Future Land Use Designation:

1. Residential General (RG) – Designates neighborhoods that are mostly residential but include, or are within one-half mile (walking distance) of scattered neighborhood-compatible commercial services, as well as other neighborhood uses like schools, churches, corner stores, etc. generally oriented along Urban Corridors (UC). Neighborhoods are typically designated as a whole. Existing neighborhoods are anticipated to maintain their existing characteristics in terms of land use mix and density, with the exception along edges and transition areas, where higher intensity may be considered.
2. Open Space/Public Land (OS): Includes undeveloped open space, natural areas, floodplains and wetlands that may be or may not be planned for future park and recreation development.

Relevant Goals to be considered in this Case: Strengthen the Existing Built Environment.

The proposed final plat would comply with the Davenport +2035 proposed land use section.

Zoning:

1. Lot 1 of the proposed final plat is zoned C-2 Corridor Commercial District.
2. Lot 2 of the proposed final plat is zoned I-1 Light Industrial District.
3. North of Goose Creek, Lot 3 is zoned R-4 Single-Family and Two-Family Residential

District.

4. South of Goose Creek, Lot 3 is zoned R-3 Single-Family and Two-Family Residential District.

Technical Review:

1. Iowa American Water: There are 12" water mains in Division Street and 76th Street.
2. Natural Resources: Stormwater detention for Oakbrook North 1st and 2nd subdivisions, south of Goose Creek, must be incorporated into the storm water detention practices of the developments north of Goose Cree. Platting and development must accommodate the detention requirements.
3. Waste Commission of Scott County: A closed landfill is located to the east of the subdivision. The boundary of the landfill extends into the existing right-of-way for Marquette Street. No excavation is permitted within the extents of the landfill. Additional recommendations to limit potential exposure to the general public from the former Brady Street Landfill associated within the proposed subdivision.

Public Input:

No public hearing is required for a final plat.

ORDINANCE NO. *2007-522*

AN ORDINANCE

BE IT ENACTED BY THE CITY COUNCIL OF THE CITY OF DAVENPORT, IOWA:

Section 1. The following described unit of Scott County, Iowa real estate is hereby rezoned from "R-4 PUD" Planned Unit Development (31.14 acres) and "M-3" Planned Industrial District (10.12 acres) to "PDD" Planned Development District to facilitate residential development (Jersey Roads LC, petitioner). The property has the following legal description:

Part of the Northeast Quarter of Section 3, Township 78 North, Range 3 East of the 5th P.M. being more particularly described as follows:

Beginning at the intersection of the south right-of-way line of West 76th Street and the east line of said Section 3; thence South 00 degrees-02'-10" East 2,413.67 feet; thence North 51 degrees-43'-20" West 541.40 feet; thence North 56 degrees-03'-26" West 369.81 feet; thence North 48 degrees-07'-14" West 274.19 feet; thence North 35 degrees-13'-13" West 116.22 feet; thence North 10 degrees-13'-37" East 1603.49 feet to the south right-of-way line of West 76th Street; thence North 88 degrees-44'-13" East 716.93 feet along said south right-of-way line of West 76th Street to the Point of Beginning. Said tract contains 41.26 acres, more or less. Said tract contains 41.26 acres, more or less.

The rezoning is to allow residential development of varying types. The rezoning is subject to the following special conditions:

Traffic conditions related to (all parcels including those that were part of the earlier rezoning but are not included in this petition).

1. all previous traffic conditions listed in City Ordinance 2004-588 shall remain in place;
2. that no home sites will have direct access to Division Street and that street access to Division Street will be approved by the City Traffic Engineer;
3. that access to 76th Street and Marquette Street will be limited locations approved by the City Traffic Engineer;
4. there may be a need for right-of-way for right turn lanes on Division Street. Right-of-way needs will be reviewed with the filing of subdivision plats;

