CITY HALL, 226 W 4TH ST, COUNCIL CHAMBERS

A PARTIALLY ELECTRONIC MEETING IS BEING HELD BECAUSE A FULLY "IN PERSON" MEETING IS IMPRACTICAL DUE TO CONCERNS FOR THE HEALTH AND SAFETY OF COUNCIL MEMBERS, STAFF, AND THE PUBLIC PRESENTED BY COVID-19, AND TO FOLLOW THE GOVERNOR'S PROCLAMATION AND THE MAYOR'S EXECUTIVE ORDER DIRECTING SOCIAL DISTANCING AND PLACING RESTRICTIONS ON GATHERINGS. IN PERSON ATTENDANCE BY THE GENERAL PUBLIC AT ANY CITY OF DAVENPORT PUBLIC MEETING WITHIN ITS FACILITIES SHALL BE LIMITED TO 20 PERSONS.

REGULAR MEETING AGENDA

I. Roll Call

Present: Schneider, Lammers, Johnson, Tallman, Inghram, Hepner, Brandsgard, Reinartz, Maness, Garrington
Staff: Berkley, Koops, Werderitch

II. Report of the City Council Activity

Berkley updated the commission that Case REZ21-01, being the request of Rock Church Ministries Inc. to rezone Parcel P1304-02C from S-OS Open Space District to R-1 Single-Family Residential District, was tabled at City Council to allow for the appointment of the 7th Ward Alderperson.

III. Secretary's Report

A. Consideration of the May 4, 2021 meeting minutes.

Motion by Tallman, second by Hepner to approve the May 4, 2021 meeting minutes.
Motion to approve was unanimous by voice vote (10-0).

IV. Report of the Comprehensive Plan Committee

V. Zoning Activity

A. Old Business

B. New Business

- i. Case REZ21-03: Request of Build to Suit on behalf of Elmore Storage LLC to rezone 6403 Elmore Avenue (PIN Y0551A04) from C-E Elmore Corners to C-3 General Commercial District to allow for the expansion of the existing outdoor storage units. [Ward 6]

Koops and Berkley provided an overview of the case. The site was developed in accordance with the previous Zoning Ordinance. However, due to the adoption of a new Zoning Ordinance in 2019, the property was rezoned to C-E Elmore Corners District. This made the existing outdoor self-storage facility a nonconforming use. A rezoning to C-3 General Commercial District will bring the site into conformance with the current ordinance and enable construction of the second phase of units as a special use.

Maness inquired about the Special Use Permit and review by the Zoning Board of Adjustment. Reinartz spoke on behalf of the planning process and original intention of the Elmore Corners Area Plan to promote upscale development.

No members of the public spoke in favor or opposition to the petition.

Staff recommended the Plan and Zoning Commission forward Case REZ21-03 to the City Council with a recommendation for approval without conditions.

Findings:

1. The zoning map amendment is consistent with the Davenport 2035+ Land Use Plan (Regional Commercial – RC), which allows for the proposed use and other such similar uses.
2. The proposed C-3 General Commercial District and storage use is compatible with the adjacent zoning area characteristics, and public health and welfare as there are other regional commercial uses nearby and the use is allowed in the RC classification.
3. Rezoning the property to C-3 General Commercial District does not create any nonconformities and will in fact change a nonconforming use into a conforming use.
4. Required Special Use approval for outdoor storage units in the C-3 District offers a further level of review for the protection of adjacent properties.

Motion by Schneider, second by Lammers to approve Case REZ21-03 in accordance with the listed findings. After a roll call vote, motion passed 8-1. Reinartz voted against.

VI. Subdivision Activity

A. Old Business

B. New Business

- i. Case F20-11: Request of DA Montana LLC for a Final Plat of Shirley's Shire for a 3 lot subdivision on 12.043 acres located north of Telegraph Road, west of Wisconsin Avenue. [Ward 1]

Berkley provided an overview of the proposed final plat and explained the split zoning of the property. Inghram discussed the importance of policing conditions placed on approved cases.

Staff recommended the Commission accept the listed findings and forward Case F20-11 to the City Council with a recommendation for approval subject to the listed conditions.

