Proclamation

- Whereas** Public Works services provided in our community are an integral part of our citizen's everyday lives; and
- Whereas** Public Works are first responders responsible for protecting, operating, maintaining, and restoring critical infrastructure in times of emergency; and
- Whereas** the support of an understanding and informed citizenry is vital to the efficient operation of Public Works systems and programs such as: building, rental and environmental inspection, composting, engineering, facility maintenance, fleet maintenance, forestry, natural resources, solid waste collection, sewer and street maintenance, parking, transit and water pollution control; and
- Whereas** the health, safety and comfort of this community greatly depends on these facilities and services; and
- Whereas** the quality and effectiveness of these facilities, as well as their planning, design and construction, is vitally dependent upon the efforts and skill of Public Works staff; and
- Whereas** the efficiency of the qualified and dedicated personnel who staff the Public Works department is materially influenced by the citizen's and council's attitude and understanding of the importance of the work they perform.
- Now therefore** We, Mayor Frank Klipsch and the Davenport City Council do hereby proclaim the week of May 19th through May 25th, 2019 as

Public Works Week

in the City of Davenport and recognize its 26th anniversary of being a Department of Public Works. We call upon all citizens and civic organizations to acquaint themselves with the issues involved in public works and to recognize the contributions which public works employees make every day to our health, safety, comfort and quality of life.

Dated this 22nd day of May, 2019

Third Consideration: Ordinance for Case ORD19-01 being the request of the City of Davenport to amend various sections of Title 17 of the Davenport City Code, entitled "Zoning," by correcting scrivener errors and amending certain dimensional standards. [All Wards]

Recommendation:
Adopt the Ordinance.

Background:

Staff has been applying the recently adopted Zoning Ordinance to site development plans over the past two months. Two recent development proposals revealed four sections of the Zoning Ordinance that should be amended as soon as possible because developers anticipate breaking ground in the spring. CPED staff anticipates requesting future amendments at the six-month and one-year marks, following the initial Zoning Ordinance adoption. Below is summary of the amendments:

Section 1: Change to achieve consistency with other sections of the Zoning Ordinance.

Section 2: Heart of America is seeking to construct a hotel over 50' in height on Elmore Avenue. The change would increase the maximum building height in the C-3 District to 55 feet. This is consistent with the 10 feet height increase already in the table (i.e. CT – 35', C-1 and C-2 – 45').

Section 3: Clarifies the intent of the transparency requirement.

Section 4: Corrects a scrivener's error.

Section 5: The change would reduce the minimum required parking for a hotel to 1.0 parking space per room (1.5 per room currently). Two submitted development proposals do not meet this requirement. City staff researched six recently constructed/permitted hotels in Davenport. Provided parking ranged from .96-1.36 parking spaces per hotel room (average - 1.15 parking spaces per hotel room).

Section 6: Corrects the posting requirement for a design review application.

Section 7: Adds omitted language.

Section 8: The Zoning Ordinance allows for a 10% administrative exception to any dimensional requirement. However, the approval standards are similar to the approval standards for a Hardship Variance approved by the Zoning Board of Adjustment. It was never the intent to make this process as onerous as a Hardship Variance.

Section 9: Replaces language that references the previous Zoning Ordinance.

Plan and Zoning Commission recommendation:

Finding:

1. The Zoning Ordinance amendment will correct scrivener errors and amend certain overly restrictive dimensional standards

The Plan and Zoning Commission accepted the listed finding and forwards Case ORD19-01 to the City Council with a recommendation for approval.

The vote for approval was 8–yes, 0-no and 0-abstention.

Section 7. Section 17.14.020 of the Davenport Municipal Code, entitled "Notice (Section 17.14.020.C.3.a only)" is hereby amended to read as follows:

3. Mailed Required Notice

Per Table 17.14-1, administrative exceptions require mailed notice.

- a.** Notice will be mailed to property owners abutting the subject property as well as the property owner located directly across the street.

Section 8. Section 17.14.070 of the Davenport Municipal Code, entitled "Administrative Exception (Section 17.14.070.E only)" is hereby amended to read as follows:

E. Approval Standards

The decision of the Zoning Administrator must make findings to support the following conclusion:

- 1.** The administrative exception, if granted, will not alter the essential character of the locality.

Section 9. Section 17.17 of the Davenport Municipal Code, entitled "Reservations of Previously Approved Conditions and Plans (Section 17.17.010.J only)" is hereby amended to read as follows:

J. Ordinance 2017-520.

- 1.** Condition 5. That a fifty (50) foot landscape buffer and 6 foot high fence be established along the south end of the property. The landscape buffer shall be developed with the following plantings: four canopy trees, six understory trees and 24 shrubs or 12 evergreens/conifers per 100 linear feet. Note: Condition 5 was modified to remove reference to previous Zoning Ordinance.
- 2.** Condition 6. Lighting shall consist of LED Dark Sky fixtures not higher than twenty five feet. Fixtures shall be shielded from view from properties to the south and shall be powered down within one-half hour of closing to a level necessary to provide security lighting only.
- 3.** Condition 7. Routine use of PA systems outside of buildings on the property shall not be permitted.
- 4.** Condition 8. Car washes on the property shall not be located closer than one hundred twenty five (125) feet from the south property line, oriented so entrances and exits be oriented in an east-west direction and operate only when the dealership is open for business.
- 5.** Condition 9. The following uses shall not be closer than three hundred (300) feet from the south property line:
 - a.** Automobile and service and oil change facilities not part of an automobile dealership.
 - b.** Any use utilizing drive-through window(s).

SEVERABILITY CLAUSE. If any of the provisions of this ordinance are for any reason illegal or void, then the lawful provisions of this ordinance, which are separable from said unlawful provisions shall be and remain in full force and effect, the same as if the ordinance contained no illegal or void provisions.

REPEALER. All ordinances or parts of ordinances in conflict with the provisions of this ordinance are hereby repealed.

EFFECTIVE DATE. This ordinance shall be in full force and effective after its final passage and publication as by law provided.

Section 7. Section 17.14.020 of the Davenport Municipal Code, entitled “Notice (Section 17.14.020.C.3.a only)” is hereby amended to read as follows:

3. Mailed Required Notice

Per Table 17.14-1, administrative exceptions require mailed notice.

- a. Notice will be mailed to ~~properties~~ **property owners** abutting the subject property as well as the property **owner** located directly across the street.

Section 8. Section 17.14.070 of the Davenport Municipal Code, entitled “Administrative Exception (Section 17.14.070.E only)” is hereby amended to read as follows:

E. Approval Standards

The decision of the Zoning Administrator must make findings to support ~~each of~~ the following conclusions:

- ~~1. The strict application of the terms of this Ordinance will result in hardship unless the specific relief requested is granted.~~
- ~~2. The particular physical surroundings, shape, or topographical conditions of the specific property impose a particular hardship upon the owner, as distinguished from a mere inconvenience, if the strict letter of the regulations were to be carried out.~~
- ~~3. The plight of the owner is due to unique circumstances that do not apply to a majority of adjoining or nearby property, and is not a self-created hardship.~~
- 4.1.** The administrative exception, if granted, will not alter the essential character of the locality.

