PLAN AND ZONING COMMISSION RECOMMENDS DENIAL. 8 VOTES REQUIRED FOR PASSAGE.

Recommendation:

Adopt the Ordinance.

Background:

The purpose of the rezoning is to construct a church. A rezoning requires analysis of all potential uses within the requested zoning. The Plan and Zoning Commission considered Case REZ21-01 at its March 2, 2021 meeting and voted to forward the request to City Council with a recommendation for denial.

The Commission vote was 5 yes, 3 no, and 0 abstention.

The Public Hearing before City Council was held on March 17, 2021 with no public comment. Staff has received one comment opposing the rezoning which has been included in the background information.

The property currently has no viable access to 46th Street. The petitioner has provided a signed statement indicating potential agreement to grant access with adjacent property owners; however no recorded easement agreement is in place and property ownership has not been verified. The statement and draft easement have been included in the background information.

The 2019 zoning code specifically assigned the Open Space Zoning to align with the +2035 Comprehensive Land Use Plan.

Findings:

1. The proposed amendment does not promote the orderly development of Davenport in accordance with the Comprehensive Plan and adopted land use policies.
2. The rezoning petition does not promote the preservation, protection, and conservation of natural resources.
3. The existing S-OS Open Space District is compatible with the zoning of nearby property.

Case REZ21-01: Request of Dan Lorentzen on behalf of Rock Church Ministries Inc. to rezone Parcel P1304-02C from S-OS Open Space District to R-1 Single-Family Residential District to allow for the construction of a church [Ward 7].

Background:

The petitioner is requesting a rezoning to R-1 Single-Family Residential District to allow for construction of a church. The S-OS Open Space District does not permit places of worship. A rezoning to R-1 Single-Family Residential District is the least intensive zoning classification that permits a church.

The 3.53 acre lot is located south of 46th Street and west of the railroad tracks. Deere Creek flows through the southeast corner of the parcel. The wooded lot also contains 100 year flood plain overlay, making the eastern portion of the property undevelopable.

The vacant parcel does not contain any street frontage. A fifteen foot private easement abuts the railroad right-of-way on the east lot line connecting the site to 46th Street. However, the private easement is not practical in offering ingress and egress to the property given the topography and proximity to Deere Creek. In order to develop the property, the owner will have to purchase additional property or create a new private easement along the west lot line for access to 46th Street.

Comprehensive Plan:

Within Existing Urban Service Area: Yes

Within Urban Service Area 2035: Yes

Future Land Use Designations: The property is designated Parks and Recreation (PR) in the Davenport +2035 Land Use Plan. The Future Land Use Designation would need to be amended to Residential General (RG) through the adoption of a resolution by City Council.

1. **Parks and Recreation (PR)** – Designates major developed parks, recreation areas, golf courses, cemeteries, etc. Park or recreation properties can be located in any zoning district. Smaller parks may not appear on the map because of the more general nature and scale of the map. But, it is implied in Residential General (RG) that small neighborhood parks are included.
2. **Residential General (RG)** – Designates neighborhoods that are mostly residential but include, or are within one-half mile (walking distance) of scattered neighborhood-compatible commercial services, as well as other neighborhood uses like schools, churches, corner stores, etc. generally oriented along Urban Corridors (UC). Neighborhoods are typically designated as a whole. Existing neighborhoods are anticipated to maintain their existing characteristics in terms of land use mix and density, with the exception along edges and transition areas, where higher intensity may be considered.

Zoning:

The property is currently zoned S-OS Open Space District. This district is intended to provide and protect larger open space and public recreational facilities, both outdoor and indoor, and cemeteries. Larger regional open spaces/parks may include both active and passive recreation areas and certain ancillary uses, such as cultural facilities, performance venues, and eating establishments. This district is also intended for governmental agency offices/facilities providing a governmental service to the public.

The applicant is requesting a rezoning of the property to R-1 Single-Family Residential District. This district is intended to accommodate the lowest-density single-family neighborhoods within the City of Davenport, exhibiting a predominantly semi-suburban development pattern of large lots and generous yards. The R-1 district is the least intensive residential zoning classification that allows for places of worship.

Technical Review:

City Departments and Utility Companies have reviewed the proposed rezoning petition. Sanitary sewer is present along the east lot line and on the parcel directly south of the subject property. All other utilities must be brought to the site through utility easements at the owner's expense. The City of Davenport will not permit propane tanks to service the building.

Public Input:

Letters were sent to property owners within 200 feet of the proposed request notifying them of the February 2, 2021 Plan and Zoning Commission Public Hearing. Since the applicant was not in attendance, the Commission voted to table the item for one meeting cycle.

To date, staff has received one written response from an adjacent property owner in opposition to the rezoning. Concerns raised included preservation of the natural area, impacts on wildlife, and treatment of sewage. The property owner at 1603 McCormick Place spoke in opposition at the Plan and Zoning Commission public hearing on February 16, 2021.

A Notice of Public Hearing has been published in the Quad City Times.

Staff will apprise the Commission of any additional correspondence.

Why is a Zoning Map Amendment Required?

The Zoning Ordinance does not permit a place of worship in the S-OS Open Space District. The R-1 Single-Family Residential District is the least intensive residential zoning classification that allows for a new church to be constructed.

Approval Standards for Map Amendments (Chapter 17.14.040)

The Plan and Zoning Commission recommendation and the City Council decision on any zoning text or map amendment is a matter of legislative discretion that is not controlled by any particular standard. However, in making their recommendation and decision, the Plan and Zoning Commission and the City Council must consider the following standards. The approval of amendments is based on a balancing of these standards.

- a. The consistency of the proposed amendment with the Comprehensive Plan and any adopted land use policies.

Staff Response: The property is designated Parks and Recreation (PR) in the Davenport +2035 Land Use Plan. The proposed church is incompatible with the future land use category description, which is intended for developed parks, recreation areas, golf courses, and cemeteries. The surrounding area south of 46th Street and west of the railroad tracks consists of cemeteries, creeks, floodplain, and wooded areas. Instead, the proposed church development fits the criteria for Residential General (RG).

It is staff's opinion that the proposed amendment does not promote the orderly development of Davenport in accordance with the Comprehensive Plan and adopted land use policies.

However, if the City Council recommends approval, then a condition shall be placed on the Zoning Map Amendment requesting City Council to adopt a resolution amending the Future Land Use Designation from Parks and Recreation (PR) to Residential General (RG).

b. The compatibility with the zoning of nearby property.

Staff Response: The subject parcel is surrounded by S-OS Open Space District to the north, west, and south. The City of Davenport Public Works Facility and other I-1 Light Industrial District and I-2 Heavy Industrial District properties are north of 46th Street. The parcel is removed from the residential neighborhoods to the east by the railroad tracks. Mt. Calvary Cemetery, Davenport Memorial Park, Pine Hill Cemetery, and Mt. Nebo Cemetery are directly south of Goose Creek and also zoned S-OS Open Space District.

It is staff's opinion that the proposed amendment is not compatible with the zoning of nearby property.

c. The compatibility with established neighborhood character.

