First Consideration: Ordinance for Case ORD21-01 amending various sections of Chapter 17 of the Municipal Code of Davenport, Iowa entitled "Zoning." [All Wards]

Recommendation:

Adopt the Ordinance.

Background:

Following the adoption of the new code in January 2019, City staff committed to fine-tuning the Ordinance at regular intervals after adoption. A memo outlining the proposed changes with explanations is attached with strikethrough versions of the code sections.

A Public Hearing notice was published in the Quad City Times informing the community of the April 6, 2021 Plan & Zoning Commission Public Hearing. No comments were received during the Public Hearing. The Plan & Zoning Commission voted to recommend approval of the proposed text amendments at its April 20, 2021 meeting 8-0.

A notice was published in the Quad City Times for the May 5, 2021 Public Hearing. To date, staff has received one comment from the community supporting the removal of Two-Family Conversions from all R-3 and R-4 zoning districts. The correspondence has been included in the background info.

Staff finds that the proposed Zoning text amendments meet the approval standards for text amendments in Section 17.14.040 of the City Code.

Design standards for development in the C-D, C-V, and C-E Districts are found in Sections 17.05.050, 17.05.060, and 17.05.070 respectively, below. Only those standards that relate to the specific repair, rehabilitation action, or addition apply. These standards do not apply to interior remodeling.

~~New construction of any new dwelling shall meet either the Design Standards in Table 17.05-2 or the Use Standards for the applicable dwelling type in Section 17.080.030.~~

(Note: Lettered subsections A and B remain unchanged.)

Section 3. That section 17.08.020 Table 17.08-01 entitled Use Matrix of the Municipal Code of Davenport, Iowa, be the same is hereby amended as follows.

Remove "Bar" as a Special Use in C-1

Add "Bar – Neighborhood" as Permitted in C-1 with a Use Standard reference to Sec. 17.08.030

Remove "Drive-Through Facility" as a Special Use in C-1 and I-MU

Remove "Dwelling – Two-Family (Conversion)" as a Special Use in R-3 and R-4

Add "Live Performance Venue" as Permitted in I-1

Add "Outdoor Dining" as Permitted in S-IC

Add "Place of Worship" as Permitted in I-1 and I-MU

Add "Private Recreation Facility" as Permitted in C-OP and I-MU

Add "Vehicle Repair/Service – Major" as Special Use in C-3

Remove "Vehicle Repair/Service – Minor" as Special Use in C-1

Section 4. That section 17.08.030 of the Municipal Code of Davenport, Iowa, be the same as amended to add a new subsection (C) to be read as follows:

C. Bar - Neighborhood

1. The property must be within one of the following geographic locations.
 - a. Harrison Street from 14th Street to Locust Street.
 - b. Washington Street from 14th Street to Locust Street.
 - c. West Locust from Fillmore Street to Division Street.
2. A Class C license, as defined under Chapter 5.10 of the Davenport City Code, shall have been issued ten years prior to July 1, 2021.
3. Eligible neighborhood bars shall not be reestablished after July 1, 2031.

(the current subsection (C) and all subsequent lettered subsections of this section shall be relettered alphabetically as appropriate, and the relettered alphabetical changes shall be reflected as amended in the Use Standard column of Table 17.08-1 of Section 17.08.020)

Section 5. That section 17.08.050 of the Municipal Code of Davenport, Iowa, shall be the same and amended to add where alphabetically appropriate or to read as follows:

Bar – Neighborhood – A bar that is eligible for reestablishment.

Retail Alcohol Sales. A retail establishment that sells primarily beer, wine, or liquor.

Section 6. That section 17.17.010 of the Municipal Code of Davenport, Iowa, add a new subsection shall be the same and amended to read as follows:

B. Ordinance 2002-177

1. Condition 1. That the uses be limited to apartments (with a maximum density of 192 units) and 8 condominiums in 4 buildings buffering the adjacent single family homes. All structures shall be limited to 2 ½ stories in height.
2. Condition 9. That parking lot lighting be limited to downcast luminaries.
3. Condition 14. That the developer shall construct the eight condominium units in four two-family structures on the eastern end of the of the subject property.

SEVERABILITY CLAUSE. If any of the provisions of this ordinance are for any reason illegal or void, then the lawful provisions of this ordinance, which are separable from said unlawful provisions

shall be and remain in full force and effect, the same as if the ordinance contained no illegal or void provisions.