Section 9. Section 17.17 of the Davenport Municipal Code, entitled “Reservations of Previously Approved Conditions and Plans (Section 17.17.010.J only)” is hereby amended to read as follows:

J. Ordinance 2017-520.

- ~~1. Condition 5. That a fifty (50) foot landscape buffer (Class C, see Chapter 17.56) and 6 foot high fence be established along the south end of the property.~~
- 1. Condition 5. That a fifty (50) foot landscape buffer and 6 foot high fence be established along the south end of the property. The landscape buffer shall be developed with the following plantings: four canopy trees, six understory trees and 24 shrubs or 12 evergreens/conifers per 100 linear feet. Note: Condition 5 was modified to remove reference to previous Zoning Ordinance.**
- 2. Condition 6. Lighting shall consist of LED Dark Sky fixtures not higher than twenty five feet. Fixtures shall be shielded from view from properties to the south and shall be powered down within one-half hour of closing to a level necessary to provide security lighting only.**
- 3. Condition 7. Routine use of PA systems outside of buildings on the property shall not be permitted.**
- 4. Condition 8. Car washes on the property shall not be located closer than one hundred twenty five (125) feet from the south property line, oriented so entrances and exits be oriented in an east-west direction and operate only when the dealership is open for business.**
- 5. Condition 9. The following uses shall not be closer than three hundred (300) feet from the south property line:**
 - a. Automobile and service and oil change facilities not part of an automobile dealership.**
 - b. Any use utilizing drive-through window(s).**

SEVERABILITY CLAUSE. If any of the provisions of this ordinance are for any reason illegal or void, then the lawful provisions of this ordinance, which are separable from said unlawful provisions shall be and remain in full force and effect, the same as if the ordinance contained no illegal or void provisions.

REPEALER. All ordinances or parts of ordinances in conflict with the provisions of this ordinance are hereby repealed.

EFFECTIVE DATE. This ordinance shall be in full force and effective after its final passage and publication as by law provided.

Honorable Mayor and City Council
City Hall
226 West 4th Street
Davenport, Iowa 52801

At its regular meeting of April 2, 2019, the City Plan and Zoning Commission considered Case ORD19-01 being the request of the City of Davenport to amend various sections of Title 17 of the Davenport City Code, entitled "Zoning", by correcting scrivener errors and amending certain dimensional standards. [Ward All]

Finding:

1. The Zoning Ordinance amendment will correct scrivener errors and amend certain overly restrictive dimensional standards

The Plan and Zoning Commission accepted the listed finding and forwards Case ORD19-01 to the City Council with a recommendation for approval.

The vote for approval was 8–yes, 0–no and 0–abstention.

Respectfully submitted,

Robert Inghram, Chairperson
City Plan and Zoning Commission

Second Consideration: Ordinance for Case REZ19-02: Request of Jennifer Smith, SJ56, LLC/Russell, to rezone Lot 1 of Crow Valley Plaza 12th Addition from C-T Commercial Transitional District to C-OP Commercial Office Park; property contains 9.58 acres and is located on E 56th St east of Utica Ridge Rd. [Ward 6]

Recommendation:

Adopt the Ordinance.

Background:

Reason for Request:

According to the petitioner, "expand development opportunities by removing the 5000 square foot limitation in current C-T classification."

Comprehensive Plan:

The property is within the Urban Service Area.

It is designated as RG, Residential General, on the Future Land Use Map. RG is defined as, "Neighborhoods that are mostly residential but include, or are within one-half mile (walking distance) of scattered neighborhood-compatible commercial services, as well as other neighborhood uses like schools, churches, corner stores, etc. generally oriented along Urban Corridors (UC). Neighborhoods are typically designated as a whole. Existing neighborhoods are anticipated to maintain their existing characteristics in terms of land use mix and density, with the exception along edges and transition areas, where higher intensity may be considered.

Technical Review:

No specific concerns have been noted by the Technical Review Team. Neighboring property owners have expressed concern about the existing drainage way that transects the lot. Any development occurring on the lot, as anywhere else in the City, will have to meet the City's current standards for storm water management.

Public Input:

A neighborhood meeting was held on March 7. Property owners within 200 feet were notified. Approximately 7 people attended.

A sign was posted on the property on February 25.

At the Plan and Zoning Commission Public Hearing on March 19, 2019, one person spoke in opposition.

Discussion:

The new zoning ordinance includes approval standards for rezonings. Staff will be using these

standards as part of the evaluation of rezoning requests.

a. The consistency of the proposed amendment with the Comprehensive Plan and any adopted land use policies.

Staff Comments:

Staff's opinion is that the proposed zoning, with conditions, meets the intent of the future land use designation of RG, as it promotes transitional uses along its edges.

b. The compatibility with the zoning of nearby property.

Staff Comments:

C-OP already exists to the south and east. C-T, Commercial Transitional zoning exists to the west. R-MF, Multi-family Residential exists to the north. It is staff's opinion that the proposed C-OP zoning, with conditions, is compatible with the adjacent C-T and R-MF Zoning.

c. The compatibility with established neighborhood character.

Staff Comments:

The residential development to the north is completely built out and stable. The existing office park to the east and south has been developing over the past 20 years and is nearing completion. The proposed rezoning would allow for limited office park expansion while protecting the stability of the neighborhood.

d. The extent to which the proposed amendment promotes the public health, safety, and welfare of the City.

Staff Comments:

The proposed C-OP zoning, coupled with the conditions limiting uses and building height, work to promote the health, safety and welfare of the neighborhood.

e. The suitability of the property for the purposes for which it is presently zoned, i.e. the feasibility of developing the property in question for one or more of the uses permitted under the existing zoning classification.

Staff Comments:

The property is suited for either development meeting the current classification (C-T) or the proposed classification of C-OP. The petitioner has indicated current interest from potential developers for office buildings exceeding 5000 square feet on the property. Less interest has been shown to develop uses consistent with C-T zoning.

f. The extent to which the proposed amendment creates non-conformities.

Staff Comments:

The property is vacant and has no non-conformities.

C-1 and C-OP Comparison Summary:

Through discussions with the petitioner, it was determined that C-OP appeared to be a better fit than C-1, including the following reasons:

- C-1 is designed to primarily provide for neighborhood-oriented goods and services. C-OP is

designed to provide for office-park like development.

- C-1 has a 70% build-to requirement, intended to orient development towards the street. C-OP allows for a more campus-like development pattern.

- C-1 allows a 15 foot rear yard setback at most. C-OP requires 25 feet.

- Uses in C-1 may generate more traffic, parking and activity spread out over the entire week, whereas C-OP may have more limited activity concentrated primarily during the Monday-Friday work day.

A more complete side by side comparison of some of the purpose statements, dimensional standards and permitted uses is attached to this report.

Conclusion:

Staff's opinion is that zoning this property C-OP, with the use and building height restrictions provide adequate protections to the neighborhood while allowing the petitioner more flexibility in who they can market the land to.

The existing zoning of C-T can accomplish that as well, but it appears that current demand for new development in the vicinity is more aligned with the uses that need C-OP zoning to move forward.

Plan and Zoning Commission Recommendation:

At its April 16, 2019 meeting, the Plan and Zoning Commission accepted the listed findings and forwarded Case REZ19-02 to the City Council with a recommendation for approval subject to the following conditions:

Findings:

1. The property is designated RG, Residential General, on the Comprehensive Plan future land use map.
2. RG allows for transitional uses along its edges.
3. The proposed C-OP zoning with conditions meets the intent of transitional uses under the RG Plan designation.
4. The proposed C-OP zoning with conditions adequately protects the adjoining residential property from adverse impacts.
5. There is existing C-OP zoning adjacent to the east and south; the proposed zoning is an expansion of an existing zoning district.
6. The petitioner claims that demand for office buildings of moderate scale but exceeding the current 5000 square feet maximum exists in the area.

