X. Individual Approval of Items on the Discussion Agenda

1. Second Consideration: Ordinance for Case REZ19-01, request by Bradley Matthews to rezone approximately 1.1 acres located at 5000 Grand Ave from I-1 Light Industrial District to R-MF, Residential Multifamily District. [Ward 7]

Adopted, upon suspension of the rules and passage of third consideration, 2019-102

ORDINANCE NO. 2019-102

ORDINANCE for Case REZ19-01 being the request of Bradley Matthews to rezone approximately 1.1 acres located at 5000 Grand Avenue from I-1 Light Industrial District to R- MF, Residential Multifamily District [Ward 7].

BE IT ENACTED BY THE CITY COUNCIL OF THE CITY OF DAVENPORT, IOWA:

Section 1. The following described unit of Scott County, Iowa real estate is hereby rezoned to "R-MF, Residential Multifamily District".

Lot 5 of Lyngholm Park 8th Addition to the City of Davenport, Iowa.

Section 2. That the following findings and conditions are hereby imposed upon said rezoning: Findings:

1. This property is located on the boundary between R-MF and I-1 Zoning.
2. The proposed rezoning will not significantly add traffic to Grand Avenue.
3. Zoning this property R-MF will allow for construction of apartment units in close proximity to employment opportunities.
4. No single family neighborhoods are in the vicinity and thus, none will be impacted.

Condition:

That the City Council is requested to pass a resolution assigning a Future Land Use Designation of RG, Residential General to this property and assigning either I, Industry or RG, Residential General designations to other nearby properties overlooked in the 2016 Comprehensive Plan.

Section 3. At its February 19, 2019 meeting, the Plan and Zoning Commission voted to forward the case to the City Council with a recommendation to approve.

SEVERABILITY CLAUSE. If any of the provisions of this ordinance are for any reason illegal or void, then the lawful provisions of this ordinance, which are separable from said unlawful provisions shall be and remain in full force and effect, the same as if the ordinance contained no illegal or void provisions.

REPEALER. All ordinances or parts of ordinances in conflict with the provisions of this ordinance are hereby repealed.

EFFECTIVE DATE. This ordinance shall be in full force and effective after its final passage and publication as by law provided. *Approved 3/27/19 Frank Klipsch, Mayor; Attest: Brian Krup, Deputy City Clerk*

2. Resolution approving the Fairmount Cemetery Assistance Agreement between the Fairmount Cemetery and Crematory Association and the City of Davenport.

[Ward 1] **Adopted 2019-103**, with the following amendment to item #5:

*"Projects/Repairs to Mausoleum and/or Crematorium. Cemetery agrees that any **proposed** interior or exterior projects or repairs be planned for the Mausoleum and/or Crematorium ~~that will materially change the historic character or aspect of either building~~ shall first be subject to review and approval by the Davenport Historic Preservation Commission. **And further, Cemetery agrees to list the Crematorium and the Mausoleum in the Davenport Register of Historic Properties and Local Landmarks.**"*

XI. Approval of All Items on the Consent Agenda

****NOTE:** These are routine items and will be enacted at the City Council Meeting by one roll call vote without separate discussion unless an item is requested to be removed and considered separately.

1. **Second Consideration:** Ordinance amending various sections of Chapter 12.20 (Right of Way Management Regulations) to clarify specific standards for wireless structures placed within the City. [All Wards] **Moved to third consideration**

2. Resolution setting a Public Hearing on the proposed conveyance of the following City-owned Urban Homestead Properties: **Adopted 2019-104**

Proclamation

- Whereas** the young people of Davenport are tomorrow's leaders; and
- Whereas** many young people need professional youth services to help them achieve their full potential; and
- Whereas** there are four Boys & Girls Club organizations in the Quad Cities that serve more than 700 young people annually; and
- Whereas** the Boys & Girls Club organization instills our youth with the self-confidence to believe they can succeed at anything they put their mind to, and stand at the forefront of efforts in the areas of academic success, healthy lifestyles, good character and citizenship; and
- Whereas** the Boys & Girls Club organizations in Iowa help ensure young people have a safe, supportive place to spend time and will provide them with quality youth development programs; and
- Whereas** the Boys & Girls Club of the Mississippi Valley will celebrate National Boys & Girls Club Week with over 4,000 clubs and more than 2 million children and teens nationwide; and
- Whereas** the Boys & Girls Club of the Mississippi will celebrate 25 years of serving this area in the summer of 2019.
- Now therefore** We, Frank Klipsch, Mayor and the City Council of Davenport, Iowa, do hereby proclaim April 8th-12th, 2019, as

BOYS & GIRLS CLUB WEEK

and encourage all citizens, businesses, public and private agencies and religious and educational institutions to join me in recognizing and commending Boys & Girls Clubs in Iowa for providing the young people of our communities with comprehensive and effective youth development services.

Dated this 10th day of April 2019.

Recommendation:
Adopt the Resolution.

Background:
This property is contiguous with the City limits. The City has the authority to review subdivisions within 2 miles of its boundary.

There is an understanding between Scott County and the City that proposed development on the urban fringe will be encouraged to annex. In this case, it is the opinion of City Staff that annexation of this tract is undesirable because it is beyond the Urban Service Boundary (USB).

City staff informed the developer that it was unwilling to support annexation. The developer is proceeding with attempting to gain approval with the subdivision remaining in unincorporated Scott County.

This subdivision will have to be approved by both Scott County and the City. The County has the final say; and in practice has not taken final action until the City completes its process.

Findings:
The plat does not achieve consistency with subdivision requirements (see the eight (8) comments from Public Works) nor is the location of the development within the urban service boundary.

Recommendation:
The City Plan and Zoning Commission concurred with staff findings and the denial recommendation and forwards the extraterritorial plat review to the City Council for a recommendation to the Scott County Board of Supervisors with a recommendation for denial of the proposed preliminary plat based on the findings and the comments from Public Works Natural Resources and Engineer staff.

See attachments for additional information.
Please refer to the Commission's letter and background material for further information.

Resolution No. _____

Resolution offered by Rawson

RESOLVED by the City Council of the City of Davenport.

RESOLUTION recommending to the Scott County Board of Supervisors the denial of Case P19-01, Request of Grunwald Land Development for a preliminary plat of West Lake Settlement on 79 acres located in unincorporated Scott County southwest of the Locust Street/Interstate 280 Interchange containing 47 lots. [Adjacent to Ward 1]

WHEREAS, this property is contiguous with the City limits and the City has the authority to review subdivisions within 2 miles of its boundary;

WHEREAS, the plat is deficient with respect to platting code requirements listed below:

1. The detention basin shall require an agreement from both property owners as it is partly located in the subdivision and partly on county property.
2. All stormwater BMP's shall be in an easement and shall be accessible to public Right-of-Way (Detention near Outlot D shall meet these requirements).
3. The detention basin shall have an easement for the conveyance of a 100-year storm event.
4. Additional R.O.W. shall be required along the south side of Locust Street.
5. R.O.W. street section does not meet Municipal Code standards.
6. Detention area does not meet stormwater standards.
7. SUDAS standards shall be met.
8. The detention basin shall provide an access easement for maintenance and inspection; and

WHEREAS, the location of the development is located outside of the urban service boundary;

NOW, THEREFORE, BE IT RESOLVED, the Davenport City Council concurs with the recommendation of the Plan and Zoning Commission findings and recommendation of denial for request of the Preliminary Plat West Lake Settlement and forwards the extraterritorial plat review to the Scott County Board of Supervisors with a recommendation for denial of the proposed preliminary plat based on the City Plan & Zoning Commission findings and the comments from Public Works Natural Resources and Engineer staff.

January 25, 2019

**NOTICE OF PLANNING AND ZONING COMMISSION PUBLIC HEARING FOR A
PRELIMINARY PLAT OF A MAJOR SUBDIVISION**

Public Notice is hereby given as required by Section 6-25 of the County Code (Zoning Ordinance for unincorporated Scott County), that the Scott County Planning and Zoning Commission hold a public hearing for a preliminary plat of a major subdivision known as West Lake Settlement, submitted by Dale Grunwald Development at a public meeting on **Tuesday, February 5, 2019 at 7:00 PM.** The meeting will be held in the **1st Floor Board Room of the Scott County Administrative Center, 600 W. 4th Street, Davenport, Iowa 52801.**

The Planning and Zoning Commission will hear the request of **Grunwald Land Development** to rezone a 29 acre tract, more or less, from "Commercial and Light Industrial (C-2)" to "Single-Family Residential (R-1)," legally described as a 29 acre tract part of the NE $\frac{1}{4}$ NW $\frac{1}{4}$ of Section 25, Blue Grass Township **ALSO INCLUDING** a 5 acre tract part of the NW $\frac{1}{4}$ NE $\frac{1}{4}$ of Section 25, Blue Grass Township **ALSO INCLUDING** a 40 acre tract part of the SE $\frac{1}{4}$ NW $\frac{1}{4}$ of Section 25, Blue Grass Township. The acreage of proposed rezoning totaling 79 acres, more or less. According to the petition to rezone, the intended new use of the property would include "Residential single family homes, villas, and commercial units."

A location map of the subject property is on the reverse side of this notice. Full-sized copies of the Preliminary Plat are available for viewing at the Scott County Planning and Development Department at the address below, and a condensed version of the plat is attached with this notice.

If you have any questions or comments regarding this meeting or proposal, please call or write the Planning and Development Department, Scott County Administrative Center, 600 West Fourth Street, Davenport, Iowa 52801, (563) 326-8643, or attend the meeting.

Subject: RE: Rezoning and Preliminary Plat for Review: West Lake Settlement Subdivision

Tim – thanks for the opportunity to comment on the proposal by Grunwald Land Development.

As you know, the City of Davenport did discuss the possibility of extending sanitary sewer to this property. The cost of this extension has been estimated at \$4.5 million, which is not currently budgeted within the City's Capital Improvement Plan. Both the City and Mr. Grunwald agree this extension is cost-prohibitive at this time.

Davenport lacks any adopted policies addressing extraterritorial development around the City. We believe that in the very long term, there may be opportunities for industrial and/or commercial development along the I-280 corridor. But currently, the City is looking at other development opportunities within or adjacent to the City's Urban Service Boundary.

We have discussed the possibility of annexation with Mr. Grunwald. We do not support annexation without connection to the sanitary sewer system, at a minimum. In order to be annexed to the City, all infrastructure improvements would need to meet the City's construction standards and be inspected by City staff or be certified by a professional engineering firm licensed in the State of Iowa. Understandably, Mr. Grunwald cannot absorb the costs of the sewer and still have a viable project.

In addition to the sewer issue, the location of this property cannot access any City services efficiently. It is conceivable even with the support of the City for annexation, the City Development Board may not look favorably to the proposal on account of the lack of municipal services.

So in summary, the City does not support annexation and also does not object to Scott County rezoning this property from C-2 to R-1.

Subject: Rezoning and Preliminary Plat for Review: West Lake Settlement Subdivision

All,

Attached are public hearing notices, location map, preliminary plat, and meeting agenda for a proposed rezoning and preliminary plat for a major subdivision near West Lake. The public hearings will take place at the next Planning & Zoning Commission Meeting on February 5th.

Please review and respond with any formal comments by Thursday, January 31st.

Thanks,

Taylor Beswick

PLAN AND ZONING COMMISSION

Date: March 19, 2019
Request: West Lake Settlement Preliminary Plat Request
Case No.: P19-01
Applicant: Grunwald Land Development

Recommendation:

Staff recommends the City Plan and Zoning Commission accept the listed findings and forward Case No. P19-01 to the City Council with a recommendation for approval subject to the listed conditions.

Introduction:

Case P19-01: Request of Grunwald Land Development for a preliminary plat of West Lake Settlement on 79 acres located in unincorporated Scott County southwest of the Locust Street/Interstate 280 Interchange containing 47 lots. [Adjacent to Ward 1]

Background:

Comprehensive Plan:

Within Existing Urban Service Area: No

Within Urban Service Area 2035: No

Future Land Use Designation:
None.

Council Goals: Sustainable Infrastructure

This property is contiguous with the City limits. The City has the authority to review subdivisions within 2 miles of its boundary.

There is an understanding between Scott County and the City that proposed development on the urban fringe will be encouraged to annex. In this case, it is the opinion of City Staff that annexation of this tract is undesirable because it is beyond the Urban Service Boundary (USB).

Staff Recommendation:

Findings:

1. The plat does achieve consistency with subdivision requirements nor is the location of the development within the urban service area.

Comments for Natural Resources and Engineering are as follows:

1. The detention basin shall require an agreement from both property owners as it is partly located in the subdivision and partly on county property.
2. All stormwater BMP's shall be in an easement and shall be accessible to public Right-of-Way (Detention near Outlot D shall meet these requirements).
3. The detention basin shall have an easement for the conveyance of a 100-year storm event.
4. Additional R.O.W. shall be required along the south side of Locust Street.
5. R.O.W. street section does not meet Municipal Code standards.
6. Detention area does not meet stormwater standards.
7. SUDAS standards shall be met.
8. The detention basin shall provide an access easement for maintenance and inspection.

