested to the Company's principal place of business if received by the Company within seven (7) days, excluding Saturday and Sunday, of the date of the contract and inform the landowner or such fiduciary in writing of the right to cancel prior to the signing of the agreement by the landowner or such fiduciary.
2. Provide the landowner or a person serving in a fiduciary capacity in the landowner's behalf with a form in duplicate for the notice of cancellation.
3. Not record any agreement until after the period for cancellation has expired.
4. Not include in the agreement any waiver of the right to cancel in accordance with this section.

The landowner or a person serving in a fiduciary capacity in the landowner's behalf may exercise the right of cancellation only once for each transmission line or pipeline project.

Grantor further acknowledges that grantor has been given the opportunity to read and discuss this form in its entirety prior to executing an easement or Option for Easement with MidAmerican Energy Company.

--	--	--	--	---	--	--	--	--	--	--	--

Part II Certification

Under penalties of perjury, I certify that:

- The number shown on this form is my correct taxpayer identification number (or I am waiting for a number to be issued to me); and
- I am not subject to backup withholding because: (a) I am exempt from backup withholding, or (b) I have not been notified by the Internal Revenue Service (IRS) that I am subject to backup withholding as a result of a failure to report all interest or dividends, or (c) the IRS has notified me that I am no longer subject to backup withholding; and
- I am a U.S. citizen or other U.S. person (defined below); and
- The FATCA code(s) entered on this form (if any) indicating that I am exempt from FATCA reporting is correct.

Certification instructions. You must cross out item 2 above if you have been notified by the IRS that you are currently subject to backup withholding because you have failed to report all interest and dividends on your tax return. For real estate transactions, item 2 does not apply. For mortgage interest paid, acquisition or abandonment of secured property, cancellation of debt, contributions to an individual retirement arrangement (IRA), and generally, payments other than interest and dividends, you are not required to sign the certification, but you must provide your correct TIN. See the instructions on page 3.

General Instructions

Section references are to the Internal Revenue Code unless otherwise noted.

Future developments. Information about developments affecting Form W-9 (such as legislation enacted after we release it) is at www.irs.gov/fw9.

Purpose of Form

An individual or entity (Form W-9 requester) who is required to file an information return with the IRS must obtain your correct taxpayer identification number (TIN) which may be your social security number (SSN), individual taxpayer identification number (ITIN), adoption taxpayer identification number (ATIN), or employer identification number (EIN), to report on an information return the amount paid to you, or other amount reportable on an information return. Examples of information returns include, but are not limited to, the following:

- Form 1099-INT (interest earned or paid)
- Form 1099-DIV (dividends, including those from stocks or mutual funds)
- Form 1099-MISC (various types of income, prizes, awards, or gross proceeds)
- Form 1099-B (stock or mutual fund sales and certain other transactions by brokers)
- Form 1099-S (proceeds from real estate transactions)
- Form 1099-K (merchant card and third party network transactions)

- Form 1098 (home mortgage interest), 1098-E (student loan interest), 1098-T (tuition)
- Form 1099-C (canceled debt)
- Form 1099-A (acquisition or abandonment of secured property)

Use Form W-9 only if you are a U.S. person (including a resident alien), to provide your correct TIN.

If you do not return Form W-9 to the requester with a TIN, you might be subject to backup withholding. See What is backup withholding? on page 2.

By signing the filled-out form, you:

1. Certify that the TIN you are giving is correct (or you are waiting for a number to be issued),
2. Certify that you are not subject to backup withholding, or
3. Claim exemption from backup withholding if you are a U.S. exempt payee. If applicable, you are also certifying that as a U.S. person, your allocable share of any partnership income from a U.S. trade or business is not subject to the withholding tax on foreign partners' share of effectively connected income, and
4. Certify that FATCA code(s) entered on this form (if any) indicating that you are exempt from the FATCA reporting, is correct. See *What is FATCA reporting?* on page 2 for further information.

Resolution No. _____

Resolution offered by Alderman Ambrose.

RESOLUTION to to grant MidAmerican Energy Company electric easements on city property at two locations; Ridgeview Park along Division Street and the north edge of the Transload Facility property.