Conditions:

1. Building height is limited to 35 feet.
2. The following uses are prohibited:
 - a. Restaurant
 - b. Vehicle dealership (indoor)
 - c. Hotel
 - d. Light industrial

Subject: Case REZ19-02

Honorable Mayor and City Council:

At its regular meeting of April 16, 2019, the Davenport Plan and Zoning Commission considered the following case:

Case REZ19-02: Request of Jennifer Smith, SJ56, LLC/Russell, to rezone Lot 1 of Crow Valley Plaza 12th Addition from C-T Commercial Transitional District to C-OP Commercial Office Park District; property contains 9.58 acres and is located on East 56th Street east of Utica Ridge [Ward 6].

At its April 16, 2019 meeting, the Plan and Zoning Commission forwarded this case to the City Council with a recommendation for approval, including the following conditions:

1. Building height is limited to 35 feet.
2. The following uses are prohibited:
 - a. Restaurant
 - b. Vehicle dealership (indoor)
 - c. Hotel
 - d. Light industrial

On a unanimous vote of 9-0, the Plan and Zoning Commission forwards Case REZ19-02 to the City Council for approval.

Respectfully submitted,

Robert Inghram, Chairperson
City Plan and Zoning Commission

Formal Procedure:

(1) Application:

- Prior to submission of the application, the applicant shall correspond with Planning staff to discuss the request, potential alternatives and the process.
- The submission of the application does not constitute official acceptance by the City of Davenport. Planning staff will review the application for completeness and notify the applicant that the application has been accepted or additional information is required. Inaccurate or incomplete applications may result in delay of required public hearings.

(2) Plan and Zoning Commission public hearing:

- The City shall post notification sign(s) in advance of the public hearing. A minimum of one sign shall be required to face each public street if the property has frontage on that street. It is Planning staff's discretion to require the posting of additional signs. The purpose of the notification sign(s) is to make the public aware of the request.
- The applicant shall make a presentation regarding the request at a neighborhood meeting. The purpose of meeting is to offer an opportunity for both applicant and neighboring residents/property owners to share ideas, offer suggestions, and air concerns in advance of the formal public hearing process. (3) Plan and Zoning Commission's consideration of the request:

- Planning staff will perform a technical review of the request and present its findings and recommendation to the Plan and Zoning Commission.
- The Plan and Zoning Commission will vote to provide its recommendation to the City Council.
- If the Plan and Zoning Commission recommends denial, the request may only be approved by a favorable 3/4 vote of the City Council.

Formal Procedure (continued):

(4) City Council's consideration of the request:

- The Committee of the Whole (COW) will hold a public hearing on the request. Planning staff will send a public hearing notice to surrounding property owners.
- If property owners representing 20% or more of the area within 200 feet of the exterior boundaries of the request submit a written protest, the request may only be approved by a favorable 3/4 vote of the City Council. For the purpose of the 20% protest rate, formal protests will be accepted until the public hearing is closed.
- The City Council will vote on the request. For a zoning map amendment to be approved three readings of the Ordinance are required; one reading at each Council Meeting. In order for the Ordinance to be valid it must be published. This generally occurs prior to the next City Council meeting.

City Staff, Plan and Zoning Commission, and City Council,

I recently received notice of a public hearing for Case REZ19-02. At this time, I am formally objecting to the request to change the zoning from C-T Commercial Transitional to C-1 Neighborhood Commercial. My reasons follow:

1. I spent time last summer at City Hall with City Staff trying to understand the draft overhaul of the City's zoning. I applaud the much needed update, the use of an expert consultant and the clarity it now provides. As I hope you can appreciate, it is disappointing to be asked to consider a zoning change within weeks of the City Council approving the new zoning.
2. Several homeowners, including myself, remain concerned about water runoff at the south and east ends of the Villas at Crow Valley. The land slopes down from Utica Ridge, which especially impacts the south and east ends of the Villas. The parcel in question contains a very large swale running right through the middle of it. Increasing development, both in density and scale, has the potential of exacerbating the water runoff. Villas homeowners want to ensure that property damage is not going to result. I would hope that the City would agree that assurances need to be in place before changing any zoning to ensure that property damage and legal exposure is not being created.
3. Further, the 5,000 square foot limitation for C-T, essentially limits the building height to one story. This is an appealing transition for those of us who would have to live within 25' of its rear setback.

I do want to express my appreciation for the professionalism exhibited by the Russell representative at the neighborhood meeting held last evening.

Respectfully submitted,
Connie R. Jones

My wife and I at 4233 E. 58th St. are included in the map that would be impacted by this rezone request. We are currently in Florida with our mail being forwarded to us. Yesterday (10 March) we received an envelop postmarked "MAR 05 2019", and a letter saying "Any written protest must be received no later than the close of the public hearing before the Committee of the Whole, tentatively scheduled for March 6, 2019." We would like to formally protest the request for this rezone. We do not want it for multiple reasons. Most of all, we don't want tall lighted retail businesses outside our back screened in porch.

And if I heard correctly, the City just approved a zoning map that has this area in question a "C-T" transitional. If true, are we *really* going to consider changing it to C-1 before the ink is even dry?

Thank you,
Dennis and Carol Kramer

Subject: REZ19-02: Public Input opposing proposed rezoning
Date: Friday, March 22, 2019 12:13:59 AM

Dear City Staff and Alderman Clewell,

I will be filing a formal protest and plan to attend the upcoming Plan & Zoning meeting relating to REZ19-02, and the purpose of this email is to recap at a high level the reasons for my objection to Petitioner's request to rezoning a parcel along East 56th Street from C-T to C-1:

1. The area surrounding the subject parcel, *as developed*, is residential and primarily one-story professional office buildings, all consistent with the former Zoning Ordinance C-0 use and the current C-T use. I incorporate by reference all objections that I filed relating to REZ18-09 (both the initial petition covering the Lot 1 parcel along Utica Ridge Road between East 56th and East 58th Streets and the parcel between the Villas of Crow Valley subdivision and East 56th Street) and the petition as amended (relating solely to Lot 1) on this point.
2. The City Staff's final report recommended approval of the amended REZ18-09 petition, and the City Council did approve it (overriding the Plan & Zoning Commission's vote against it) with restrictions on the basis there had been a compromise, and the subject property was along what is, *as developed*, the busy corridor of Utica Ridge Road. I referenced that in more detail in my Public Input opposing a second rezoning petition, REZ19-02, relating to the northeast corner of Utica Ridge and East 58th Street, which I also incorporate by reference.
3. The City Staff's final report relating to REZ18-09 recommended approval also on the basis the property was along the Utica Ridge corridor (even though it is surrounded on three sides by residential property), and also referred to the Future Land Use Map. (I will look again at that Land Use Map, however, I found it too general to pinpoint the color coding for the subject property. In any case, I question how a general directional map can take precedence over specific Zoning Ordinance provisions and corresponding detailed zoning map, and the area as currently developed.)
4. The stated rationale for adopting REZ18-09 and REZ18-16 does not apply to REZ19-02.
 - a. I note Utica Ridge is a 45 mph corridor, and East 56th is a 25 mph corridor.
 - b. More importantly, the fact there is a critical distinction between the REZ18-09 and REZ18-16 subject properties on one hand, and the REZ19-02 subject property on the other, is, I believe, repeatedly reflected in the City Staff final reports and City Council statements.
 - c. It would be unfair to base approval on surrounding area *as developed* for

recommending *approval* of a petition, but not consider it in recommending *denial* of a petition.

d. Homeowners believe they received some assurance that this distinction, and the "compromise" repeatedly referenced, remain in effect, and I believe the City may reasonably chalk up what appears up to now lower participation to that.