12.20.010 Title.

This chapter is known and may be cited as the Davenport Right-of-Way Management Ordinance. (Ord. 2017-111 § 1 (part)).

12.20.020 Legislative findings.

The city council hereby finds and declares:

A. That the public rights-of-way within the city can be partially occupied by public utilities and other service entities for facilities used in the delivery, conveyance, and transmission of services rendered by private or for profit entities, to the enhancement of the health, welfare, and general economic well-being of the city and its citizens;

B. That the public rights-of-way within the city are physically limited so that proper management by the city is necessary to maximize the efficiency and to minimize the costs to the taxpayers of the foregoing uses, to prevent foreclosure of future uses through premature exhaustion of available right-of-way capacity, and to minimize the inconvenience to the public from such facilities' construction, emplacement, relocation, and maintenance in the rights-of-way;

C. That the use of the public rights-of-way by multiple users renders more pressing the city's right-of-way management responsibilities;

D. That the public rights-of-way within the city are valuable public property acquired and maintained by the state and the city at great expense to the taxpayers;

E. That the right to occupy portions of such public rights-of-way for limited times for the business of providing utility and information services is a valuable economic asset; and

F. The city's street and alley rights-of-way are owned or held by the city primarily for the purpose of pedestrian and vehicular passage and for the city's provision of essential public safety services, including police and fire services; the city's provision of public health services, including solid waste removal, sanitary sewer and storm drainage services; and other municipal operations and the means to support and provide those services — these interests are paramount. (Ord. 2017-111 § 1 (part)).

12.20.030 Purposes.

The city council adopts this chapter to better:

A. Manage a limited resource to the long term benefit of the public;

B. Recover and allocate the costs of managing the public rights-of-way;

C. Minimize inconvenience to the public occasioned by the emplacement and maintenance of facilities in the public rights-of-way;

D. Prevent premature exhaustion of capacity in the public rights-of-way to accommodate communications and other services; and

E. Promote competition in the provision of communications service in the city and ensure that citizens have a wide variety of services available to them by establishing clear and consistent rules by which providers may occupy the public rights-of-way. (Ord. 2017-111 § 1 (part)).

12.20.040 Rules of construction.

A. When not inconsistent with the context, words used in the present tense include the future tense; words in the plural number include the singular number, and words in the singular number include the plural number; and the masculine gender includes the feminine gender.

B. The words "shall" and "will" are mandatory, and "may" is permissive.

C. Unless otherwise specified, references to laws, ordinances or regulations shall be interpreted broadly to cover government actions, however nominated, and include laws, ordinances and regulations not in force on hereinafter enacted or amended.

D. Any conflict between this chapter and a city franchise agreement or Iowa Utilities Board ("IUB") authorization will be resolved in favor of the terms of the city franchise agreement or IUB authorization.

E. Nothing in this chapter shall be construed to create a special duty by the city to any owner or operator of a facility within the right-of-way.

F. Nothing in this chapter shall be construed to create any property interest or right to occupy space within the right-of-way whatsoever.

G. In the case of conflict, the rights granted to an owner or operator by federal or state law shall not be impaired. (Ord. 2017-111 § 1 (part)).

12.20.050 Definitions.

For the purposes of this chapter the following terms, phrases, words, and abbreviations shall have the meanings given herein, unless otherwise expressly stated. Unless otherwise expressly stated, words not defined herein shall be given the meanings set forth in Title 47 of the United States Code, as amended, and, if not defined therein, their common and ordinary meaning.

AFFILIATE: When used in relation to any person, means another person who de facto or de jure owns or controls, is owned or controlled by, or is under common ownership or control with, such person.

CITY: City of Davenport, Iowa, and any agency, department, or agent thereof.

CITY ADMINISTRATOR: The person appointed pursuant to Section 2.30.030 of this code or her designee.

CITY ENGINEER: The city engineer or the city engineer's designee.

COMMUNICATIONS FACILITY OR COMMUNICATIONS SYSTEM: Facilities for the provision of "communications services," as that term is defined herein.

COMMUNICATIONS SERVICES: Tele-communications services, interactive computer services, and any other services involving the transmission of information by electronic or optical signals, except that it shall not include cable service as that term is used in the cable communications policy act of 1984, as amended.

COUNCIL: The principal governmental body of the City of Davenport, Iowa, its officers, or a representative person or entity as may be designated to act on its behalf.

FACILITY OR FACILITIES: Any tangible asset in the public right-of-way used to provide drainage, sanitary or storm sewer, gas, electric, water or communication/information services.

FEDERAL COMMUNICATIONS COM-MISSION OR FCC: The Federal Communications Commission or any successor.

FRANCHISE: An authorization granted by the city to a person to construct, maintain, or emplace facilities generally upon, across, beneath, and over the public rights-of-way in the city, subject to the terms and conditions specified in a franchise agreement. The term also includes an authorization by the Iowa Utilities Board or other appropriate authority or as otherwise authorized by law.

FRANCHISE AGREEMENT: The contract entered into between the city and a grantee that sets forth the terms and conditions under which the franchise may be exercised.

GRANTEE: A person that has been granted a franchise by the city or right to operate within Davenport by the Iowa Utilities Board or other appropriate authority or as authorized by law or such other parties that wish to locate facilities in the right-of-way.

OWNER OR OPERATOR OF A FACILITY: Any person which has a possessory interest in such facility or which controls or is responsible for, through any arrangement, the management and operation of such facility.

PERMITTEE: A person who has received a permit to locate a facility or facilities within the right-of-way.

PERSON: Any individual, corporation, partnership, association, joint stock company, trust, governmental entity, or any other legal entity, but not the city.

PUBLIC RIGHTS-OF-WAY: The surface and space above, on, and below any public highway, avenue, street, lane, alley, boulevard, concourse, driveway, bridge, tunnel, park, parkway, waterway, dock, bulkhead, wharf, pier, public easement, or right-of-way within the city in which the city now or

hereafter holds any property interest which, consistent with the purposes for which it was dedicated or otherwise acquired, may be used for the purpose of constructing, operating, and maintaining a facility.

TELECOMMUNICATIONS: This term has the meaning ascribed to it in 47 USC section 153(43).

TELECOMMUNICATIONS SERVICE: This term has the meaning ascribed to it in 47 USC section 153(46).

WORK PERMIT: An authorization issued by the city to enter upon the public rights-of-way at specified times and places to erect, construct, emplace, or otherwise work on facilities. (Ord. 2017-111 § 1 (part)).

12.20.060 Authority.

This chapter is adopted pursuant to the city's powers, including, but not limited to, those under title III, section 38A of the Iowa constitution and section 364.2 of the Iowa Code. (Ord. 2017-111 § 1 (part)).

12.20.070 Reservation of rights; police power.

All rights and privileges granted in a franchise agreement are subject to the police powers of the city and its rights under applicable laws and regulations to exercise its governmental powers to their full extent and to regulate a grantee and the construction, operation and maintenance of the grantee's system, including, but not limited to, the right to adopt, amend, and enforce ordinances and regulations as the city shall find necessary in the exercise of its police powers, the right to adopt and enforce applicable zoning, building, permitting and safety ordinances and regulations, the right to adopt and enforce ordinances and regulations relating to equal employment opportunities, and the right to adopt and enforce ordinances and regulations containing right-of-way, telecommunications, utility and cable television consumer protection and service standards and rate regulation provisions.

Further, nothing in this chapter shall prevent the city from constructing, repairing or replacing sewers; grading, paving, repairing, or replacing any right-of-way; or constructing, repairing, or replacing any other public work or facility, or from performing work pursuant to weather related activities or response to natural disasters. Nothing shall prevent the city from altering the layout or design of a right-of-way for public safety reasons. (Ord. 2017-111 § 1 (part)).

12.20.080 Authorization required.

A. No person shall install, erect, hang, lay, bury, draw, emplace, construct, reconstruct, maintain, or operate any facility upon, across, beneath, or over any public right-of-way in the city or other city property without first obtaining from the city the necessary authorization (e.g., in the case of a cable operator, a franchise) required under local, state or federal law.

B. An owner or operator of facilities may be required to hold different authorizations for its use of the public rights-of-way to provide different services. For example, and without limitation, the owner or operator of facilities that provides both cable service and telephone service must obtain both a cable franchise and any authorization needed to provide telephony. (Ord. 2017-111 § 1 (part)).

12.20.090 Construction standards.

A. Compliance with Regulations; Safety Practices: Construction, operation, maintenance, and repair of facilities shall be in accordance with all applicable law and regulation, and with sound industry

practice. All safety practices required by law shall be used during construction, maintenance, and repair of facilities.

B. Excavations: No holder of any work permit for any facility shall dig, trench, or otherwise excavate in the public rights-of-way without complying with the provisions of the Iowa one call system, Iowa Code § 480.3 et seq., or its successor.

C. Prevention of Failures and Accidents: An owner or operator shall at all times employ at least ordinary care and shall install and maintain using commonly accepted methods and devices preventing failures and accidents that are likely to cause damage, injury, or nuisance to the public.

D. Most Stringent Standards Apply: In the event of a conflict among codes and standards, the most stringent code or standard shall apply (except insofar as that standard, if followed, would result in a system that could not meet requirements of federal, state or local law, or is expressly preempted by other such standards).

E. Trimming of Trees: A grantee or permittee shall have the authority to trim trees that overhang public rights-of-way of the city so as to prevent the branches of such trees from coming in contact with the facilities of the grantee or permittee, in accordance with standards approved by the city administrator and administered by the city arborist or ANSI standards. Grantee or permittee shall be responsible for notifying abutting property owners.

F. Construction Schedule: Every owner or operator shall, at least forty-five (45) days prior to commencing significant construction activity (including a significant rebuild, upgrade, or repair to existing facilities) - emergencies excepted - upon, across, beneath, or over any public right-of-way in the city or other city property, strive to provide to the city in writing the date on which the owner or operator anticipates it will begin construction and the approximate length of time required for such construction. This timeframe represents a preference only.

G. Coordination of Construction With City: Prior to the erection, construction, upgrade, or rebuild of any facilities in the public right-of-way, the owner or operator of such facilities shall first submit to the city for written approval a concise description of the facilities proposed to be erected or installed, including engineering drawings, if required by the city, together with maps and plans indicating the proposed location of all such facilities. The owner or operator shall provide the best information it has in such reasonable format as may be specified by the city engineer for the city's planning function. No such erection or construction shall be commenced by any person until approval therefor has been received from the city. At the time of such approval, the city shall inform the grantee whether the reports and other information described by subsection 12.20.180C.1 of this chapter shall be required with respect to the approved construction.

H. Coordination of Construction With Third Parties: Developers or other parties planning the construction or opening of streets in the city shall provide reasonable notice to the city and to the owners or operators of facilities subject to this chapter so that joint trenching and joint emplacement of facilities may be conducted wherever practicable. Such owners and operators shall similarly provide notice to each other and to any relevant developers, for the same purpose. The city shall maintain a list of owners and operators of facilities subject to this chapter for reference by other parties.

I. City Engineer Stakeholder Meetings: The city engineer may establish recurring meetings of businesses who make use of the right-of-way for their facilities and contractors who perform such work to discuss ongoing and upcoming projects to further the efforts of coordinating projects within the right-of-way.

J. Contractors and Subcontractors: Any contractor or subcontractor used for work or construction, installation, operation, maintenance, or repair of facilities in the public rights-of-way must be properly licensed and insured under laws of the state and all applicable local ordinances. Each contractor or

subcontractor shall have the same obligations with respect to its work as an owner or operator of the facility would have if the work were performed by the owner operator. An owner or operator shall be responsible for all activities carried out by its contractors, subcontractors and employees at the owner's or operator's request.

K. **Publicizing Proposed Construction Work:** The owner or operator of facilities in the public rights-of-way shall notify the public prior to commencing any construction, other than emergency repair or overhead work, that, in its determination, will significantly disturb or disrupt public property or have the potential to present a danger or affect the safety of the public generally. Written notice of such construction work shall be delivered to the city at least one week prior to commencement of that work. Notice shall be provided to those persons most likely to be affected by the work in at least one (1) of the following ways: by telephone, in person, by mail, by distribution of flyers to residences, by publication in local newspapers, by clearly legible signage at the location of the proposed work, or in any other manner reasonably calculated to provide adequate notice.
(Ord. 2017-111 § 1 (part)).

12.20.100 Placement of facilities.

A. All facilities shall be installed and located to minimize interference with the rights and convenience of other property owners.

B. An owner or operator of facility shall not place facilities, equipment, or fixtures where they will interfere with any other facilities, or obstruct or hinder in any manner the various utilities serving the residents of the city or their use of any public rights-of-way. Placement of facilities may be denied if the facility proposed will occupy greater than ten-percent (10%) of the available clear right-of-way area to a ten foot depth.