RESOLVED by the City Council of the City of Davenport.

WHEREAS, the City of Davenport own Parcels W0319A12, Ridgeview Park and W2801-03, Transload Facility.

WHEREAS, Kraft Heinz is constructing a new plant northwest of the Transload Facility.

WHEREAS, MidAmerican Energy Company is required to provide the necessary electrical service to the Kraft Heinz plant.

WHEREAS, MidAmerican Energy Company will pay \$8,000 for the electric easement along the east edge of Ridgeview Park and \$12,202.44 for the electric easement along the east and north edge of the Transload Facility property and along 500 ft. of the south line of the SE ¼ of Section 28 T79N, Range 3E.

NOW, THEREFORE, BE IT RESOLVED, by the City Council of the City of Davenport that the Mayor and City Clerk are authorized to execute options to MidAmerican Energy Company for electric easements on city property at two locations; Ridgeview Park along Division Street and at the Transload Facility east and north edge of the Transload Facility property and along 500 ft. of the south line of the SE ¼ of Section 28 T79N, Range 3E.

Passed and approved this 14th day of September, 2016.

Resolution approving Change Order One for the Fiscal Year 2017 Sewer Lining Program (Bid 16-79) in the amount Not-To-Exceed \$183,923.25; CIP Project #30021. [All Wards]

Recommendation:
Pass the resolution.

Relationship to Goals:
Davenport – *The Choice Community for Living*
Upgraded City Infrastructure & Public Facilities

Background:
The Sanitary Sewer Lining Program is currently in progress, and the Sewers Division has identified additional sanitary sewer lines for CIPP lining to be included in this year's program.

This resolution will approve Change Order Number One (1) for the Fiscal Year 2017 Sewer Lining Program with SAK Construction, LLC in the amount of \$183,923.25. This is CIP project #30012.

There are sufficient available funds in this CIP program to cover the costs of the additional work.

Subject:
Resolution on the plans, specifications, forms of contract and estimated cost for the 2016 Crack Sealing, Crack Filling, and Joint Resealing Project, CIP Project #35015. [All Wards]

Recommendation:
Pass the resolution.

Relationship to Goals:
Enhanced Quality of Life.

Background:
This project is intended to maximize pavement life by eliminating crack congregation and by reducing water seepage through open cracks into pavement subbase. Based on data acquired from an outside contractor, the City is able to identify and prioritize appropriate candidates using pavement management to realize the greatest benefit with the money available.

This project utilizes crack filling and crack sealing, where appropriate, in composite and asphaltic streets. For Portland Cement Concrete streets, crack sealing and joint resealing shall be utilized.

The project is scheduled to be bid this October with construction to be completed by June 30th 2017. Funding for the 2016 Crack Sealing, Crack Filling, and Joint Resealing Project is established within CIP #35015. The current estimate is \$500,000.

Subject:
Resolution approving the Plans, Specifications, Form of Contract and Estimate of Cost covering the Junge and Northwest Park ADA Access Improvements Projects, CIP Project #10118. [Wards 2,7]

Recommendation:
Approve the Resolution

Relationship to Goals:
Upgraded City Infrastructure & Public Facilities

Background:
The Department of Public Works is upgrading the ball field facilities at Junge and Northwest Parks to ensure compliance with expanded Federal Americans with Disabilities Act (ADA) guidelines. These expanded guidelines mandate that all competitive athletic fields within the City shall have an accessible route to the playing surface and dugout/team facilities.

Junge and Northwest Parks will be the third and fourth projects to be constructed under this compliance program. Subsequent remaining funds shall be attributed to future park projects currently under design.

Project design and development of project plans and specifications was completed by Townsend Engineering. Project management will continue to be administered by internal staff. The project letting is proposed for September 29, 2016 with project completion anticipated by Mid November 2016.

Total project costs estimated at \$270,000.

RESOLUTION offered by Alderman Ambrose

RESOLVED by the City Council of the City of Davenport.

Resolution approving the Plans, Specifications, Form of Contract and Estimate of Cost covering the Junge and Northwest Park ADA Access Improvements Projects, CIP Project #10118.