Staff Response: The established character of the area south of 46th Street and west of the railroad tracts is predominately open space. While there is residential to the east of the site, there is a clear delineation of uses separated by the railroad tracks. Directly abutting the subject parcel to the north, west, and south are undeveloped wooded areas and creeks. Removing vegetation to construct a building, off-street parking, and an access drive to 46th Street will diminish the natural characteristics of the area.

In addition, the subject parcel does not have street frontage along a public right-of-way. The three properties directly north are under separate ownership. An easement agreement providing the applicant vehicular access to 46th Street must be recorded prior to the issuance of any construction or grading permits if the site were developed.

It is staff's opinion that the proposed amendment is not compatible with the established neighborhood character.

d. The extent to which the proposed amendment promotes the public health, safety, and welfare of the City.

Staff Response: Developing the 3.53 acre wooded lot requires substantial alteration of the natural landscape. Deere Creek flows along the east lot line and merges with Goose Creek directly south of the property. There is 100-year floodplain covering the southeast portion of the site, making this area undevelopable. Furthermore, the topography of the parcel fluctuates roughly 36 feet from its highest point on the northwestern portion of the site to its lowest point along the east lot line.

The subject parcel is setback approximately 435 feet from 46th Street. Elevations and its distance to the public right-of-way make it challenging to identify the property in an event of an

emergency. Off premise signs are not permitted, adding to the difficulty in directing first responders to the property. New construction requires grading the natural terrain to accommodate the building footprint and off-street parking requirements. Section 17.11.100 of the Zoning Ordinance, titled "Tree Preservation", encourages existing trees that are in good condition to be preserved to the maximum extent practicable. Rezoning the site produces potential risks to the public health, safety, and welfare of the city.

It is staff's opinion that the proposed zoning map amendment to R-1 Single-Family Residential District does not promote the preservation, protection, and conservation of natural resources.

- e. The suitability of the property for the purposes for which it is presently zoned, i.e. the feasibility of developing the property in question for one or more of the uses permitted under the existing zoning classification.

Staff Response: Under the current Zoning Ordinance, the S-OS Open Space District does not allow for places of worship. The S-OS Open Space District is suitable given its topography, vegetation, and proximity to floodplain. The City made a deliberate decision to zone this area as open space to align with the City's Comprehensive Plan during the 2019 Zoning Code update.

It is staff's opinion that the property is not suited for development of the proposed use under the existing S-OS Open Space District.

- f. The extent to which the proposed amendment creates nonconformities.

Staff Response: The undeveloped 3.53 acre site satisfies the dimensional standards for the R-1 Single-Family Residential District.

It is staff's opinion that the proposed amendment will not create any nonconformities.

Mr. Dann C. Naverson

This letter is in regards to the proposed construction of a private access drive from 46th Street in Davenport, IA across parcels P1303-03C, P1304-05, and P1304-04A, all of which are owned by SCI Funeral Services of Houston, TX. Per our previous discussions, the proposed drive would be used to access Rock Church Ministries' parcel, P1304-02C, with plans to build a new church at that location. Rock Church Ministries grants SCI full access to the drive for future development purposes. This includes the use of and connection to the proposed drive. Plans for the location of the drive are shown on the following page.

In order for the City to move forward with Rock Church's rezoning application, an authorized signature granting the construction of said drive is required. As Director of Real Estate for SCI, we have provided a signature line for you below.

Please review and return a signed copy for Rock Church's records in moving forward with the rezoning application. If you should have any questions or concerns, please contact us and we can discuss.

Any such assets not so disposed of shall be disposed of by the District Court of the county in which the principle office of the Corporation is then located, exclusively for such purposes or to such organization or organizations, as said Court shall determine, which are organized and operated exclusively for such purposes.

I would like to oppose the construction of a church being built at this location. I am a neighbor who's property will be next to the church and I have some concerns with development in that area. First I am concerned with the added sewage use. We currently have days when the sewer smell can be unbearable. This item has been a complaint for many years by fellow neighbors and my concern with added sewer usage. Will this smell continue to worsen? Also my other concern with that area is the effect it will have in the wildlife who take refuge in those woods. There are not many places in the city for the variety of animals that live in that area. I am concerned with increase development, it will drive the wildlife out and into more of the neighborhoods in that area. If these items can be addressed I would greatly appreciate it.

Thank you so much,

Jane Nickels

Subject:

Third Consideration: Ordinance for Case REZ21-02 being the request of Belser Ventures, LLC for a zoning map amendment to rezone 1320 West Kimberly Road, containing 5.37 acres more or less, from C-2 Corridor Commercial to C-3 General Commercial District to allow heavy retail of commercial electronic components. [Ward 7]

Recommendation:

Adopt the Ordinance.

Background:

The City Plan and Zoning Commission has forwarded Case REZ21-02 to the City Council with a recommendation for approval at its May 4, 2021 meeting, subject to the following conditions:

- 1) The proposed outdoor storage enclosure shall be limited to 50 feet by 50 feet or less and shall not be allowed to be expanded unless approved by a modification to the Special Use for heavy retail.
- 2) Within 90 days of approval of this request the site shall come into compliance with required buffer yard landscaping/fencing per 17.11.080 along the west property line where fencing is not provided by the property owner. The existing privacy fencing abutting residential properties shall be repaired and maintained by the owner for as long as there are abutting residential uses and/or districts, so that all portions of these abutting properties are screened with privacy fencing.

The Commission vote was 6 yes, 0 no, and 0 abstentions.

Purpose of the rezoning:

- Relocate an existing retail sales business (3E) of commercial electronic components.
- 3E sells/leases diesel generators which cannot legally be stored inside a commercial building per fire code.
- Generators and conduit will be stored outdoors within an 8-foot solid privacy fence enclosure measuring 50' x 50'.
- Heavy Retail allows for limited outdoor storage if approved with a Special Use from the ZBA in the C-3 district.
- Without outdoor storage, this use would be allowed by right in any C-2 District No rezoning would be needed.

Findings

1. The zoning map amendment is consistent with Davenport 2035+ which identifies the property as Residential General (RG) which allows for commercial uses along corridors and edges. The neighborhood is compatible with RG as is the proposed retail use with outdoor storage at the subject property which was built in 1987.
2. The proposed C-3 General Commercial District is compatible with the zoning of nearby property along Marquette Street and Kimberly Road, as well as other C-3 zoning located in

the vicinity.

3. Rezoning the property to C-3 General Commercial District does not create any nonconformities.
4. Required Special Use approval for some of the additional uses allowed in the C-3 District offers further levels of review for the protection of adjacent properties.

ORDINANCE NO. 2021-

ORDINANCE for Case REZ21-01 being the request of Belser Ventures, LLC for a zoning map amendment to rezone 1320 West Kimberly Road from C-2 Corridor Commercial to C-3 General Commercial District to allow Heavy Retail of commercial electronic components; containing 5.37 acres more or less. [Ward 7]

BE IT ENACTED BY THE CITY COUNCIL OF THE CITY OF DAVENPORT, IOWA:

Section 1. The following described unit of Scott County, Iowa real estate is hereby rezoned to "C-3 General Commercial Zoning District".