REPEALER. All ordinances or parts of ordinances in conflict with the provisions of this ordinance are hereby repealed.

EFFECTIVE DATE. This ordinance shall be in full force and effective after its final passage and publication as by law provided.

RE: Case ORD21-01 – Summary of Proposed Zoning Text Amendments

Section 17.04.020 Uses

Replace with B2 "Conversion of a structure from a single-family dwelling into a two-family dwelling is prohibited.

Explanation: Need to update language to reflect removal of two-family conversion in R-3, R-3C, R-4 and R-4C.

Section 17.05.040 Design Standards

In cases of conflict between commercial design standards and dwelling use standards, the developer can choose between commercial design standards or the applicable dwelling use standards.

Explanation: Certain commercial design standards are in direct conflict with dwelling unit new construction. Transparency is of largest concern where up to 50% transparency on street facing facades is required. This will provide some flexibility depending on the character of the proposed development.

Table 17.08-01 Use Matrix Proposed Changes

1. Remove Bars as a Special Use in C-1 and add a Note to reference Section 17.15.020G

Explanation: The intensity of a Bar as a use has been determined to be incompatible with the Neighborhood Commercial Zoning District which serve the nearby residential neighborhoods. Certain areas may be reestablished as outlined in referenced section.

2. Remove Drive-Through Facility as a Special Use in C-1 and I-MU

Explanation: The intensity of a Drive-Through as a use has been determined to be incompatible with Neighborhood Commercial Zoning District which are to serve the nearby residential neighborhoods. The dimensional standards and typical lot size (no minimum lot size required) of both districts are in direct conflict with the use standards meaning a Hardship Variance is required for the use to locate within the districts.

3. Remove Dwelling – Two-Family (Conversion) as a Special Use in all R-3 and R-4 Districts

Explanation: The code emphasizes preservation of neighborhood character as well as promotion of infill development. The code still allows new construction two-family homes within these districts.

4. Add Live Performance Venue as Permitted in I-1

Explanation: As a use that has the potential of producing more noise, I-1 would be an appropriate district to located live performance. This use also encourages adaptive reuse of buildings that are functionally obsolete.

5. Add Outdoor Dining as Permitted in S-IC

Explanation: This addition would allow schools, hospitals, colleges and universities the ability to develop areas for users to dine outdoors.

6. Add Place of Worship as Permitted in I-1 and I-MU

Explanation: This use would be a good adaptive reuse of buildings that are functionally obsolete. Access and parking are often more prevalent in these districts than others that currently allow this use. Existing building stock is potentially large enough to accommodate use.

7. Add Private Recreation Facility as Permitted in C-OP and I-1

Explanation: This use would be a good adaptive reuse of buildings that are functionally obsolete. Traditionally, indoor tennis, basketball and volleyball facilities have been located in industrial districts. C-OP would offer a complimentary use to office complexes where employees may wish to utilize the facilities before or after work or on lunch breaks. Buildings would need to meet design standards.

8. Add Vehicle Repair/Service-Major as Special Use in C-3

Explanation: Activities may be deemed appropriate in C-3 with careful review and oversight. This would be done on a case by case basis by reviewing proposed location, site plan, surrounding uses, analysis for the neighborhood, review of business model and practice, and with certain conditions in place to minimize any impacts. Allowing RV dealerships in C-3 without allowing work on them is counter intuitive. C-3 can support higher intensity uses but also provide more appropriate access to patrons. Minimum lot size is double what is required in I-1 which allows ability to accommodate buffer yards and impacts to adjacent property.

9. Remove Vehicle Repair/Service-Minor as Special Use in C-1

Explanation: This use has been determined as not compatible with Neighborhood Commercial Zoning District which are to serve the nearby residential neighborhoods.

Section 17.08.030 Principal Use Standard for Bar - Neighborhood

- Add this section in response to removing Bars as a Special Use in C-1.
- Establishes a sunset rule for establishments within certain areas of the city that can reestablish as a bar within 10-years of the adoption of the ordinance.
- The areas are Harrison between 14th and Locust; Washington between 14th and Locust, West Locust between Fillmore and Division.

Explanation: This allows certain areas of C-1 to reestablish as bars. This is to address certain locations that have traditionally been bars to remain to support the neighborhood and its character.