WHEREAS, plans, specifications, form of contract and an estimate of cost were filed with the City Clerk of Davenport, Iowa for the Junge and Northwest Park ADA Access Improvement Projects within the City of Davenport, Iowa; and

WHEREAS, Notice of Hearing on plans, specifications and form of contract was published as required by law:

NOW, THEREFORE, BE IT RESOLVED, by the City Council of the City of Davenport that said plans, specifications, form of contract and estimate of cost are hereby approved as the plans, specifications, form of contract and estimate of cost for the Junge and Northwest Park ADA Access Improvement Projects.

Passed and approved this 14th day of September, 2016.

Subject:
Resolution approving a 28E Agreement with the Davenport Community School District for the use of the Adler Theatre and RiverCenter for performing arts programming for the 2016-2017 school year, with option years to follow. [Ward 3]

Recommendation:
Approve the resolution

Relationship to Goals:
Vibrant region

Background:
Davenport Central High School is currently constructing a new addition to its campus. The City of Davenport operates the Adler Theatre in downtown Davenport, less than one-half mile from the Central campus. The facility seats approximately 2,400 and has the latest technology available for sound, lighting and theater staging. The City and the School District have previously entered into a 28E agreement for the use of the theatre as its primary venue for Central High School choirs, band and orchestra, as well as the all city band and orchestra concert for elementary schools for the past several school years. The arrangement was a very positive experience for the District and the City.

This 28E Agreement would continue to provide the School District with access to the Adler Theatre for the 2016-2017 school year with option years to follow, if necessary. The City will agree to pay up to \$25,000 per year of the operating expenses for use of the facilities, with the School District paying up to \$25,000 as well. The City's share has been budgeted in the Hotel/Motel Tax Fund.

AGREEMENT TO UTILIZE A SHARED FACILITY AND PROPERTY

THIS AGREEMENT is made and entered into this ____ day of _____, 20__ by and between the **City of Davenport** and the **Davenport Community School District**.

WHEREAS, the City of Davenport ("City") is an Iowa municipal corporation organized and existing under the provisions of Iowa Code and its special charter and is a public agency as defined in Iowa Code Chapter 28E. It is located in the County of Scott, State of Iowa, with its current principal address at 226 West 4th Stree, Davenport, Iowa;

WHEREAS, the Davenport Community School District ("District") is an Iowa public school corporation organized and existing under the provisions of Iowa Code and is a public agency as defined in Iowa Code Chapter 28E. It is located in the State of Iowa;

WHEREAS, two public agencies may enter into an agreement for joint and cooperative action pursuant to Iowa Code Chapter 28E;

WHEREAS, the District is in need of performing arts space in which to rehearse, perform, and provide technical theater training;

WHEREAS, the City has capacity in the Adler Theatre to accommodate the District's need;

WHEREAS, the City and the District believe that an agreement providing for shared use of real and personal property will be to their mutual advantage and will promote more efficient and expanded services and programs for the internal and external customers of the facility; and

WHEREAS, the City and the District also find that joint and cooperative action will promote a more efficient and expanded use of their resources.

NOW, THEREFORE, the City and the District agree as follows:

1. PURPOSE. The City of Davenport, in conjunction with the RiverCenter for the Performing Arts (RCPA), operates the Adler Theatre in downtown Davenport, less than one-half mile from the Central campus. The facility seats approximately 2400 and has the latest technology available for sound, lighting and theatre staging. For the interim period, the City would like to make available the Adler Theatre as the primary venue for Central productions, including but not limited to the musical, play, and choir, band and orchestra concerts. The City would also make available the facility for the show choir program for all three Davenport high schools (based on availability). The City will make available the Adler Theatre for Davenport Central High School the use of the Adler Theatre for the school's musical production, play and up to three each choir, band and orchestra concerts per school year. Additional times will be provided for rehearsal as agreed to between the parties. The facility will be made available to all Davenport high schools for their show choir programs including fundraising events and show choir competitions. There will be a partial billing for these events as per past practice. The City will mitigate a portion of this expense with bid funds.