LOT 3 OF THE FINAL PLAT OF OLD KAY'S SUBDIVISION, IN PART BEING A REPLAT OF LOT 1 OF VICTORY ACRES, PART OF THE NE QUARTER OF SECTION 15, TOWNSHIP 78 NORTH, RANGE 3 EAST OF THE 5TH P.M. TO THE CITY OF DAVENPORT, SCOTT COUNTY, IOWA.

Section 2. That the following findings and conditions are hereby imposed upon said rezoning:

Findings:

1. The zoning map amendment is consistent with the Davenport 2035+ Land Use Plan, which identifies the property as Residential General (RG) which allows for commercial uses along corridors and edges. The vicinity was developed in the early to mid-70's and is compatible with RG as is the proposed retail use with outdoor storage at the subject property which was built in 1987.
2. The proposed C-3 General Commercial District is compatible with the zoning of nearby property along Marquette Street and Kimberly Road, as well as other C-3 zoning located in the Village Shopping Center, at the car dealerships, the mall, and the Lujack's properties along Welcome way. Industrial uses are located at Gaines and West Kimberly Road.
3. Rezoning the property to C-3 General Commercial District does not create any nonconformities.
4. Required Special Use approval for some of the additional uses allowed in the C-3 District offers further levels of review for the protection of adjacent properties.

Conditions:

1. The proposed outdoor storage enclosure shall be limited to 50 feet by 50 feet or less and shall not be allowed to be expanded unless approved by a modification to the Special Use for heavy retail.
2. Within 90 days of approval of this request the site shall come into compliance with required buffer yard landscaping/fencing per 17.11.080 along the west property line where fencing is not provided by the property owner. The existing privacy fencing abutting residential properties shall be repaired and maintained by the owner for as long

as there are abutting residential uses and/or districts, so that all portions of these abutting properties are screened with privacy fencing.

Section 3. At its May 4, 2021 meeting, the City Plan and Zoning Commission voted to forward the case to the City Council with a recommendation for approval subject to the listed findings and conditions.

SEVERABILITY CLAUSE. If any of the provisions of this ordinance are for any reason illegal or void, then the lawful provisions of this ordinance, which are separable from said unlawful provisions shall be and remain in full force and effect, the same as if the ordinance contained no illegal or void provisions.

REPEALER. All ordinances or parts of ordinances in conflict with the provisions of this ordinance are hereby repealed.

EFFECTIVE DATE. This ordinance shall be in full force and effective after its final passage and publication as by law provided.

Subject:

Case REZ21-02: Request of Belser Ventures, LLC for a zoning map amendment to rezone 1320 West Kimberly Road from C-2 Corridor Commercial to C-3 General Commercial District to allow Heavy Retail of commercial electronic components; containing 5.37 acres more or less. [Ward 7]

Recommendation:

P&Z forwarded Case REZ21-02 to City Council with a recommendation for approval subject to the listed findings and conditions.

Background:

The petitioner has requested the zoning map amendment to accommodate a retail use that will require an outdoor storage area. If the business did not need outdoor storage, this retail use would have been allowed by right with the existing C-2 zoning.

Additional background is provided in the following attachments: Vicinity Map, Zoning Map, and Davenport 2035+ Land Use Map.

The following information is provided for case history of the property only and is in no way related to a previously attempted rezoning (REZ13-02). This background to illustrate that this previously denied request was for a use unlike the one proposed by this applicant and would not become permitted if the request was approved.

In 2013 a rezoning request by Murray Warehousing to allow a warehousing/distribution center at this site failed at City Council. Under the former zoning code, the request was to rezone the property to Planned Development "PDD" which would have allowed for a distribution warehousing and trucking operation.

Comprehensive Plan:

Within Existing Urban Service Area: Yes
Within Urban Service Area 2035: Yes

Future Land Use Designation:

Residential General (RG) – Designates neighborhoods that are mostly residential but include, or are within one-half mile (walking distance) of scattered neighborhood-compatible commercial services, as well as other neighborhood uses like schools, churches, corner stores, etc. generally oriented along Urban Corridors (UC). Neighborhoods are typically designated as a whole. Existing neighborhoods are anticipated to maintain their existing characteristics in terms of land use mix and density, with the exception along edges and transition areas, where higher intensity may be considered. Staff is not proposing a Davenport 2035+ future land use change for this area at this time.

Zoning:

Existing

The property is currently zoned C-2 Corridor Commercial District. This district is intended to address the commercial corridors that are primarily oriented toward a mix of retail, personal

service, and office uses along arterial streets and collector streets. The C-2 District accommodates auto-oriented development – both individual businesses and retail centers – and mixed-use development, with the intent of improving the pedestrian environment along Davenport’s commercial corridors.

Proposed

The applicant is petitioning to rezone the property to C-3 General Commercial District. This district is intended to accommodate higher-intensity commercial development within the City of Davenport that serves both local and regional markets. The C-3 District addresses medium- and largescale development that may generate considerable traffic and typically requires significant off-street parking. Higher density residential uses are also allowed to facilitate a mixed-use orientation where appropriate.

Technical Review:

The proposed rezoning is for a retail use in an existing building commercial/retail building. No new construction is require other than an enclosure on the existing parking lot. As such no comments where received through the technical review process.

Streets. The State of Iowa classification for Kimberly Road is principal arterial and Marquette Street is classified as a minor arterial. No changes to the existing streets are needed.

The site has two ingress/egress drives, one located on West Kimberly Road and one off of Marquette Street. Left turn movements from Marquette Street can be limited/lowed with the utilization of the Kimberly Road access drive, should such movements ever become an issue.

Storm Water. The site will remain as it is today, with no new impervious surfaces proposed or needed. There shall be no impact to the stormwater system.

Sanitary Sewer. Sewer is existing on this site and in the area; there shall be no impact to the sewer system.

Other Utilities. All utilities are available at this site and in the area; there will be no impact to these services.

Emergency Services. The subject property is located approximately one (1) mile west of Fire Station No. 3 (3506 Harrison Street).

Parks/Open Space. The proposed rezoning does not impact any existing or planned parks or public open spaces.

Public Input:

Letters were sent to property owners within 200 feet of the proposed request notifying them of the April 12th, 2021 Neighborhood Meeting and the April 20th Plan and Zoning Commission Public Hearing.

A neighborhood meeting was held on Tuesday, April 12, 2021 at the site. Eight (8) residents/neighbors attended. Issues brought up at meeting were the following: the timing, number and size of trucks for used for deliveries, required fencing on west and north property line, and the storm drain.

Staff has not received any written comments (in favor or against) regarding the proposed rezoning.

Discussion:

The petitioner is requesting a rezoning to C-3 General Commercial to accommodate an electrical component retail sales business that has limited need (50' x 50') of an outdoor storage enclosure. The storage area proposed would be screened by an 8'-tall solid privacy fence with gates and be located near the north property line adjacent to the post office property. The present zoning (C-2) does not allow for any outdoor storage. The need for outdoor storage by the petitioner is the only part of the proposed operation that cannot be supported by the existing C-2 zoning.