Findings:

1. The plat conforms to the comprehensive plan Davenport+2035; and
2. The plat (with conditions recommended by City Staff) would achieve consistency with subdivision requirements.

Conditions:

1. That the surveyor signs the plat;
2. That the utility providers sign the plat when their easement needs have been met;
3. That the affidavit of existing land uses shall be recorded on the property;
4. Revise the zoning district classification from 'A-1' to 'S-AG'.

Motion by Hepner, second by Tallman to approve Case F20-11 in accordance with the listed findings and conditions. Motion to approve was unanimous by a roll call vote (9-0).

- ii. Case P21-01: Request of Dan Dolan Homes on behalf of Sophie Foster Revocable Trust for a Preliminary Plat of Birchwood Grove for a 73 lot subdivision on 20 acres located at 4607 East 53rd Street. [Ward 6]

Werderitch introduced the residential preliminary plat and updated the Commission on the rezoning ordinance approved by City Council.

Staff recommended the Plan and Zoning Commission accept the listed findings and forward Case P21-01 to the City Council with a recommendation for approval subject to the 14 listed conditions.

Findings:

1. The plat conforms to the comprehensive plan Davenport+2035; and
2. The plat (with conditions recommended by City Staff) would achieve consistency with subdivision requirements.

Conditions:

1. A note shall be added to the plat stating all streets will be dedicated to the city upon recording of the plat.
2. All rezoning conditions shall be listed as a note on the plan
3. Birchwood Lane and Lakeview Court shall be renamed.
4. All sidewalks shall be shown on the preliminary plat and a note shall be added stating that the sidewalks shall be installed as development occurs or as so ordered by the city.
5. All building footprints shall be added to the preliminary plat.
6. Add all setbacks to the plat.
7. Drainage easements shall be separated from landscaped buffers.
8. Pedestrian access to existing sidewalks shall on E. 51st Street, Eastbury Estates and Hawk Drive shall be depicted as pedestrian easement with a note stating that the landowner must maintain 5 ft. wide pedestrian sidewalk for the appropriate lot numbers.
9. Lots containing townhouses shall be combined to contain at least one building to meet interior side setback requirements.
10. Infrastructure is labeled as private or public as appropriate.
11. Adequate access easement shall be provided to Lot B for maintenance of the detention basin.
12. Sewer easements shall be shown for lots 21 and 68.
13. A note shall be added that all drainage easements shall be maintained by landowner as stormwater passageways as a lawn and be free of structures, pools, fences, fill, bushes, trees, shrubs, or other landscaping that impede the flow of water.
14. A 50' drainage easement shall be established along Stafford Creek.

Lammers stated that a conversation is needed prior to the final plat addressing the enforcement of conditions. Schneider inquired to staff about the reasoning behind condition nine and its impact on potential buyers.

Motion by Hepner, second by Maness to approve Case P21-01 in accordance with the listed findings and conditions. Motion to approve was unanimous by a roll call vote (8-0). Tallman abstained.

- iii. Case P21-02: Request of S.J. Russell, L.C. on behalf of Sophie Foster Revocable Trust for a Preliminary Plat of Birchwood South 1st Addition for an 11 lot subdivision on 17.92 acres located at 4607 East 53rd Street. [Ward 6]

Werderitch introduced the commercial preliminary plat and required infrastructure improvements.

Staff recommended the Commission accept the listed findings and forward Case P21-02 to the City Council with a recommendation for approval subject to the 9 listed conditions.

Findings:

1. The plat conforms to the comprehensive plan Davenport+2035; and
2. The plat (with conditions recommended by City staff) would achieve consistency with subdivision requirements.

Conditions:

1. Dedicate the multi-use trail along E. 53rd Street as public right-of-way.
2. A note shall be added stating all streets and areas labeled as ROW will be dedicated to the city upon the recording of the plat.
3. All rezoning conditions shall be listed as a note on the plat.
4. Birchwood Lane and Birchleaf Road shall be renamed.
5. All sidewalks shall be shown on the preliminary plat and a note shall be added stating that sidewalks shall be installed as development occurs or so ordered by the city.
6. The 30' access and utility easement east of Birchwood Lane (to be renamed) shall also include "sewer" and shall be extended across Lots 6 and/or 9 to Lot B.
7. Access easements for the detention areas shall be congruent with the ROW and include "access" in the 15' utility easement to Lot A.
8. Lots A and B shall include a stormwater detention easement.
9. A note shall be added identifying ownership and maintenance responsibilities for the detention areas.