5. that the City Traffic Engineer review and approve a street layout for the entire area being rezoned. This will be provided with the preliminary plat and shall include Marquette Street;
6. that platting, grading and construction plans for this area accommodate the extension of Marquette Street to 76th Street. This extension will require a crossing, bridge or large culvert, over Goose Creek. The east-west location of the Marquette and 76th intersection needs to be reviewed. If Marquette were to be extended north along the existing half right-of-way, it will intersect in a potentially unsafe location. This is due to sharp horizontal curves and lane transitions at this location in existing 76th Street. Additional paving and right-of-way may be required for 76th Street at the Marquette Street intersection. The minimum street right-of-way width for Marquette Street is 70' per City Code Section 16.24, major collector streets;
7. that the paving profile for the Marquette Street crossing of Goose Creek be established by the developer's engineer for City review and approval prior to approval of the grading plan;
8. that platting, grading and construction plans for this area accommodate the extension of Hoover Road through to Division Street or Ridgeview Drive. This will provide connection of the 65th – 67th Street corridor to Division Street. The minimum street right-of-way width for the Hoover Road extension is 70' per City Code Section 16.24, major collector streets;

Storm water management conditions (all parcels):

9. That storm water calculations and a storm water management plan for the site at full development be submitted to, and approved by, the City of Davenport prior to the issuance of building permits;
10. that the petitioner delineate on future plats and development plans the area within the 100-year flood plain of Goose Creek and dedicate to the City this area for a greenway walking path and flood plain management purposes. In addition there will be an additional 50-foot area to be dedicated as an easement adjacent to the 100-year flood plain within which primary structures will not be allowed. Low water entry points shall be one-foot above the 100-year storm elevation;

Grading and erosion control plans (all parcels):

11. that grading plans be submitted to, and be approved by, the Engineering Division of the Public Works Department;
12. that an erosion control plan be submitted to the Engineering Division of the Public Works Department of the City of Davenport for approval. Any erosion control plan shall be accompanied by a copy of the project's NPDES General Permit No. 2. All erosion control structures shall be in place prior to the beginning of any site grading;
13. that construction plans for public streets, storm sewers and sanitary sewers be submitted to the Engineering Division for review and approval prior to Council approval of a final plat.

Conditions related to multi-family development (any residential use other than detached single-family homes):

14. that any development comply with the provisions of Chapter 17.41 of the Davenport Municipal Code entitled "HCOD", Highway Corridor Overlay District;

15. that a site plan be submitted complying with Chapter 17.56 of the Davenport Municipal Code entitled "Site Plans";
16. that a landscape plan shall be submitted to, and approved by, City staff prior to the issuance of any building permits;
17. that parking lot lighting be limited to downcast luminaires; and reflect away from City streets and residential properties;
18. that the architectural plans, elevations and materials be submitted to the Design Review Committee of the City Plan and Zoning Commission for review and approval;
19. that the project signage be submitted to the Design Review Committee of the City Plan and Zoning Commission for review and approval.

Land uses:

20. that land use be limited to residential development with the locations of various housing types and allowed densities to be approved with the first final development plan;

SEVERABILITY CLAUSE. If any of the provisions of this ordinance are for any reason illegal or void, then the lawful provisions of this ordinance, which are separable from said unlawful provisions shall be and remain in full force and effect, the same as if the ordinance contained no illegal or void provisions.

REPEALER. All ordinances or parts of ordinances in conflict with the provisions of this ordinance are hereby repealed.

Subject:

Resolution approving Case F21-07 being the request of Palmer College Foundation for a final plat of Palmer College Foundation First Addition, a 3-lot subdivision on 5.56 acres located south of East 12th Street between Perry Street and Pershing Avenue. [Ward 3]

Recommendation:

Adopt the Resolution.

Background:

The purpose of the final plat is to reconfigure the properties owned by Palmer College Foundation to reflect the proposed redevelopment of the land south of East 12th Street between Perry Street and Pershing Avenue. The Plan & Zoning Commission reviewed Case F21-07 at its August 3, 2021 meeting with a recommendation to approve subject to ten conditions. Those conditions have been met.