Approval Standards for Map Amendments (Chapter 17.14.040)

The Plan and Zoning Commission recommendation and the City Council decision on any zoning text or map amendment is a matter of legislative discretion that is not controlled by any particular standard. However, in making their recommendation and decision, the Plan and Zoning Commission and the City Council must consider the following standards. The approval of amendments is based on a balancing of these standards.

a. The consistency of the proposed amendment with the Comprehensive Plan and any adopted land use policies.

Residential General (RG) is the Davenport 2035+ classification for this site. The RG designation allows for a mix of uses along the edges and transition areas where higher intensity uses are allowed, such as the uses at the intersection of Marquette and West Kimberly Road, where there are medical offices, personal service businesses, restaurants, a post office and 'big box' retail (on the subject property). This area is an example of the type of development allowed in transition and edge areas allowed by the Residential General classification.

Staff's opinion is that the proposed rezoning of this property does not necessitate a comprehensive plan change.

b. The compatibility with the zoning of nearby property.

The subject property is a retail site with has been in existence since 1987. Other uses in the area date to 1970 for the post office, 1975 for the medial office, and 1977 for the building at the northwest corner of Marquette and Kimberly Road which is presently a pest control business.

Staff's opinion is that the proposed rezoning is compatible with the existing uses and the existing zoning near the site. The site is developed with a 'big-box' retail commercial building and it has various retail and personal service establishments inside the partitioned building. The C-2 Corridor Commercial District allows for generally the same uses. The C-2 Zoning District is geared toward an urban walkable environment which is not dominated by auto-oriented uses (but does accommodate them) and as such the lot sizes are generally much smaller than the lots which are typically found in the C-3 district. The size of this commercial building and this lot, the amount of parking provided, and the character of the neighborhood

all are generally more compatible with the proposed C-3 zoning than the existing pedestrian oriented C-2 District.

c. The compatibility with established neighborhood character.

The subject property was developed as a commercial development along a commercial corridor. The use is compatible with the commercial neighborhood character. The Zoning code does require a landscaped and fenced buffer where commercial abuts residential. The potential for expansion of the existing building where abutting residential districts is minimal due to stormwater and parking regulations and existing easements on the property. Several of the new uses associated with a C-3 Zoning District require a Special Use Permit through the Zoning Board of Adjustment. Those uses will be evaluated on a case by case basis to determine impacts to neighborhood character with the ability to add conditions to the Special Use Permit.

d. The extent to which the proposed amendment promotes the public health, safety, and welfare of the City.

Staff does not foresee any situation where the public health or welfare will be negatively impacted by the proposed rezoning or any of the uses which are allowed by the C-3 District provided the conditions of this request are approved and the ordinances of the city are upheld.

e. The suitability of the property for the purposes for which it is presently zoned, i.e. the feasibility of developing the property in question for one or more of the uses permitted under the existing zoning classification.

This site can be and is developed with retail uses. The proposed use is also a retail use; however said use requires outdoor storage, which has necessitated the need for this request.

f. The extent to which the proposed amendment creates nonconformities.

All existing structures on this site meet the C-2 and the C-3 setback requirements. Only single and two-family uses are allowed by the C-2 district but not the proposed C-3 district. The site has no single/two-family dwellings so there shall not be any nonconformities created due to the proposed rezoning.

Recommendation and Conditions:

P&Z forwarded Case REZ21-02 to City Council with a recommendation for approval subject to the listed findings and conditions:

1. The proposed outdoor storage enclosure shall be limited to 50 feet by 50 feet or less and shall not be allowed to be expanded unless approved by a modification to the Special Use for heavy retail.
2. Within 90 days of approval of this request the site shall come into compliance with required buffer yard landscaping/fencing per 17.11.080 along the west property line where fencing is not provided by the property owner. The existing privacy fencing abutting residential properties shall be repaired and maintained by the owner for as long as there are abutting

residential uses and/or districts, so that all portions of these abutting properties are screened with privacy fencing.

PUBLIC HEARING
WEDNESDAY, MAY 19, 2021 5:30 P.M.
CITY OF DAVENPORT COMMITTEE OF THE WHOLE
CITY HALL COUNCIL CHAMBERS
226 W 4th ST – DAVENPORT, IA**

There is on file in Development and Neighborhood Services (DNS), on behalf of the Plan and Zoning Commission, the following request:

Case REZ21-02: Request of Belser Ventures, LLC for a zoning map amendment to rezone 1320 West Kimberly Road from C-2 Corridor Commercial to C-3 General Commercial District to allow heavy retail of commercial electronic components; containing 5.37 acres more or less [Ward 7]. Legal description of the property proposed to be rezoned is as follows: Lot 3 of the Final Plat of Old K's Subdivision. At its May 4, 2021 meeting, the Plan and Zoning Commission recommended case REZ21-02 be forwarded to City Council with a recommendation for approval subject to the listed findings and conditions:

Findings:

1. The zoning map amendment is consistent with the Davenport 2035+ Land Use Plan, which identifies the property as Residential General (RG) which allows for commercial uses along corridors and edges. The vicinity was developed in the early to mid-70's and is compatible with RG as is the proposed retail use with outdoor storage at the subject property which was built in 1987.
2. The proposed C-3 General Commercial District is compatible with the zoning of nearby property along Marquette Street and Kimberly Road, as well as other C-3 zoning located in the Village Shopping Center, car dealerships cross from the shopping center, the mall, and the dealerships along Welcome way. Industrial uses are located at Gaines and West Kimberly Road.
3. Rezoning the property to C-3 General Commercial District does not create any nonconformities.
4. Required Special Use approval for some of the additional uses allowed in the C-3 District offers further levels of review for the protection of adjacent properties.

Conditions:

- 1) The proposed outdoor storage enclosure shall be limited to 50 feet by 50 feet or less and shall not be allowed to be expanded unless approved by a modification to the Special Use for heavy retail.
- 2) Within 90 days of approval of this request the site shall come into compliance with required buffer yard landscaping/fencing per 17.11.080 along the west property line where fencing is not provided by the property owner. The existing privacy fencing abutting residential properties shall be repaired and maintained by the owner for as long as there are abutting residential uses and/or districts, so that all portions of these abutting properties are screened with privacy fencing.

The public hearing on the above case is scheduled for 5:30 p.m. or as soon thereafter as possible on Wednesday, May 19, 2021 in Davenport City Hall Council Chambers, 226 West 4th Street, Davenport, Iowa. Second Consideration: Ordinance for Case REZ21-03 being the request of Build to Suit on behalf of Elmore Storage LLC to rezone 6403 Elmore Avenue from C-E Elmore Corners to C-3 General Commercial District to allow for the expansion of the existing outdoor storage units. [Ward 6]

Recommendation:

Adopt the Ordinance.

Background:

In 2015 the south half of this site was developed with outdoor storage units, at which time the property was zoned Planned Development District, which allowed for the use. In January of 2019 the zoning code was completely re-written and the property was zoned C-E Elmore Corridors which rendered the property nonconforming with respect to the use of the property.