Inghram inquired about zoning code enforcement. Petitioner education may be needed following Commission approval.

Motion by Hepner, second by Maness to approve Case P21-02 in accordance with the listed findings and conditions. Motion to approve was unanimous by a roll call vote (8-0). Tallman abstained.

VII. Future Business

Subject:

Case P21-03: Request of Dan Dolan Homes for a Preliminary Plat of a 38 lot subdivision on 7.18 acres located south of Lincoln Road, east of Broadlawn Avenue, north of Riverview Park Drive, and west of Kimberly Road. [Ward 6]

Recommendation:

Staff recommends the Plan and Zoning Commission table Case P21-03 until after the Petitioner holds the requested neighborhood informational meeting followed by a separate meeting with both Davenport and Bettendorf staff.

Background:

Discussion:

The proposed subdivision is located within both Davenport and Bettendorf. Lots 29-38 would be located within Davenport city limits with street access proposed by a cul-de-sac. The proposed land use is single-family and single-family semi-detached homes. Davenport staff have coordinated with Bettendorf staff. Bettendorf has provided their Development Review Committee comments one of which is the requirement of a neighborhood informational meeting.

Staff have concerns regarding the topography of the overall subdivision, impacts to traffic and drainage.

Comprehensive Plan:

Within Existing Urban Service Area: Yes

Within Urban Service Area 2035: Yes

Future Land Use Designation: Residential General (RG) – Designates neighborhoods that are mostly residential but include, or are within one-half mile (walking distance) of scattered neighborhood-compatible commercial services, as well as other neighborhood uses like schools, churches, corner stores, etc. generally oriented along Urban Corridors (UC). Neighborhoods are typically designated as a whole. Existing neighborhoods are anticipated to maintain their existing characteristics in terms of land use mix and density, with the exception along edges and transition areas, where higher intensity may be considered.

Relevant Goals to be considered in this Case: Strengthen the Existing Built Environment.

The proposed Final Plat would comply with the Davenport +2035 proposed land use section.

Zoning:

The property is currently zoned R-4C – Single-Family and Two-Family Central Residential Zoning District. The R-4C Zoning District is intended to preserve and protect Davenport's dense, centrally located, established urban residential neighborhoods. Standards of the R-4C District are intended to ensure that new development is complementary to the existing developed character of these neighborhoods. Limited non-residential uses that are compatible with the surrounding residential neighborhoods may be permitted in the R-4C District.

Technical Review:

- Streets. The subdivision proposes connection of Crestline Drive at the Bettendorf/Davenport City Limits through to Lincoln Drive. A cul-de-sac within Davenport to provide access to the lots with Davenport.
- Storm Water. Stormwater is not proposed within the Davenport city limits. The City of Bettendorf stormwater regulations will apply.
- Sanitary Sewer. Sanitary sewers will be extended from existing infrastructure to serve this subdivision.
- Other Utilities. Other normal utility services are available.

Public Input:

No public hearing is required for a Preliminary Plat.

RE: Cottages at McClellan Heights - Preliminary Plat

To Whom It May Concern:

The following comments were generated from the review of the submitted plans and documents for the referenced project. Because of the complexity of the concerns regarding the proposed development, staff will not be forwarding this preliminary plat to the Planning and Zoning Commission until such time as a meeting has been held with the applicant and staff and all outstanding concerns are resolved.