C. The city may reasonably direct the specific placement of facilities to ensure that users of the public rights-of-way do not interfere with each other and that the public rights-of-way are used safely and efficiently. For example, in the case of an owner or operator of a fiber optic network that is not a "Public Utility" under Iowa Code Chapter 480A, the city engineer may order extra ducts for fiber optic cable be installed for use by the city or other grantees or permittees when, in the opinion of the city engineer, the subject right-of-way is too congested due to existing facilities and space limitations or will likely be used by at least four other entities including the city for running fiber optic cable. Such company shall then certify to the city engineer the additional cost of said installation per linear foot which the city shall pay. Other future users of the surplus duct will be charged an upfront, one-time fee to locate in said duct to recover a proportional share of the city's upfront and carrying costs as calculated by the city engineer. This fee will be in addition to, and not in lieu of, any recurring fee charged by city for location within the right-of-way.

D. Every grantee or permittee that ceases operating or maintaining any facility shall, upon written request of the city within two (2) years of the cessation of maintenance of such facility, promptly remove it. Should the grantee or permittee neglect, refuse, or fail to remove such facility, the city may remove the facility at the expense of the grantee or permittee. The obligation to remove shall survive the termination of the franchise or permit for a period of two (2) years and shall be bonded. The city engineer may determine that it is in the best interests of the city to allow the facility to be wholly or partially abandoned in place.

E. No owner or operator of a facility shall erect new aerial plant, other than to repair existing plant, in or on a public right-of-way in which both electric and telephone service providers have placed their

lines underground, or in an area which the city has by ordinance forbidden new aerial plant to be constructed or existing aerial plant to be maintained.

F. If at any time the city determines that existing wires, cables or other like facilities of public utilities anywhere in the city shall be changed from an overhead to underground installation, the owner or operator of a facility shall, at no expense to the owner or operator, convert its system in that location to an underground installation unless the owner or operator's city franchise agreement, tariff or applicable state or federal law provides otherwise.

G. A grantee or permittee shall use, with the owner's permission, existing poles, conduits and other facilities whenever feasible. A grantee or permittee may not erect poles, conduits, or other facilities in public rights-of-way without the express permission of the city. Copies of agreements for use of conduits or other facilities shall be filed with the city upon city request. The city engineer may require that foundation plans and structural load analysis signed and sealed by a professional engineer licensed in the State of Iowa be submitted for review and approval for either reuse of an existing pole or installation of a new pole. Soil boring analysis may be required for new pole installations.

H. To the extent practicable, aboveground equipment placed on private property shall be placed at the location requested by the property owner. An owner or operator shall provide affected homeowners with at least ten (10) days' advance written notice of its plans to install such equipment, and shall make reasonable efforts to confer with such homeowners before any work is done.

I. Whenever aboveground equipment is placed on private property within a utility easement, the grantee or permittee shall provide landscaping camouflage reasonably acceptable to the city engineer, at the grantee's or permittee's expense. It shall be the grantee's or permittee's responsibility to negotiate the terms of the camouflage with the city engineer.

J. Any underground fiber optic project by a non-Iowa Code Chapter 480A Public Utility involving a run of less than a full city block is not allowed unless it is ancillary to a wireless facility.

K. The city engineer may develop and institute a standardized cross-section location protocol for new or reconstructed rights-of-way.

L. Unless exigent circumstances exist, no new facilities may be installed that disturb the roadway hard surface or subsurface/subbase within three years of the construction or reconstruction of the roadway.

M. All above ground facilities, whether placed within public right-of-way or private property within a utility easement shall aesthetically match the surrounding area. Equipment shall be concealed or housed within the smallest possible cabinet or other appropriate enclosure. No external loose cables or wires shall be allowed. Owners of facilities shall maintain such in good working order and condition.

N. No above ground poles or structure within the public right-of-way shall exceed thirty (30) feet in height from the ground surface. This item shall not be applicable to electrical transmission facilities.

(Ord. 2017-111 § 1 (part)).

12.20.110 Relocation of facilities.

The owner or operator of a facility on or within the public rights-of-way shall, at its own expense, upon written notice from the city reasonably in advance, promptly relocate any facility located on or within the public rights-of-way as the city may deem necessary or appropriate to facilitate the realignment (for public safety reasons), reconstruction, improvement or repair of public streets, sidewalks, curbs, drains, sewers, and public improvements of any sort; provided, however, that an operator may be permitted to

abandon any property in place with the written consent of the city. This subsection does not apply to relocations covered by 12.20.100F. (Ord. 2017-111 § 1 (part)).

12.20.120 Restoration.

A. Unless governed contractually between the owner or operator and its customer, if an owner or operator of a facility disturbs a pavement, sidewalk, driveway or other surfacing, or landscaping, or other structure, either on private property or in public rights-of-way, the owner or operator shall, in a manner approved by the city engineer, replace and restore all pavement, sidewalk, driveway or other surfacing, or landscaping disturbed, in substantially the same condition and in a good, workmanlike, timely manner, in accordance with any standards for such work set by the city. Such restoration shall be undertaken within no more than ten (10) days after the damage is incurred, weather permitting, and shall be completed as soon as reasonably possible thereafter. The owner or operator shall guarantee and maintain restoration of a public: improvement for at least one year against defective materials or workmanship.

B. In the event an owner or operator of a facility fails to complete any work required for the protection or restoration of the public rights-of-way, or any other work required by city law or ordinance, within the time specified by and to the reasonable satisfaction of the city, the city, following notice and an opportunity to cure, may cause such work to be done, and the owner or operator of a facility shall reimburse the city the cost thereof within thirty (30) days after receipt of an itemized list of such costs; or the city may recover such costs through the security fund provided by an owner or operator of a facility, pursuant to the procedures for recovery from the security fund specified in the owner's or operator's franchise agreement.

C. Any and all public rights-of-way, public property, or private property that is disturbed or damaged during the construction, repair, replacement, relocation, operation, maintenance, or reconstruction of a system shall be promptly repaired by the owner or operator of a facility. (Ord. 2017-111 § 1 (part)).

12.20.130 Work permits.

A. Unless otherwise provided by law, franchise, IUB authorization or emergency circumstances, no person shall install, erect, hang, lay, excavate, bury, draw, emplace, construct, or reconstruct any facility upon, across, beneath, or over any public right-of-way in the city, or enter into the public rights-of-way to work on a facility, without first obtaining a work permit therefor from the city. Notwithstanding the foregoing, under no provision in this chapter shall any work permit or other approval from the city be required to install, construct, repair, maintain or replace any service drop.

B. Denial. The city engineer may deny a work permit for failure to meet the requirements of this chapter, failure to meet monetary obligations to the city or it is necessary to protect the health, safety and welfare or the right-of-way and its current use. Failure to meet the requirements includes, but is not limited to, striking or damaging another facility within the right-of-way.

C. Large Capital Programs. The city engineer may develop and institute a special streamlined permit and inspection process for large capital programs by mutual agreement with the applicant or applicants in the case of a joint project after receiving authorizing from the city administrator.

D. The city engineer may issue a stop work order to anyone failing to secure the proper permit or for not following the ordinances or city standards.
(Ord. 2017-111 § 1 (part)).

12.20.140 Business license.

A franchise under this chapter does not render unnecessary or take the place of any generally applicable business license that may be required by the city for the privilege of transacting and carrying on a business within the city generally. (Ord. 2017-111 § 1 (part)).

12.20.150 Reimbursement of costs.

All grantees or permittees will reimburse the city for its internal and out of pocket costs, including, but not limited to, attorney and consultant fees actually and reasonably incurred by the city in connection with an application for an initial franchise or permit under this chapter as determined by the city after it takes action on the application. Any application fee submitted with the application will be credited against this amount. The applicant will remit to the city payment for such costs within thirty (30) days of its receipt of the city's invoice. (Ord. 2017-111 § 1 (part)).

12.20.160 Administration and permitting to use space within the right-of-way.

A. The city engineer shall oversee the following administrative functions:

1. Collect any applicable fees from all owners or operators of facilities using public rights-of-way in the city;
2. Audit any franchise fees or payments owed to the city;
3. After approval by separate ordinance of the applicability, amount and formula for a right-of-way occupancy fee, publish from time to time a schedule of applicable fees hereunder;
4. Be responsible for the continuing enforcement of all terms and conditions of city-granted franchises.

B. The city engineer shall oversee permitting as follows:

1. No person shall occupy or use public right-of-way for the purpose of providing utility, communication, information or data services to customers without first obtaining a franchise or permit from the city or the authorization from the Iowa Utilities Board or other appropriate authority or as otherwise authorized by law.

The city shall not grant, issue, or enter into any franchise or permit that grants or allows exclusive use or occupancy of the right-of-way. Any person seeking a franchise or permit for use of city right-of-way shall make application for a franchise or permit as provided in this chapter.

An application for a franchise or permit for occupancy or use of a right-of-way shall be filed with the city engineer on a form developed and provided by the city engineer.

2. Authority to Issue Permit; Form of Permit and Term.

a. Permits required by this chapter shall be issued by the city engineer. The city engineer shall review each application and shall issue each permit which he or she determines to be in compliance with the requirements of this chapter and any other applicable local, state, or federal requirements. In issuing a permit, the city engineer may require a change in the proposed location of the permittee's equipment where necessary to avoid interference with other equipment placed within the public right-of-way.

b. Permits issued pursuant to this chapter shall be in writing and shall be executed by the permittee. The form of permits to be issued pursuant to this chapter shall be uniform, but shall be subject to periodic review and modification. When available, the city engineer may implement an electronic or digital permit system.

3. Limit on Term of Franchises; Limit on Initial or Renewal Term of Permits.

- a. No franchise for use of the public right-of-way shall be granted for a term in excess of 25 years.

b. No permit for use of the public right-of-way issued by the city engineer shall be issued or renewed for a term in excess of 25 years.

4. Existing Facilities. Any facilities existing on or before May 1, 2017 and mapped are exempt from the issuance of a permit for occupancy.

5. Application for Initial Issuance of a Permit; Registration Required.

A person desiring to obtain a permit as required in this chapter shall register such proposed use and occupancy of public right-of-way, shall make application for a permit for such use and occupancy as provided in this chapter, and shall pay an application fee for initial issuance of the permit. The application fee for initial issuance of a permit and any future changes thereto shall be effective upon its inclusion in a schedule of fees adopted by the city council by resolution such fee shall be based upon the administrative costs of processing the permit. The application for initial issuance of a permit shall be filed with the city engineer not less than 60 days prior to the proposed effective date of the permit and shall be filed upon a form provided by the city for that purpose. The application shall include, at a minimum, the following information:

a. The name, address and telephone number of the applicant.

b. The name, address and telephone number of a responsible person whom the city may notify or contact at any time or in case of emergency concerning the equipment or utility system.

c. A statement of the purpose for the equipment or system proposed for installation in the public right-of-way, the type of service it will provide, and the intended customers which it will serve.

d. Any additional information which the city engineer in his or her discretion may require.

6. Issuance and Renewal of Permits; Permit Revocation and Cancellation.

a. Prior to the initial issuance of a permit for use or occupancy of public right-of-way, the city engineer shall conduct a review of the permittee's background to determine the permittee's ability to meet the requirements stated in subsection B.6.e of this section. If on the basis of such review the city engineer determines that it would not be appropriate to issue the permit, the city engineer shall give notice of intent not to issue the permit as provided in subsection B.6.g. of this section.

b. To obtain renewal of a permit, the permittee shall file a renewal application with the city engineer on the form provided by the city and pay an application fee for renewal of the permit. The renewal application fee and any future changes thereto shall be effective upon its inclusion in a schedule of fees adopted by the city council by resolution. The renewal application shall be filed with the city engineer not less than 180 days prior to the expiration of the initial or any renewal term of the permit. Upon receipt of the renewal application, the city engineer shall conduct a review of the permittee and the permittee's prior use of the public right-of-way to determine the permittee's continued compliance with the requirements stated in subsections B.6.c. and B.6.e. of this section. If on the basis of such review the city engineer determines that the permittee and the permittee's prior use of the public right-of-way complies with all requirements stated in subsections B.6.c. and B.6.e. of this section, the city engineer may renew the permit for an additional term of up to 25 years. If on the basis of such review the city engineer determines that the permittee and the permittee's use of public right-of-way do not comply with one or more of the requirements stated in subsections B.6.c. and B.6.e. of this section, the city engineer shall give notice of intent not to renew the permit as provided in subsection B.6.g. of this section. If a permittee holds multiple permits for use or occupancy of various rights-of-way within the city for the same or similar purpose, the permittee shall be required to renew all such permits under a single permit at such time as the earliest issued permit expires.

c. In determining the length of the term of an initial or a renewal permit, the city engineer shall take into consideration the likelihood that the city will require the use of the specific portion of the subject right-of-way for municipal purposes or that such use of the subject right-of-way will unduly burden the

city or the public in its use of the subject right-of-way during the proposed term of the permit and the life cycle of the technology to be deployed. A permit shall not be issued or renewed if the city engineer determines that any of the following conditions exist in the right-of-way proposed for licensing:

- (1) There is insufficient space in the right-of-way to accommodate the proposed use, given the other existing uses thereof;
- (2) The proposed private utility service connection would interfere with or conflict with existing or planned city equipment or utility equipment located or to be located in the right-of-way;
- (3) Such use is incompatible with adjacent public or private uses of that right-of-way.
- (4) Such use would involve an unacceptably high frequency of repair or maintenance to the private utility service equipment thereby requiring excessive excavation in or obstruction of the right-of-way; or
- (5) The construction or installation of such private utility service equipment would interfere with a public improvement undertaken or to be undertaken by the city or with an economic development project in which the city has an interest or investment.

d. If during the term of any permit the city engineer determines that the permit should be revoked due to the permittee's failure to comply with any of the requirements stated in subsection B.6.e. of this section, the city engineer shall give notice of intent to revoke such permit as provided in subsection B.6.g. of this section.

e. The following shall constitute grounds for refusal to issue or renew a permit, or for revocation of a permit for use or occupancy of public right-of-way:

- (1) The permittee's failure to observe or comply with any of the following:
 - (a) The permittee's use or prior use of public right-of-way has been conducted in full and timely compliance with all laws and regulations applicable thereto, and the permittee has complied fully and in a timely manner with the requirements of any previously issued permit, and with the orders or instructions of city officials issued pursuant to this chapter; or
 - (b) The permittee is current in the payment of permit fees, if applicable, and the permittee has made such payments fully and when due.
- (2) The permittee's commission of any of the following acts:
 - (a) The permittee has made a misleading statement or a material misrepresentation in connection with an application for initial issuance or renewal of a permit, in connection with its registration of its use of the public right-of-way or in connection with its use of public right-of-way; or
 - (b) The permittee has transferred its equipment, its business, or its permit to another person or has made a change in use of its equipment, without giving the city notice thereof and obtaining city consent thereto; or
 - (c) Striking or damaging another facility within the right-of-way.
- (3) The subject right-of-way is highly congested and a reasonable likelihood exists in the city engineer's opinion that the space is needed in the future for a different service to a broader segment of the population.

f. The city engineer shall give notice of intent to cancel such permit as provided in subsection B.6.g. of this section if during the term of any permit the city engineer determines that:

- (1) The permittee's continued use of the public right-of-way will unduly burden the city or the public in its use of that property;
- (2) The public right-of-way for which the permit was issued will be required for municipal purposes during the term of the permit;
- (3) The permittee's equipment at a particular location will interfere with:
 - (a) A present or future city use of the right-of-way;
 - (b) A public improvement undertaken or to be undertaken by the city;

- (c) An economic development project in which the city has an interest or investment; or
- (d) The public's safety or convenience in using the right-of-way for ordinary travel; or
- (4) The public health, safety and welfare requires it.

g. Notice of intent not to issue a permit for use of the public right-of-way shall be given to the applicant, either by certified mail, return receipt requested, or by actual service or delivery thereof. Notice of intent not to renew a permit for use of the public right-of-way shall be given to the permittee, either by certified mail, return receipt requested, or by actual service or delivery thereof, which notice shall be given not more than 90 days after submission of the renewal application. Notice of intent to revoke or cancel a permit shall also be given to the permittee in the manner provided above. The notice shall set forth the grounds for refusal to issue or renew or for revocation or cancellation and shall inform the applicant or permittee of the right to an appeal hearing upon request. Such request for hearing shall be filed in writing with the city administrator, and the hearing shall be scheduled and held as provided in Chapter 2.86. At the hearing, the applicant or permittee shall have the burden of establishing that the grounds asserted in the notice do not exist.

h. Upon the effective date of revocation or cancellation as provided in the city engineer's notice thereof, or upon the effective date specified in the city engineer's written decision upon the permittee's appeal, the permittee shall be required to cease its use and occupancy of the right-of-way or to remove or relocate its equipment therefrom, as provided in the notice or decision. Equipment not removed or relocated from the right-of-way as required in such notice or order shall be considered a nuisance and may be removed, relocated, or taken possession of by the city, at the permittee's expense. Except in emergency circumstances, the requirement to relocate, remove, or cease use of equipment shall be suspended during the pendency of any appeal taken by a permittee pursuant to this chapter.

i. If a permit is refused or cancelled upon the basis that the subject city property is or will be required for municipal purposes, the applicant or permittee shall not be entitled to appeal. However, in that event, the permittee shall be entitled to a partial refund of the annual fee already paid, such refund to be computed on the basis of 1/12 of the required annual fee multiplied by the number of unexpired whole months of the year remaining in the permit term. In all other cases where a permit is not issued or renewed or is revoked, no refund of any portion of the required annual fee shall be paid to the permittee.

j. Notwithstanding the notice and hearing requirements of subsection B.6.g. of this section, the city engineer may in emergency circumstances order the immediate relocation or removal of equipment from the right-of-way.

k. Regardless of any other provision, a refusal, cancellation or revocation may be appealed under the applicable processes specified in state or federal law such as Iowa Code Chapter 480A.

7. Failure to Secure, Renew or Comply. Any person who fails to secure or renew a franchise or IUB authorization or permit required under this chapter or any franchisee or permittee who fails to comply with the of the respective franchise or IUB authorization or permit, or this chapter, or with any other applicable legal requirements shall, upon notification of such violation by the city engineer, immediately act either to abate the violation or to cease its use and occupancy of the right-of-way and remove its equipment or system from the right-of-way.

8. Transfer of Franchise, Permit, Lease, Business, or Equipment Without City's Consent; Change in Use of Equipment Without City's Consent.

A permit issued pursuant to this chapter shall not be transferred to any other person without the prior written notice to the city engineer. A permittee shall not transfer the permit, the business, or the equipment in the right-of-way to another person without giving the city engineer 90 days' prior written notice of such proposed transfer. In such notice, the permittee shall clearly identify the proposed

transferee, giving the name and address of a representative of the transferee who is authorized to discuss and provide information to the city regarding the transfer.

A franchisee or permittee shall not change the use of its equipment without giving the city 90 days' prior written notice of such proposed change in use. In such notice, the franchisee, permittee, or lessee shall clearly and completely set forth the proposed change in use of equipment, how it would be accomplished, including any excavations required to accomplish such change, and projections as to the future maintenance implications of such change in use. Any proposed change in use of a franchisee's or permittee's equipment shall require the prior approval of the city engineer. Such approval may be withheld if the city engineer determines that the proposed use of the equipment at that location would be incompatible with or would likely damage or endanger other uses of the right-of-way, would involve a higher level of maintenance activities than the present use, would involve more street excavation or greater traffic disruption than the present use, or would be otherwise inappropriate.

9. Amendment to Permit.

If a permittee with a current permit issued pursuant to this division proposes to expand, reduce, relocate or modify any portion of its equipment or system within public right-of-way, the permittee shall file an application for an amendment to the current permit with the city engineer, shall pay the administrative application fee, and shall further comply with all other applicable requirements of this chapter. An application for an amendment to a current permit shall include relevant new information of the type required in connection with the initial application for a permit. If approved, the amended permit shall be issued by the city engineer in the same manner as the original permit. However, if the amendment involves only one or more new hook-on connections to the permitted utility system and if the new connections will be made entirely through the permittee's existing underground utility conduit or ducts so as not to require any excavation in the public right-of-way or by means of overhead wires or cables between existing utility poles, the permittee shall not be required to pay an additional administrative fee as part of the application for amendment.

10. Duties of Permittee.

The permittee shall be responsible for repairing or reimbursing other permitted or franchised utilities or other persons or entities lawfully using the right-of-way for any damage to their property caused by negligence of the permittee or its agents, employees or contractors in connection with the installation, construction, reconstruction, repair, operation, disconnection or removal of the permittee's equipment or system. (Ord. 2017-111 § 1 (part)).

12.20.170 Specific Standards for Wireless Structures

A. The following standards shall apply to any wireless structures including small cell facilities, distributed antenna systems (DAS) and other telecommunication distribution facilities within the public right-of-way.

1. All equipment related to a wireless structures must be mounted/co-located on existing poles or other existing structures unless it can be shown that an alternate location will be less obtrusive and/or more beneficial to the public.

2. An applicant seeking installation of a wireless structures must demonstrate that it has made efforts to blend or camouflage the system with existing facilities and surroundings or has otherwise screened or concealed the system from view. Approved blending methods include, but are not limited to, location of equipment other than antennas within a tree canopy or other inconspicuous location, use of green, brown or other colored equipment (if commercially available to the applicant) designed to mimic the colors and/or materials of the tree canopy, co-location structure or other nearby structures, as well as use of

textures and shapes as appropriate, all with the intent of minimizing the visual impact of the system. Unnatural colors and exposed cables are prohibited.

3. All pole-mounted wireless facilities must be installed at a minimum height of nine feet above the ground. Equipment may be housed in a cabinet at ground level only with the approval of the city engineer as to location and with appropriate screening.

4. Wireless facilities may not extend more than seven feet above the height of the existing pole or other structure on which it is installed.

5. Where wireless structures are placed in residential districts, every effort must be made to avoid placement at right of way locations directly in front of a residence. If placement directly in front of a residence is absolutely necessary for technological reasons, the City has the right to require screening or impose other design mitigation requirements.

6. The City may request that a particular node or nodes be placed in an alternative location to that proposed by the applicant. Where a request for an alternative location is unable to be accommodated by an applicant, the applicant must supply an explanation in writing as to why the suggested alternative location will materially compromise the functioning of the system or is otherwise impractical.

12.20.180 Reports and records.

A. Open Books and Records: Upon request, the city shall have the right to inspect and analyze at any time during normal business hours at the nearest office of an owner or operator of facilities, or, if such office is not in the city, then at such other location in the city as the city may reasonably designate, all books, receipts, maps, records, codes, programs, and disks or other storage media and other like material reasonably appropriate in order to monitor compliance with the terms of this chapter or applicable law. This includes not only the books and records directly relevant to enforcement of this chapter or the owner's or operator's franchise agreement that are held by the operator, but any books and records held by an affiliate, or any contractor, subcontractor or any person holding any form of management contract for the facilities in the public rights-of-way to the extent such books or records relate to the facilities. An owner or operator is responsible for collecting the information and producing it at a location as specified above. The city shall provide the owner or operator with advance notice stating the types of records sought to be reviewed and the reason for such review.

B. Contacts and Maps: Unless this requirement is waived in whole or in part in writing by the city each owner or operator of facilities in the public rights-of-way shall maintain and produce or allow access upon request the following items:

1. An organizational chart with contact information for the portion of the organization most relevant to its operations within the right-of-way.

2. Detailed, updated maps depicting the location of all facilities located in public rights-of-way in the city.

C. Construction Updates: Unless this requirement is waived in whole or in part by the city, the owner or operator of facilities in the public rights-of-way shall deliver or make available upon request the following updates to the city:

1. Monthly construction reports to the city for any major construction undertaken in the public rights-of-way until such construction is complete. The owner or operator must submit updated as built system design maps to the city, or make them available for inspection, with notice of their availability, within thirty (30) days of the completion of system construction in any geographic area. These maps shall

he developed on the basis of post-construction inspection by the owner or operator and construction personnel. Any departures from design must be indicated on the as built maps.

2. Reserved.

D. Records Required: An owner or operator of facilities in the public rights-of-way shall at all times maintain:

1. A full and complete set of plans, records, and "as built" maps showing the exact location of all equipment installed or in use in the city, exclusive of customer service drops.

2. A file showing its plan and timetable for future major construction of the facilities.

E. Remote Site Visit: If any requested records, maps or plans, or other requested documents are too voluminous, or for security reasons cannot be copied and moved, then an owner or operator of facilities in the public rights-of-way may request that the inspection take place at some other location; provided, that the owner or operator must pay reasonable travel expenses incurred by the city in inspecting those documents or having those documents inspected by its designee, as charges incidental to the enforcing of the owner's or operator's franchise or other authorization for use of the public rights-of-way. (Ord. 2017-111 § 1 (part)).

12.20.190 Bond or letter of credit.

No person shall install, erect, hang, lay, bury, draw, emplace, construct, reconstruct or operate any facility upon, across, beneath, or over any public right-of-way in the city or other city property until the owner or operator shall have filed with the city administrator a bond and/or letter of credit, in a form acceptable to the city, running in favor of the city, to guarantee the obligations of the owner or operator under this chapter and applicable law. The amount of the bond or letter of credit shall be no less than the reasonable cost of removal of the facilities and restoration of any affected public rights-of-way or other property pursuant to this chapter. (Ord. 2017-111 § 1 (part)).

12.20.200 Insurance.

An owner or operator shall maintain insurance covering its facilities and operations in the public rights-of-way, as specified in a specific provision of this chapter or in its franchise agreement. Upon request, proof of such insurance shall be submitted to the city engineer prior to beginning any said work. (Ord. 2017-111 § 1 (part)).

12.20.210 Enforcement.

A. Penalties: For violation of provisions of this chapter the city may seek fines in the amounts of \$100. for a first offense within a year, \$200. for a second offense within a year, and \$300. for a third or subsequent offense within a year. The penalties shall be assessable against an owner or operator and shall be chargeable to its performance bond and/or letter of credit, at the city's discretion.