2. ADMINISTRATION. Both parties will be responsible for the day-to-day maintenance, supervision, and oversight of their respective real and personal property and personnel on the site. At least once per year representatives of the parties shall meet and discuss scheduling usage of the facilities and equipment by the other party. Other meetings will be scheduled as needed to work together to determine the equipment to be provided by each entity; volunteer and paid staffing configurations; concessions responsibilities; set up and take down responsibilities; and other logistical issues as they are identified.

3. FEE. The City will pay up to \$25,000 per year to defray the costs associated with the use of Adler Theatre by the District. The District will pay actual costs based on the agreed-upon schedule of events (See Schedule of Proposed Dates), with the total cost not to exceed \$25,000.

4. PARKING. The City will honor parking vouchers at its parking ramps provided by the District for performances and rehearsals.

5. MAINTENANCE OF GROUNDS AND FACILITY. The City shall maintain its buildings and assets including internal and external structural parts of the building and lighting which are affixed to the buildings it owns. For purposes of this Agreement, the structural parts of the buildings shall mean the foundation, exterior walls, load bearing components of the interior floors and walls, the roof, plumbing, wiring and electrical fixtures, air conditioning equipment, and heating equipment.

6. REVENUES. Any revenue generated by the use of the grounds and facilities shall be the property of whichever of the parties sponsored the activity. The parties shall determine on a case-by-case basis in advance how revenues will be split for jointly-sponsored activities, if any.

7. INSURANCE. The District will provide the same level and types of insurance for its students, staff and volunteers as it provides for at its facilities. The City and the District each releases the other from any claim for recovery for any loss or damages to any of its property or for any liability which is insured under valid and collectible insurance policies to the extent of any recovery collectible under such insurance. This waiver applies only when permitted by the applicable policy of insurance. The purchase of insurance by the City and the District does not waive any of the defenses of governmental immunity available to the City and the District under Iowa Code Section 670.4 as it now exists and as it may be amended from time to time.

8. TERM AND TERMINATION. This Agreement shall be for an initial term of one year, but may be earlier terminated by mutual consent. This Agreement will automatically extend for additional one-year periods unless notice is given at least 90 days prior to the expiration of the term. Upon termination of this Agreement, all property and assets will be returned to the party which contributed the property. Property jointly purchased will be distributed so that each party receives a proportion equal to its respective contribution. It is the intent of the parties to make an equitable distribution of all property and assets.

9. AMENDMENTS. This Agreement may be amended by a written instrument approved by the City and by the District.

10. EXECUTION IN COUNTERPARTS. This Agreement may be simultaneously executed in several counterparts, each of which shall be an original and all of which shall constitute but one and the same instrument.

11. SEVERABILITY. If any clause, provision or section of this Agreement shall, for any reason, be held illegal or invalid by any court, the illegality or invalidity of such clause, provision or section shall not affect any of the remaining clauses, provisions or sections, and this Agreement shall be construed and enforced as if such illegal or invalid clause, provision or section had not been contained herein. In case any agreement or obligation contained in this Agreement is held to be in violation of law, then such agreement or obligation shall be deemed to be the agreement or obligation of the parties, to the full extent permitted by law.

12. NO SEPERATE BODY CREATED. No separate governing body will be created by the parties to carry out this Agreement.

IN WITNESS WHEREOF the parties by signature below enter into this Agreement as of the date first above written.

Action / Date
9/7/2016

Subject:
Motion directing staff to release a Request for Proposals (RFP) for a Fire and Police Operations & Service Delivery Study. [All Wards]

Recommendation:
Approve the motion.

Relationship to Goals:
Well-Protected Community | Blue Ribbon Panel

Background:
During the Spring of 2016, Mayor Klipsch appointed a Blue Ribbon Panel to evaluate operational efficiencies for the Fire and Police Departments. The Blue Ribbon Panel met numerous times, and meetings included team brainstorming and the delivery of core-competency presentations by both the City of Davenport's Fire and Police Departments, as well as both SECC and MEDIC. At the August 25, 2016 panel meeting, the Blue Ribbon Panel recommended that the City secure an outside consultant to perform an objective and in-depth review and evaluation of the City's Fire and Police Department, along with the integration of the City's services with other supporting agencies.