The C-E District does not allow for outdoor self-storage units. A zoning map amendment is required to allow for the proposed use, (outdoor self-storage units) which is a continuation of the existing use on the lot.

In addition to the rezoning, the site will also require a Special Use approval from the Zoning Board of Adjustment which is required for the proposed use in the C-3 District.

Technical Review:

Existing infrastructure is in place, accordingly technical review comments have been received stating that there are no concerns for the buildout of the remaining half of this site.

Public Input:

Property owners within 200 feet of the property have been notified and a sign has been placed on the property. A neighborhood meeting was not held for this case. The notice of a Public Hearing was published in the Quad City Times and a Public hearing was held on May 4, 2021 and a regular P&Z Meeting on May 18th, 2021.

With regards to the Plan's stance on the subject property, the attached "Concept Plan" clearly states that the plan establishes the vision for Elmore Corners' existing land uses. The plan shows the entire site as "Existing Warehouse Storage" but does not call out any future modifications or changes to the site, nor illustrate that the site shall meet the design standards of the Elmore Corners Plan. This nonconforming property per the concept plan has no future development planned through the Elmore Corners vision document.

Findings:

1. The zoning map amendment is consistent with the Davenport 2035+ Land Use Plan, (Regional Commercial – RC) which allows for the proposed use and other such similar uses.

2. The proposed C-3 District and storage use is compatible with the adjacent zoning, area characteristics, and public health and welfare as there are other regional commercial uses nearby and the use is allowed in the RC classification.

3. Rezoning the property to C-3 General Commercial District does not create any nonconformities and will in fact change a nonconforming use into a conforming use.

4. Required Special Use approval for outdoor storage units in the C-3 District offers a further level of review for the protection of adjacent properties.

Recommendation:

Planning staff recommends the Plan and Zoning Commission forward Case REZ21-03 to the City Council with a recommendation for approval without conditions.

Background:

See the attached Vicinity Map, Zoning Map, and Davenport 2035+ Land Use Map. In addition there are three Exhibits from the Elmore Corners Plan which are also attached. The Elmore Corners Plan/Design Guidelines were adopted 1-9-19.

Comprehensive Plan:

Within Existing Urban Service Area: Yes
Within Urban Service Area 2035: Yes

Regional Commercial (RC) - The most intense commercial areas that have service boundaries that extend beyond the City limits of Davenport. Areas designated RC should be located at the intersections of major streets and have good access to interstate and other highways. Typical uses include big box retail and large office complexes. Most people will drive or take transit to areas designated RC. However, good pedestrian systems should serve these areas and focus on connectivity from the street.

Zoning:

Existing: C-E Elmore Corners Zoning District
Proposed: C-3 General Commercial District

17.05.010.H. C-E Elmore Corners Purpose Statement

The C-E Elmore Corners Zoning District is intended to implement the vision contained in the Elmore Corners Area Plan through the application of site and building design standards that ensure quality, compatible, and coordinated development within the area.

17.05.010.D. C-3 General Commercial Zoning District

The C-3 General Commercial Zoning District is intended to accommodate higher-intensity commercial development within the City of Davenport that serves both local and regional markets. The C-3 District addresses medium- and largescale development that may generate considerable traffic and typically requires significant off-street parking. Higher density residential uses are also allowed to facilitate a mixed-use orientation where appropriate.

Technical Review:

Existing infrastructure is in place, accordingly technical review comments have been received stating that there are no concerns for the buildout of the remaining half of this site.

Public Input:

Property owners within 200 feet of the property have been notified and a sign has been placed on the property. A neighborhood meeting was not held for this case. The Notice of a Public Hearing was published in the Quad City Times and a Public hearing was held on May 4, 2021.

Discussion:

In 2015 the south half of this site was developed with outdoor storage units, at which time the property was zoned Planned Development District, which allowed for the use. In January of 2019 the zoning code was completely re-written and the property was zoned C-E Elmore Corridors which rendered the property nonconforming with respect to the use of the property.

The C-E District does not allow for outdoor self-storage units. A zoning map amendment is required to allow for the proposed use, (outdoor self-storage units) which is a continuation of the existing use on the lot.

In addition to the rezoning, the site will also require a Special Use approval from the Zoning Board of Adjustment which is required for the proposed use in the C-3 District.

Staff has reviewed the C-E Elmore Corners Plan. The Concept Plan on page 3 of the document states *"the Concept Plan establishes the planning and development vision for Elmore Corners in the context of adjacent neighborhoods and existing land uses. The map highlights proposed future land uses and public infrastructure."*

With regards to the Plan's stance on the subject property, the attached "Concept Plan" clearly states that the plan establishes the vision for Elmore Corners' existing land uses. The plan shows the entire site as "Existing Warehouse Storage" but does not call out any future modifications or changes to the site, nor illustrate that the site shall meet the design standards of the Elmore Corners Plan. This nonconforming property per the concept plan has no future development planned through the Elmore Corners vision document.

Likewise, the "Site Layout Plan" also does not show any plans or visions for the subject property. The same holds true for the "Circulation Plan", which also shows the lot/site but contains no plans for the site.

Finally, the "Landscape Concept" map shows the subject property separated from planned areas of Elmore Corners with a wide buffer to separate the warehouse storage site from the areas of actively being planned (see attached exhibit).

Approval Standards for Map Amendments (Chapter 17.14.040)

Zoning text or map amendment are a matter of legislative discretion which is not controlled by any particular standard. However, in making their recommendation and decision, the Plan and Zoning Commission and the City Council must consider the balancing of the following:

- a . The consistency of the proposed amendment with the Comprehensive Plan and any adopted land use policies.**

Regional Commercial (RC) areas are located at the intersections of major streets and have good access to interstate and other highways. Typical uses include big box retail and large office complexes. The proposed use is compatible with the Davenport 2035+ Land Use Plan.

b. The compatibility with the zoning of nearby property.

One lot to the south beyond the adjacent apartments is a large commercial retail center zoned C-3, which allows for the same uses as the proposed outdoor storage units. Given the close proximity of the C-3 District to the south, the proposed map amendment is compatible with adjacent zoning districts.

c. The compatibility with established neighborhood character.

The subject property was developed as a commercial development along a commercial corridor in 2015 and was compatible with adjacent use and district requirement at that time. Today the site is in a mixed use area and is compatible with the mixed uses in the vicinity.

d. The extent to which the proposed amendment promotes the public health, safety, and welfare of the City.

Staff does not foresee any situation where the public health or welfare will be negatively impacted by the proposed rezoning and the proposed use. The site is currently not in conflict with public health and safety, nor should the site be once the remaining half is developed with the same use that is on the south half of the lot.

e. The suitability of the property for the purposes for which it is presently zoned, i.e. the feasibility of developing the property in question for one or more of the uses permitted under the existing zoning classification.

This site can be developed a wide range of uses, including the proposed outdoor storage units. The district uses of the C-3 District are sustainable given the adjacent uses and zoning districts. It is unlikely that the site will be demolished any time soon and a different use constructed on the site.

f. The extent to which the proposed amendment creates nonconformities.