Comprehensive Plan:

Within Existing Urban Service Area: Yes

Within Urban Service Area 2035: Yes

Future Land Use Designation:

1. Civic and Institutional (CI) - Reserved for major developments for government, education, religion, medical, utilities, and other cultural or non-profit organizations located outside of the Downtown (DT).
2. Residential General (RG) - Designates neighborhoods that are mostly residential but include, or are within one-half mile (walking distance) of scattered neighborhood-compatible commercial services, as well as other neighborhood uses like schools, churches, corner stores, etc. generally oriented along Urban Corridors (UC). Neighborhoods are typically designated as a whole. Existing neighborhoods are anticipated to maintain their existing characteristics in terms of land use mix and density, with the exception along edges and transition areas, where higher intensity may be considered.

Relevant Goals to be considered in this Case: Strengthen the Existing Built Environment.

The proposed Final Plat complies with the Davenport +2035 proposed land use section.

Zoning:

1. Lots 1, 2, and 3 will remain zoned S-IC Institutional Campus District. This district is intended to provide and protect larger open space and public recreational facilities, both outdoor and indoor, and cemeteries. Larger regional open spaces/parks may include both active and passive recreation areas and certain ancillary uses, such as cultural facilities, performance venues, and eating establishments. This district is also intended for governmental agency

offices/facilities providing a governmental service to the public.

Technical Review:

- Streets: No new streets are proposed as part of this subdivision. The vacated East 11th Street right-of-way will function as a pedestrian corridor and an emergency fire access lane. This was vacated by the city and conveyed to Palmer.
- Stormwater: Developments within this subdivision will be required to provide stormwater detention and water quality. Underground stormwater detention is proposed below the recreational field on Lot 2.
- Other Utilities: There is a 6" water main in the vacated 11th Street right-of-way. Iowa American Water will require a utility easement to access and maintain the infrastructure.

Public Input:

No public hearing is required for a final plat.

Third Consideration: Ordinance amending Schedule XI of Chapter 10.96 entitled "Resident Parking Only" by adding 16th Street along the north side from 70 feet east of Division Street, east 25 feet. [Ward 4]

Recommendation:

Adopt the Ordinance.

Background:

Mr. William Bryant owns the home at 1603 Division Street, which is at the northeast corner of Division and 16th. With no parking on Division, the tenants at the nearby rental properties are taking all of his parking and he is often forced to park far away from his home. He is only asking for one space near the gate in his fence that leads to his back door. His frontage along 16th Street has 125 feet available for parking, so there will still be room for 2 vehicles in front of and in back of this parking space for others to use.

Second Consideration: Ordinance amending Schedule XI of Chapter 10.96 entitled "Resident Parking Only" by adding 12th Street along the south side in front of 1701 East 12th Street. [Ward 5]

Recommendation:

Adopt the Ordinance.

Background:

The residents at 1701 East 12th Street have no off-street parking available. There are 6 townhouses and a few other apartments across the street that have a small amount of off-street parking. The residents and the guests of those rental properties will often park in front of 1701 and force those residents to park further down the block away from their home. There is plenty of available frontage for everyone so creating this resident parking only zone will not be a hardship to those who live in the townhomes and apartments. This zone would be about 60 feet long but there would still be 190 feet available along the south side of 12th Street between the zone and Judson Street that is available to anybody.

Resolution setting a Public Hearing on the conveyance of City-owned parcels F0047-03 and F0047-28 to Kenneth Wilmington of 519 East 9th Street and former owner of parcel F0047-03. [Ward 3]

Recommendation:

Adopt the Resolution.

Background:

Mr. Kenneth Wilmington, resident of 519 East 9th Street, is petitioning the City of Davenport to convey City-owned parcels F0047-03 and F0047-28 to him for \$100.00 each for a total of \$200.00. A letter was sent July 9, 2021 to Keith March, the owner of 509 East 9th Street, the property adjacent to the east of City parcels F0047-03 and F0047-28, asking if he is interested in purchasing the parcels and to state said interest before August 4th. As of August 9th staff had not received a response from Keith March.

Adoption of this Resolution will set the Public Hearing for Wednesday, September 1, 2021 at 5:30 p.m. during the regularly scheduled Committee of the Whole Meeting in the Council Chambers at Davenport City Hall.