The attached proposal requests qualified consultants to conduct an assessment of both departments including an assessment of staffing needs, performance opportunities, and opportunities for future efficiencies. The sought assessment should review objective performance and operational data, along with national best practices, to evaluate productivity and recommend measures to improve public safety services within the community.

All submitted proposals will be evaluated based on their experience, capability, qualifications and expertise, pricing, references and work samples, and quality and thoroughness of proposal.

All proposals must be submitted by October 14, 2016 at 10:00 AM.

REQUEST FOR PROPOSAL (17-24)

Fire & Police Operations Study

Issued By:

City of Davenport
Purchasing Division
226 West Fourth Street
Davenport | Iowa
52807

1.0 Background & Process

The City of Davenport is seeking proposals from qualified consultants or consulting firms to conduct an assessment of the City's Police Department and/or Fire Department. Specifically, the study should examine and assess current civilian and uniform staffing needs, performance opportunities, and opportunities for future efficiencies. The assessment should include consideration of the City's integration with two support agencies (Scott Emergency Communications Center and MEDIC EMS), which are integral in the systemic delivery of services due to their roles in consolidated dispatch and medical transport. The assessment sought should have a view towards objective performance and operational data, along with national best practices, to evaluate productivity and recommend measures to improve public safety services and promote operational efficiencies. Such efficiencies could be related to geographical considerations, work-load management, personnel assignment, and placement of fixed assets and other infrastructure. The City is not considering a fully consolidated structure at this time.

Proposal Information

Proposals will only be accepted through the City of Davenport's Electronic Bid Submission System. Go to <http://davenport.ionwave.net>. You must register on the site, and the registration should be done prior to completing your submission. Paper, faxed, or emailed proposals will not be accepted. All proposals are due by October 14, 2016 at 10:00 AM., and no late proposals will be accepted. Please note, respondents may provide submissions for one of the below services or for both as a package:

- Police Department
- Fire Department

Inquiries

All inquiries should be submitted in writing to the Purchasing Division no later than September 27, 2016 at 3:00 p.m. via email to purchasing@ci.davenport.ia.us. Inquiries and answers will be posted in the form of an addendum attached with the RFP packet in the electronic submission system if necessary, by September 30, 2016 at 1:00 p.m.

Be advised that any conversation in reference to this RFP between bidders and the any City employee, City Official, or Project Manager, outside of the Purchasing Division, during the entire competitive process is strictly prohibited. Such actions will result in removal of the vendor from the supplier's list and rejection of the vendor's proposal. The only official position of the City is that position which is stated in writing and issued by the Purchasing Division. No other means of communication, whether written or oral, shall be construed as a formal or official response statement.

Reservation

This RFP does not commit the City of Davenport to award a contract or to pay costs incurred in the preparation of responses to this RFP. The City reserves the right, at any time prior to the award of the contract, to reject any and all proposals, or any part thereof, to make no award and/or to issue a new RFP, or make modifications, corrections or additions to the information contained herein. Respondents are cautioned this is a Request for Proposal, not a request for contract.

Evaluation Criteria

The following will be used to evaluate the proposals, but not necessarily in the order given:

1. Experience, Capability, Qualifications, and Expertise (40%)
2. Pricing (20%)
3. Reference and Sample Work Evaluation (20%)
4. Quality and Thoroughness of Proposal (20%)

2.0 Scope of Work & Objectives

Davenport is seeking proposals from firms with experience in conducting operational studies with a focus on public safety entities. The assessment sought should utilize objective performance and operational data, along with national best practices, to evaluate productivity and recommend measures to improve public safety services and promote operational efficiencies. Such efficiencies could be related to geographical considerations, work-load management, personnel assignment, and placement of fixed assets and other infrastructure. Additionally, the proposed study should also provide a recommendation for the City's continued integration with two support agencies that are integral in the systemic delivery of services including dispatch and medical transport functions (SECC and MEDIC EMS).