Section 17.08.050 Use Definitions

- Add a definition for new use “Bar – Neighborhood.”
- Remove the word “primarily” from Retail Alcohol Sales

Explanation: The intent of this definition and the zoning code is to regulate all alcohol sales. Removing the word primarily removes ambiguity in its use and how primarily is determined.

Section 17.17.010 Reservation of Previously Approved Conditions

Add conditions of Ordinance 2002-177 for 5601 Eastern Avenue.

Explanation: The City has been alerted to a recorded covenant that restricts the use of part of this property. Staff has been instructed to add the conditions of the rezoning back into this section to align with the original intent to the rezoning and covenant.

Section 17.04.020 Uses

- A. Chapter 17.08 lists permitted, special, and temporary uses for the residential districts.
- B. In the R-3, R-3C, R-4, and R-4C Districts, two-family dwellings are allowed as follows:
1. New construction of a two-family dwelling is a permitted use.
 2. Conversion of a structure from a single-family dwelling into a two-family dwelling is a special use prohibited.

Section 17.04.030 Dimensional Standards

A. Table 17.04-1: Residential Districts Dimensional Standards establishes the dimensional standards for the residential districts. These regulations apply to all uses within each district unless a different standard is listed for a specific use. See Section 17.02.040 for measurement methodologies.

B. A house court design for single-family and/or two-family dwellings must comply with the dimensional standards of Section 17.08.030.N.

C. R-MHP District standards are found in Section 17.04.040.

Section 17.05.040 Design Standards

The following design standards apply to new construction, substantial repair or rehabilitation of the exterior façade of an existing structure meant to remedy damage or deterioration, and additions to an existing structure in the commercial districts, with the exception of the C-D, C-V, and C-E Districts. Design standards for development in the C-D, C-V, and C-E Districts are found in Sections 17.05.050, 17.05.060, and 17.05.070 respectively, below. Only those standards that relate to the specific repair, rehabilitation action, or addition apply. These standards do not apply to interior remodeling.

New construction of any new dwelling shall meet either the Design Standards in Table 17.05-2 or the Use Standards for the applicable dwelling type in Section 17.080.030.

A. Commercial Districts Design Standards

Table 17.05-2: Commercial Districts Design Standards establishes the design standards for the commercial districts. In the table, a “•” indicates that the standard is applicable in the district indicated. The absence of a “•” indicates that the standard does not apply to the district.

Table 17.05-2: Commercial Districts Design Standards					
	C-T	C-1	C-2	C-3	C-OP
Façade Design					
Building façades that face a public right-of-way, excluding alleys, must not contain blank wall areas that exceed 40 linear feet, measured parallel to the street.	•	•	•	•	
Building façades in excess of 100 linear feet that face a public right-of-way, excluding alleys, must include a repeating pattern with no less than two of the following elements: color change, texture change, building material change, or a wall articulation change of no less than 2 feet in depth or projection, such as a reveal, pilaster, or projecting rib. All elements must repeat at intervals of no more than 40 linear feet.	•	•	•	•	
Buildings with façades over 150 feet in length must incorporate wall projections or recesses, or changes in wall plane a minimum of two feet in depth a maximum of every 75 linear feet.					•
All buildings must have a public entrance from the sidewalk along the primary building frontage. Public entrances must be visually distinctive from the remaining portions of the façade.	•	•	•	•	
Building materials and visual elements used on the façade of the primary building frontage must continue on all building façades that face a public right-of-way (excluding alleys) and/or the lot line of a residential district.	•	•	•	•	
Large expanses of highly reflective wall surface material and mirror glass on exterior walls are prohibited.	•	•	•	•	•
Fenestration Design					
The ground floor of a façade facing a public right-of-way (excluding alleys) must maintain a minimum transparency of 50%, measured between two and ten feet in height from grade.		•	•		
The ground floor of a façade facing a public right-of-way (excluding alleys) must maintain a minimum transparency of 35%, measured between two and ten feet in height.				•	
Upper floors of a façade facing a public right-of-way (excluding alleys) must maintain a minimum transparency of 15% of the wall area of the story.	•	•	•		
Roof Design					
Rooflines over 100 linear feet in building length must contain variation, and incorporate a major focal point feature, such as a dormer, gable, or projected wall feature. An element of variegation on the roofline must occur at intervals of no more than 75 linear feet.	•	•	•	•	
Parapet walls must feature three-dimensional cornice treatments or other shadow-creating details along their tops to provide visual interest.	•	•	•	•	
Any roof that is visible from a public right-of-way must be shingle or colored standing seam metal roofing.	•	•	•	•	
Green roof, blue roof, and white roof designs are encouraged.	•	•	•	•	•
Reflective roof surfaces that produce glare are prohibited, except for solar panels or white roofs intended to radiate absorbed or non-reflected solar energy and reduce heat transfer to the building.	•	•	•	•	•
Entrance Design					
Public entrances and primary building elevations must be oriented toward a public street. Main entrances to the buildings must be well defined.					•
Entries to office or guest facilities must address the street, with direct access to office or guest facilities from street frontages and parking areas.					•

