Location: south of the west terminus of Dugan Court and north of the west terminus right-of-way south of Dugan Court
Case No.: ROW17-06
Applicant: City of Davenport

Recommendation:

Introduction:

The City of Davenport is seeking to vacate (abandon) the unused right-of-way south of the west terminus of Dugan Court and north of the west terminus right-of-way south of Dugan Court.

LOCATION:

Background:

Comprehensive Plan:

Within Existing Urban Service Area: Yes

Within Urban Service Area 2035: Yes

Future Land Use Designation: Civic and Institutional, Residential General and Downtown.

- Residential General (RG) - Designates neighborhoods that are mostly residential but include, or are within one-half mile (walking distance) of scattered neighborhood-compatible commercial services, as well as other neighborhood uses like schools, churches, corner stores, etc. generally oriented along Urban Corridors (UC). Neighborhoods are typically designated as a whole. Existing neighborhoods are anticipated to maintain their existing characteristics in terms of land use mix and density, with the exception along edges and transition areas, where higher intensity may be considered.

Relevant Goals to be considered in this Case: Strengthen the Existing Built Environment.

Zoning:

The adjacent properties are zoned "R-4" Moderate Density Dwelling District.

Technical Review:

Streets. The right-of-way is currently unimproved. The City does not intend to improve this right-of-way.

Storm Water. There is no stormwater infrastructure within the right-of-way.

Sanitary Sewer. There is sanitary infrastructure within the right-of-way.

Other Utilities. There are no other utilities within the right-of-way.

Emergency Services. There should be no change in emergency access.

Parks/Open Space. There is no impact on existing or proposed greenspaces.

Public Input:

Notices were sent to properties within 200 feet of the proposed right-of-way vacation. To date, staff has not received any objections.

Discussion:

The City of Davenport is seeking to vacate (abandon) the unused right-of-way south of the west terminus of Dugan Court and north of the west terminus right-of-way south of Dugan Court. The subdivision plat dedicated this property as future right-of-way. The City does not intend to improve this right-of-way.

Staff Recommendation:

Findings:

1. The right of way vacation would not impact adjacent property owners or utility providers since the area is not improved with any public infrastructure.

Staff recommends the City Plan and Zoning Commission forward Case No. ROW17-06 to the City Council with a recommendation for approval without any special conditions.

Recommendation:

Approve the Resolution

Relationship to Goals:

Upgraded City Infrastructure & Public Facilities

Background:

The street resurfacing program repairs existing asphalt streets throughout the city. Streets are prioritized through a collaborative effort between the Engineering and Streets Divisions. Repairs may include upgrading sidewalks to be ADA-compliant and sewer repairs.

Work completed this summer and fall included:

- Waverly/Lincoln Rd. from Telegraph Rd. to Thornwood Ave.

Two new technologies, an asphalt interlayer and a void reducing asphalt membrane, were applied at the Eastern Ave. project site. Engineering staff plan to monitor this street compared to others to determine how much longer these technologies increase the life of the pavement.

Hawkeye Paving of Bettendorf, IA completed the work. The total project cost was \$2,010,313.05, which was paid with a combination of Road Use Tax, Local Option Sales Tax, and Government Obligation Bonds (CIP #35011).

An analysis of the Series 2010A, Series 2010B, and Series 2010C Bonds indicates such an opportunity. Based on the current market, the issuance of these refunding bonds would provide total savings of \$204,751 and present value savings of \$187,019. The bond sale will be held on March 14, 2018 if the market remains favorable. If the market does not remain favorable, the sale of these bonds would be cancelled. RESOLUTION NO. _____

Resolution relating to financing of certain proposed projects to be undertaken by the City of Davenport, Iowa; establishing compliance with reimbursement bond regulations under the Internal Revenue Code

BE IT RESOLVED by the City Council (the “Council”) of the City of Davenport, Iowa (the “City”), as follows:

Section 1. Recitals.

(a) The Internal Revenue Service has issued Section 1.150-2 of the Income Tax Regulations (the “Regulations”) dealing with the issuance of bonds, all or a portion of the proceeds of which are to be used to reimburse the City for project expenditures made by the City prior to the date of issuance.

(b) The Regulations generally require that the City make a prior declaration of its official intent to reimburse itself for such prior expenditures out of the proceeds of a subsequently issued borrowing and that the borrowing occur and the reimbursement allocation be made from the proceeds of such borrowing within a certain period after the payment of the expenditure or the date the projects are placed in service; and

(c) The City desires to comply with requirements of the Regulations with respect to certain projects hereinafter identified.

Section 2. Official Intent Declaration.