B. Injunctive Relief: In addition to any other remedies hereunder, the city may seek an injunction to mitigate or terminate a violation, or employ any other remedy available at law or equity, including, but not limited to, imposition of penalties pursuant to subsection A of this section.

C. Timely Performance or Compliance: Any failure of the city to insist on timely performance or compliance by any person shall not constitute a waiver of the city's right to later insist on timely performance or compliance by that person or any other person.

D. Termination on Account of Certain Assignments or Appointments:

1. To the extent not prohibited by the United States bankruptcy code, a franchise under this chapter shall terminate automatically by force of law one hundred twenty (120) calendar days after an assignment for the benefit of creditors or the appointment of a receiver or trustee (including a debtor in possession in a reorganization) to take over the business of the owner or operator, whether in bankruptcy or under a state law proceeding; provided, however, that such franchise shall not so terminate if, within that one hundred twenty (120) day period:

- a. Such assignment, receivership or trusteeship has been vacated; or
- b. Such assignee, receiver, or trustee has cured any defaults and has fully complied with the terms and conditions of this chapter and any applicable agreement and has executed an agreement, approved by any court having jurisdiction, under which it assumes and agrees to be bound by the terms and conditions of this chapter and any applicable agreement.
- c. In the event of foreclosure or other judicial sale of any of the facilities, equipment, or property of an owner or operator of facilities in the public rights-of-way, its franchise under this chapter shall automatically terminate thirty (30) calendar days after such foreclosure or sale, unless:
 - (1) The city has approved a transfer to the successful bidder; and
 - (2) The successful bidder has covenanted and agreed with the city to assume and be bound by the terms and conditions binding its predecessor.
- d. Any mortgage, pledge or lease of facilities in the public rights-of-way shall be subject and subordinate to the rights of the city under this chapter any applicable agreement, and other applicable law.

2. If a franchise under this chapter is terminated for any reason, the city may, at its discretion, require the grantee or permittee to remove its facilities from the public rights-of-way and to restore the public rights-of-way to their prior condition at the owner's or operator's expense, or that of their sureties. If an owner or operator whose franchise has been terminated fails, after reasonable notice from the city, to remove its facilities from the public rights-of-way, such facilities shall be deemed abandoned and ownership forfeited to the city.

E. Remedies Cumulative: All remedies specified in this chapter are cumulative unless otherwise expressly stated. The exercise of one remedy shall not foreclose use of another, nor shall the exercise of a remedy or the payment of liquidated damages or penalties relieve an operator of its obligations to comply with this chapter. In exercising any remedy specified in this chapter, including Articles A and B, the city shall comply with any substantive and procedural requirements for exercising such remedies in an owner's or operator's franchise agreement or other authorization.

F. Reduce or Waive Penalties: The city engineer or attorney may reduce or waive any of the above listed penalties for good cause shown. (Ord. 2017-111 § 1 (part)).

12.20.220 Indemnification.

Any indemnity provided shall include, but not be limited to, the city's reasonable attorney fees incurred in defending against any such claim, suit, or proceeding. Recovery by the city of any amounts under insurance, the performance bond or letter of credit, or otherwise shall not limit in any way a person's duty to indemnify the city, nor shall such recovery relieve a person of its obligations pursuant to a franchise or in any respect prevent the city from exercising any other right or remedy it may have. (Ord. 2017-111 § 1 (part)).

12.20.230 Severability.

If any term, condition, or provision of this chapter shall, to any extent, be held to be invalid or unenforceable, the remainder hereof shall be valid in all other respects and continue to be effective. In the

event of a subsequent change in applicable law so that the provision which had been held invalid is no longer invalid, said provision shall thereupon return to full force and effect without further action by the city and shall thereafter be binding on owners and operators. (Ord. 2017-111 § 1 (part)).

REPEALER. All ordinances or parts of ordinances in conflict with the provisions of this ordinance are hereby repealed as are any motions or resolutions of council that purport to give authority to a council standing committee to make a determination as all such determinations shall henceforth be made by the City Council.

EFFECTIVE DATE. This ordinance shall be in full force and effective after its final passage and publication as by law provided.

Subject:

First Consideration: Ordinance to change the name of a section of E 60th St to Duggleby Ave located in Eastern Avenue Farms 5th Addition (City of Davenport, petitioner). [Ward 8]

Recommendation:
Adopt the Ordinance.

Background:

On September 5, 2018 the City Council approved the plat for the Eastern Avenue Farms 5th Addition. Public Works staff requests to rename a section of E 60th St that stretches from the extended lot line between Lot 9 and Lot 10 to Parkview Dr as Duggleby Ave. This request is being made in order to adhere to typical City street naming standards as the section in question has a north/south bearing and E 60th St should be exclusively an east/west street. The developer of the site is in agreement with this change.

ORDINANCE NO. _____

ORDINANCE to change the name of a section of East 60th Street to Duggleby Avenue located in Eastern Avenue Farms 5th Addition (City of Davenport, petitioner).

BE IT ENACTED BY THE CITY COUNCIL OF THE CITY OF DAVENPORT, IOWA:

WHEREAS Renaming the portion of East 60th Street stretching from lot 9 and Lot 10 to Parkview Dr to Duggleby Avenue;

WHEREAS This change adheres to typical City street naming standards as the section has a north/south bearing and East 60th St is exclusively an east/west street.

SEVERABILITY CLAUSE. If any of the provisions of this ordinance are for any reason illegal or void, then the lawful provisions of this ordinance, which are separable from said unlawful provisions shall be and remain in full force and effect, the same as if the ordinance contained no illegal or void provisions.

REPEALER. All ordinances or parts of ordinances in conflict with the provisions of this ordinance are hereby repealed.

EFFECTIVE DATE. This ordinance shall be in full force and effective after its final passage and publication as by law provided.

GENERAL NOTES

This Final Plat was prepared at the request of, and for the exclusive use of O'Bros, LLC.

It should be noted that in the performance of this re-survey, the courses and distances of the re-survey may vary from recorded calls, based on the existence of found monumentation, occupation, or other controlling calls or conditions that have occurred in the re-survey of this property.

This property is subject to any and all easements and roadways of record.

No investigation concerning environmental and subsurface conditions, or for the existence of underground containers, structures or facilities which may affect the use or development of this property was made as a part of this survey.

No investigation was made as apart of this survey to determine or show data concerning existence, size, depth, condition, capacity, or location of any utilities or municipal facilities, except as noted. Call Iowa One-Call at 1-800-292-8989 for information regarding these utilities or facilities.

No part of this subdivision is subject to a Special Flood Hazard Area as designated by FEMA on Community Firm Map No. 19163C0380F with an Effective Date February 18, 2011.

Distances are listed in feet and decimal part of a foot.

All monuments have been found or will be set as shown on this plat by December 1st 2018.

Blanket underground easements granted for all primary and secondary electric cables, pad mounted transformers, electric transformers, primary cable, gas service, water service, sewer laterals, telephone service and cable T.V. to individual structures and street lights.

Easements designated as "Utility Easements" include all utilities that are provided by either the city of Davenport or those companies authorized to provide public utilities within the city of Davenport.

Sidewalks shall be installed along street frontages when so ordered by the City.

I hereby certify that this land surveying document was prepared and the related survey work was performed by me or under my direct personal supervision and that I am a duly Licensed Land Surveyor under the laws of the State of Iowa.

Action / Date
4/3/2019

Subject:
Resolution for case F19-01: Request of Ronald Dirksen for a final plat of Abbey's Estate on 0.36 acres located at 2305 W 67th Street containing 1 lot. [Ward 8]

Recommendation:
Adopt the Resolution.

Background:

Comprehensive Plan:

Within Existing Urban Service Area: Yes

Within Urban Service Area 2035: Yes

Future Land Use Designation:

Commercial Node (CN) - Clusters of generally more intense uses found either along existing Urban Corridors or along or at the intersection of major streets in newly developed areas. CN areas may contain commercial uses somewhat more intense than uses found elsewhere on Urban Corridors, as well as higher density residential uses and office and service businesses. CN Nodes should serve a population of about 5000 people within 1/2 mile. Ideally, CN areas should be architecturally integrated, and designed to serve all modes of transportation. Pedestrian connections to the neighborhoods they serve are important. Therefore, master planning and customized zoning provisions for new CN areas should occur before development or redevelopment occurs.

Council Goals: Fiscal Vitality.

The proposed plat would comply with the Davenport 2035 proposed land use section properly conditioned.

Technical Review:

Streets: No new street(s) shall be added, no impact.

Storm Water: Storm water detention and water quality will not be impacted.

Sanitary Sewer: Sanitary sewer service exists in this location.

Other Utilities: Other utilities are existing/present at this site.

Discussion:

The petitioner is requesting a 1 lot subdivision to facilitate a combining of two residential lots.

Staff Recommendation:

Findings:

1. The plat conforms to the comprehensive plan Davenport+2035; and
2. The plat (with conditions recommended by City staff) would achieve consistency with subdivision requirements.

Recommendation:

Staff recommends the City Plan and Zoning Commission forward Case No. F19-01 to the City Council with a recommendation for approval subject to the following condition(s):

1. the owner/developer name of the plat shall be corrected to 'Ronald & Janice Dirksen'.

Honorable Mayor and City Council
City Hall
Davenport IA 52801

Honorable Mayor and City Council:

At its regular meeting of March 19, 2019, the City Plan and Zoning Commission considered F19-01: Case F19-01: Request of Ronald Dirksen for a final plat of Abbey's Estate on 0.36 acres located at 2305 W 67th Street containing 1 lot. [Ward 8]

Findings:

1. The plat conforms to the comprehensive plan Davenport+2035; and
2. The plat (with conditions recommended by City staff) would achieve consistency with subdivision requirements.

Recommendation:

The City Plan and Zoning Commission accepted the findings and forwards F19-01 to the City Council for approval, subject to the following conditions:

1. that the deed holders name be corrected to "Ronald & Janice Dirksen".

The Commission vote for approval was 10-yes, 0-no and 0-abstentions.

Respectfully submitted,

Robert Inghram, Chairperson
City Plan and Zoning Commission

PLAN AND ZONING COMMISSION

Date: March 19, 2019
Request: Abbey's Estates Addition Final Plat Request
Case No.: F18-16
Applicant: McCarthy Improvement Company/ Linwood Stone Products Company

Recommendation:

Staff recommends the City Plan and Zoning Commission accept the listed findings and forward Case No. F19-01 to the City Council with a recommendation for approval subject to the listed conditions.

Introduction:

Case F19-01: Request of Ronald Dirksen for a final plat of Abbey's Estate on 0.36 acres located at 2305 W 67th Street containing 1 lot. [Ward 8]

Background:

Comprehensive Plan:

Within Existing Urban Service Area: Yes

Within Urban Service Area 2035: Yes

Future Land Use Designation:

Commercial Node (CN) - Clusters of generally more intense uses found either along existing Urban Corridors or along or at the intersection of major streets in newly developed areas. CN areas may contain commercial uses somewhat more intense than uses found elsewhere on Urban Corridors, as well as higher density residential uses and office and service businesses. CN Nodes should serve a population of about 5000 people within 1/2 mile. Ideally, CN areas should be architecturally integrated, and designed to serve all modes of transportation. Pedestrian connections to the neighborhoods they serve are important. Therefore, master planning and customized zoning provisions for new CN areas should occur before development or redevelopment occurs.

Council Goals: Fiscal Vitality.

The proposed plat would comply with the Davenport 2035 proposed land use section properly conditioned.

Technical Review:

Streets: No new street(s) shall be added, no impact.

Storm Water: Storm water detention and water quality will not be impacted.

Sanitary Sewer: Sanitary sewer service exists in this location.

Other Utilities: Other utilities are existing/present at this site.

Discussion:

The petitioner is requesting a 1 lot subdivision to facilitate a combining of two residential lots.

Staff Recommendation:

Findings:

1. The plat conforms to the comprehensive plan Davenport+2035; and
2. The plat (with conditions recommended by City staff) would achieve consistency with subdivision requirements.

Staff recommends the City Plan and Zoning Commission forward Case No. F19-01 to the City Council with a recommendation for approval subject to the following condition(s):

1. the owner/developer name of the plat shall be corrected to 'Ronald & Janice Dirksen'.

4/3/2019

Subject:

Resolution supporting the regional effort to create design principles for the Interstate 74 Corridor.
[Ward 6]

Recommendation:

Adopt the Resolution.

Background:

As the I-74 Bridge project impacts the entire Quad Cities and that corridor in particular, an I-74 Gateway Corridor Workgroup was formed in 2017 as part of the QC Chamber's Q2030 Regional Action Plan. The workgroup has representation from public and private sectors, including each municipality and county that maintains property along the corridor. With the largest infrastructure project in the history of the Quad Cities underway, there are opportunities for community connectivity, economic development, and quality of place.

To that end, the Workgroup is seeking to empower City and County officials to work together to implement a common set of design principles for the I-74 Corridor, to be emblematic of the current and future economic vitality of the Quad Cities region.