All existing structures on this site meet the C-3 setback requirements. There shall not be any nonconformities created due to the proposed rezoning, on the contrary, a nonconforming use will cease with the rezoning to a compatible zoning district.

Findings & Recommendation:

Findings:

1. The zoning map amendment is consistent with the Davenport 2035+ Land Use Plan, (Regional Commercial – RC) which allows for the proposed use and other such similar uses.
2. The proposed C-3 District and storage use is compatible with the adjacent zoning, area characteristics, and public health and welfare as there are other regional commercial uses nearby and the use is allowed in the RC classification.

- 3 . Rezoning the property to C-3 General Commercial District does not create any nonconformities and will in fact change a nonconforming use into a conforming use.
- 4 . Required Special Use approval for outdoor storage units in the C-3 District offers a further level of review for the protection of adjacent properties.

Recommendation:

Planning staff recommends the Plan and Zoning Commission forward Case REZ21-03 to the City Council with a recommendation for approval without conditions.

PUBLIC HEARING

CITY OF DAVENPORT COMMITTEE OF THE WHOLE
CITY HALL COUNCIL CHAMBERS
226 W 4th ST – DAVENPORT, IA**

The City Plan and Zoning Commission has on file the following request which has been forwarded to City Council's Committee of the Whole (COW):
Case REZ21-03: Request of Build to Suit on behalf of Elmore Storage LLC to rezone 6403 Elmore Avenue (PIN Y0551A04) from C-E Elmore Corners to C-3 General Commercial District to allow for the expansion of the existing outdoor storage units [Ward 6]. Legal description of the property proposed to be rezoned is as follows: Lot 4 of Jersey Farms Commercial Park 2nd Addition to the City of Davenport, Iowa. At its May 18, 2021 meeting, the Plan and Zoning Commission recommended case REZ21-03 be forwarded to City Council with a recommendation for approval subject to the listed findings:
Findings:

1. The zoning map amendment is consistent with the Davenport 2035+ Land Use Plan, (Regional Commercial – RC) which allows for the proposed use and other such similar uses.
2. The proposed C-3 District and storage use is compatible with the adjacent zoning, area characteristics, and public health and welfare as there are other regional commercial uses nearby and the use is allowed in the RC classification.

3. Rezoning the property to C-3 General Commercial District does not create any nonconformities and will in fact change a nonconforming use into a conforming use.
4. Required Special Use approval for outdoor storage units in the C-3 District offers a further level of review for the protection of adjacent properties.

City Council's Committee of the Whole public hearing on the above case is scheduled for 5:30 p.m. or as soon thereafter as possible on Wednesday, May 19, 2021 in Davenport City Hall Council Chambers, 226 West 4th Street, Davenport, Iowa. Case F21-02
Prairie Heights 4th Addition Final Plat

Staff Report:

Comprehensive Plan:

Within Existing Urban Service Area: Yes

Within Urban Service Area 2035: Yes

Future Land Use Designation: Residential General (RG) – Designates neighborhoods that are mostly residential but include, or are within one-half mile (walking distance) of scattered neighborhood-compatible commercial services, as well as other neighborhood uses like schools, churches, corner stores, etc. generally oriented along Urban Corridors (UC). Neighborhoods are typically designated as a whole. Existing neighborhoods are anticipated to maintain their existing characteristics in terms of land use mix and density, with the exception along edges and transition areas, where higher intensity may be considered.

Relevant Goals to be considered in this Case: Strengthen the Existing Built Environment.

The proposed Final Plat would comply with the Davenport +2035 proposed land use section.

Zoning:

The property is currently zoned R-4 Single and Two-Family Residential Zoning District.

Technical Review:

- Streets. The property would have access via Olde Brandy Lane and would add 707 linear feet of new street added to the City, all of which would meet Davenport Municipal Code requirements.
- Storm Water. The development will include more than 5,000 square feet of hard surface. Outlot A in Prairie Heights 3rd Addition was designed to serve as water detention for this development at full build out. With R-4 zoning, the maximum impervious surface coverage is 60% of each of the lots. The development of the property will need to comply with the City's stormwater requirements.
- Sanitary Sewer. Sanitary sewers will be extended from existing infrastructure on Olde Brandy Lane.
- Other Utilities. Other normal utility services are available.

Public Input:

No public hearing is required for a Final Plat.

____ QUICK BIX RACE ROUTE
____ BIX7 RACE ROUTE

2021 Quad-City Times Bix 7

"47th Anniversary"

The 47th Anniversary of the annual Bix 7 road race will be held on July 24th, 2021. The event will attract up to 20,000 participants and will use 5,000 volunteers to insure the safety and welfare of all participants.

The Cornbelt Running Club is requesting the following.

1. Closing the entire course route on July 24th, 2021. We will need to have "no parking" allowed from 7:30 am until 11:30 am.
2. No parking should start the evening before to insure no cars on the course race day.
3. The "Start Line" will again be at 4th St. & Brady St. Due to the recent bump-out curb on the Northeast corner of 4th and Brady, we have requested with Public Works a temporary asphalt transition at this curb, to keep our participants safe.
4. At the start up of the race on Brady St., it will be necessary to notify all businesses in this area that the crowd of participants will make it impossible for access to their establishments until after the start of the event. At approximately 8:15 am., the Running Club will notify them that access is available.
5. The finish of the race will be on 3rd St. This year we will be turning left onto 3rd St. after coming down Brady St. The finish will be approximately at Le Claire St. The flow of the entrants will take them down 3rd St. into the Quad-City Times parking lot.
6. We are requesting to have 3rd St. closed to traffic at 2:00 pm on July 23rd for set up of the finish line. 3rd St. from Iowa to River Dr. will need to be shut off.
7. We will need no parking signs put up on Thursday so that there will not be cars on the street during our set up.
8. The after race party for the 20,000 participants will take place in the Quad-City Times parking lot.
9. We are requesting closing off 4th St. from River Dr. to Le Claire St. for additional room for the after race party. This will need to be closed off Saturday morning, 6:00 am until noon on July 24th.
10. We will also need barricades and other material, snow fence, etc.

Resolution approving the plans, specifications, form of contract, and estimate of cost for the MWP Flood Wall, Workout Room Addition, and Clubhouse Renovation project, CIP #23049. [Ward 3]

Recommendation:

Adopt the Resolution.

Background:

Major League Baseball recently updated their facility standards which requires the City to perform renovations to its existing home and away team clubhouses. An on-site workout room for player development is needed as well. This space will be enclosed and will also serve as a flood wall on the north side of the facility, during high water events from the Mississippi River.

These improvements will ensure that the City of Davenport continues to be able to provide high quality professional baseball at its public facility, which is nationally recognized as one of the best stadiums in the MLB-affiliated minor league system.

Project cost will be paid from general obligation bonds. This project is identified in Attachment B, Capital Projects and Funding Models, located within the Stadium Lease Agreement.

The project estimate is \$1,755,187.

Resolution approving the Quad Cities Chamber Business & Economic Growth Partnership Agreement. [All Wards]

Recommendation:

Approve the Resolution.