(a) The City proposes to undertake the following projects and to make original expenditures with respect thereto prior to the issuance of bonds, notes or other obligations (the “Series 2018 Bonds”) and reasonably expects to issue the Series 2018 Bonds for such projects in the maximum principal amounts shown below:

<u>Projects</u>	<u>Maximum Amount of Bonds Expected to be Issued for Each Project</u>
-----------------	---

(ATTACH LIST OF PROJECTS AND AMOUNTS HERE)

(b) Other than (i) expenditures to be paid or reimbursed from sources other than the Series 2018 Bonds or (ii) expenditures made not earlier than sixty days prior to the date of this Resolution or (iii) expenditures amounting to the lesser of \$100,000 or 5% of the proceeds of the Series 2018 Bonds or (iv) expenditures constituting preliminary expenditures as defined in Section 1.150-2(f)(2) of the Regulations, no expenditures for the projects have heretofore been made by the City and no expenditures will be made by the City until after the date of this resolution.

(c) This declaration is a declaration of official intent adopted pursuant to Section 1.150-2 of the Regulations.

Section 3. Budgetary Matters.

As of the date hereof, there are no City funds reserved, allocated on a long term basis or otherwise set aside (or reasonably expected to be reserved, allocated on a long term basis or otherwise set aside) to provide permanent financing for the expenditures related to the projects, other than pursuant to the issuance of the Series 2018 Bonds. This resolution, therefore, is determined to be consistent with the City's budgetary and financial circumstances as they exist or are reasonably foreseeable on the date hereof, all within the meaning and content of the Regulations.

Section 4. Reimbursement Allocations.

The City's chief financial officer shall be responsible for making the "reimbursement allocations" described in the Regulations, being generally the transfer of the appropriate amount of proceeds of the Series 2018 Bonds to reimburse the source of temporary financing used by the City to make payment of the prior costs of the projects. Each allocation shall be evidenced by an entry on the official books and records of the City maintained for the Series 2018 Bonds, shall specifically identify the actual prior expenditure being reimbursed or, in the case of reimbursement of a fund or account, the fund or account from which the expenditure was paid, and shall be effective to relieve the proceeds of the Series 2018 Bonds from any restriction under the bond resolution or other relevant legal documents for the Series 2018 Bonds, and under any applicable state statute, which would apply to the unspent proceeds of the Series 2018 Bonds.

Section 5. Repealer.

All resolutions, parts of resolutions, or actions of the City Council in conflict herewith are hereby repealed, to the extent of such conflict.

RESOLVED by the City Council of the City of Davenport.

RESOLUTION supporting equal and adequate public school funding.

WHEREAS, the City of Davenport, IA understands the important role schools and students play in a community and the benefits of investing in education; and

WHEREAS, the City of Davenport, IA recognizes and supports the efforts to amend the Iowa per pupil funding formula; and

WHEREAS all districts should be allowed to spend the same per pupil amount and should have adequate funding so as to allow for every district within the state to remain competitive and provide a world leading education; and

WHEREAS the long term health and growth of the State of Iowa is dependent upon people wanting to live, work and play here; and

WHEREAS the spending power of districts has been eroding and requires amendment to the funding formula to allow for equal and adequate funding; and

WHEREAS it is time to reinvest in the long-standing promise of Iowa to provide the best public education in the world to its youth; and

WHEREAS this is a critical time for investors to see states and municipalities using funds advantageously to allow for communities to flourish as we transition into the knowledge economy.

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Council of Davenport, Iowa, that the City of Davenport supports the efforts to equally and adequately fund the Davenport School District and all of Iowa's districts; that the General Assembly is encouraged to adopt amendments to the Iowa Code that eliminate the current disparity in per pupil funding between Iowa's children; and that Iowa lead the way in educating youth.

Recommendation:

Approve the motion.

Relationship to Goals:

Welcoming neighborhoods

Background:

During the annual budget process, the Mayor and City Council consider funding and support requests from outside agencies that are specifically earmarked and allotted to granted organizations. For the FY 2018 Budget, the City Council allotted \$25,000 in support of the Quad Cities Airshow. Following the budget process, the City was informed that an airshow would not be held during the granted fiscal year. Since these funds are earmarked in the budget process, the City Council has the authority to redirect the allocated dollars. This motion directs the \$25,000 to be split 11 ways equally and added to each elected official's Community Improvement & Support Program funds. The Community Improvement & Support Program provides assistance to community organizations and non-profits that deliver important services to Davenport residents. If approved, this motion will increase each elected official's Community Improvement & Support Program funding by \$2,270.