Dear ladies and gentlemen of the Planning and Zoning Commission of Davenport:

I am writing in support of the zoning changes to eliminate the option for special use permits to convert single family homes to duplexes in R-3 and R-4 residential areas.

These homes are changed practically forever after the changes are made to make them duplexes and decreases the chances they would ever be owner-occupied. Many neighborhoods in Davenport's oldest areas are fragile and more conversions disrupts the stability that owner occupation brings.

I live in a historic district neighborhood and we have several homes in our neighborhood which could potentially be converted. This reverses the progress to preserve and restore the architecture and history of our neighborhood. Davenport is unique due to the character and history of its oldest neighborhoods, and approving new conversions works against maintaining stability and protecting the character in these neighborhoods.

I am asking you to please consider changing the zoning code to eliminate the option for special use permits to convert single family homes to duplexes in R-3 and R-4 residential areas.

Thank you for your time,
Juliana Buckelew, PhD

Third Consideration: Ordinance amending Schedule VII of Chapter 10.96 entitled "No Parking" by adding East 56th Street along both sides from Utica Ridge Road east to the City limits. [Ward 6]

Recommendation:

Adopt the Ordinance.

Background:

Both the City of Davenport and City of Bettendorf would like to convert East 56th Street (Utica Ridge Road to 18th Street in Bettendorf) to a 3-lane road. There are numerous driveways and side streets in this corridor so a continuous 2-way left turn lane would help ease congestion that might occur behind a driver waiting to turn left. All parking would need to be removed for this to be painted as a 3-lane road.

We have also had complaints about parked cars causing congestion and making it difficult to exit business driveways with cars parked across the street. All of the businesses in this area have ample off-street parking so this change should not cause a hardship. The road would be painted as soon as possible after the installation of the no parking signs.

Adopt the Resolution.

Background:

Seefried Industrial Properties, Inc is considering the development of a distribution center that will create more than 1,000 permanent jobs in the City of Davenport. The project cost would be at least \$100 million and be constructed over a 18 to 24 month period. The distribution center would be approximately 2.9 million square feet on 158 acres located west of Division Street and north of Research Parkway. As part of the project Seefried would be responsible for extending Research Parkway from its current end point, south of the Transload Facility, to Division Street.

The City would be responsible for upgrades to street infrastructure leading to the project site as well as improvements surrounding the area to accommodate the increase in automobile and industrial traffic. The City has applied for funding to the Iowa DOT RISE program to assist in paying up to 80% of the estimated \$3.9 million cost. Proposed improvements include:

- Reconstruction and new turning lanes on north Division Street adjacent to the project site
- Intersection improvements at Hillandale Road & Research Parkway with the EIIC
- Intersection improvements at Northwest Boulevard & Hillandale Road at the entrance of the EIIC
- Intersection improvements at Northwest Boulevard & West 76th Street

Resolution No. _____

Resolution offered by Alderman Gripp.

RESOLVED by the City Council of the City of Davenport.

RESOLUTION approving a development agreement between the City of Davenport and Seefried Industrial Properties, Inc for the development of a 2.9 million square foot distribution center and associated infrastructure improvements.

WHEREAS, Seefried has entered into a purchase and sale contract to acquire 158 acres of property located east of Division Street and west of Research Parkway to be developed as a distribution center; and

WHEREAS, the City wishes to enter into an agreement to maximize the value of the new development by providing necessary infrastructure improvements and support the creation of more than 1,000 permanent jobs for the benefit of the citizens of the City of Davenport.

NOW, THEREFORE, BE IT RESOLVED by the City Council of the City of Davenport that the development agreement between the City of Davenport and Seefried Industrial Properties, Inc for the development of a 2.9 million square foot distribution center and associated infrastructure improvements is hereby approved.