Development Review Committee

1. Show driveways for all lots. Available snow storage seems limited.
2. Minimum rate of curvature must be 29.
3. Minimum centerline profile grade is 0.8%.
4. Maximum centerline profile grade is 8.0%.
5. Show spot elevations for north cul-de-sac transitions on preliminary engineering. Algebraic differences require vertical curves on north end of project.
6. Widen sewer and drainage easements to a minimum 15 feet. Storm sewer and drainage easement must be wide enough to accommodate overflows.
7. Widen right-of-way to 53 feet to accommodate 5 foot sidewalks.
8. No street connectivity to Davenport will be approved by the City of Bettendorf until approved by resolution by the City of Davenport.
9. Label building setback lines.
10. A landscape buffer is required for all double frontage lots.
11. Additional fire hydrants will be required.
12. Developer is required to hold a broadly publicized neighborhood informational meeting prior to the project's being heard by the City of Bettendorf Planning and Zoning Commission.

If you have any comments or questions, please contact Greg Beck at (563) 344-4071.

Subject:

Case F21-03: Request of SB Real Estate, LLC for a Final Plat of a 3 lot subdivision on 122.48 acres located at the southeast corner of West 76th Street and North Division Street. [Ward 8]

Recommendation:

Staff recommends the Plan and Zoning Commission accept the listed findings and forward Case F21-03 to the City Council with a recommendation for approval subject to the 11 listed conditions:

1. That the surveyor signs the plat.
2. That the utility providers sign the plat when their easement needs have been met.
3. That all easements be a minimum of 15 feet or twice the depth of the utility line.
4. Include a recreational trail easement per City Green Way Plan.
5. Label Goose Creek on the plat.
6. Include language on the plat limiting basement locations and requiring vapor barriers within 100' of the landfill boundaries.
7. Include a note stating, "No subsurface basements are allowed within 100 feet of the east line of the subdivision."
8. A minimum of 80 feet of ROW for Marquette Street shall be dedicated adjacent to the landfill property. Future Marquette pavement is to be centered in the west 70 feet.
9. Any utilities placed on the east side of Marquette Street shall be overhead or shall use approved methods of preventing subsurface gas migration.
10. A minimum 20 foot wide utility easement shall be dedicated on the west side of Marquette Street.
11. Any storm or sanitary sewer placed within Marquette Street ROW shall be constructed using approved methods of preventing subsurface gas migration.

Findings:

1. The final plat conforms to the comprehensive plan Davenport +2035.
2. The final plat prepares the area for future development.
3. The final plat raises issues regarding public safety due to flooding and adjacent land uses.
4. There are significant issues that will need to be addressed prior to the further subdivision of lot 3 for residential development.
5. The plat (with conditions recommended by City Staff) would achieve consistency with subdivision requirements.

Background:

Comprehensive Plan:

Within Existing Urban Service Area: Yes

Within Urban Service Area 2035: Yes

Future Land Use Designation:

1. Residential General (RG) – Designates neighborhoods that are mostly residential but

include, or are within one-half mile (walking distance) of scattered neighborhood-compatible commercial services, as well as other neighborhood uses like schools, churches, corner stores, etc. generally oriented along Urban Corridors (UC). Neighborhoods are typically designated as a whole. Existing neighborhoods are anticipated to maintain their existing characteristics in terms of land use mix and density, with the exception along edges and transition areas, where higher intensity may be considered.

2. Open Space/Public Land (OS): Includes undeveloped open space, natural areas, floodplains and wetlands that may be or may not be planned for future park and recreation development.

Relevant Goals to be considered in this Case: Strengthen the Existing Built Environment.

The proposed Final Plat would comply with the Davenport +2035 proposed land use section.

Zoning:

1. Lot 1 of the proposed final plat is zoned C-2 Corridor Commercial District.
2. Lot 2 of the proposed final plat is zoned I-1 Light Industrial District.
3. North of Goose Creek, Lot 3 is zoned R-4 Single-Family and Two-Family Residential District.
4. South of Goose Creek, Lot 3 is zoned R-3 Single-Family and Two-Family Residential District.

Technical Review:

1. Iowa American Water: There are 12" water mains in Division Street and 76th Street.
2. Natural Resources: Stormwater detention for Oakbrook North 1st and 2nd subdivisions, south of Goose Creek, must be incorporated into the storm water detention practices of the developments north of Goose Cree. Platting and development must accommodate the detention requirements.
3. Waste Commission of Scott County: A closed landfill is located to the east of the subdivision. The boundary of the landfill extends into the existing right-of-way for Marquette Street. No excavation is permitted within the extents of the landfill. Additional recommendations to limit potential exposure to the general public from the Former Brady Street Landfill associated within the proposed subdivision.