6. I do not object to Petitioner's request for a variance allowing 5,000 square feet of space, assuming the study of water runoff supports that, but I question why not write that exception into the current C-T use rather than rezone to C-1 with an exception. I continue to be troubled by the approach of zoning "up" subject to numerous "exceptions." I very strongly object to a two-story building in close proximity to one-story residential.

I appreciate your consideration.

Respectfully submitted,

Patricia Harris

Recommendation:

Adopt the Ordinance.

Background:

This action corrects an error in the preparation of the new zoning map for the City. Subject property is a credit union. Assigning C-T, Commercial Transitional zoning will make the facility legally conforming.

At its April 2, 2019 meeting, the Plan and Zoning Commission unanimously recommended to forward Case REZ19-03 to the City Council for approval.

TUESDAY, MARCH 26, 2019, 1:00 PM
CPED OFFICES, 2ND FLOOR, CITY HALL
226 WEST 4TH STREET, DAVENPORT, IOWA**

The City adopted a new zoning ordinance on January 20, 2019. In the course of assigning zoning classifications to all 43,000+ properties in the City, couple minor errors were made on east 46th Street (See map on the other side). The City seeks to correct the error through the following actions:

Case REZ19-03: Request of the City of Davenport for Zoning Map Amendment from R-MF Multi-Family Residential District to CT Commercial Transitional Zoning District on 1 acre, more or less, for the property located at 709 East 46th Street. [Ward 7]

Case REZ19-04: Request of the City of Davenport for Zoning Map Amendment from C-2 Corridor Commercial Zoning District to R-MF Multi-Family Residential District on .25 acres, more or less, for the property located at 641 and 643 East 46th Street (west 60 feet only). [Ward 7]

A public meeting will be held to discuss the proposal at the time and place listed above. A formal public hearing will be held on the matter by the Plan and Zoning Commission on Tuesday, April 2, 2019, 5:00 pm at Davenport City Hall.

If you have any questions regarding the proposal, please contact the Community Planning Division.

[Ward 7]

Recommendation:

Adopt the Ordinance.

Background:

This action corrects a mapping error made in the preparation of the new zoning map. This property is used as multi-family and should contain uniform R-MF zoning.

At its April 2, 2019 meeting, the Plan and Zoning Commission unanimously recommended Case REZ19-04 be forwarded to the City Council for approval.

Recommendation:
Adopt the Ordinance.

Background:

With the engineering/reconstruction of E 53rd, MUTCD code recommends this configuration and road width carry a 40 mph speed limit. As the reconstruction is completed, the signage will be changed from 45 to 40 mph. Here are some of the benefits of this change:

- Improved traffic flow with center turn lanes available
- Interconnected fiber signals that will improve timing of signals
- Configuration and reduced mph will help minimize rear-end collisions
- Improved pedestrian safety

First Consideration: Ordinance for Case REZ19-05: Request of John Wulf, to rezone 6401 West Kimberly Road from R-1 Single-Family Residential District to I-1 Light Industrial District; property contains 0.42 acres. [Ward 2]

Recommendation:

Adopt the Ordinance.

Background:

Reason for Request:

To allow for the operation of business office for John Wolf's Septic which is expected to include a business sign and indoor storage for equipment on site.

Background:

Comprehensive Plan:

The property is outside the Urban Service Area.

The property does not currently have a land use plan designation.

Technical Review:

No specific concerns have been noted by the Technical Review Team.

Public Input:

A neighborhood meeting was held on April 9. Property owners within 200 feet were notified. Seven people attended the meeting.

A sign was posted on the property on March 28.

At the Planning and Zoning Commission Public Hearing on April 16, 2019, no one spoke in favor or opposition. One commissioner raised concerns regarding waste disposal. At the time of the public hearing the petitioner mistook the question to mean the external cleaning of his vehicles and responded to the questioning accordingly. In a follow up conversation with the petitioner, it was determined that waste from his business' septic trucks is properly discharged at licensed sewage treatment facilities in Davenport, Milan, and Muscatine. Any cleaning of vehicles on site is not expected to produce waste or runoff substantially different than washing a personal vehicle.

No protests have been received.

Discussion:

The new zoning ordinance includes approval standards for rezonings. Staff will be using these standards as part of the evaluation of rezoning requests.

a. The consistency of the proposed amendment with the Comprehensive Plan and any adopted land use policies.

Staff Comments:

Without a future land use designation, compatibility of the proposed zoning cannot be determined. The property is adjacent to Agricultural Reserve and Residential General. This area will be addressed as part of the six month review of the Zoning Ordinance.

b. The compatibility with the zoning of nearby property.

Staff Comments:

I-1 already exists to the northwest of the property. Rezoning from R-1 to I-1 would extend the existing district. It is staff's opinion that the proposed I-1 zoning is compatible with the adjacent I-1 and R-1 Zoning in this particular case.

c. The compatibility with established neighborhood character.

Staff Comments:

The residential development to the south is rural in nature with minimal urban services. The properties to the Northwest are of a light industrial character. The proposed rezoning would allow for a small office and limited indoor storage while protecting the stability of the neighborhood.

d. The extent to which the proposed amendment promotes the public health, safety, and welfare of the City.

Staff Comments:

The proposed I-1 zoning is consistent with existing vicinity uses. The petitioner has stated that the business intends properly discharge any waste to licensed sewage treatment facilities and will operate the business in a manner that promotes the health, safety and welfare of the neighborhood.

e. The suitability of the property for the purposes for which it is presently zoned, i.e. the feasibility of developing the property in question for one or more of the uses permitted under the existing zoning classification.

Staff Comments:

The property is not suited for development of the proposed business under the existing R-1 Zoning.

f. The extent to which the proposed amendment creates non-conformities.

Staff Comments:

The amendment will not create any non-conformities so long as the building is not used as a residence, which is not the intended use.

Conclusion:

Staff's opinion is that zoning this property I-1 is compatible with the existing character of the surrounding area.

Plan and Zoning Commission Recommendation:

The Plan and Zoning Commission accepted the findings and forwards Case REZ19-05 to the City Council for approval.

Findings:

1. The property has no designation on the Comprehensive Plan future land use map.
2. The property is adjacent to Residential General and Agricultural Reserve designations.
3. The proposed I-1 zoning adequately protects the adjoining residential property from adverse impacts.
4. There is existing I-1 zoning adjacent to the northwest; the proposed zoning is an expansion of an existing zoning district.
5. Prior to the January, 2019 Zoning Ordinance update, the property was zoned C-2 as were the four properties to the Northwest with frontage on W Kimberly Road.
6. The aforementioned properties to the Northwest were zoned I-1 in the updated Zoning Ordinance while the subject property was zoned residential per the existing use at the time.

Vote for approval was unanimous 5-0.

 - Zoning Map Amendment is 10 acres or more - \$1,000 plus \$25/acre.
 - \$10.00 per sign; more than one sign may be required depending upon the area of the request.

Formal Procedure:

(1) Application:

- Prior to submission of the application, the applicant shall correspond with Planning staff to discuss the request, potential alternatives and the process.
- The submission of the application does not constitute official acceptance by the City of Davenport. Planning staff will review the application for completeness and notify the applicant that the application has been accepted or additional information is required. Inaccurate or incomplete applications may result in delay of required public hearings.