Passed and approved this 12th day of May 2021.

DEVELOPMENT AGREEMENT

This Development Agreement (the “Agreement”) is entered into between the City of Davenport (“City”) and Seefried Industrial Properties, Inc. (“Developer”).

RECITALS

A. Developer has entered into a Purchase and Sale Contract to acquire 158 acres of property located west of Division Street and east of Research Parkway to be developed as a distribution center.

B. City wishes to enter into an agreement to maximize the value of the new development by providing necessary infrastructure improvements and support the creation of more than 1,000 permanent jobs for the benefit of the citizens of the City of Davenport.

NOW, THEREFORE, in consideration of the mutual covenants set forth herein, the receipt and adequacy of which is hereby acknowledged, the parties agree as follows:

1. Development. Developer, or its affiliate or assignee, will construct an approximate 2.9 million square foot distribution center (the “Development”) on the property it will acquire. The Development will be constructed over approximately 18 to 24 months and will thereafter be open for business. It is anticipated that the Development will comprise an expenditure of at least \$100 million consisting of hard costs (including construction of improvements, roads, and utilities), soft costs, debt, equity and other development expenses associated with the Development.

2. Extension of Research Parkway. Developer agrees, at its expense, to design and construct, substantially in compliance with the City’s engineering standards, the extension of Research Parkway from its current end point past the Development and continuing to Division Street, and related improvements, including, but not limited to, storm sewer and other storm water management, utilities, signage and signaling (if required) (collectively, the “Road Extension”).

3. City Improvements. Following the construction start of the Development, the City agrees to construct the improvements to Research Parkway, Hillandale Road, Northwest Boulevard and West 76th Place and Division Street as generally depicted on the attached Location Map and Plan Sheets E-1 to E-6 (the “City Improvements”). The estimated cost of the City Improvements are more particularly itemized on the Roadway Project Description and Cost Estimate attached hereto. City agrees to pay the cost and expense of the City Improvements without regard to its source of funding for such City Improvements and to substantially complete the City Improvements on or before August 1, 2022 (“Completion Date”). The failure of the City Improvements to be completed by the Completion Date shall not prohibit the issuance of a certificate of occupancy for the Development. The City will obtain, as necessary, in a timely manner, any necessary right-of-way or other property rights for the construction of the City Improvements, including temporary construction easements, at its sole cost and expense. If the City fails to complete the City Improvements by the Completion Date for any reason other than as

permitted under Section 13, then, following 30-days' prior written notice to the City, Developer may, at its option, and without prejudice to any other right or remedy, complete the City Improvements on the City's behalf and the City shall pay the Developer, upon demand, all reasonable costs, expenses, and disbursements incurred by the Developer to complete the City Improvements.

4. Further Cooperation. City and Developer agree to cooperate in good faith with the performance of all of the activities contemplated herein, and to use reasonable efforts to promptly respond to requests and notices received from the other party. The parties further agree to diligently work toward executing all documents necessary to effectuate the purposes of this Agreement. The City shall expedite all permitting and expedite any City approvals as may be mutually determined to be necessary for the Development.

5. Contingent. This Agreement is contingent upon Developer entering into final definitive agreements for the Development with the end user. If final definitive agreements have not been entered into with the end user within twelve (12) months of the date of this Agreement, this Agreement shall terminate automatically.

6. Successors in Interest. All the terms, provisions and conditions of this Agreement shall be binding upon and inure to the benefit of the parties hereto and their respective successors and assigns. Developer may assign the benefits of this Agreement to its assignee, in its sole discretion.

7. Modification. This Agreement may be modified or supplemented by the parties. Any such amendment shall be in writing and signed by a duly authorized representative of the parties.

8. Choice of Law. The laws of the State of Iowa shall govern and determine all matters arising out of or in connection with this Agreement without regard to the choice of law provisions of Iowa law. This provision shall not be construed as waiving any immunity to suit or liability including without limitation sovereign immunity in State or Federal court, which may be available to City.

9. Integration. This Agreement represents the entire Agreement between the parties. The parties shall not rely on any representation that may have been made which is not included in this Agreement.