Public Input:

No public hearing is required for a Final Plat.

Discussion:

The purpose of the Final Plat is to divide the existing 122.48 acre property into 3 lots based on the zoning district boundaries. The intention is to sell Lot 1, zoned C-2 Corridor Commercial District, and Lot 2, zoned I-1 Light Industrial District, to a potential developer. Lot 3, consisting of 94.574 acres, will be further subdivided for residential development.

ORDINANCE NO. *2007-522*

AN ORDINANCE

BE IT ENACTED BY THE CITY COUNCIL OF THE CITY OF DAVENPORT, IOWA:

Section 1. The following described unit of Scott County, Iowa real estate is hereby rezoned from "R-4 PUD" Planned Unit Development (31.14 acres) and "M-3" Planned Industrial District (10.12 acres) to "PDD" Planned Development District to facilitate residential development (Jersey Roads LC, petitioner). The property has the following legal description:

Part of the Northeast Quarter of Section 3, Township 78 North, Range 3 East of the 5th P.M. being more particularly described as follows:

Beginning at the intersection of the south right-of-way line of West 76th Street and the east line of said Section 3; thence South 00 degrees-02'-10" East 2,413.67 feet; thence North 51 degrees-43'-20" West 541.40 feet; thence North 56 degrees-03'-26" West 369.81 feet; thence North 48 degrees-07'-14" West 274.19 feet; thence North 35 degrees-13'-13" West 116.22 feet; thence North 10 degrees-13'-37" East 1603.49 feet to the south right-of-way line of West 76th Street; thence North 88 degrees-44'-13" East 716.93 feet along said south right-of-way line of West 76th Street to the Point of Beginning. Said tract contains 41.26 acres, more or less. Said tract contains 41.26 acres, more or less.

The rezoning is to allow residential development of varying types. The rezoning is subject to the following special conditions:

Traffic conditions related to (all parcels including those that were part of the earlier rezoning but are not included in this petition).

1. all previous traffic conditions listed in City Ordinance 2004-588 shall remain in place;
2. that no home sites will have direct access to Division Street and that street access to Division Street will be approved by the City Traffic Engineer;
3. that access to 76th Street and Marquette Street will be limited locations approved by the City Traffic Engineer;
4. there may be a need for right-of-way for right turn lanes on Division Street. Right-of-way needs will be reviewed with the filing of subdivision plats;

5. that the City Traffic Engineer review and approve a street layout for the entire area being rezoned. This will be provided with the preliminary plat and shall include Marquette Street;
6. that platting, grading and construction plans for this area accommodate the extension of Marquette Street to 76th Street. This extension will require a crossing, bridge or large culvert, over Goose Creek. The east-west location of the Marquette and 76th intersection needs to be reviewed. If Marquette were to be extended north along the existing half right-of-way, it will intersect in a potentially unsafe location. This is due to sharp horizontal curves and lane transitions at this location in existing 76th Street. Additional paving and right-of-way may be required for 76th Street at the Marquette Street intersection. The minimum street right-of-way width for Marquette Street is 70' per City Code Section 16.24, major collector streets;
7. that the paving profile for the Marquette Street crossing of Goose Creek be established by the developer's engineer for City review and approval prior to approval of the grading plan;
8. that platting, grading and construction plans for this area accommodate the extension of Hoover Road through to Division Street or Ridgeview Drive. This will provide connection of the 65th – 67th Street corridor to Division Street. The minimum street right-of-way width for the Hoover Road extension is 70' per City Code Section 16.24, major collector streets;

Storm water management conditions (all parcels):

9. That storm water calculations and a storm water management plan for the site at full development be submitted to, and approved by, the City of Davenport prior to the issuance of building permits;
10. that the petitioner delineate on future plats and development plans the area within the 100-year flood plain of Goose Creek and dedicate to the City this area for a greenway walking path and flood plain management purposes. In addition there will be an additional 50-foot area to be dedicated as an easement adjacent to the 100-year flood plain within which primary structures will not be allowed. Low water entry points shall be one-foot above the 100-year storm elevation;

Grading and erosion control plans (all parcels):

11. that grading plans be submitted to, and be approved by, the Engineering Division of the Public Works Department;
12. that an erosion control plan be submitted to the Engineering Division of the Public Works Department of the City of Davenport for approval. Any erosion control plan shall be accompanied by a copy of the project's NPDES General Permit No. 2. All erosion control structures shall be in place prior to the beginning of any site grading;
13. that construction plans for public streets, storm sewers and sanitary sewers be submitted to the Engineering Division for review and approval prior to Council approval of a final plat.