(2) Plan and Zoning Commission public hearing:

- The City shall post notification sign(s) in advance of the public hearing. A minimum of one sign shall be required to face each public street if the property has frontage on that street. It is Planning staff's discretion to require the posting of additional signs. The purpose of the notification sign(s) is to make the public aware of the request.
- The applicant shall make a presentation regarding the request at a neighborhood meeting. The purpose of meeting is to offer an opportunity for both applicant and neighboring residents/property owners to share ideas, offer suggestions, and air concerns in advance of the formal public hearing process. Planning staff will coordinate meeting date, time, and location and send notices to surrounding property owners.
- The Plan and Zoning Commission will hold a public hearing on the request. Planning staff will send notices to surrounding property owners.

(3) Plan and Zoning Commission's consideration of the request:

- Planning staff will perform a technical review of the request and present its findings and recommendation to the Plan and Zoning Commission.
- The Plan and Zoning Commission will vote to provide its recommendation to the City Council.
- If the Plan and Zoning Commission recommends denial, the request may only be approved by a favorable 3/4 vote of the City Council.

Formal Procedure (continued):

(4) City Council's consideration of the request:

- The Committee of the Whole (COW) will hold a public hearing on the request. Planning staff will send a public hearing notice to surrounding property owners.
- If property owners representing 20% or more of the area within 200 feet of the exterior boundaries of the request submit a written protest, the request may only be approved by a favorable 3/4 vote of the City Council. For the purpose of the 20% protest rate, formal protests will be accepted until the public hearing is closed.
- The City Council will vote on the request. For a zoning map amendment to be approved three readings of the Ordinance are required; one reading at each Council Meeting. In order for the Ordinance to be valid it must be published. This generally occurs prior to the next City Council meeting.

Resolution offered by Alderman _____

RESOLVED by the City Council of the City of Davenport.

RESOLUTION SETTING A PUBLIC HEARING CONCERNING THE PROPOSED CONVEYANCE OF VACATED PUBLIC RIGHT OF WAY KNOWN AS THE EAST-WEST PORTION OF CRESTLINE DRIVE LOCATED WEST OF THE NORTH-SOUTH ALLEY LYING WEST OF MARLO AVENUE. 2950 CRESTLINE, L.L.C., PETITIONER.

WHEREAS, the City of Davenport currently owns the vacated public right of way known as the Crestline Drive as located West of the North-South alley lying West of Marlo Avenue, legally described as:

Commencing at the Southeast corner of Lot 11 in Stacey Heights Second Addition to the City of Davenport, Iowa; thence extending South in a straight line along the line of the East line of said Lot 11 if extended to a point on the South line of Crestline Drive in the City of Davenport, Iowa, being the boundary line between the City of Davenport, Iowa and the City of Bettendorf, Iowa; thence West along said boundary line a distance of 120.00 feet; thence North to the Southwest corner of Lot 12 in Stacey Heights Second Addition to the City of Davenport, Iowa; thence East 120.00 feet to the point of beginning. Said tract containing 3,000 square feet, more or less.

WHEREAS, the City of Davenport desires to sell its interest in the aforementioned real estate, and

WHEREAS, 2950 Crestline, L.L.C., has offered to acquire said property, and

WHEREAS, Iowa law requires a city to hold a public hearing prior to conveying its interest in real property,

NOW, THEREFORE, BE IT RESOLVED, by the City Council of the City of Davenport that a public hearing concerning the proposed conveyance of vacated public right of way known as a portion of Crestline Drive lying West of the North-South alley lying West of Marlo Avenue, containing approximately 3,000 square feet, more or less, as legally described above, will be held on June 5, 2019, at 5:30 p.m., in the Council Chambers, Davenport City Hall, 226 West Fourth Street, Davenport, Iowa.

Resolution approving a contract for design and preparation of bid documents for a new Tremont Basin Sanitary Sewer Interceptor to Donohue & Associates, Inc in an amount not-to-exceed \$137,000, CIP #30048. [Ward 3]

Recommendation:
Adopt the Resolution.

Background:

This project is to design approximately 1,900 feet of new 21-inch sanitary sewer and abandon approximately 1,900 feet of deep existing interceptor sewer that is not accessible and anticipated to be in poor condition. The proposed new interceptor is to start at the existing downstream Manhole T-10-26, located in Cork Hill Park east of the intersection of Farnam St & E 11th St and extend northwest to existing Manhole T-10-56, located in the alley between E 13th St and E 14th St west of Iowa St.

The Tremont Sewer Basin district main has limited access for maintenance. Maintenance operations are restricted in part due to the inaccessibility of two manholes along the line, which are an estimated 33' to 36' deep. The intent of the new interceptor is to raise the sewer so it is not so deep and include new manholes to accommodate long-term maintenance of the system.

Donohue & Associates, Inc was selected as a result of their expertise and experience with this type of project. The scope of work is for Donohue & Associates, Inc to provide engineering services to the city for the design and preparation of bid documents for the new Tremont Basin Sanitary Sewer interceptor.

This resolution is the approval of the contract award and is within the budget.

PART I
PROJECT DESCRIPTION/SCOPE OF SERVICES/TIMING

A. PROJECT DESCRIPTION

The Owner intends to construct approximately 1900 feet of new 21-inch sanitary sewer and abandon approximately 1900 feet of deep interceptor sewer that is not accessible and anticipated to be in poor condition. The new interceptor is to start at the existing downstream manhole T-10-26, located in Cork Hill Park east of the intersection of Farnam Street and E 11th Street and extend northwest to existing manhole T-10-56 located in the alley between E 13th St and E 14th St west of Iowa Street. Project site information is shown on Figure A: Project Location Map.

During preliminary design a route analysis study will be performed to evaluate up to three alignment alternatives. The results of the evaluation will be presented to the City for review and consideration. A design workshop will be held to discuss findings and select a route.

After selection of the new interceptor sewer route, final design services will be completed with the preparation of bidding documents for construction to begin in spring of 2020.

B. SCOPE OF SERVICES

1. Utility Survey: Work to be completed prior to route evaluation.
 - a. Field locate existing sanitary and storm sewer structures.
 - b. Identify structure material and sizing.
 - c. Provide measure down information for structure and for all pipe connections
 - d. Identify pipe connection size and material.
2. Field Topographic Survey: Work to be completed after route selection.
 - a. Field locate above ground features, utility inverts and property corners for preparation of design documents.
 - b. Horizontal datum shall be state plane coordinates.
 - c. Vertical datum shall be NAV83 in accordance with the City's GIS datum.
3. Property Owner/Public Coordination
 - a. Identify parcels that may be impacted by field work and provide a draft notification letter to City project manager for distribution.
 - b. Prepare project informational letter or brochure for public distribution, one electronic file (pdf). Owner will print and distribute.
 - c. A public informational meeting is not anticipated/included.
 - d. On-site meetings with individual property owners directly impacted by construction related activities. (2 meetings maximum).
4. Utility coordination
 - a. Contact local utility companies during preliminary design.
 - b. Incorporate utility information into project plans.
 - c. Provide final plans and coordinate with utilities with infrastructure within the project limits.