Adoption of this Resolution commits the City to the process of reviewing existing guidelines and to help in identification of major features and themes that can be incorporated into a region-wide plan through the design elements of lighting, landscaping, and signage.

Resolution offered by Alderman Gripp.

RESOLVED by the City Council of the City of Davenport.

RESOLUTION supporting the regional effort to create design principles for the Interstate 74 Corridor. [Ward 6]

WHEREAS, the Davenport City Council has previously expressed its support for the Q2030 Regional Action Plan, which aims to transform the Quad Cities region in cool, creative, connected and prosperous ways through coordinated and collaborative participation from multiple entities; and

WHEREAS, the Q2030 Interstate 74 Gateway Corridor Workgroup was established in order to create a unified and vibrant sense of place along the I-74 corridor from the Rhythm City Casino Resort to the Quad City International Airport that complements the new iconic bridge across the Mississippi River; and

WHEREAS, working together and implementing a common set of design principles for the I-74 corridor, emblematic of the current and future economic vitality of the Quad Cities region, is central to the Q2030 mission of growing, attracting and retaining talent, jobs and investments in the Quad Cities; and

WHEREAS, representatives from each municipality and county that maintains property along the I-74 corridor have been recruited to the Q2030 Workgroup; and

WHEREAS, the Workgroup is in the process of reviewing existing guidelines for development along the corridor and identifying major features and themes that can be incorporated into a region-wide plan.

NOW, THEREFORE, BE IT RESOLVED BY THE DAVENPORT CITY COUNCIL, as follows:
That the effort to create a unified and vibrant sense of place along the I-74 corridor through the elements of lighting, landscape and signage that boost the brand of the corridor is hereby supported by the City of Davenport and the Mayor and Deputy City Clerk are authorized and instructed to certify to the adoption of this resolution.

Subject:
Resolution terminating the New Economy Corridor Development Agreement. [All Wards]

Recommendation:
Adopt the Resolution.

Background:

As part of the Vision Iowa project in Davenport, specifically the New Economy Corridor, DavenportOne Foundation (part of the QC Chamber), Kaizen Company of America, LC, and the City of Davenport agreed to participate in the creation of a business incubator – a place where inventors and entrepreneurs could obtain access to advice, venture capital, and affordable office space. In the time since the building was constructed, the DavenportOne Foundation transferred the property to Grow Quad Cities Fund – Iowa (also a QC Chamber entity). The agreement between the three parties began in 2002 and expires in 2023. The building was successfully completed and the Chamber has been occupying the building.

Grow Quad Cities Fund – Iowa wishes to sell and Kaizen Company of America, LC wishes to purchase the building. The QC Chamber will then rent office space from Kaizen. Under the terms of the agreement, the parties may mutually agree to shorten the term of the agreement or the City can unilaterally shorten the term. Rather than wait four years to purchase the building, Kaizen and the Grow Quad Cities Fund – Iowa would like to complete the purchase now. They are asking the City cooperate in the shortening of the term of the agreement.

The agreement has language to address a specific situation where Grow Quad Cities Fund – Iowa determines it is not commercially reasonable to perform its obligations and if that was the case, it would allow the City to purchase the building for \$1. However that is not the situation here. Grow Quad Cities Fund – Iowa has and continues to meet its obligations under the agreement.

Staff recommends approving early termination of the agreement as opposed to making the parties wait four years to transfer ownership.

RESOLUTION NO. _____

Resolution offered by Alderman Rawson

RESOLVED by the City Council of the City of Davenport.

RESOLUTION terminating the New Economy Corridor Development Agreement.

WHEREAS pursuant to New Economy Corridor Agreement the City of Davenport ("City"), the Chamber of Commerce ("Chamber"), and Kaizen Company of America, LC ("Kaizen") agreed to the development of a business incubator center;

WHEREAS such a center was constructed along with supporting infrastructure and continues to provide services to developing businesses; and

WHEREAS Chamber wishes to transfer ownership of the center to Kaizen and lease back office space in the building rather than own the building;

NOW THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City of Davenport, Iowa, that the City wishes to terminate the Agreement to facilitate the transfer and authorizes the Mayor and City staff to take the steps necessary to do so.

Resolution authorizing the Mayor to execute documents necessary to convey the following properties:

Parcel H0010-04, 1412 West 15th Street to Kelli Torres (Petitioner). [Ward 4]

Parcel E0016-22, 1501 Eastern Avenue to Kelly DeBolt (Petitioner). [Ward 5]

Recommendation:
Adopt the Resolution.

Background:

As part of the Urban Homestead Program funded with a variety of Federal housing grants, the City has acquired and rehabilitated two single family homes with the intention of selling them to income eligible households in Davenport. This program, which has been approved by City Council as part of the City's CDBG Five Year Comprehensive and Annual Plans, enables abandoned and vacant properties to be returned to the tax rolls and helps revitalize neighborhoods, while providing eligible working households with affordable homeownership opportunities.

The respective petitioners have applied for and been approved as federally eligible to acquire these properties from the City. City staff solicited appraisals for the properties and they are being sold for \$120,000 and \$85,000 respectively.

Approval of this Resolution will authorize the Mayor and staff to execute closing documents and other agreements to convey the properties to the respective petitioners.

Resolution offered by Ald. Rawson.

RESOLVED by the City Council of the City of Davenport.

RESOLUTION authorizing the Mayor to execute documents necessary to convey the following properties:

[Ward 4] Parcel H0010-04, 1412 West 15th Street, to Kelli Torres (Petitioner) legally described as: The East 15 feet of Lot 16 and the West 35 feet of Lot 17 in Block 8 in Sturdevant's 2nd Addition to the City of Davenport, Iowa and

[Ward 5] Parcel E0016-22, 1501 Eastern Avenue, to Kelly DeBolt (Petitioner) legally described as: Lot One (1) in Spring Valley Addition to the City of Davenport, Iowa.

WHEREAS, the City has operated the Urban Homestead Program since the 1980s to acquire typically abandoned or vacant houses, rehabilitate them with Federal funding, and sell them to income qualifying homebuyers; and

WHEREAS, this program helps revitalize and stabilize neighborhoods, often increasing homeownership and encouraging reinvestment; and

WHEREAS, the two properties referenced are the latest homes that have been completed via the Urban Homestead Program; and

WHEREAS, the petitioners have applied for the program, met all of the requirements, and were selected to acquire the respective homes; and

WHEREAS, per State requirements, notification of a public hearing was published and the public hearing was held on April 3.

NOW, THEREFORE, BE IT RESOLVED, by the City Council of the City of Davenport that the City Council does hereby approve the conveyance of the above properties and authorize the Mayor and staff to execute documents necessary to accomplish the transfer.

Subject:
Resolution adopting the Davenport GO Multi-Modal Transportation Plan as an element of the City of Davenport Comprehensive Plan, CIP #10151. [All Wards]

Recommendation:
Adopt the Resolution.

Background:
Davenport GO is the culmination of a nearly two-year planning effort carried out with substantial public input. It contains sustainable strategies to help make Davenport a more mobile, healthy and safer community from a pedestrian and cycling standpoint.

Davenport GO was commissioned by the City Council in 2017 in order to revisit the bicycle and pedestrian related recommendations originally brought forth in the Davenport In-Motion transportation plan (originally completed in 2011). By doing so, the City desires to update and expand upon the pedestrian, bicycle, and shared-use trail network recommendations proposed in Davenport In-Motion as means of achieving the development of a balanced, linked, and sustainable multi-modal transportation system throughout the City.

It should be noted, as with any planning endeavor, that implementation rarely is accomplished in a lineal fashion. The plan is intended to serve as a guide for making incremental decisions as they present themselves. The final design of improvements, and the timing of their construction, are subject to funding opportunities and prioritization decisions of current and future City leaders.

Adoption of this Resolution will allow the recommendations contained within Davenport GO to become an element of the City's Comprehensive Plan for the purposes of helping guide development decisions, CIP allocation, staff, and council actions. Plan adoption does not mean the City Council endorses every goal and strategy listed in Davenport GO but rather, each plan recommendation will be considered individually as part of a larger whole. Capital projects influenced by the plan will be considered individually through the normal course of City Council review and approval of the CIP.

Due to its size, the full document is not attached. It can be viewed here:

Recommendation:
Adopt the Resolution.

Background:
The City of Davenport is set commence construction of comprehensive site upgrades to Kaiserslautern Square in Downtown Davenport.

Once completed, project upgrades will include the following:

1. Replacement of fountain hardware to include dynamic functionality, complemented by LED lighting upgrades to provide additional night-time/year-round interest.
2. Removal and replacement of fountain and plaza pavers, wall veneers, and capstones with updated materials.
3. Development of a more hospitable plaza environment by introducing additional plant material, and shade trees with the subdivision of the plaza into outdoor rooms including a performance stage area.
4. Site regrading to ensure all plaza areas meet ADA accessibility guidelines.
5. Additional commemoration of the City of Davenport's Sister City, Kaiserslautern, Germany via the introduction of flags, signage, and future sculpture area.
6. Integration of green stormwater best management practices to ensure that Kaiserslautern Square is compliant with applicable City stormwater regulations.

The above outlined improvements are being scheduled for a spring 2019 bid for summer 2019 construction. Substantial completion is estimated to occur in time for an anticipated fall opening.

The total project cost with contingency is estimated at \$758,000 (\$179,500 of which has been secured via grant funding and other community partnerships).

Background:
On February 28, 2019, an Invitation to Bid was issued and sent to contractors. On March 25, 2019, the Purchasing Division opened and read six (6) responsive and responsible bids. See attached tabulation.

N J Miller Inc. of Bettendorf IA was the lowest bid submitted. They are being recommended for this project. They have performed work successfully for the City in the past.

This work includes survey, drainable base, subdrains and traffic control. It involves removing the existing PCC pavement and replacing with new.

Funding for this project is from the CIP account #70058699 530350 35036 Concrete Neighborhood Street Replacement.

Resolution approving the contract for the Contract Milling Program to Tri City Blacktop Inc of Bettendorf, IA in the amount of \$111,242.04, CIP #35042. [Wards 1-7]

Recommendation:
Adopt the Resolution.

Background:
On February 27, 2019 and Invitation to Bid was issued and sent to 43 contractors. On March 22, 2019 the Purchasing Division opened and read two (2) bids. See Bid Tab Attached.

Tri City Blacktop Inc. of Bettendorf IA was the lowest responsive and responsible bidder. In the past they have performed satisfactory work for City projects.

This contract will allow a portion of the milling work done by City crews to be done by a contractor, reducing base preparation time for a street by as much as 60%. This will reduce the overall cost for these streets and allow more streets to be resurfaced in the course of a construction season.

Funding for this project is from the FY 2020 CIP budget, account #35042.

Recommendation:
Adopt the Resolution.

Background:
On March 15, 2019 an Invitation to Bid was issued and sent to contractors. On March 29, 2019, the Purchasing Division opened and read four responsive and responsible bids. Hawkeye Paving Corporation of Bettendorf was the lowest bid. See Bid Tab attached.

This is a single bid for a single contractor to resurface three street locations as part of the City's pavement management program. The three street locations are: 1.) Rockingham Road from the east edge of the northeast curb return at S. Fairmount Street to the west curb return of S. Concord Street, 2.) Jersey Ridge Road from the north curb return of E. Lombard Street to the south curb return of E. Central Park Avenue, and 3.) E. Locust Street from the east curb return of Iowa Street to the east curb return of Grand Avenue.

Funding for this project is from the CIP account #70057675 530350 35035 for High Volume Street Repair Program. These fund are from the sale of bonds, road use tax, and Local Option Sales Tax.

Subject:
Resolution approving the contract for the purchase of a new Self Contained Breathing Apparatus (SCBA) for the Fire Department from Sandry Fire Supply LLC of DeWitt, IA, CIP #63008. [All Wards]

Recommendation:
Adopt the Resolution.

Background:
On October 3, 2018, a Request for Proposals was issued and sent to vendors. On October 30, 2018, the Purchasing Division opened four proposals. See attached tabulation.

An evaluation committee consisting of seven members of the Fire Department evaluated the proposals on the following criteria. 1) Performance and functionality - 40%, 2) Cost - 10%, 3) Warranties and Replacement - 20%, 4) Quality of Proposal - 10%, 5) Customer Service and References - 10%, 6) Local Preference - 10%.

After the first evaluations were complete, the four companies were invited to bring their products to an interview/demonstration meeting, with several Fire Department staff in attendance. Each vendor left the demonstrator equipment for the Fire Department to try and use in different practice situations. The proposals were then scored again.

Sandry Fire scored the highest during both stages of evaluations.

Funding for this project is largely from a FEMA Department of Homeland Security grant of \$612,369. The grant required that the department contribute a cost match of 10%, or \$61,236, at least. This totals \$673, 605. The total purchase for the SCBA will be \$747,794.42. The account being used is CIP 78711675 530350 63008, with the grant amount of \$612,369, and CIP 78711680 530350 63008 with a balance of \$170,000. The \$170,000 comes from the sale of General Obligation Bonds.