Conditions related to multi-family development (any residential use other than detached single-family homes):

14. that any development comply with the provisions of Chapter 17.41 of the Davenport Municipal Code entitled "HCOD", Highway Corridor Overlay District;

15. that a site plan be submitted complying with Chapter 17.56 of the Davenport Municipal Code entitled "Site Plans";
16. that a landscape plan shall be submitted to, and approved by, City staff prior to the issuance of any building permits;
17. that parking lot lighting be limited to downcast luminaires; and reflect away from City streets and residential properties;
18. that the architectural plans, elevations and materials be submitted to the Design Review Committee of the City Plan and Zoning Commission for review and approval;
19. that the project signage be submitted to the Design Review Committee of the City Plan and Zoning Commission for review and approval.

Land uses:

20. that land use be limited to residential development with the locations of various housing types and allowed densities to be approved with the first final development plan;

SEVERABILITY CLAUSE. If any of the provisions of this ordinance are for any reason illegal or void, then the lawful provisions of this ordinance, which are separable from said unlawful provisions shall be and remain in full force and effect, the same as if the ordinance contained no illegal or void provisions.

REPEALER. All ordinances or parts of ordinances in conflict with the provisions of this ordinance are hereby repealed.

EFFECTIVE DATE. This ordinance shall be in full force and effective after its final passage and publication as by law provided.

Subject:

Case F21-04: Request of Speedway, LLC for a Final Plat of a 2 lot subdivision on 16.74 acres located at 8320 Hillandale Road. [Ward 8]

Recommendation:

Staff recommends the Plan and Zoning Commission accept the listed findings and forward Case F21-04 to the City Council with a recommendation for approval subject to the listed conditions:

Findings:

1. The final plat conforms to the comprehensive plan Davenport +2035.
2. The final plat prepares the area for future development.
3. The plat (with conditions recommended by City Staff) would achieve consistency with subdivision requirements.

Conditions:

1. That the surveyor signs the plat.
2. That the utility providers sign the plat when their easement needs have been met.
3. Include ties to two quarter corners or two previously established lot corners.
4. Add a note stating that areas identified as ROW dedication areas are hereby dedicated to the City of Davenport with the recording of the plat.
5. The legend, curve table and line table shall be moved to outside of Lot 1.
6. Remove all references to flood areas.
7. The Dengler Drive Right-of-Way shall extend an addition 14 feet to the north.
8. That all easements be a minimum of 15 feet or twice the depth of the utility line.
9. A 15 foot utility easement shall be placed along all street frontages including Northwest Boulevard and Dengler Drive.
10. Reference the document recording number for the newly dedicated ROW at the SE corner of Dengler Drive.
11. Add a note stating that sidewalks shall be constructed as development occurs or when so ordered by the City.
12. Add a note stating blanket underground easements are granted for sewer, water, gas, electric, and communications services.
13. Add a note stating all public utilities shall be located within easements or public ROW.
14. Include stormwater detention area in an easement with appropriate access for maintenance and inspection.
15. Add a note stating that the stormwater easements shall be owned and maintained by the property owner.
16. Add a note stating that Stormwater detention and water quality treatment will be required for this subdivision per City Code Section 13.34 Stormwater Management. Details and required easements shall be provided upon development.

Background:

Comprehensive Plan:

Within Existing Urban Service Area: Yes

Within Urban Service Area 2035: Yes

Future Land Use Designation:

1. Industry (I): Designates areas devoted to manufacturing, assembly/fabrication, warehousing and distribution, research and technological innovation centers, and associated commercial/office uses developed at a scale as to warrant access to good transportation networks and separation or buffering from residential uses.