Davenport Fire Department

The Davenport Fire Department is a City Department and was officially recognized as such in 1882. Davenport Fire currently staffs eight engine companies and three truck companies (and other apparatus) with a total FTE count of 138 sworn and 1 civilian employee. The companies respond to over 17,000 emergency incidents per year including structure fires, emergency medical calls, hazardous material calls, technical rescues, and citizen assists and has integrated in-vehicle computers and enhanced 911 service. The Department is broken down into six operational divisions:

- Administration
- Prevention (Public Education/Injury Prevention/Investigations/Plan Review/Pre-Plans/Inspections)
- Hazardous Materials (Inspections)
- Suppression / Technical Rescue
- Maintenance & Resources
- Training: Fire & EMS

The management structure includes a Chief, and three Assistant Chiefs. The City is divided into two districts, and each district is managed by a District Chief on each shift. Additionally, the City operates seven Fire Stations, a boat house on the Mississippi River, and a formal training center. Specific station maps and staffing counts are provided in the attached materials. For FY 2017, the Fire Department received a total appropriation of \$18,121,526. The majority of this funding is related to the Suppression Division (\$16,476,589), and staffing costs represent the majority of the department's total budget (\$17.1M). For additional information on the City's Fire Department, please visit:

<http://www.cityofdavenportiowa.com/department/division.php?structureid=231>

Davenport Police Department

The Davenport Police Department is also a City Department. The Department has an authorization of 163 Police Officers and 24 civilian employees. The Department handles over 98,000 calls for service annually and has a computer dispatch system, integrated in-car computers, and enhanced 911 service. The Department is broken down into five operational divisions:

- Administration
- Crossing Guards
- Patrol (Traffic Safety Unit, Special Events, Emergency Services Team)
- Criminal Investigations (Dignitary Visits)
- Police Services (Crime Prevention, NETS, School Resource Officers, VIPS)

The Department is overseen by a Chief, a Major, and three Captains. Specific staffing levels by function area are provided in the attached document. For FY 2017, the Police Department received a total appropriation of \$25,185,698. The majority of the Police Department's funding is related to the Patrol Division (\$12,493,156), and staffing costs represent the majority of the department's total budget (\$22.3M). For more general information on Davenport's Police Department, please visit:

<http://www.cityofdavenportiowa.com/department/index.php?structureid=22>

Scott Emergency Communications Center (SECC)

The Scott Emergency Communications Center is an intergovernmental agency whose members are: Bettendorf, Davenport, Scott County, and MEDIC EMS. SECC serves as the primary public safety answering point/911 services for all agencies in Scott County. SECC is responsible for the uninterrupted flow of information in the area of emergency services communication. For additional information on SECC, please visit: <http://www.secc911.com/>

MEDIC EMS

MEDIC EMS was founded in 1982 as a 501(c)(3) non-profit Pre-Hospital Emergency Medical Service, providing both emergency and non-emergency transportation and electronic patient care record hosting. The non-profit is headquartered in Davenport but serves a population base of approximately 175,000. MEDIC's primary 911 ambulance coverage area is approximately 406 (87%) of Scott County's total 456 square miles. Delivery of ambulance services is accomplished with a staff of approximately

165 (paid and volunteer) emergency medical service professionals, 19 ambulances, and 5 support vehicles. For more specific information on MEDIC EMS, please visit: <http://www.medicems.com/About-MEDIC-EMS.aspx>

Scope of Work Items

- The firm shall collect all necessary data from the City's Police and Fire Department
- The firm shall examine the key areas below in addition to any other necessary areas:
 - Current staffing models
 - Current equipment (vehicles, apparatus, etc.)
 - Current placement of stations and facilities (geography)
 - Current budgets and resource allocations
 - Current number, complexity, types, prioritization, etc. of calls for service
 - Training requirements/mandates
 - Impacts of demographic change and geographical growth on service delivery
- Provide a written data analysis report to the City of Davenport
- Evaluation of current staffing and provide a recommendation for the future on staffing models and other opportunities for operational efficiencies.