5. Route alignment evaluation
 - a. Identify a maximum of three potential sewer alignments to evaluate
 - b. Establish alignment and profile of new interceptor sewer, verify collection of existing sanitary flows based on collected field data.
 - c. Identify construction constraints: utility impacts, land acquisitions requirement (permanent or temporary)
 - d. Prepared preliminary cost estimates for each alternative.
 - e. Prepare technical memorandum summarizing route comparisons.
 - f. Coordinate and attend a workshop with City staff to review alternate evaluation with a goal of selecting a route to move forward with design.
6. Establish design criteria.
 - a. Assume a minimum 21-inch sanitary sewer interceptor.
 - b. Depth of new interceptor shall be deep enough to collect existing flows, verify with City if any additional development is anticipated in the project area that would require a deeper lateral connection in the future.
 - c. Manhole sizing to be a minimum of 60-inch per Owner standards
 - d. Utilize applicable State and Owner Standards. Owner has adopted Iowa Statewide Urban Design and Specifications (SUDAS) as current standards.
 - e. Erosion Control
 - i. Project is anticipated to disturb 3.0 acres. NPDES Permit from Iowa DNR will be required. City construction site erosion and sediment control (COSESCO) permit required.
 - ii. Work is not anticipated to increase impervious area by more than 10,000 sq ft: Post Construction Stormwater Management not required.
7. Prepare plans and special conditions for incorporation into the Owner's contract documents and Owner's Specifications (SUDAS).
 - a. Plans shall include the following:

C. PROJECT TIMING

Donohue shall be authorized to commence the Services set forth herein upon execution of this Agreement. Donohue will submit a draft of the route alignment evaluation within 90 days of contract execution.

If authorization is received by June 1, 2019, bid documents will be ready by December 31, 2019, allowing for start of construction in the Spring of 2020.

PART II
OWNER RESPONSIBILITIES

- A. In addition to other responsibilities of Owner set forth in this Agreement, Owner shall:
1. Identify a person authorized to act as the Owner's representative to respond to questions and make decisions on behalf of Owner, accept completed documents, approve payments to Donohue, and serve as liaison with Donohue as necessary for Donohue to complete its Services.
 2. Furnish to Donohue copies of existing documents and data pertinent to Donohue's Scope of Services, including but not limited to and where applicable: design and record drawings for existing facilities; property descriptions, land use restrictions, surveys, geotechnical and environmental studies, or assessments.
 3. Provide to Donohue existing information regarding the existence and locations of utilities and other underground facilities.
 4. Provide Donohue safe access to premises necessary for Donohue to provide the Services.
 5. Inform Donohue whenever Owner observes or becomes aware of a Hazardous Environmental Condition, as defined in Part IV.3. of this Agreement, that may affect Donohue's Scope of Services or time for performance.

PART III
COMPENSATION, BILLING AND PAYMENT

- A. Compensation for the work as defined in the Scope of Services (Part I) of this Agreement shall be a lump sum of \$137,000 and is further identified as follows:

Utility Survey (Subconsultant)	\$ 6,500.00
Topographic Survey (Subconsultant).....	\$ 38,500.00
Design Services	\$ 72,730.00
Individual Property Owner Meetings	\$ 3,260.00
Construction Related Services	\$ 6,010.00
 Total (excluding document easement preparation)	 \$ 137,000.00

The following services are considered extra and will be performed at the price identified per parcel if additionally authorized by the Owner.

Temporary Easement Documentation (per parcel).....	\$ 750.00*
Permanent Easement Documentation (per parcel).....	\$ 750.00*

*After sewer route selection is complete and construction limits are determined the Owner will evaluate with legal counsel if temporary or permanent easements are required to complete the work on residential property in areas of existing sewers.

- B. Donohue will bill Owner monthly, with net payment due in 30 days. The invoice will contain a calculation of the amount of lump sum due based on percentage of Project completed during the billing period.
- C. Donohue will notify Owner if Project scope changes require modifications to the above-stated contract value. Services relative to scope changes will not be initiated without authorization from Owner.
- D. The following items have not been included in the proposed fee identified in Item A. If required, Donohue will negotiate additional fee for these activities prior to performing services.
1. Geotechnical Services
 2. Public Informational Meeting
 3. Easement Negotiations
 4. Courthouse Recording Fees
 5. Permit Fees (Not identified in Item B.8)
 6. Printing and Distribution of Bidding Documents
 7. Construction Related Services (Not identified in Item B.11)

PART IV - STANDARD TERMS AND CONDITIONS

1. STANDARD OF CARE. Donohue's Services shall be performed in accordance with the standard of professional practice ordinarily exercised by the applicable profession under similar circumstances at the same time and in the locality where the Services are performed. Professional services are not subject to, and Donohue does not provide, any warranty or guarantee, express or implied. Any warranties or guarantees contained in any purchase orders, requisitions, or notices to proceed issued by Owner are void and not binding upon Donohue. Notwithstanding any other representations made elsewhere in this Agreement or in the execution of the Project, this Standard of Care shall not be modified.

2. CHANGE OF SCOPE. The Scope of Services set forth in this Agreement is based on facts known at the time of execution of this Agreement, including, if applicable, information supplied by Owner. For some projects involving conceptual or process development services, scope may not be fully definable during initial phases. As the Project progresses, facts discovered may indicate that the scope must be redefined. Donohue will promptly provide Owner with a written amendment to this Agreement to recognize such change.

3. HAZARDOUS ENVIRONMENTAL CONDITIONS. Unless expressly stated otherwise in the Scope of Services (Part I) of this Agreement, Donohue's scope of services does not include any services relating to a Hazardous Environmental Condition, including but not limited to the presence at the Project site of asbestos, mold, PCBs, petroleum, hazardous substances or any other pollutant or contaminant, as those terms are defined in pertinent federal, state, and local laws. In the event Donohue or any other party encounters a Hazardous Environmental Condition, Donohue may at its option suspend performance of services until Owner: a) retains appropriate consultants or contractors to identify and remediate or remove the Hazardous Environmental Condition; and b) warrants that the Project site is in full compliance with all applicable environmental laws.

4. SAFETY. Unless specifically included as a service to be provided under this Agreement, Donohue specifically disclaims any authority or responsibility for general job site safety, or the safety of persons (other than Donohue employees) or property.

5. DELAYS. If performance of Donohue's Services is delayed through no fault of Donohue, Donohue shall be entitled to an extension of time equal to the delay and an equitable adjustment in compensation.

6. TERMINATION/SUSPENSION. Either party may terminate this Agreement upon 30 days written notice to the other party. Owner shall pay Donohue for all Services, including profit relating thereto, rendered prior to termination, plus any expenses of termination. If either party defaults in its obligations under this Agreement (including Owner's obligation to make required payments), the non-defaulting party may, after giving seven days written notice, suspend performance under this Agreement. The non-defaulting party may not suspend performance if the defaulting party commences to cure such default within the seven-day notice period and completes such cure within a reasonable period of time.

Donohue may terminate this Agreement upon seven days written notice if: a) Donohue believes that Donohue is being requested by Owner to perform services contrary to law or Donohue's responsibilities as a licensed professional; or b) Donohue's Services for the Project are delayed, suspended, or interrupted for a period of at least 90 days for reasons not attributable to Donohue's performance of Services; or c) Owner has failed to pay any amount due and owing to Donohue for a period of at least 60 days. Donohue shall have no liability to Owner on account of such termination.

7. OPINIONS OF CONSTRUCTION COST. Any opinion of construction costs prepared by Donohue is supplied for the general guidance of the Owner only. Since Donohue has no control over competitive bidding or market conditions, Donohue cannot guarantee the accuracy of such opinions as compared to contract bids or actual costs to Owner.