Resolution offered by Alderman Mike Matson

RESOLVED by the City Council of the City of Davenport.

Resolution Authorizing the conveyance of a parcel of land containing a pond, located west of the residential dwelling with a common address of 6700 Jersey Ridge Road. City of Davenport, PETITIONER.

WHEREAS, the City of Davenport currently owns parcel Y0621-05B, lying west of the residential dwelling located at 6700 Jersey Ridge Road, legally described as:

Part of the Southeast Quarter of the Northwest Quarter of Section 6, Township 78 North – Range 4 East of the 5th P.M., being more particularly described as follows:

The west 302 feet of Lot 7 of Jersey Farms, an addition to the City of Davenport, Scott County, Iowa. Also known as Scott County Parcel No. Y0621-05B. Said tract contains 64,904 square feet, more or less.

WHEREAS, the City of Davenport wishes to convey the same to Joshua M. and Kelly E. Heacock, husband and wife joint tenants with full rights of survivorship, subject to easements and restrictions of record and existing utilities;

WHEREAS, a public hearing on the matter was held on Wednesday, March 20, 2019, as required by law;

NOW THEREFORE, IT IS HEREBY RESOLVED by the City Council of the City of Davenport, Iowa, that the above-described real estate be conveyed to Joshua M. and Kelly E. Heacock subject to easements and restrictions of record and existing utilities; and in addition, subject to the terms of a Modification, Settlement and General Release, and that utility easements be retained for current or future utility uses, and

BE IT FURTHER RESOLVED that the proposed conveyance shall be executed by the Mayor and Deputy City Clerk on behalf of the City.

Approved:

Attest:

Frank Klipsch, Mayor

Brian Krup, Deputy City Clerk

Scott County Parcel #Y0621-05B and #Y0621-05E

Return to: Mike Atchley, 1200 E. 46th Street, Davenport, IA 52807

Prepared by: Brian Hoyer, 226 W. 4th Street, Davenport, IA 52801; (563) 326-7735

Modification, Settlement and General Release

KNOW ALL MEN BY THESE PRESENTS:

This agreement contains provisions that impose duties and obligations upon the owners of the following described real property, to-wit:

Lot 7 of Jersey Farms, an addition to the City of Davenport, Scott County, Iowa, except those portions conveyed to the City of Davenport by deeds recorded as Document #2011-25075, #2011-28919, and #2014-10062. Also known as Scott County Parcel No. Y0621-05E.

The west 302 feet of Lot 7 of Jersey Farms Addition to the City of Davenport, Scott County, Iowa. Also known as Scott County Parcel No. Y0621-05B.

This Agreement, made and entered into on this 5 day of MARCH, 2019, by and between Joshua M. Heacock, Kelly E. Heacock and the City of Davenport, modifies, settles and releases all prior agreements, obligations and duties between the parties related to the Jersey Ridge Road and Veterans Memorial Drive improvement projects as hereinafter provided.

Whereas, there is on file in the Office of the Scott County Recorder document number 2011-25075 which contains provisions obligating the city to construct a berm, landscape and restore real estate to substantially the same condition it was prior to construction of the Veterans Memorial Parkway improvement project (Eastern Av. to Jersey Ridge Rd.) that have affected parcel Y0621-05E, and

Whereas, Joshua M. Heacock and Kelly E. Heacock agreed to the planting of trees along the top of the retaining wall in place of constructing a berm at the top of the retaining wall, and

Whereas, there is on file in the Office of the Scott County Recorder document number 2011-25076 which provides the city a permanent access easement related to Scott County Parcel Y0621-05B, and

Whereas, the purchase agreement and temporary construction easement and acceptance document (Document #2017-1270) executed between Joshua M. Heacock and the City of Davenport dated December 21, 2016 contains certain terms and obligations imposed upon the City of Davenport related to construction work related to the Veterans Memorial Parkway improvement project (Jersey Ridge Rd. to Elmore Av.), and

Whereas, Joshua M. Heacock emailed the City of Davenport on November 19, 2018 in which he claimed damages from the City of Davenport related to the Veterans Memorial Parkway projects and the Construction Conditions associated with the Veterans Memorial Parkway project (Jersey Ridge Rd. to Elmore Av.), and

Whereas Joshua M. Heacock, Kelly E. Heacock and the City of Davenport desire to resolve and settle all of the disputes between them related to the above-mentioned documents and email related to the Veterans Memorial Parkway improvement projects in mutually agreeable terms,

Now therefore, the parties agree to modify the above-referenced documents, resolve and settle all remaining and outstanding obligations and disputes related to the above-referenced documents as follows:

Joshua M. Heacock and Kelly E. Heacock, both being of lawful age, and in exchange for the conveyance of fee title of Scott County Parcel Y0621-05B and the release of Scott County Recorder document number 2011-25076 to Joshua M. Heacock and Kelly E. Heacock by the City of Davenport, agree to release the City of Davenport from its obligations to satisfy any and all outstanding conditions and obligations as set forth in the above-referenced documents and email, and do forever release and forever discharge for themselves and their heirs, executors, administrators and assigns, the City of Davenport and its officers, employees and agents, of and from any and all claims, demands, rights, and causes of action, of whatever kind and nature, arising from or by reason of any and all known and unknown, foreseen and unforeseen bodily and personal injuries, loss and damages, arising and resulting from any and all construction work and related documents and email associated with the Veterans Memorial Parkway improvement projects.

It is understood and agreed that this is a release and settlement of a disputed claim and that the payment of consideration in settlement of this claim is not to be construed as an admission of liability on the part of the City of Davenport, its officers, employees or agents, and that liability is expressly denied. It is further understood that this agreement is subject to Davenport City Council approval of the conveyance of parcel Y0621-05B. This Modification, Settlement and General Release does not void any contractor warranty related to the projects. The city acknowledges and accepts

responsibility for snow removal, grass cutting and sidewalk maintenance of the public sidewalk and right of way area abutting parcels Y0621-05B and Y0621-05E along Veterans Memorial Parkway and Jersey Ridge Road. The City's obligation and responsibility for snow removal, grass cutting and sidewalk maintenance of the public sidewalk and right of way area abutting parcels Y0621-05B and Y0612-05E terminates and said responsibility becomes that of the owner of those respective parcels at such time as Joshua M. Heacock and Kelly E. Heacock transfer ownership of each parcel or both. If Joshua M. Heacock and/or Kelly E. Heacock transfer ownership of said parcels into a trust of which they are named as the primary beneficiaries, the city's obligation to remove snow, cut grass and maintain the sidewalk shall continue until such time as their longest surviving primary lifetime beneficial interest expires. The City agrees to issue an obstruction permit pursuant to 12.36.090 authorizing the construction/placement of a fence within the public right of way south of the pond and north of the guard rail. The approved fence should be similar in style to the existing fence on the south side of your property. If removal is required due to work in the right-of-way in the future, all costs to remove the fence shall be borne by the property owner. Another obstruction permit shall be required to reinstall the fence within the right-of-way after said work is completed. The property owner retains the right to restore the fence in the same or similar fashion at his expense. Lastly, the city agrees to grant Joshua M. Heacock and Kelly E. Heacock a license which will allow law enforcement to approach any issues as if it is their property.

This release contains the entire agreement between Joshua M. Heacock, Kelly E. Heacock and the City of Davenport and the terms of this release are contractual and not a mere recital.

Joshua M. Heacock and Kelly E. Heacock understand and acknowledge that by signing this release they are settling in full all injuries and damages which he has or may suffer from the Veterans Memorial Parkway improvement projects. By signing this release Joshua M. Heacock and Kelly E. Heacock acknowledge that they have entirely read the foregoing and know and understand the content thereof. They understand that if they sign this release they are bound by it and anyone who succeeds to their rights and responsibilities, such as their heirs, executors, administrators, and assigns are also bound.

THIS IS A RELEASE OF ALL CLAIMS. BY SIGNING THIS RELEASE WE ARE SETTLING AND ENDING EVERY RIGHT AND CLAIM WE HAVE AGAINST THE CITY OF DAVENPORT FOR ANY AND ALL DAMAGES AND CLAIMS RELATED TO THE VETERANS MEMORIAL PARKWAY IMPROVEMENT PROJECTS.

We are dating this agreement and signing our names and executing it as a voluntary and free act performed of our own free will and not under duress.

Signed and dated this 5 day of MARCH, 2019.

**LICENSE AGREEMENT
BY AND BETWEEN
THE CITY OF DAVENPORT and JOSHUA AND KELLY HEACOCK**

The City of Davenport, Iowa, in consideration of One Dollar (\$1.00) and other good and valuable consideration, does hereby grant to Joshua M. Heacock and Kelly E. Heacock, (husband and wife, hereinafter "Licensee") a non-exclusive license and authority to use and improve the following described real estate, to-wit:

An area lying within the public right of way on the north side of Veterans Memorial Parkway abutting Scott County Parcel No. Y0621-05B, more particularly described as an area south of parcel Y0621-05B and north of the public sidewalk on the north side of Veterans Memorial Parkway as roughly depicted by the red line and the parcel line in the attached aerial photograph.

Subject to the following terms and conditions.

1. This license agreement is granted to allow the installation of a private fence in the area described so as will protect the Heacocks' private pond located on Scott County Parcel No. Y0621-05B from public access and usage. Licensee bears all costs associated with the demolition, construction, installation and restoration of the area licensed and all ongoing costs associated with the maintenance of the fence.
2. This license agreement shall be effective upon its execution by both parties and shall continue in force and effect thereafter until the earliest of the following: either party terminates it for any reason or no reason.
3. Notices as provided for in this license agreement shall be given to the respective parties at the respective addresses designated herein unless either party notifies the other, in writing, of a different address. Such notice shall be considered given under the terms of this agreement upon deposit in the United States Postal Service mail system, addressed as above designated, postage prepaid, by certified mail.
4. Licensee agrees to save, defend and hold harmless the City of Davenport from any and all liability for damages, costs or expenses from, or as the result of, any action at law or suit in equity that may be brought against the City of Davenport, its officials, agents or employees, by any person or entity on account of the use of the public sidewalk and right of way abutting Scott County Parcel No. Y0612-05B that occur on or about the licensed property related to the Licensee's erection of a fence. The cancellation and termination of this agreement shall not affect the Licensees' obligation to save, defend and hold harmless the City of Davenport in respect to acts or things which shall have been done or which happened before the date fixed for such termination.

5. Licensee accepts the premises in its present condition and agrees that it will not dispose of waste oil, tires, batteries, paint or other chemicals, or hazardous waste as defined by statute or ordinance anywhere on the licensed premises. Licensee shall immediately notify the City of Davenport of any chemical discharge, leak or spill or hazardous waste exposure event that occurs on the premises.

6. The City of Davenport maintains its right to enter upon said premises for any purpose.

7. Licensee shall yield possession of the premises to the City of Davenport without further demand, notice or action, in as good condition as when it first entered upon the premises (normal wear and tear excluded), upon the effective date of this agreement's termination.

8. Licensee is not an agent of the City of Davenport.

9. Licensee may assign this license agreement subject to it providing prior written notification of its intention to assign to the City of Davenport and subject to the City's written approval of said assignment. Each and every term and provision herein contained shall extend to and be binding upon the respective successors, heirs, administrators, executors and assigns of the parties hereto.

10. The parties agree and understand that no permanent structural improvements will be erected or constructed within the area, excepting the aforementioned fence. Any property located upon the premises by Licensee shall be removed immediately upon the termination this license. Any items remaining after termination may be disposed by City in its sole discretion and at the expense of Licensee.

11. Neither Licensee nor anyone claiming by, through or under it shall have the right to file or place any mechanic's lien or other lien of any kind or character whatsoever, upon said premises or upon any building or improvement thereon, and notice is hereby given that no contractor, sub-contractor, or anyone else who may furnish any material, service or labor for any building, improvements, alteration, repairs or any part thereof, shall at any time be or become entitled to any lien thereon.

12. This agreement shall not be construed to create a tenancy of any kind in the above-described real property in favor of Licensee. This agreement simply grants a non-exclusive right to use the property.

13. Licensee agrees to maintain said fence and keep it in good repair and condition. City may take corrective action at Licensee's expense if in the City's sole discretion maintenance is necessary.

14. For the purposes of notice the parties designate the following persons:

Public Works Director

Joshua M. and Kelly E. Heacock

Subject:
Resolution approving nine Open Prairie Tax Exemptions. [All Wards]

Recommendation:
Adopt the Resolution.

Background:
Brian Ritter, Shirley Perry, Genesis Systems Group LTD, John Carrillo, Lillian Voss, David P. Bierl, Robert & Elaine Kuehl, Dean Krueger and William Greenfield have applied for an exemption from the local property taxes for certain properties. This exemption is applied for annually (see attached). As provided by Iowa Law (Slough Bill), land committed to certain open spaces uses may be exempted from local real estate taxes with approval of the Board of Supervisors. In Scott County, the practice is to refer such request to the City Council when the property is within the corporate limits of a municipality.

Attached is a description of each property and its reported value.