3.0 Performance Work Statement

The following list describes the performance work statement tasks for this project:

General Performance Scope

1. Review current staffing schedule of FTEs. Identify any other staffing options based on national best-practices and operational needs. Should consider command/control, cost aspects, and span of control.
2. Identify any organizational structure alternatives and provide support for structures recommended including number of employees, managers, differentiation between sworn/civilian personnel required. Recommend minimum staffing levels based upon different levels of service, response times and flexible hours to accommodate changes in demand.
3. Obtain performance metrics/data from both the Fire and Police Department including, but not limited to:
 - a. Call volumes
 - b. Levels of calls
 - c. Percentage of staff time on particular types of calls, etc.
4. Identify any function(s) not being fulfilled or services delivered based on national best-practices and benchmarking to other similar communities, and provide economical solutions to remediate.
5. Consider all of the above information to recommend any changes to hours of operations, shifts, etc.

6. As part of identifying organizational and staffing models, consideration should be given to the below items:
 - a. Strategic planning and Human Resources related items such as career advancement, review processes, employee stress, etc.
 - b. Issues related to excessive overtime incurred due to understaffing, if any
 - c. Leadership succession planning and consideration of qualifications for building sustainable departments for the future
7. Quantify workloads in both departments, and identify whether personnel is allocated correctly to meet workload demands (prioritize services / essential service provision)
8. Review both departments' dispatching and communications equipment and technology. Identify any gaps or deficiencies. Identify technological solutions for advancement of service delivery.
9. Evaluate impact of external factors such as mutual aid, accreditation, ISO ratings, etc. on service delivery models.

Data Collection & Other Proposal Requirements

1. Data collection and data management must be provided and processed by the selected Firm. If requested, the City may provide baseline or historical data, but data should be audited by the Firm if used in a final analysis. Proposal should include data methodology. (Current systems are New World and Zoll, Munis (financial), TeleStaff (scheduling))
2. Provide a description of the firm and qualifications, including any specialized experience related to the project. Please provide three recent work samples and references.
3. Provide project timetables, including estimate of hours, facilities needed, amount of staff time, number/types of meetings, and estimated completion date.
4. Estimate of cost to complete the project and payment schedule.
5. Provide method of presenting data to the Mayor, City Council, Blue Ribbon Panel, and City Staff.
6. Provide both short- and long-term recommendations and timeline for strategic implementation.

Deliverables

1. Written report (electronic) detailing all analyses and recommendations for all Performance Work Statement requirements.
2. Formal presentation for the City Council at a work-session (date TBD).

4.0 Project Schedule

As part of the proposal, please provide the necessary project schedule and timetable for implementation. The respondent should take note that the City's budget process begins in October 2016 and runs through March 2017.

Action / Date
9/7/2016

Subject:
Motion directing staff to issue a Request for Proposals (RFP) to reuse either the floating platform or the porte cochere as part of a commercial redevelopment of Main Street Landing. [Ward 3]

Recommendation:
Approve the Motion.

Relationship to Goals:
Complete RiverVision.

Background:
The City-adopted RiverVision (2004) and RiverVision Update (2014) Plans provided, among other areas, conceptual thoughts on what might be envisioned for the area at the foot of Main Street, which is now being referred to as the Main Street Landing area.

With Rhythm City Casino ceasing operations at their riverfront campus, they have sold the riverboat, which is pending departure. The Casino still owns the 25-year old floating platform, which consists of two barges that were welded together. The Casino also still owns the porte cochere, which was built by the Casino and served as a covered gateway/entrance and amenity for valet and patron drop-off. Both of these items are available for sale. Under the terms of the lease with the City, the Casino is to remove both by March 2017.

In recent months, there has been discussion about whether the floating platform and/or the porte cochere could be reused as part of a commercial redevelopment of the area at the foot of Main Street. In August, the Mayor and City Council held a public work session to discuss whether and how potential plans and developers might be invited to submit plans. The consensus was to ask staff to prepare a Request for Proposals (RFP) process, clarifying that the City does not control the two previously mentioned assets.

The proposed RFP has a due date of November 1, as well as several expectations from the City's perspective. The purpose is to help determine whether:

- 1) There is interest in reusing either the floating platform or the porte cochere as part of commercial redevelopment of Main Street Landing, given the City's expectations; and,
- 2) If so, whether the submitted plans are of sufficient interest to the community to advance further with both private and public negotiation.

Approval of this motion would direct staff to issue an RFP for commercial redevelopment of the Main Street Landing.