8. RELATIONSHIP TO CONTRACTORS. Donohue shall serve as Owner's professional representative for the Services, and may make recommendations to Owner concerning actions relating to Owner's contractors. Donohue specifically disclaims any authority to direct or supervise the means, methods, techniques, sequences or procedures of construction selected or used by Owner's contractors. Donohue neither guarantees the performance of any construction contractor nor assumes responsibility for any contractor's failure to perform in accordance with the construction contract documents.

9. CONSTRUCTION REVIEW. For projects involving construction, Owner acknowledges that under generally accepted professional practice, interpretations of construction documents in the field are normally required, and that performance of construction-related services by the design professional for the Project permits errors or omissions to be identified and corrected at comparatively low cost. Performance of construction-related professional services by a third party or the Owner risks misinterpretation or alternate interpretation of the design intent. Owner agrees to hold Donohue harmless from any claims resulting from performance of construction-related professional services by persons other than Donohue.

10. BETTERMENT. If any item or component of the Project is required due to omission from the construction documents, Donohue's liability shall be limited to the reasonable costs of correction of the construction, less the cost to the Owner if the omitted item or component had been initially included in the construction contract documents. It is intended by this provision that Donohue will not be responsible for any cost or expense that provides betterment, upgrade, or enhancement of the Project.

11. INSURANCE. Donohue will maintain Professional Liability, Commercial General Liability, Automobile, Worker's Compensation, and Employer's Liability insurance coverage in amounts in accordance with legal and Donohue's business requirements. Donohue shall provide to Owner certificates demonstrating such coverage upon request. For projects involving construction, Owner agrees to protect Donohue's interests through appropriate property and liability insurance, and to require its construction contractor, if any, to include Donohue as an additional insured on Contractor's policies relating to the Project. Donohue's coverages referenced above shall, in such case, be excess over contractor's primary coverage.

12. INDEMNIFICATION. To the fullest extent permitted by law, Owner and Donohue each agree to indemnify the other party and the other party's officers, directors, partners, employees, and representatives, but not defend, from and against losses, damages, and judgments arising from claims by third parties, including reasonable attorneys' fees and expenses recoverable under applicable law, but only to the extent they are found to be

caused by a negligent act, error, or omission of the indemnifying party or any of the indemnifying party's officers, directors, members, partners, agents, employees, or subconsultants in the performance of services under this Agreement. If claims, losses, damages, and judgments are found to be caused by the joint or concurrent negligence of Owner and Donohue, they shall be borne by each party in proportion to its negligence.

To the fullest extent permitted by law, Owner shall indemnify and hold harmless Donohue, its employees, agents, and representatives, and Donohue's subconsultants, from and against any loss, liability, claims and damages caused by, arising out of, or resulting from the presence at the Project site of asbestos, mold, PCBs, petroleum, hazardous substances, or any other pollutant or contaminant, as those terms are defined in pertinent federal, state, and local laws, except to the extent that the loss, liability, or damages are caused solely by the willful misconduct or negligence of Donohue, its agents or employees.

13. LIMITATIONS OF LIABILITY. No owner, shareholder, principal, employee or agent of Donohue shall have individual liability to Owner; and Owner covenants and agrees not to sue any such individual in connection with the Services under this Agreement.

Neither Donohue, Donohue's subconsultants, nor their agents or employees shall be jointly, severally or individually liable to the Owner in excess of the compensation to be paid pursuant to this Agreement or two hundred fifty thousand dollars (\$250,000), whichever is greater, by reason of any act or omission, in tort or contract, including breach of contract, breach of warranty or negligence. To the fullest extent permitted by Laws and Regulations, Owner and Donohue waive against each other, and the other's employees, officers, directors, members, insurers, partners, and consultants, any and all claims for or entitlement to special, incidental, indirect, or consequential damages arising out of, resulting from, or in any way related to this Agreement or the Project, from any cause or causes.

14. OWNERSHIP AND REUSE OF PROJECT DOCUMENTS. All documents and other deliverables, in all media, prepared by or on behalf of Donohue in connection with this Agreement are instruments of service, and Donohue shall hold the copyright to and all other ownership and property interests in such instruments of service. Upon payment for services rendered, Donohue grants Owner a license to use instruments of Donohue's services for the purpose of constructing, occupying or maintaining the Project. Owner shall not reuse any such documents or other deliverables pertaining to the Project for any purpose other than that for which such documents or deliverables were originally prepared. Owner shall not cause or allow the alteration of such documents or deliverables without written verification and approval by Donohue for the specific purpose intended, and any alteration by Owner shall be at the Owner's sole risk. Owner agrees to indemnify and hold harmless Donohue from all claims, damages, and expenses (including reasonable attorneys' and consultants' fees), arising out of such reuse or alteration by Owner or others acting through Owner.

15. ELECTRONIC MEDIA. Copies of documents that may be relied upon by Owner are limited to printed copies that are signed and sealed by Donohue. Files or information in electronic media are furnished by Donohue to Owner solely for convenience of Owner. Because data stored in electronic media format can deteriorate or be modified, the Owner agrees to perform acceptance tests within 60 days. Donohue will not be responsible to correct any errors or for maintenance of documents in electronic media format after the acceptance period.

16. RECORDS RETENTION. Donohue shall retain on file, for a period of five years following completion or termination of its services, copies of contract documents, final deliverables, and accounting records related to Engineer's services under this Agreement. Upon Owner's request, Donohue shall provide a copy of maintained item to Owner at cost.

17. AMENDMENT. This Agreement, upon execution by both parties hereto, can be amended only by a written instrument signed by both parties.

18. SUCCESSORS, BENEFICIARIES AND ASSIGNEES. This Agreement shall be binding upon and inure to the benefit of the owners, administrators, executors, successors, and legal representatives of the Owner and Donohue. The rights and obligations of this Agreement cannot be assigned by either party without written permission of the other party. This Agreement shall be binding upon and inure to the benefit of any permitted assignees.

19. NO THIRD-PARTY BENEFICIARY. Nothing contained in this Agreement, nor the performance of the parties hereunder, is intended to benefit, nor shall inure to the benefit of, any third party, including Owner's construction contractors, if any.

20. STATUTE OF LIMITATION. To the fullest extent permitted by law, parties agree that, except for claims for indemnification, the time period for bringing claims under this Agreement shall expire one year after Substantial Completion, as defined by the construction documents prepared by Donohue, or, if no construction documents are prepared, one year after the submittal date of Donohue's most recent invoice for this Agreement. Any action not brought within that one-year time period shall be barred, without regard to any other limitations period set forth by law or statute.

21. DISPUTE RESOLUTION. Owner and Donohue shall provide written notice of a dispute within a reasonable time and after the event giving rise to the dispute. Owner and Donohue agree to negotiate any dispute between them in good faith for a period of 30 days following such notice. Owner and Donohue may mutually agree to submit any dispute to mediation or binding arbitration, but doing so shall not be required or a prerequisite to initiating a lawsuit to enforce this Agreement.

22. CONTROLLING LAW. This Agreement is governed by the laws of the state in which the Project is located.

23. NO WAIVER. No waiver by either party of any default by the other party in the performance of any particular section of this Agreement shall invalidate any other section of this Agreement or operate as a waiver of any future default, whether like or different in character.

24. SEVERABILITY. The various terms, provisions and covenants herein contained shall be deemed to be separate and severable, and the invalidity or unenforceability of any of them shall not affect or impair the validity or enforceability of the remainder.