Relevant Goals to be considered in this Case: Strengthen the Existing Built Environment.

The proposed Final Plat would comply with the Davenport +2035 proposed land use section.

Zoning: Lot 1 and Lot 2 will remain zoned I-1 Light Industrial District. This district is intended to provide for a variety of light manufacturing, fabricating, processing, distributing, and warehousing uses. Light industrial uses are enclosed, low-intensity uses with minimal, if any, outside impacts.

Technical Review:

- Streets. The property has street frontage on Northwest Boulevard, Hillandale Road, and Dengler Drive. Street access is provided via Hillandale Road and Dengler Drive. Northwest Boulevard in this area is also State Highway 130. No street access is permitted to Northwest Boulevard without Iowa Department of Transportation approval. It is unknown at this time where Dengler Drive will expand in the future. Staff has asked to increase the Right-of-Way dedication by 14 feet to align with Lot 1.
- Storm Water. The development in Lot 1 has approved stormwater detention and water quality being installed. The submitted final plat does not show these features, but is required to do so. Stormwater detention and water quality treatment will be required for this subdivision per City Code Section 13.34 Stormwater Management. Details and required easements shall be provided upon development.
- Sanitary Sewer. Sanitary sewers will be extended from existing infrastructure to the northeast within the proposed sewer easement. This improvement has been reviewed and approved as part of the site development.
- Other Utilities. Other normal utility services are available.

Public Input:

No public hearing is required for a Final Plat.

Subject:

Case F21-05: Request of 3rd Gen LLC for a Final Plat of a 2 lot subdivision on 13.11 acres located at 3053 Research Parkway. [Ward 8]

Recommendation:

Staff recommends the Plan and Zoning Commission accept the listed findings and forward Case F21-05 to the City Council with a recommendation for approval subject to the listed conditions:

1. That the surveyor signs the plat.
2. That the utility providers sign the plat when their easement needs have been met.
3. That all easements be a minimum of 15 feet or twice the depth of the utility line.
4. Access to Research Parkway shall be limited to sharing the existing drive on Lot 2 or from the existing ROW on the west side of the addition.
5. A note shall be added that sidewalk shall be constructed on Research Parkway prior to occupancy or when ordered by the City.

Findings:

1. The final plat conforms to the comprehensive plan Davenport +2035.
2. The final plat prepares the area for future development.
3. The plat (with conditions recommended by City Staff) would achieve consistency with subdivision requirements.

Background:

Comprehensive Plan:

Within Existing Urban Service Area: Yes

Within Urban Service Area 2035: Yes

Future Land Use Designation:

1. Industry (I): Designates areas devoted to manufacturing, assembly/fabrication, warehousing and distribution, research and technological innovation centers, and associated commercial/office uses developed at a scale as to warrant access to good transportation networks and separation or buffering from residential uses.

Relevant Goals to be considered in this Case: Strengthen the Existing Built Environment.

The proposed Final Plat would comply with the Davenport +2035 proposed land use section.

Zoning:

1. Lot 1 and Lot 2 will remain zoned I-1 Light Industrial District. This district is intended to provide for a variety of light manufacturing, fabricating, processing, distributing, and warehousing uses. Light industrial uses are enclosed, low-intensity uses with minimal, if any, outside impacts.

Technical Review:

1. Natural Resources: The pond is currently owned and maintained by the Greater Davenport Redevelopment Corporation (GDRC). However, the pond will become the responsibility of the owner's association at a later date.
2. Streets: No new curb cuts or median crossings will be approved in Research Parkway. Therefore, access shall be limited to sharing the existing drive on Lot 2 or from the existing ROW on the west side of the addition.
3. MidAmerican Energy: Approves of the proposed final plat based on the easements provided.

Public Input:

No public hearing is required for a Final Plat.

Discussion:

The purpose of the Final Plat is to divide the existing 13.11 acre property into 2 lots. The Roemer Machine Facility on the eastern portion of the plat will become Lot 2. The eastern half of the site, currently used for agriculture, will become Lot 1. The intention is to sell Lot 1 to a potential developer. Lot 1 will have street frontage on both Research Parkway and Research Drive.