Subject:
Motion awarding a bid for the annual street striping contract to Twin City Striping of Delano, MN in the amount of \$168,948. [All Wards]

Recommendation:
Approve the Motion.

Relationship to Goals:
Financially Responsible City Government.

Background:
An Invitation to Bid was issued on August 10, 2016 and sent to 132 contractors. On August 23, 2016, the Purchasing Division received and opened two bids.

This is a contract for the painting of long-line traffic stripe pavement markings for spring of 2016 and fall of 2017. This work consists of repainting existing lines utilizing a truck mounted paint applicator.

The lowest responsive and responsible bidder was Twin City Striping. They have successfully performed this contract for the city in the past. A bid tabulation is attached.

Funding is from the FY17 General Fund account 54702131 520298 for the Street Striping Program, with a current balance of \$174,160.

Motion awarding a bid for the Utica Ridge Road sidewalk from 55th Street to Kathleen Way to Little H Construction of Davenport, in the amount of \$94,110. [Ward 6]

Recommendation:
Approve the Motion.

Relationship to Goals:
Financially Responsible City Government.

Background:
An Invitation to Bid was issued by the Purchasing Division on July 15, 2016 and sent to 273 vendors. On August 15, 2016, the Purchasing Division opened nine bids.

Little H Construction was the lowest responsive and responsible bidder. (See bid tab attached.) Little H Construction has successfully done sidewalk projects for the city in the past. This sidewalk is on Utica Ridge from 55th Street to Kathleen Way.

Funding for this project is from the CIP project: Utica Ridge Sidewalk VMP to 55th Street, account 70614696 530350 28011. The current balance in this project is \$199,987.95. The funds are from the sale of General Obligation bonds.

Subject:
Motion awarding a contract for skatepark renovations to Spohn Ranch Skateparks of Los Angeles CA, in the amount of \$89,950. [Ward 3]

Recommendation:
Approve the Motion.

Relationship to Goals:
Financially Responsible City Government.

Background:
On July 29, 2016, the Purchasing Division issued an Invitation to Bid to 263 vendors. On August 18, 2016, three bids were opened and read.

It was determined that two of the received bids did not have the qualifications and experience to do this type of work. The concrete repair work required in this project is specific to skateparks. The finishing of the work must be done in a way to provide a safe skating surface. The references provided by two of the companies was not skatepark specific. They did not supply examples of projects similar to the one we are undertaking.

It is being recommended that the award be made to Spohn Ranch Skateparks. They work specifically on building and repairing skateparks across the nation. They have recently completed a project in Ames, IA and have one scheduled in Winterset, IA. The Parks staff is confident in their skatepark work. See bid tab attached.

Davenport's skatepark is ten years old. The concrete is crumbling and cracking in many places. It is becoming an area that is not safe for the users.

Funding for this project is from CIP #64006, Skate Park Maintenance. Account number 74018696 530350 64006. This account has a current balance of \$90,500. These funds are from the sale of General Obligation bonds.

Subject:
Motion awarding a three-year contract for millwright and welding services for the Compost Facility to Grisham Industries Inc. of Davenport. [All Wards]

Recommendation:
Approve the Motion.

Relationship to Goals:
Financially Responsible City Government.

Background:
A Request for Proposals was issued on August 2, 2016 and was sent to 211 contractors. On August 16, 2016, the Purchasing Division received and opened three proposals. Grisham Industries is recommended for the contract award.

The contractor will perform work that may include, but is not limited to: fabrication of metal fixtures, welding, concrete repairs, rebuilding or replacement of static pile blowers and bio-filter blowers, rebuilding of bio bins, repairs to building and exhaust fans, and various other repairs.

The proposals were evaluated on the following criteria: (1) Hourly labor rate - 30%; (2) Capability (number of qualified personnel) - 30%; (3) Completeness of proposal - 20%; (4) References - 10%; and (5) Licensing/Safety Record (OSHA 300 Log) - 10%.

Funding for this project is from Compost Maintenance - Machinery & Equipment, #51151976 520226, with a current balance of 163,500. Source of funding is sewer revenue.