25. AUTHORITY. The persons signing this Agreement warrant that they have the authority to sign as, or on behalf of, the party for whom they are signing.

26. SURVIVAL. All express representations, indemnifications and limitations of liability included in this Agreement will survive its completion or termination for any reason.

Resolution approving the plans, specifications, forms of contract, and estimated cost for the N Lincoln Ave Reconstruction Project, CIP #35035. [Ward 4]

Recommendation:
Adopt the Resolution.

Background:
Lincoln Avenue from W Locust Street to W Central Park Avenue was selected for full reconstruction by the City's pavement management program based on a system wide comparison of benefit to cost ratios. This project will remove existing deteriorated Portland Cement Concrete (PCC) pavement and replace with full depth hot mix asphalt (HMA).

The project is scheduled to be bid late May 2019 with construction to start in early August 2019. Funding for the project is established within CIP #35035. The current estimate is \$750,000.

Explanation of increases or decreases in revenue estimates, appropriations, or available cash:

The City of Davenport's FY 2019 Budget Amendment includes increases for new grant awards, rolled over capital projects, higher than expected costs for health insurance claims, rolled over forfeiture and seizure funds, weather related costs like road salt and flood costs, liability coverage expenses, fire department personnel expenditures, and other miscellaneous operational items.

There will be no increase in tax levies to be paid in the current fiscal year named above. Any increase in expenditures set out above will be met from the increased non-property tax revenues and cash balances not budgeted or considered in this current budget. This will provide for a balanced budget.

Brandon Wright, Finance Director
City Clerk/Finance Officer

Budget Amendment Summary FY 2019 Budget

Overview

During the month of May of each year, the city is required to amend its budget and submit it to the Iowa Department of Management. The purpose of the budget amendment is to incorporate new programs, budget changes to revenue estimates, budget grants, transfer funds between programs, close out completed capital projects, move unspent bonded financing sources forward to the current year, adjust spending allocations for unanticipated costs, and adopt full-time personnel changes. Highlights of the FY 2019 Budget Amendment are provided below.

Modifications to the Budget Plan

- Increased employee health fund by \$600K due to a higher than expected level of health claims.
- Increased the Public Works Department budget by \$1.3M for weather related costs with salt and flood fighting.
- Increased the local sales tax fund budget by \$35K related to land acquisition and demolition costs.
- Increased the Fire Department budget by \$400K for overtime and other personnel costs.
- Increased risk fund by \$440K related to higher claim costs and legal services.

Grants & Rollover Items

Revenues

- Increased the intergovernmental revenue line by \$24,630,983 primarily due to capital project funding (\$22,189,940) and special revenue funds (\$2,126,534):
 - o Special Revenue Funds – CDBG rollover, CDBG for 5th street, HSMED grant, SSMID funds, etc.
 - o Capital Projects – Several larger projects from previous fiscal years still have significant grant money attached (Bus Rehabilitation, SCBA Equipment Replacement, Transit projects, etc.)
- Increased the miscellaneous revenue line by \$1,786,477 primarily due to CIP projects (\$1,334,787), including the high volume street repair program (\$500,000).

Public Safety

- Increased budget by \$2,069,961 due to approved equipment purchase, accounting for automated traffic enforcement expenditures, rolling forward forfeiture and seizure funds, and rolling forward other small grant awards.

Culture & Recreation

- Increased budget by \$1,188,129, primarily due to the receipt of the AmeriCorps grant (\$607,880) providing a total of 30 FTEs.

Community Planning & Economic Development

- Increased budget by \$4,165,577 due to rolling forward several federal grant awards and accounting for SSMID funds.
- The city received CDBG funds on behalf of the developer of 5th street that necessitates funding to roll forward in the amount of \$642,130.
- The budget increase included a CDBG grant roll amount of \$288,176, a Community Growth Fund grant roll amount of \$522,242, and a SSMID roll amount of \$1,140,000.

Debt Service

- Increased the debt service budget by \$4,375,079 due to refunding proceeds and payments.
- The increase includes true-ups for actual debt service payment amounts.

Capital Projects

- Increased the capital projects budget by \$29,947,223 primarily due to rolling forward past projects into the current year, including several grant funded projects.
- Increase included the Miracle Field project (\$671,604).

Resolution approving the blanket contract for the purchase of hot mix asphalt from Tri City Blacktop of Bettendorf, IA in the amount of \$53.50 per ton, and a back-up contractor McCarthy Improvement Company of Davenport, IA in the amount of \$55 per ton, CIP #35034. [All Wards].

Recommendation:
Adopt the Resolution.

Background:
A Request for Bid was issued on April 3, 2019 and was sent to 132 vendors. On April 24, 2019 the Purchasing Division opened and received three responsive and responsible bids.

The City of Davenport will purchase a minimum of five thousand (5,000) tons of Hot Mix Asphalt (HMA) from a certified Iowa D.O.T. HMA supplier. This contract will terminate June 30, 2020 or until the supplier has produced and the City has picked up the minimum tonnage specified. It is expected that the contract will exceed the minimum.

A back-up contract is needed when the main producer cannot meet the demand of the City.

Motion approving the Annual Action Plan for Year 45 (July 1, 2019 - June 30, 2020) for the CDBG and HOME Programs, the updated CAC recommendations for Year 45 CDBG allocations, and authorizing the City Administrator or her designees to sign necessary documents and agreements. [All Wards]

Recommendation:
Pass the Motion.

Background:

Each year, the City must submit an Annual Action Plan (AAP) to the Department of Housing and Urban Development (HUD). This plan is required to receive Community Development Block Grant (CDBG) and HOME Investment Partnership (HOME) funds. This plan will cover the city fiscal year from July 1, 2019 through June 30, 2020, which is the fifth year of the City's current Five Year Consolidated Plan.

The AAP identifies the local objectives to be addressed, which were approved by Council at the November 28, 2018 meeting; and the allocations of the federal entitlement funds for the fiscal year July 1, 2019 through June 30, 2020.

Year 45 CDBG allocations

- On March 4, 2019, the Citizens' Advisory Committee (CAC) reviewed applications for Year 45 CDBG funds and made funding recommendations using an estimated entitlement amount. The CAC recommended that, if the actual allocation was +/-15% of the estimate, staff adjust the recommendations across the board (recognizing that no applicant can be awarded more than its requested amount).
- On April 10, 2019, City Council approved the CAC's recommendations.
- On April 12, 2019, HUD announced the actual allocation amounts for the CDBG and HOME grants; Davenport's actual CDBG allocation is \$1,482,327, which exceeds the estimated amount by \$80,524. Davenport's actual HOME allocation is \$432,858, which is lower than the estimated amount by \$61,543.
- Since the actual amounts were within the +/-15% range recommended by the CAC, staff adjusted the recommendations according to the CAC's instruction from the March 4, 2019 meeting. Attached is a summary of the updated allocation recommendations.

The draft Annual Action Plan is available for public comment from May 8 through June 6, 2019; and must be received by HUD no later than June 10, 2019 to enable the City to access CDBG and HOME funding in the program year beginning July 1, 2019. The estimated Year 45 allocation amounts were the subject of a public hearing on April 3, 2019; no comments were received and no new programs have been funded since then nor have any programs been eliminated, therefore, an additional public hearing is not required.

Approval of this motion will approve the updated Year 45 allocation recommendations, approve

the Annual Action Plan upon completion of the public comment period, and also authorize the City Administrator or her designees to sign necessary documents and agreements.
