Public Hearing for Case ROW22-04 being the request of Shawn Struck to vacate unimproved alley right-of-way located west of 2727 Glaspell Street. [Ward 1]

Recommendation:

Hold the Hearing.

Background:

The City Plan and Zoning Commission reviewed Case ROW22-04 at its July 5, 2022 meeting and have recommended approval of the request to vacate the unimproved alley right-of-way located west of 2727 Glaspell Street with the following Finding.

Finding:

1. The unimproved public right-of-way is not required for city purposes.

The property owner at 2727 Glaspell Street has requested a vacation of the north-south alley abutting the west side of his property. The twenty foot wide alley is unimproved and connects Glaspell Street to an east-west alley to the south. However, there is no curb cut along Glaspell Street that would allow for vehicular access to the right-of-way. There are no garages that require access from the alley.

The vacation of public right-of-way is a two step process:

1. Determine if the right-of-way is needed for public purposes.
2. Negotiate and determine terms of conveyance to adjacent property owners. (No Plan and Zoning Commission action is required.)

Comprehensive Plan:

Within Existing Urban Service Area: Yes
Within Urban Service Area 2035: Yes

Future Land Use Designation: Residential General (RG)

Zoning: The abutting properties are zoned R-4 Single-Family and Two-Family Residential District.

Technical Review:

- Streets: The City of Davenport has no intention of constructing the unimproved north-south alley. Abutting residential properties do not require the alley for access to off-street parking.
- Natural Resources/Storm Water: No issues with the proposed vacation.
- Sanitary Sewer: There is no existing infrastructure within the proposed right-of-way vacation.
- MidAmerican Energy Company: No issues with the proposed vacation.
- Iowa American Water Company: There is no infrastructure within the right-of-way nor a

reason it will be needed to serve the existing neighborhood.

Public Input:

Letters were sent to property owners within 200 feet of the proposed request notifying them of the June 14, 2022 Plan and Zoning Commission Public Hearing.

To date, staff has received a written response from the property owner at 107 South Rolff Street expressing interest in obtaining a portion of the vacated alley.

Resolution of support for the submission of an Enhance Iowa Grant application through the State of Iowa Community Attraction and Tourism Program for the Martin Luther King, Jr. (MLK) Plaza project (Friends of MLK, Petitioner). [Ward 3]

Recommendation:

Adopt the Resolution.

Background:

Approximately eight years ago, the concept of the MLK Plaza at 5th and Brady was first conceived. Over the next several years, plans evolved, the Friends of Martin Luther King, Jr. (FoMLK) nonprofit organization was formed, and the MLK Interpretive Center took shape in a new housing development immediately adjacent to the site (501 Brady Street).

In 2021, the FoMLK refined the concept for the MLK Plaza, signed a long-term lease with the City of Davenport, and obtained a \$500,000 grant from the City for the project (with American Rescue Plan funds). Early in 2022, the group finalized construction drawings and solicited construction bids. In addition, they were successful in securing additional grant allocations from the Regional Development Authority and the Scott County Regional Authority.

In partnership with the City, the FoMLK is making an application for the State of Iowa's Enhance Iowa Grant through their Community Attraction & Tourism (CAT) Program. The application process requires formal support from the County and City government. If successful, construction on the MLK Plaza Project would be expected to begin in spring 2023, with programming to begin by the end of next year.

Adoption of this Resolution authorizes staff to execute the necessary documents to support the grant application.

Resolution approving Urban Revitalization Tax Exemption applications for 210 East 2nd Street (Urbane 210 LLC, Petitioner). [Ward 3]

Recommendation:

Adopt the Resolution.

Background:

The Urban Revitalization Tax Exemption Program (URTE) provides property tax exemption benefits for projects where the assessed valuation has increased due to property improvements. Typically all projects are approved annually in February by City Council.