Background:

At the end of June, the existing 3-year Services Agreement with Quad Cities First expires. The Quad Cities Chamber organization absorbed Quad Cities First in 2020 and has continued the services.

This new Business & Economic Growth Partnership Agreement renews this arrangement with the QC Chamber and clarifies roles and responsibilities with respect to the delivery and funding of core economic development and business growth services provided by the Chamber.

The term has been extended to a four-year period and, as before, has a built-in formula based upon population and that accounts for roughly 2% inflation. Based upon the most recent Community Survey Population data, a population of 101,590 will be used for Davenport, which results in an annual payment of roughly \$142,226 the first year.

The agreement also contains previous language such as the Partner Code of Ethics and Regional Economic Development Cooperation components.

The QC Chamber is soliciting approval of the proposed agreement this month from roughly a dozen other cities and counties in the region. Approval of this resolution authorizes the Mayor to execute the renewed agreement.

1. Funding Plan: Public sector investments are based on a population ratio and per capita structure developed and agreed upon by city and county officials. Public sector payments for services are to be made to Quad Cities Chamber on an annual schedule. The estimated amount of public funding for the four year agreement will be based on an annual per capita formula, which reflects a 2% adjustment every year based on inflation. Exurban counties investment is \$10,000, with a 2% adjustment every year based on inflation. Scott and Rock Island counties investment is calculated per capita of total county population minus city population actively funding the agreement. If a city declines investment but their local economic development organization or Chamber invests instead, they can be exchanged in the agreement if they contribute the required amount. For communities new to the partnership or where an increase is scheduled based on population changes, arrangements can be made to step in with 50% of the total increase due by the end of the first year, and the total amount due by the end of the second year. Per capita is determined by the US Census and Community Survey Population estimates, whichever is most recent.

Year One = \$1.40 per capita; \$0.25 exurban per capita
Year Two = \$1.43 per capita; \$0.28 exurban per capita
Year Three = \$1.46 per capita; \$0.31 exurban per capita
Year Four = \$1.49 per capita; \$0.34 exurban per capita

EXHIBIT D -- Partner Code of Ethics

INTRODUCTION

Quad Cities Chamber is committed to the economic development and growth of the Quad Cities region. Quad Cities Chamber brings together the interests of a broad range of public, private, and public/private groups to promote the Quad Cities region as a single economic entity. The collaboration of such a variety of groups and interests requires that certain standards of conduct must be developed and adhered to for the Quad Cities Chamber to meet its goals. This Code of Ethics represents the standards that each participant in the Quad Cities Chamber regional economic development efforts supports and practices in its daily conduct of business.

PREAMBLE

We, the Quad Cities regional economic development partners of Quad Cities Chamber, set forth the following principles of behavior and standards of conduct to guide efforts in promoting the long-term economic health of the Quad Cities region. We realize that no Code of Ethics is of value without an inherent level of trust in the integrity of one another and a commitment from each of us to conduct ourselves at the highest levels of professional conduct. The Quad Cities Chamber was founded on the respect and trust of its members. In that spirit, we set forth this Code of Ethics.

We are committed to the promotion of the Quad Cities region as a desirable business location for new and expanding companies. When representing Quad Cities Chamber, we shall endeavor to sell "Quad Cities Region" and our individual communities and projects second.

We shall honor the confidentiality requested by both our fellow partners of Quad Cities Chamber and our prospects. Information shared with our fellow partners in confidence shall remain in confidence. Transactions are to be driven by the client. In the event a company chooses to relocate from one community to another, every effort will be made to contact the affected community to let them know of the potential move as outlined in the Regional Economic Development Cooperation resolution, adopted annually through the regional Comprehensive Economic Development Strategy process. Violation of this commitment shall be viewed as the single most serious breach of our commitment and partnership in the Quad Cities Chamber Agreement.

We are committed to sharing among our partnership as much information as is necessary and prudent on any activity undertaken by or in the name of Quad Cities Chamber. Our guiding principle shall be that "more information is better than less."

At no time shall any economic development organization partner of Quad Cities Chamber advertise or promote its respective area to companies within another member's geographic area in a manner that is derogatory or insulting to the other geographic area. "Selling against" another partner of Quad Cities Chamber or direct solicitation of intrastate relocations, is strongly discouraged.

We are committed to locating prospects in the Quad Cities region. In the event that our local jurisdictions cannot meet the needs of a particular prospect we shall communicate with our fellow partners in an effort to meet the company's needs elsewhere in the Quad Cities region.

Economic development organizations shall hold all responses to confidential requests for information pertaining to site and building information provided to the Quad Cities Chamber by member real estate brokerage firms in the strictest confidence. Said information shall not be printed, copied, and shown in any manner to any entity other than prospects or their direct representatives without prior permission.

We are committed to the concept of competition for locations and expansions among our Individual communities and projects provided that the prospect has asked for specific proposals or has settled on a Quad Cities regional location. At no time shall any partner of the Quad Cities Chamber solicit a fellow member's prospects.

We are committed to working together with the real estate community and are in no way in direct competition with them. Economic developers are a resource and facilitator in the site selection process.

CONFIDENTIALITY OF PROSPECTS

Partners of Quad Cities Chamber shall honor the confidentiality of individual prospects. Whenever possible, specific information on transactions shall be shared within the realm of Quad Cities Chamber and partner state organizations. In those instances where prospects are dealing with individual communities, information will only be shared by Quad Cities Chamber staff and the local Economic Development representatives involved.

In instances, where a prospect wishes to remain completely confidential with an individual community, the remaining partners of Quad Cities Chamber shall honor that confidentiality and shall in no way attempt to intervene in the relationship. The prospect will remain confidential until the prospect chooses to announce.

Exhibit E -- Regional Economic Development Cooperation Resolution

The partners agree to practice the principles of the Regional Economic Development Cooperation Memorandum of Understanding:

WHEREAS, the Quad City economy functions as a single unit with many common interests and resources, where growth and development anywhere within the Quad Cities region enhances the overall vitality for all people and localities; and

WHEREAS, the best way to promote economic development is for local governments and private/nonprofit economic development entities to join forces, working and communicating together to attract new business and retain and expand existing business; and

WHEREAS, businesses seek to maximize their private economic gains and local governments seek to maximize jobs and tax base within their communities, creating competition among governments to offer various financial and other incentives to business to entice the development within their community; and

WHEREAS, local government may provide expansion resources and assistance to businesses, however, there is no net gain to the total Quad Cities region economy if limited resources are committed to assisting businesses to move within the area with no increase in jobs; and

WHEREAS, private and nonprofit entities are similarly involved in economic development projects and should also follow the policy set forth herein.