Resolution No. _____

Resolution offered by Alderman Matson.

RESOLVED by the City Council of the City of Davenport.

RESOLUTION approving nine Open Prairie Tax exemptions.

WHEREAS, the Scott County Board of Supervisors has implemented the "Slough Bill" which provides for the exemption from local real estate taxes of real estate committed to certain uses, including wetlands, forest cover and open prairies; and

WHEREAS, the County has received applications for exemption for the following properties, with the owner and use also noted:

the three and eight-tenths acres of property legally described as Sec 5 T77N R3E, Scott County, owned by Brian Ritter, Forest Cover;

the five acres of property legally described as SW ¼ N ½ SE ¼ Sec 33, Lincoln Twp T79N R4E, Scott County, owned by Shirley Perry, Open Prairie;

the seven acres of property legally described as NW ¼ Sec 35 Sheridan Twp T79N R3E, Scott County, owned by Genesis Systems Group, Open Prairie;

the six and six-tenths acres of property legally described as T78N R3E Sec 31 Davenport Twp, Scott County, owned by John Carrillo, Open Prairie;

the fifty-seven and fifty-nine hundredths acres of property legally described Parcels #31807-01; #31717-06A; #31717-01; #31703-13; #31703-14; #30851-20; #31719-21; #31719-20; #31719-19; and #31703-15A, Scott County, owned by Lillian Voss/Burton Voss Trust, Forest Cover;

the seven and ninety-five hundredths acres of property legally described as Westfield Addition Outlot A, Parcel ID S3021-OLA, owned by David Bierl, Open Prairie/Forest Cover;

the two and seventy-five hundredths acres of property legally described as NE 1/4 Sec 4, T78N R4E, Pleasant Valley TWP, Scott County, owned by Robert or Elaine Kuehl, Open Prairie;

the forty-eight and thirty-one hundredths acres of property legally described as Parcel #31803-09 and 31805-02, Scott County, owned by Dean Krueger, Open Prairie/Forest Cover;

the three and two-tenths acres of property legally described as SE 1/4 of T78N R03 E Section 31, Scott County, owned by William Greenfield;

WHEREAS, the land lies within the corporate boundaries of the City of Davenport; and

WHEREAS, the matter came before the Davenport City Council for its review;

NOW, THEREFORE, BE IT RESOLVED, by the City Council of the City of Davenport that the City supports the exemption of the above-described land from local real estate taxes.

Kathe Watson
Administrative Assistant
Finance Department
226 West 4th Street
Davenport, Iowa 52801

Dear Kathe:

The Board of Supervisors approved the implementation of the Slough Bill on March 29, 1990. The Slough Bill provisions allow exemptions for wetlands, recreational lakes, forest cover, forest reservations, rivers and streams, river and stream banks, wildlife habitat, native prairies and open prairies.

The resolution states that the Board will not consider exemptions for otherwise qualifying real property when it is located within the corporate limits of any municipality until the city council of that municipality first gives approval to the exemption request. Below is a list of exemptions the Davenport City Assessor received:

<u>Name</u>	<u>Acres</u>	<u>Tax Exemption</u>	<u>Amount</u>
Brian Ritter	3.8	Forest Cover	\$36,470
Shirley Perry	5.0	Open Prairie	\$5,020
Genesis Systems Group LTD	7.0	Open Prairie	\$116,500
John Carillo	6.6	Open Prairie	\$5,920
Lillian Voss	57.59	Forest Cover	\$55,680
David R. Bierl	2.3	Open Prairie	
David R. Bierl	5.65	Forest Cover	\$3,980
Robert & Elaine Kuehl	2.75	Open Prairie	\$2,760
Dean Krueger	22.51	Open Prairie	\$20,690
Dean Krueger	25.80	Forest Cover	\$11,250
William Greenfield	3.2	Forest Cover	\$1,600

The exemption requests are enclosed for your city council's review and consideration. Please notify me as soon as possible once the Davenport City Council has taken action on these exemption requests. Contact Nick VanCamp, Davenport City Assessor, should additional information be needed. Thank you for your attention to this matter.

Sincerely,

Renee Luze-Johnson
Administrative Assistant

DAVENPORT CITY ASSESSOR'S OFFICE

SCOTT COUNTY ADMINISTRATIVE CENTER

March 15, 2019

Scott County Board of Supervisors
Scott County Administrative Center
600 West 4th Street
Davenport, Iowa 52801

The Davenport City Assessor's Office has received nine applications for Open Prairie/Forest Cover Property Tax Exemption for 2019.

These applications were certified by the Chairman of the County Soil Conservation District that the properties are eligible for exemption. The properties that meet the qualifications are described as follows:

- 1) Brian Ritter – **3.8 acres** – Residential – 20519-03 - **\$36,470** – Forest Cover
- 2) Shirley Perry - **5 acres** - Agricultural – Y3337-04A - **\$5,020** – Open Prairie
- 3) Genesis Systems Group LTD – **7 acres** - Industrial – X3501-01 - **\$116,500** - Open Prairie
- 4) John Carrillo – **6.6 acres** – Agricultural – S3123-03A - **\$5,920** - Open Prairie
- 5) Lillian Voss – **57.59 acres** – **\$55,680** – Forest Cover

Agricultural – 31807-01, 31717-06A, 31717-01, 31703-14, 30851-20, 31719-21, 31719-20,
31719-19, 31703-15A
Residential – 31703-13
- 6) David P. Bierl – **7.95 total acres** – 2.3 acres Open Prairie & 5.65 acres Forest Cover – Residential
– S3021-OLA - **\$3,980**
- 7) Robert & Elaine Kuehl – **2.75 acres** - Agricultural – Y0423-15 - **\$2,760** – Open Prairie
- 8) Dean Krueger – **48.31 total acres** - Agricultural – 31803-09 & 31805-02 – **\$31,940**

22.51 acres - **\$20,690** – Open Prairie
25.80 acres - **\$11,250** – Forest Cover
- 9) William Greenfield – **3.2 acres** – Residential – 23155-30 - **\$1,600** – Forest Cover

It is recommended that the above referenced applications be approved by the Scott County Board of Supervisors for 2019 and the property owners be notified of the board's decision.

Sincerely,

Nick Van Camp
Davenport City Assessor

Action / Date
4/10/2019

Subject:
Motion approving the allocations for Year 45 (July 1, 2019 – June 30, 2020) Community Development Block Grant (CDBG) funds and HOME Investment Partnership (HOME) funds. [All Wards]

Recommendation:
Pass the Motion.

Background:

The Citizens Advisory Committee (CAC) completed its process for funding recommendations for the Year 45 CDBG program, which is a subpart of the City's FY 20 operating budget. The CAC reviewed the CDBG applications at a work session and held a public meeting at which applicants made presentations and answered questions about their programs and projects. The CAC's process concluded on March 4th when the CAC voted on its Year 45 funding recommendations for the FY20 CDBG estimated entitlement of \$1,401,803. The vote on the entire slate of recommended allocations was unanimous.

The purpose of the HOME Program is to create affordable housing opportunities for low and very low income residents. City HOME dollars are targeted to the construction or rehabilitation of single and multi-unit housing. HOME funds are available to non-profit, for-profit, or Community Housing Development Organizations (CHDO) developers of affordable housing. For FY20, the estimated HOME entitlement is \$494,401.

The attached Funding Summary lists for each of these programs: the agency receiving funds, its purpose, the services it will provide, and the amount of funding to be used. HOME dollars are reflected in bold.

Awarding of these funds is contingent upon the City receiving the entitlements as indicated from the Department of Housing and Urban Development.

A Public Hearing on these recommendations was held. If Council wishes to make changes to these recommendations, this motion should be amended following the Public Hearing at the Committee of the Whole meeting. Final Council action will take place at the April 10 Council meeting.

Event Name

St. Ambrose University Final Weekend in April

Event Purpose

We will be asking for a noise variance for events that we will have outside the last weekend in April on the main campus of St. Ambrose University. On Friday, April 26 we will be having a Food Truck Fest outside of the Rogalski Center between 9pm and Midnight. Food trucks and a DJ will be present playing music. On Saturday, April 27 we traditionally have had noise/music coming from our townhouses on campus all day starting at 12pm and going until 1am.

Setup Info

On Friday, April 26 the tent for the Food Truck Fest will be located in the Rogalski Center Parking lot on campus. Food trucks will be located in a semi-circle surrounding the tent. The DJ will play underneath the tent. The sound and trucks will be facing the center of campus towards the townhouses. On Saturday, April 27 it is just a noise variance because we know traditionally our students will hold their own gatherings in their residences. The university monitors and controls the noise to the best of our ability, but know that noise will carry on a nice evening.

Cleanup Info

Everything on campus will be cleaned up by our housekeeping staff. Nothing should overflow onto public property.

Security Info

As in the past, the university security office will work with the Davenport Police liaisons to determine the amount of coverage needed for the surrounding neighborhood and on campus.

ST. AMBROSE UNIVERSITY NEIGHBOR
2007 MARQUETTE ST
DAVENPORT IA 52802

Dear Neighbor,

Each year, April and early May bring an increased level of activity in and around campus. I am writing to apprise you of some upcoming events about which you should be aware.

As part of our continuing commitment to an informed neighborhood community, St. Ambrose University cordially invites you to the bi-annual Neighborhood Update Meeting. Lemonade and cookies will be provided.

Date: Monday, April 15, 2019 at 6:00 PM.

Location: Rogalski Center, Gottlieb

The purpose of the meeting is to hear updates on St. Ambrose University initiatives, to address any areas of concern, and to answer questions. As always, members of the University's administration and City staff will be on hand to share information, answer questions, and listen. If you are unable to attend, or ever need additional information, our neighborhood relations website is a good resource (<http://www.sau.edu/neighborhood-relations>)

The weekends of April tend to be busy with student activity as the weather improves and the year draws to a close. The University will host a variety of events on campus both weekends, including a food truck night on Friday, April 26th, 2018, from 9-12 midnight. Additionally, given that these weekends have historically presented student behavior issues on campus, and in the neighborhoods, we are working proactively with City officials to minimize any negative impact. Sgt. Dennis Colclasure continues to serve as our primary liaison and will be coordinating both proactive and additional law enforcement efforts. He will also be present at our Neighborhood Update Meeting.

On Thursday, May 2nd, 2019, at 6 p.m., we will hold our annual Student Leadership Awards Recognition in the Rogalski Center Ballroom. New this year, our athletic department will be hosting two banquets! The Winter Sports Banquet is scheduled for Sunday, April 28th, and the Spring Sports Banquet is scheduled for Sunday, May 5th. Both banquets serve to recognize winter and spring athletes for their achievements on the fields/courts and in the classroom. The week of May 6th through May 10th is designated for final exams. Traffic should pick up during this final week as many of our students move off campus for the summer.

Finally, Spring Commencement activities will take place May 10th and May 11th. Traffic throughout the weekend should be heavy, with families, graduates, and commencement support personnel coming and going from campus. Please see the St. Ambrose University website at www.sau.edu for a full schedule of events.

It has been a pleasure to meet many of you at our previous meetings and we look forward to seeing you on April 15th, 2019! Please do not hesitate to contact me if you have questions or concerns. My office number is 563.333.6258 and, as always, you can reach our Security Department at 563.333.6104 or the Davenport Police Department at 9.1.1.

Sincerely,

Matt Hansen
Interim Dean of Students

Subject:
Motion approving the contract for glazing and door replacement/repair services to Mid-American Glazing Systems of Davenport, IA. [All Wards]

Recommendation:
Pass the Motion.

Background:
A request for proposals was issued on February 26, 2019 and was sent to 173 contractors. On March 18, 2019 the Purchasing Division received and opened one bid. See attached tabulation.

The evaluation criteria for this RFP were the following: 1) Proposed pricing 30%, 2) Ability, experience, qualifications, expertise of personnel assigned to the City's account 30%, 3) Location and capability to respond in timely manner, 4) Scope of services 10%, 5) Quality and thoroughness of proposal 5%, 6) Safety record 5%, 7) References 5%.

This contract is for glazing and door replacement/repair services for Facilities Maintenance, but contract pricing will be available City-wide.

Mid-American Glazing Systems was the lowest responsive and responsible bidder and is recommended for the contract.

Funding for this project is various building maintenance accounts across the City.

Subject:
Motion approving the purchase of two 9,300 GVW crew cab 4x4 pickup trucks from Reynolds Motor Company in East Moline, IL in the amount of \$60,318.48, CIP #24011. [All Wards]

Recommendation:
Pass the Motion.

Background:
An invitation to bid was issued on February 6, 2019 and was sent to 145 vendors. On February 27, 2019, the Purchasing Division received two responses, yet one response did not bid on all of the lines items. See attached bid tab.

Reynolds Motor Company was the lowest responsive and responsible bidder.

Both trucks are for the Fire Department, and two pickup trucks (model years 2003 and 2005) will be traded in.

Funding for this purchase is from account 54913032 530302, the fire maintenance local sales tax fund, and account 76507675 530350 24011, the public safety vehicle replacement fund.