Urbane 210, LLC has requested an off-cycle approval of their URTE applications for 210 East 2nd Street. Urbane 210, LLC recently purchased the property and is seeking to convert from construction financing to permanent financing. Previous ownership missed the February 1, 2022 deadline for the URTE application regular cycle. In order to convert to permanent financing the lender is seeking assurance of participation in the URTE program.

The property consists of fifty-six residential units and five commercial units. The total cost of the project was approximately \$13 million.

Third Consideration: Ordinance amending Schedule VII of Chapter 10.96 of the Municipal Code of Davenport, Iowa by adding Christie Street along the west side from Locust Street to Kirkwood Boulevard. [Ward 5]

Recommendation:

Adopt the Ordinance.

Background:

Christie Street is only 24 feet wide so it is difficult for traffic to drive between parked vehicles. There should be enough room for all of the parked vehicles to park along one side of the street. The east side of the street has more parking space available, which is why the west side was chosen for the no parking zone. City staff would support No Parking on the opposite side of the street if the impacted residents prefer.

First Consideration: Ordinance amending Chapter 9.08 entitled "Disorderly Conduct" of the Municipal Code of Davenport, Iowa by repealing Sections 9.08.050 and 9.08.080 due to a recent trend in federal court decisions restricting the City's ability to regulate activities that involve person-to-person donation requests. [All Wards]

Recommendation:

Adopt the Ordinance.

Background:

In a sign regulation case that arose in the town of Gilbert, Arizona, the US Supreme Court changed its threshold analysis in a way that makes more ordinances "content-based regulations" which in turn invokes strict scrutiny as the process for evaluating the constitutionality of the ordinance. Nearly all ordinances fail strict scrutiny analysis by the courts. The question since the Gilbert case has been does the new analysis apply beyond sign regulations? Since Gilbert, the courts have extended its scope to other types of ordinances, and, importantly, in 2019 the US Court of Appeals for the 8th Circuit (includes Iowa) applied it to and struck down an ordinance similar to our two ordinances.

Des Moines, Dubuque, and Council Bluffs, who were contacted by the ACLU of Iowa, reached the same conclusion and have repealed their versions of these ordinances.

If the US Supreme Court someday revisits its Gilbert analysis in light of its vast, negative impact on many reasonable regulations and abandons it or otherwise constrains it, the City may then be able to put something else in place.

Background:

The following requests for noise variances have been received pursuant to the Davenport Municipal Code Chapter 8.19 Noise Abatement, Section 8.19.090 Special Variances.

Coffee House is requesting a noise variance request that covers every Friday and Saturday afternoon/evening to accommodate artists who want to have a pop up performance. The events are usually acoustic performances and last no later than 8:00 p.m. This request is similar to what Council has approved for the Renwick Mansion.

Council approved the original noise variance for The Heights of the Era at the June 22 City Council Meeting. The event sponsor contacted the Deputy City Clerk on July 6 to advise that they will be holding a scaled down event on Friday, July 29 instead of Saturday, July 30.

Resolution accepting the grant offer of \$150,000 and approving the associated Grant Agreement between the City of Davenport and the Federal Aviation Administration for funding for the design of the Airport South Ramp Reconstruction project at the Davenport Municipal Airport, CIP #20015. [Ward 8]

Recommendation:

Adopt the Resolution.

Background:

The Airport's south ramp pavement dates back to 1947 and given the age of the existing pavement and the severity of the distress, it has served beyond its intended life. The airport has historically performed panel replacements on a regular basis in order to maintain the pavement at a serviceable level; however, the pavement has deteriorated to a point where it is no longer cost effective to continue with panel replacements. A comprehensive pavement analysis shows that a full reconstruction is needed to maintain the continued functionality of this part of the airport. This \$150,000 grant offer and associated Grant Agreement will constitute the federal share of the funding needed to complete the design of the Airport South Ramp Reconstruction project to the specifications of the Federal Aviation Administration.

The source of funding is through the FAA Airport Improvement Program grant of \$150,000 (86%) and CIP #20015 of \$23,747 (14%).