NOW, THEREFORE, BE IT RESOLVED, by the participant local governments to the agreement that:

- Section 1. All elected officials and staff of signatory local governments or private/nonprofit economic development organizations in the Quad Cities region will work together to promote and facilitate economic development.
- Section 2. Local governments and private/nonprofit economic development organizations, within the Quad Cities region, will not initiate contact with existing local businesses in an effort to entice these businesses to leave one local government for another local government within the region.
- Section 3. When a local government or private/nonprofit economic development organizations is contacted by a business that currently has facilities elsewhere in the Quad Cities region and the business intends to vacate or downsize its current facilities as part of a move within the Quad Cities region, the contacted local government is obligated to inform the government that currently houses the business of the proposed relocation. This contact may be made directly between the two governments. Alternatively, the involved business may make the contact and provide a letter documenting their conversation with the local government in which they are currently located.
- Section 4. If a business decides to relocate from one local government to another, within the Quad Cities region, only previously existing incentives may be offered by the receiving local government. No new incentives may be developed for the purpose of facilitating the relocation of a business from one local government to another in the Quad Cities

region.

Section 5. The provisions of this resolution cannot be superseded by agreements for confidentiality or other contracts between a local government or nonprofit economic development organizations and a business. Local business will be made aware of this resolution immediately upon contacting a local government about relocating within the region.

Resolution authorizing the Finance Director to exceed the General Fund unassigned reserve maximum of 25% of operating expenditures through June 30, 2022. [All Wards]

Recommendation:

Adopt the Resolution.

Background:

The adoption and adherence to a policy setting forth appropriate levels of unassigned financial reserves is a key component of a financially stable organization. In 2017, the City Council amended the financial reserve policy to require unassigned reserves within the General Fund to be between 17% and 25% of operating expenditures within the fund. In the event that unassigned reserves exceed maximum balance requirements, the Finance Director is authorized to utilize the excess through seven options provided for within the policy.

However, as the City continues to develop a resiliency plan and project portfolio and evaluate the COVID-19 impacts to the community and the organization, it is the recommendation to temporarily allow the Finance Director to exceed the General Fund unassigned reserve policy maximum of 25%. This temporary amendment would expire on June 30, 2022. The unassigned fund balance reserve amount for FY 2022 financial statements should return to the policy requirements unless extended again by the City Council.

Resolution offered by Alderman Condon.

RESOLVED by the City Council of the City of Davenport.

RESOLUTION authorizing the Finance Director to exceed the General Fund unassigned reserve maximum of 25% of operating expenditures through June 30, 2022.

WHEREAS, the City should maintain a prudent level of unassigned financial resources in the General Fund as additional insurance against disasters, emergencies, and unforeseen expenditures; and

WHEREAS, the City Council adopted an amended financial reserves policy in 2017 requiring unassigned fund balance reserves to be between 17% and 25% of operating expenditures; and

WHEREAS, it is necessary to exceed the maximum unassigned reserve amount of 25% as the City develops a resiliency plan and evaluates and responds to community pandemic effects; and

WHEREAS, this is temporary in nature and will expire on June 30, 2022; and

WHEREAS, unassigned reserve amounts shall return to policy levels at the close of FY 2022 through the utilization options required by the existing policy.

NOW, THEREFORE, BE IT RESOLVED, by the City Council of the City of Davenport that the Finance Director is hereby authorized to exceed the General Fund unassigned reserve maximum of 25% of operating expenditures through June 30, 2022; and

Resolution approving the renewal of general and auto liability, property, and workers' compensation insurance, as well as related professional services for FY 2022 with multiple insurance companies in the amount of \$1,589,023. [All Wards]

Recommendation:

Adopt the Resolution.

Background:

The City has established a Risk Management Fund to account for liability, property, and workers' compensation insurance premiums, claims, and administrative costs for the Risk Management program. The strategy of the Risk Management program is to procure insurance policies to protect against catastrophic losses and to self-insure for claims up to a specific stop loss amount for each type of coverage.

Arthur J. Gallagher & Company serves as the agent/broker for these insurance policies. The agent/broker is paid by a combination of policy commissions. The role of the agent/broker is to make recommendations for policy enhancements and to negotiate with the various insurance markets on the City's behalf. The goal is to find the most cost-effective coverages to minimize overall risk exposure with stable insurance firms capable of handling the specialized needs of a municipal government.

The overall premiums increased this year from \$1,407,324 to \$1,589,023, or 12.91%, compared to last year. The increase is due to a combination of larger nationwide increases in both property and liability rates as a direct result of natural disasters, such as derechos and wildfires, as well as a significant increase in social inflation verdicts driving all numbers up. Additionally, the City voluntarily includes a 4% increase each year in its property values, which is encased in the 19.32% property increase with the CHUBB policy. All other property policies remain stable. Our excess workers' compensation policy shows a 10.43% increase, which is the result of an increase in payroll and an increase in rate, with the driving factor of the latter being an increase in severity (but not frequency) of 410/411 claims. Even with these increases, the City of Davenport continues to maintain similar or lower rates per thousand when compared to similar municipalities.

Attached are documents labeled "FY22 Schedule of Insurance in Force," which is a comprehensive list of policies and premiums, and a document labeled "FY22 Year Over Year Comparison," which displays the year-over-year premium comparisons for Fiscal Years 2021 and 2022, respectively.

Winter Insurance Market Update – February 2021

As we enter 2021, a number of compounding factors are driving the current insurance marketplace. First, there has been a substantial increase in the number of large weather-related loss events. Second, interest rates remain near historical lows, and third, the industry is dealing with an increasing loss trend in liability lines. Each of these factors help drive up prices and reduce coverage availability. Add to all these factors a global pandemic and a tightening in the reinsurance marketplace—the market is experiencing a high sense of uncertainty. This uncertainty is contributing to the feeling that this is a time where the market has entered into a new phase of recalibration. Many would call this recalibration a hard market for certain lines of coverage and industries in the U.S.

This hardening market is an underwriting-driven marketplace. In a traditional hard market, capital (and consequently capacity) is reduced, thereby limiting the availability of insurance. This marketplace is driven by the need for underwriters to make a profit from underwriting versus relying on investment income. Carriers remain intensely focused on underwriting discipline, ensuring they secure the right terms and pricing on certain lines of coverage that have historically not performed from an underwriting standpoint.

The pace of the United States' economic recovery and the outcome of the active hurricane season could alter some of the underlying fundamentals of the current marketplace. However, in all likelihood, the conditions that exist today are not changing anytime soon, and it will take carriers some time re-underwriting their books of business to overcome the challenges associated with the current marketplace. Accordingly, all market indications point to a continuation of premium increases for the balance of the year and throughout 2021.

Utilizing Gallagher Drive®, our proprietary data and analytics platform, our brokerage team can provide specific rate guidance for your line of coverage, industry and geography. Combined with deep expertise in your particular industry and business, Gallagher can help you navigate today's highly nuanced market.

Southeast Little League 2021 Championship Day & League Picnic Friday, June 25th

Southeast Little League is having our annual End of the Season League Picnic and Awards Ceremony on Friday, June 25th. As part of the celebration we have asked the City of Davenport for a variance so that we may do fireworks. If granted, we would light them between 8:45pm and 9:15pm. Our Fireworks will last 10-15 minutes or less.

We are letting the neighbors know that surround Prairie Heights Park so that you are aware of the activities that are taking place. If you have any questions, you may contact Brian Krup, Deputy City Clerk with the City of Davenport at 563.326.6163.

Thank you.