10. Notice. Any and all notices, designations, consents, offers, acceptances or any other communication provided for herein shall be given in writing by FedEx or other similar overnight carrier which shall be addressed to each party as set forth as follows:

If to City:
City Administrator

City of Davenport
226 W 4th Street
Davenport, IA 52801

If to Developer:

Seefried Industrial Properties, Inc.
8745 W. Higgins Road, Suite 220
Chicago, IL 60631
Attn: David Riefe

Each such notice shall be deemed to have been provided at the time it is actually received. From time to time, the parties may change the name and address of a party designated to receive notice. Such change of the designated person shall be in writing to the other party and as provided herein.

11. Authorization. Each party to this Agreement represents and warrants to the other party that: it has the right, power and authority to enter into and perform its obligations under this Agreement, it has taken all requisite action (corporate, statutory or otherwise) to approve execution, delivery and performance of this Agreement, and this Agreement constitutes a legal, valid and binding obligation upon itself in accordance with its terms.

12. Counterparts. The parties agree that this Agreement has been or may be executed in several counterparts, each of which shall be deemed an original and all such counterparts shall together constitute one and the same instrument. Electronic or PDF copies shall constitute an original.

13. Delay or Impossibility of Construction Activity. Neither party shall be in default under this Agreement if construction activity required hereunder is delayed or made impossible by an act of God, flood, fire or similar events or civil insurrection or war. In each such case, the delay or impossibility must be beyond the control and without the fault or negligence of the party. If delay results from a party's conduct, negligence or failure to perform, the party shall not be excused from compliance with the terms and obligations of this Agreement.

[Signature page follows]

IN WITNESS WHEREOF, the parties hereto have executed and delivered this Agreement as of the day and year set forth above.

Recommendation:

Adopt the Resolution.

Background:

A streetscaping project on the south side of East 2nd Street between 211 East 2nd Street (the Barrel House) and Iowa Street. The Downtown Davenport Streetscape Improvement Plan design guidelines will be applied, including “bump outs” on the southeast and southwest corners of the 2nd and Pershing intersection and the southwest corner of the 2nd and Iowa intersection.

Parking will be switched from parallel parking to angled parking (front in) in the block between Pershing and Iowa Streets; angled parking is already present in the block between Perry and Pershing Streets.

Other streetscape features such as ADA-accessible sidewalks and building entrances, brick banding, decorative lights, and new trees will be implemented. Per the June 2020 Streetscape Improvement Plan, cost will be shared between the City, property owners, and the Downtown Davenport Partnership. The engineer’s project estimate is \$413,641.

Resolution approving an engineering contract with Shive-Hattery of Moline, Illinois in the amount of \$471,900 for the street infrastructure improvements associated with the Seefried Industrial development agreement. [Ward 8]

Recommendation:

Adopt the Resolution.

Background:

Seefried Industrial Properties, Inc is considering the development of a distribution center in the Eastern Iowa Industrial Center. The development agreement is currently in front of the City Council and Mayor for discussion. The agreement states that the City would be responsible for upgrades to street infrastructure leading to the project site, as well as improvements surrounding the area to accommodate the increase in traffic that the development would generate.

The contract with Shive-Hattery will provide the City with preliminary engineering plans, right-of-way administration and construction inspection services for these projects, the estimated total cost of street infrastructure improvements is \$3,900,000. The City has applied for funding to the Iowa DOT RISE program to assist in paying for the cost of these services, along with any construction related cost.

Subject:

Motion awarding the contract for talent development consulting services to Ziksana Consulting Inc of San Diego, California. [All Wards]

Recommendation:

Pass the Motion.

Background:

On January 15, 2021, a Request for Proposals was issued and sent to vendors. On February 12, 2021, the Purchasing Division opened and read sixteen (16) proposals. See attached tabulation.

As part of the adopted City Administrator's workplan and in alignment with the City's strategic initiatives for CY 2021, talent and organizational development has been identified as a strategic focus for the next two years.

An evaluation committee, consisting of four staff members, evaluated all proposals on the following criteria:

1. Ability, experience, qualifications, expertise of personnel assigned to the City's account - 20%,
2. Service provider's demonstrated proposal and expertise in performing the services required - 40%,
3. Quality and thoroughness of proposal - 20%,
4. Proposed pricing - 20%.

The top five companies scoring over 80% were interviewed by the evaluation committee, and reference checks were conducted. Through the evaluation process, Ziksana Inc was determined to be the vendor that could most comprehensively deliver talent development and training services to the City of Davenport.

The funding will be distributed from each department.
